Judge and Mrs. Cecil J. Randall, 1989 W. Broad-st, were week-end guests of Mr. and Mrs. Charles Carpenter, (formerly Virginia Randall), of Lakewood, O.

Six Is Oldest Business Man

S. W. Six has been in business on the Hilltop longer than any other person, living or dead. Now retired, he lives at 105 Eldon-av.

He opened a grocery and feed store at the corner of Highland and W. Broad in 1894 and remained in that same location for 46 years.

The store at that time was really a country store since the Columbus corporation limit was at Davis-av on the West Side.

Recalls Horse Cars

He recalls the time when the street cars (they were horse drawn cars then) stopped at the state hospital gates. There was a toll gate for the National pike on Broad-st near Wheatland-av, and a half square off Broad-st near Oakley-av there stood an old grain and feed mill.

West Broad-st was so muddy that buggies often had to be pulled out of the deep ruts by horse teams.

Dial 5, Get Six

Mr. Six saw the first electric street car come up "Asylum" hill in the days way back when. He had the first telephone on the Hilltop. The dial number was Hilltop 5. On his store calendars he had printed "Call Five and get Six."

After the Randolph exchange was instituted, for years the store telephone number (by request) was RA. 6666.

Born in Athens county, Mr. Six came to the Hilltop in 1886. For about five years he worked for the W. B. Smith and Son Co. which furnished milk for the state institutions. Hay and feed for the cows was raised on a 40 acre tract which faced on Broad-st at what is now the site of the Rivoli theatre building.

Cow Pastures

The cows, which every day were driven down to the state hospital barns to be milked, were pastured on a 100-acre tract north of Steele-av.

The Sullivant heirs owned most of the land north of Broad-st and had parceled it off in 11-acre pieces to sell. The milk company owned one of these parcels in the Eldon-av district.

After leaving the employ of the W. B. Smith Co., Mr. Six went to work with John Lucas as a carpenter. The two built 17 houses on the Hilltop within a single year's time.

Mr. Six was orphaned at the age of 11 and shortly afterwards was "put out" with a wealthy farming family to work for his keep. Here he spent seven, long, unhappy years.

The only cash he received during the time was twenty-five cents which he used for admission to the county fair in Athens. The hardships were a little too much for the boy and one morning he packed up his meagre belongings and, without regret, started down the country lane into a big, unfamiliar world.

Walk Back

Except for 13 miles, which he rode on a freight train, he walked all the way from Athens county to the old Jackson pike, two miles south of Columbus, a distance of 78 miles.

He covered the entire distance in two days, spending the night in a railroad watchman's shack.

Walking along Jackson pike he met two ladies in a buggy who directed him to a place where farm laborers were needed to help pick grapes. On this farm he spent two of the happiest years of his life, working for $10 a month (a magnificent sum) and saving the great majority of this.

Active In Church

Then he struck out for Columbus. One of the first things he did was to deposit his entire savings in the old Deshler bank at the corner of Broad and High-sts.

Mrs. Six died in August, 1938. There are three daughters, Mrs. Cecile Cassell, 344 N. Ogden; Mrs. Goldie Kimes, 182 Highland-av; Mrs. Mary Virginia Hoffert, 106 Eldon-av; and five grandchildren.

Always active in church circles, Mr. Six was one of the organizers of the Glenwood M. E. church, the church being organized in his home which was then located at 105 Clarendon-av.

PAST OFFICERS TO MEET

The Past Officers' Club of the Westwood Pythian Sisters will meet Friday evening, May 16, at the home of Mrs. Bessie Smith, 3241 Big Run-rd, Grove City. Mrs. Mary Kuhn is president of the organization.

The first women's national intercollegiate golf tournament in the 50-year history of the sport in the United States will be held at Ohio State University's golf course June 30 through July 3.

Also invited are 10 young men of North High School.

— Letters — To the Editor

U. S. S. Concord,
Pearl Harbor, T. H.

Dear Sirs:

Have been reading the Hilltop Record way out here, was just like living back there. First I've seen in over a year, maybe because we haven't been there for a year.

What's all this fuss about Hilltop men being drafted, how about some publicity about the men who volunteered for duty for the U. S. Navy. And it seems there were quite a few Hilltoppers among them, at least 15 on the U. S. Destroyer Kane, namely James Hastings and Paul Distlehorst. These boys are on patrol duty operating out of Bremerton, Washington.

Then there are men at Pensacola, Fla., and last but not least two of us on the U. S. S. Concord at Pearl Harbor, Hawaii, namely Tom Stringer, seaman first class, and George Chambers, seaman second class, who have been on the Concord for about a year and have seen many places on her log of 50,000 miles of cruising in '40-'41, mostly on convoy duty to Midway, Wake and Guam Island and across the equator to Pago Pago, Tutuila, American Samoa. We're not trying to get publicity but we are still from the Hilltop serving with Uncle Sam's armed forces afloat on the Cruiser Concord, Flagship of Cruiser Division 3 of the Cruisers Battle Force.

West High School ('37)
T. D. Stringer,
G. R. Chambers.

Also out here are Fritz Heim, Q. M. second class, U. S. S. Idaho; Robert Wynn, fire control man, second class, U. S. S. West Virginia, all from the West Side, all graduates of West High School.

Dear Sir:

It has been some time since all of you great people have heard from me.

I realize, however, not even one of my friends have forgotten me, because I have received letters every day from some of them and every spare moment I have is spent answering their much appreciated letters.

I have now been a member of the great and unconquerable United States Army for over two months and we have learned very much in this short time.

We are all determined that if war should come we will be ready for any eventuality, and this great free democracy will and shall not fall.

This army reminds one of going to school again. You follow a set schedule which is run off much in the same order as your school classes.

For instance, on certain days we begin with infantry drill, then gunners instructions on rifles and machine guns, artillery drill which is on larger guns, and then we are taught signaling.

This week we will be turned to duty which means we can be put in any place where we can be used; we also stand guard duty in 24-hour shifts.

Guard duty is one of the most important duties in the army. You must protect government property, your life as well as that of your buddies while they sleep. One must always be on the alert while on guard. Should one fall asleep he is subject to court martial.

The army in my opinion is the greatest and strongest organization on earth and I would like it much more if they hadn't sent me so far away from all my friends whom I miss very much. One always hears of the golden west. This place would be all right for a short vacation, but I will take dear old Columbus, O., even with its cold rains and snows, for my home.

It has now rained here for nearly 48 hours continuously and makes our week-ends even more lonely than usual.

Well so much for the army. I wish the editor to express to one of my most prized friends, Richard Frances, my deepest sympathy on the loss of his beloved sweetheart wife. Keep your chin up Dick. I realize how you feel.

I also want to tell some of the local boys who are about to be inducted into the army they should feel honored at their responsibilities—the greatest they will have in their lives.

We are all selected to defend all of the American people and what we all stand for and will lay down our lives to do so. I also want to thank all of my closest friends and loved ones for their very cheerful letters; they sure help keep my spirits up.

I hardly receive any local news outside of what my sweetheart sends me and would appreciate it very much to receive your newspaper.

Well in closing my last thought is of my very dear friends and wish them much health and happiness.

So long for now.
I remain, Your Soldier Boy Friend
"Woody."

Pvt. W. W. Owen,

Fort Stevens, Oregon.

Aw, Shoot!

"I'm going to consult a criminal lawyer before I get rid of that mean wife of mine."

"Listen, fella! A criminal lawyer doesn't handle divorces."

"Who said anything about a divorce?"

The following letter had wide circulation in the World War. Today, a carbon copy would be appropriate if addressed to Adolph Hitler.

SATAN'S LETTER TO KAISER BILL

The Infernal Region
June 28, 1917

To Wilhelm von Hohenzollern,
King of Prussia, Emperor of all Germany and Envoy Extraordinary of Almighty God:

My Dear Welhelm:

I can call you by that familiar name for I have always been very close to you, much closer than you could ever know.

From the time that you were yet an undeveloped being in your mother's womb I have shaped your destiny for my own purpose.

In the days of Rome I created a roughneck known in history as Nero. He was a vulgar character and suited my purpose at that particular time. In these modern days a classic demon and efficient super-criminal was needed and as I know the Hohenzollern blood I picked you as my special instrument to place on earth an annex of hell. I gave you abnormal ambition, likewise an oversupply of egotism that you might not discover your own failings; I twisted your mind to that of a mad man with certain normal tendencies to carry you by, a most dangerous character placed in power; I gave you the power of a hypnotist and a certain magnetic force that you might sway your people. I am responsible for the deformed arm that hangs helpless on your left, for your crippled condition embitters your life and destroys all noble impulses that might otherwise cause me anxiety, but your strong sword arm is driven by your ambition that squelches all sentiment and pity; I placed in your soul a deep hatred for all things English, for of all nations on earth I hate England most; wherever England plants her flag she brings order out of chaos and the hated Cross follows the Union Jack; under her rule wild tribes become practical citizens; she is the great civilizer of the globe and I HATE HER. I planted in your soul a cruel hatred for your mother because SHE was English and left my good friend Bismarck to fan the flame I had kindled.

The inherited disease of the Hohenzollerns killed your father, just as it will kill you, and you became the ruler of Germany and a tool of mine sooner than I expected.

To assist you and further hasten my work I sent you three evil spirits, Nietzsche, Treitschke and later Bernhardi, whose teachings inflamed the youths of Germany, who in good time would be willing and loyal subjects and eager to spill their blood and pull your chestnuts, yours and mine; the spell has been perfect—you cast your ambitious eyes toward the Mediterranean, Egypt, India and the Dardanelles and you began your great railway to Bagdad, but the ambitious archduke and his more ambitious wife stood in your way. It was then that I sowed the seed in your heart that blossomed into the assassination of the duke and his wife, and all hell smiled when it saw how cleverly you saddled the crime on to Servia. I saw you set sails for the fjords of Norway and I knew you would prove an alibi. How cleverly done, so much like your noble grandfather, who also secured an assassin to remove old King Frederick of Denmark, and later robbed that country of two provinces that gave Germany an opportunity to become a naval power. Murder is dirty work, but it takes a Hohenzollern to make a way and get by.

Your opportunity was at hand; you set the world on fire and bells of hell were ringing; your rape of Belgium caused much joy, it was the beginning, the foundation of a perfect hell on earth, the destruction of noble cathedrals and other infinite works of art was hailed with joy in the infernal regions. You made war on friends and foe alike and the murder of civilians showed my teachings had borne fruit. Your treachery toward neutral nations hastened a universal upheaval, the thing I most desired. Your undersea warfare is a master stroke, from the smallest mackerel pot to the great Lusitania you show no favorites; as a war lord you stand supreme, for you have no mercy; you have no consideration for the baby clinging to its mother's breasts as they both go down into the deep together, only to be torn apart and leisurely devoured by sharks down among the corals.

I have strolled over the battlefields of Belgium and France. I have seen your hand of destruction everywhere; it's all your work, super-fiend that I made you. I have seen the fields at Poland, now a wilderness fit for prowling beasts only; no mercy children in Poland now; they all succumbed to frost and starvation. I drifted down into Galicia, where formerly Jews and Gentiles lived happily together; I found but ruins and ashes; I felt a curious pride in my pupil for it was all above my expectation. I was in Belgium when you drove the peaceful population before you like cattle into slavery; you separated man and wife and forced them to hard labor in trenches. I have seen the most fiendish rape committed on young women and those who were forced into maternity were cursing the father of their offspring and I began to doubt if my own inferno was really up to date.

You have taken millions of dollars from innocent victims and called it indemnity; you have lived fat on the land you usurped and sent the real owners away to starvation. You have strayed away from all legalized war methods and introduced a code of your own. You have killed and robbed the people of friendly nations and destroyed their property. You are a liar, a hypocrite and a bluffer of the highest magnitude. You are a part of mine and yet you pose as a personal friend of God. Ah, Wilhelm, you are a wonder. You wantonly destroy all things in your path and leave nothing for coming generations.

I was amazed when I saw you form a partnership with the impossible Turk, the chronic killer of Christians, and you a devout worshiper in the Lutheran church. I confess, Wilhelm, you are a puzzle at times. A Mohammedan army, commanded by German officers, assisting one another in massacreing Christians is a new line of warfare. When a Prussian officer can witness a nude woman being disemboweled by a swarthy Turk, committing a double murder with one cut of his saber, and calmly stand by and see a house full of innocent Armenians locked up, the house saturated with oil and fired, then my teachings did not stop with you, but have been extended to the whole German nation. I confess my Satanic soul grew sick and there and then I knew the pupil had become the master. I am a back number, and my dear Wilhelm, I abdicate in your favor. The great key of hell will be turned over to you. The gavel that has struck the doom of damned souls since time began is yours. I am satisfied with what I have done; that my abdication in your favor is for the very best interests of hell—in the future I am at your majesty's service. Affectionately and sincerely,

LUCIFER H. SATAN

Editor of Hilltop Record:

Your paper which I read every week says the rose is our Hilltop flower.

Let us send roses to a living Samaritan; a young man on the Hilltop who is a great help to our young boys and to us parents, Mr. Leo Phillips, the chief of detectives. Well here is my story.

My boy got into trouble and saw his mistake before he was found out—but he needed someone to help him. He was afraid we, his parents wouldn't understand, afraid to tell us. I am sorry to say, so he took his troubles to Chief Phillips a stranger to us; who will help anybody my boy says. Mr. Phillips could have arrested my boy and sent him to Lancaster but he helped him straighten out the wrong on the condition he tell us and make it right for everyone.

Today we have a boy so different we hardly realize he is the same boy. We have his confidence, a happy boy thanks to Chief Phillips.

I understand he keeps in close touch with West High School, knows the boys by their first name and is a real pal to them all.

The city officials should feel proud to have such a fine young man as he, at the head of our detective department.

If you care to put this on the front page of your paper, I will be grateful.

Sincerely yours,
A Hilltop Mother.

Seal Committee Is Responsible For Examination of 4,000 Selectees

More than 4000 selectees have been examined for tuberculosis by the Franklin County Christmas seal committee during the past month.

Utilizing the mobile tuberculosis clinic, the committee has examined every man inducted into the Fifth Corps area at Fort Hayes barracks.

Thus far 52 men have been rejected for evidences of tuberculosis considered sufficient to be dangerous if the men were to embark on the strenuous physical exertion required of the modern soldier.

Each man is fluoroscoped by a physician who is an established expert at finding tuberculosis. A little mathematics will show what a tremendous saving has thus far been made by the program.

Army officials are fully aware of the need for this routine x-ray examination for every man and are doing their utmost to secure adequate x-ray equipment for permanent use at Fort Hayes. This will release the mobile clinic from further duty and enable the sanatorium and the committee staffs to continue on the tuberculin testing program in the county schools.

One of the famous landmarks along the national highway was the old Four Mile Inn, which was a favorite hang-out for the Federal soldiers who were billeted at Camp Chase.

The inn was noted especially for its fine food, and travelers who passed by often, stopped at the inn rather than go on into Columbus to stay.

Called the Four Mile Inn because of its distance from High-st, it was originally constructed and operated by Timothy Biglow. The building which stood at Chase and Broad-st was razed in 1911.

In 1906 the only homes to be found in the district west of Hague-av and north of Broad were those of the Edwards, Williams, Munseys and Scoles.

Women have been enrolled at Ohio State University since the opening day, Sept. 17, 1873.

Judge Is "Jack" of Many Professions

Lawyer, judge, legislator, educator and civic leader—as these Judge Cecil J. Randall will be remembered by people on the Hilltop for a long time.

For the past 10 years Judge Randall has served on the common pleas bench in Franklin county. In 1938 he was elected for a term of six years. As a testament to the quality of his service on the bench, he was unopposed on either ticket.

Coming to the Hilltop 29 years ago, Judge Randall remembers the community when it was composed "mostly of farm land." He considers the Hilltop as "a most desirable place to live" and the "genuine community spirit that prevails here distinguishes it from every section of the city."

At one time Judge Randall served as secretary to the old Hilltop Improvement association. He recalls the struggle that the association had to get Sullivant-av paved.

The only obstacle was the fact that the state could not be induced to bear its share of the assessments for its frontage along the institution grounds.

Members of the association went to the state legislature and finally convinced the solons that they should make an appropriation to cover the state's share of the expenses.

Coming to Columbus from Jackson county when he was 14 years old, Judge Randall graduated from the old Central High school and then entered Ohio State. He took a law degree here in 1911 and then entered the law practice. For four years he was associated with Mayor George S. Marshall.

In 1916 he was appointed public defender by city council. He was the first to occupy that office. He served in this capacity for two years and then resigned to resume private practice. He practiced law until 1930 when he was elected to the common pleas bench.

During the interim, Judge Randall served for seven years on the Columbus board of education and was twice elected president of that body.

As a member of the board he took the leadership in obtaining West High school for the community.

Residing at 1989 W. Broad-st, Judge Randall has two sons and two daughters, all married. Active in many community affairs, he is a member of the Glenwood M. E. church.

Ohio has only three colleges of medicine, those at Ohio State University, Western Reserve University in Cleveland, and the University of Cincinnati.

Restoring The Old Fishing Holes!

Remember the old fishing holes along your favorite stream where you fished as a youngster? Some of best fishing was found adjacent to a stump or log.

Denuding of stream banks, washing of banks and silting have brought a different picture in Ohio. Many of these "old fishing holes" can be restored and the Ohio Division of Conservation and Natural Resources and sportsmen's clubs are taking a keen interest in natural propagation of fish these days, in the belief that "planting" of more fish often "misses the mark" without suitable habitat for them.

The above picture shows willow plantings and willow matting and rip-rapping which will stop bank erosion and is just one of many fish management practices being carried out by stream improvement crews of the engineering and fish management sections of the Ohio Division of Conservation and Natural Resources.

First School, Of Logs, Built 82 Years Ago

A log cabin was the first school in the region known today as the Hilltop. Located on N. Hague-av, just north of the present-day Skidmore School, this one-room building was erected some time before 1859. It served its purpose well until 1861 when it was replaced with a one-story high, one room structure of stone. This became the first Skidmore School and was located across the road from the present red brick building.

During the years 1875 and 1876 another story was added to the original building and in 1920 the present brick building was constructed.

He's Grandpa Now

Most jubilant man on the Hilltop this week, according to an unofficial census, was M. W. Seiller, owner of Seiller's Department Store, 2404 W. Broad-st. The occasion was the birth of a baby daughter to Mrs. Paul Leighninger (the former Dorothy Seiller), 37 N. Chase-av.

The infant, named Jane Hartman, arrived at Mt. Carmel Hospital Saturday morning. Both mother and daughter were reported doing fine, but it was several hours before business at the store could go on in the usual manner.

Proud Papa Paul, too, did his share of boasting about the new Leighninger heir but he was reportedly far outclassed by Grandpapa Mart.

I Remember

My "I remember" experiences are from the year of 1906, when I moved to Warren-av, where I still reside.

Coming from an old part of town, it seemed like living in the country.

I have watched the Hilltop grow, to be built up with nice homes, fine churches and schools; a contrast to the open country of 1906.

I remember Warren-av as just a mud road. To have to pass through an apple orchard to get to Broad-st seemed very strange indeed.

A real necessity was the country butcher, who would bring fresh meats to our door every other day. I remember, too, I would watch through the trees and scattered houses for the West Broad street car that my husband came home from work on. When I saw it, I would know it was time to put the "supper steak" on.

After the "back line" started operation, we would watch for those cars coming in from West Broad-st and then would have time enough to get over to Hague and Palmetto; and such a bumpy ride it was, down Sullivant-av.

Many an early morning, an obliging conductor would wait a few minutes for a late "regular" in order to get him to work on time. That must have been the beginning of the fine community spirit that exists on the Hilltop today.

As I recall the friends and neighbors of years ago, I do not wonder at the growth and life of our Hilltop.

—Mrs. S. A. Searles,

Has Lived On Hilltop 43 Years

Mrs. Joseph Bopley, age 77, resident of this Hilltop for the past 43 years, could well write a history of this community and never lack for a moment anecdotes about the characters and places that have given a definite local color to this section of the city.

It was in the year, 1898 that the Bopley family moved to the Hilltop, on Hawthorne-st, (now known as Whitethorne) and during that year, the first of the Columbus floods took place.

Mrs. Bopely remembers that she was singing in the chorus of the concert "Delilah" which was being presented in downtown Columbus. She took her three children to town when she went down to the concert; it had been raining all day and after the concert was over, the children were marooned downtown for three days. Finally the family grocer brought the children back to their home on the Hilltop.

The second of the floods was the famous one, March of 1913, which started the movement of Columbusites to the Hilltop, states Mrs. Bopely. She relates how she and her husband sheltered about 30 refugees from the swirling waters. These had brought their cattle, pigs, chickens, and all household furniture that they could save, to the Hilltop. There was no shortage of food because the farmers, who lived further west, could not go to the market in the downtown section and therefore donated their eggs, chickens, etc. to the refugees.

Reminiscences of Mrs. Bopely concerning the Hilltop really constitute a graphic reconstruction of the community. She tells of the chicken yard of the "insane asylum," which used to be located across the street from the present St. Aloysius school, and the caretaker Enick, an inmate, whom the local boys had great sport teasing. It seemed that he was sensitive about being told that he was born in Ireland, and because of that fact, Ted Murnan, Freddie Sulzberger, Joseph Bopely, Francis Clark and others would shout "born in Ireland" whenever they sighted him, and in return would be chased down Broad-st to the foot of the hill.

Hilltopper Serves Under Bricker

Hilltopper George A. Strain, 140 S. Roys-av, is director of the department of industrial relations, state of Ohio. He was appointed to this position by Governor Bricker on Jan. 9, 1939.

A resident of the Hilltop for seven years, Strain, with no lack of emphasis, said, "It's the best."

Born in Missouri, he was raised in the Ohio Soldiers and Sailors Orphans Home at Xenia, O. He has been a sheet metal worker all his life.

During the World War Strain served overseas with the AEF for 22 months. He was with Battery F, 15th Field Artillery, second division.

For eight years before appointment to his present position, Strain was business manager of the Columbus Building Trades Council.

Married, Strain has one son, George A. jr., who is a student at West High school.

Local Pastor

Rev. O. W. Cunningham

Pastor of the Hilltop Church of God for the past eight years is Rev. Orville W. Cunningham. Born in Gallia, O., he was educated in the rural schools and at the Gallia Academy high school and the American school of Chicago.

College and theological work was taken at Anderson college and theological seminary at Anderson, Ind.

He has served pastorates at the W. Fourth-av Church of God in Columbus and in Obetz Junction. Also, he has engaged in considerable evangelistic work throughout Ohio. He has done evangelistic work in Cuba.

Married, he has two children and resides at 378 S. Wayne-av.

I Remember

During the summer of 1909 the Columbus YMCA. sponsored a city church baseball league; one class was called the Senior, and another, the Junior. A class of boys in the early 'teen age at Hoge Memorial Presbyterian Sunday school organized a baseball team and joined that Junior league. A club outfit of bats gloves, masks, etc. was gotten together by the boys, then the men's brotherhood of that church bought them a complete set of club uniforms and caps, giving them quite a nifty appearance.

The boys then did themselves proud by playing every game scheduled with the different church teams in the league, and winning every game. Besides, they played several games outside of that league, and won each and every game. In fact, they did not lose a game all season. That was a record to be proud of.

At the close of the season a victory banquet was given in honor of those boys. A long table spread with eats was arranged with the Men's Senior Brotherhood on one side and the boys who belonged to the Junior Brotherhood on the other. Mr. Lewis, the head of that city league, was there and, in a neat speech, presented the boys with a championship pennant. Other speeches were made by both the men and boys.

Most of those boys, who are now heads of families, some with sons or daughters in high school, are still residents of the Hilltop or city. Some are engaged in business, others, with trades or professions. Wonder what kind of a game that bunch could put up today if gotten together? I believe they could give a good account of themselves.

As near as I can remember, here was the line-up:

Harry (Had) Rodgers Pitcher; Earl (Squirrely) Gaffin, Catcher; Eugene Robinson, Shortstop; Maurice Biddle, 1st Base; Clark Robinson, 2nd Base; George Patton, 3rd Base; Herbert Deems, Left Field; Herbert Davis, Center Field and James Simpson, Right Field.

VITAMINS AND WHAT THEY DO

Vitamins and what they do toward starting a baby well on the way to a healthy childhood are an important factor nowadays in the planning of an infant's diet. This is one reason why solid foods such as vegetables, fruits and cereals are strained and included in a child's meals at a much earlier age than formerly.

Babies have a supply of some of the vitamins stored in their bodies when they are born and some of them are furnished in their diets by the milk which is their first food, but soon this supply must be supplemented with the vitamins provided by vegetables, fruits and cereals.

Doctors say these five vitamins are known to be most essential to a child's diet: A, B, C, D, and G. Vitamin A helps the baby resist many different types of infection of the skin and mucous membrane as well as certain infections of the eyes. One reason cod liver oil is added to the baby's diet so early in his life is to make sure he has enough of this vitamin to prevent such infections. Other foods rich in vitamin A which doctors recommend are strained carrots, beef and liver soup, and strained apricots and apple sauce. Egg yolk is another food doctors often give babies both for its high vitamin A content and for the iron it adds to their diet. Strained spinach and tomato soup are also good sources of vitamin A.

Cod liver oil also provides vitamin D in the baby's diet—so let us consider its value to the baby in connection with vitamin A. We depend on the fish oils, egg yolks and milk which is reinforced with vitamin D for the vitamin because they are such excellent sources. Its presence in the child's diet prevents rickets and helps build sound teeth and strong bones.

Vitamin B promotes good digestion and helps the child have a healthy appetite. Lack of sufficient vitamin B in the child's diet may cause him to be irritable, unwilling to eat and backward in physical growth. Whole grain cereals, wheat germ and green peas are the best sources for the baby's supply of this vitamin. Thus strained cereal and strained peas are particularly important in the child's diet to provide him with vitamin B.

Doctors make an effort to get vitamin C into the child's diet at an early age to help prevent infection, to promote the normal structure of the blood vessels and to provide healthy nourishment of the gums and teeth. Orange juice and tomato juice are important in the baby's diet for this reason, and strained tomato soup, strained pears and pineapple, strained mixed greens, spinach, asparagus and peas also provide vitamin C in the baby's diet.

Vitamin G aids in the growth of the infant and is a factor in promoting a better appetite. A baby usually gets sufficient vitamin G in his milk, but beef and liver soup, strained cereal, strained prunes and strained apricots and apple sauce also help get this vitamin into his diet.

Some of these vitamins are destroyed by too long cooking, too high temperatures or cooking while in contact with air. Therefore, a special method of preparing the strained foods which eliminates as much as possible these ways of destroying the vitamins has been devised by the Mellon Institute of Industrial Research. Thus babies who are given foods prepared in this way should be well supplied with the vitamins they need.

One can obtain 14 different kinds of the strained foods prepared by this special method. Many doctors recommend the strained cereal first, followed by strained beef and liver soup and vegetable soup. The other prepared strained foods are carrots, spinach, tomato soup, peas, prunes, apricots and apple sauce, pears and pineapple, asparagus, mixed greens, green beans and beets. The doctor should be consulted before any new food is given to the baby.

Many doctors start a baby on strained foods when he is only four months old. But babies vary in their ability to take new foods, and so some do not have strained foods until they are a few months older. The introduction to the new food should be gradual, of course—a small quantity such as a teaspoonful diluted with water or milk being given at first. The added liquid is then gradually reduced and finally dispensed with. Finally the baby takes a full 4½ oz. can of strained food at ten to twelve months.

Phillips Played Pro Baseball

Performing for several successive years in the Hilltop minstrel shows and the Shrine minstrels and engaging in many other activities at the same time, Leo Phillips ought not to have much time for his official duties as chief of detectives.

But he manages to find time and does a bang-up job of detecting.

Previous to his appointment as head of the bureau, Leo served for four years as a detective on the robbery squad. He has been a member of the department for 12 years.

Born in Pomeroy, O., Phillips graduated from the high school there and then began work on the railroad. He became a brakeman and in his spare time played professional baseball.

According to his own statement, he is "daff" about all sports. He is a member of the Shrine, a thirty-second degree Mason and a member of the Fraternal Order of Police.

Married, he has one son, Leo jr., who is a senior at West High. A city tennis champion in 1940 and a member of the varsity basketball squad at West, Leo jr. is better known as "Glamour Boy."

Mary Bentz Is Sullivant-av Booster

If Miss Mary Bentz has anything to do about it, West Broad-st, as a center of community activity, will some day be only a memory. This, because Miss Bentz is devoted to Sullivant-av heart and soul.

She was a leader in the Southwest Civic group—an organization which was instrumental in having the old C. and L. E. tracks removed from Sullivant-av. In the interests of removing the tracks a suit against the company was instituted and Miss Bentz, on one occasion, appeared as a witness against the company.

She was an outstanding member of the group that worked for and got the Mount-st school building. Now she suggests that a more permanent structure should be erected for the pupils. "It is time," she says, "for civic-minded members of the community to take action in this matter."

Sullivant Outlet

A leader in the fight to get a more adequate outlet for Sullivant-av into the down-town section, Miss Bentz is determined that something shall be done in this regard. She feels that Hilltop councilmen have not given sufficient attention to this matter.

She says, that councilmen gave a tentative promise to connect the present terminus of Sullivant-av with the Main-st bridge by means of a boulevard along the Scioto river.

However, the construction of the Metropolitan housing project in the McDowell-Sullivant-av district has made it necessary to alter these original plans.

The only alternative now is to "boulevard" Sullivant-av into Rich-st by means of a wide, gradual curve, and Miss Bentz is working "tooth and nail" to have this proposal realized.

Since the time of her mother's death in the fall of 1939, Miss Bentz has devoted the majority of her time to the business of managing the estate. She is trustee for considerable property in the Sullivant-av district including 45 furnished apartment homes. Besides herself, she has four brothers and one sister who will benefit from the estate.

Miss Bentz was born in a farm house which stood across the street from her present residence on Wrexham-av. The fact of the matter is, that it is still standing but, to all appearances, it is anything but a farm house.

Some architectual genius has transformed it into an attractive four-family stucco duplex.

All of Miss Bentz's life has been lived in the three houses on the corner of Wrexham-av and Sullivant-av. She has lived in all of them at one time or another.

At one time Miss Bentz was in the grocery business. Her mother started a grocery in the building now occupied by Capretta's market. When Miss Bentz left school she went into the business and eventually took it over entirely.

The four brothers, John, William, Frank and George, are all in the plumbing business. John is proprietor of the Hilltop Plumbing Supply and William also lives in Columbus. The other brothers operate a large plumbing supply establishment in New York City. The sister, Mrs. B. H. McConnell, is Miss Bentz's associate in the real estate office on Sullivant-av.

Before entering the plumbing business, the brothers, were in the road construction business. On contract from the city they paved Harris, Warren, Ogden, Eureka and Wrexham avenues.

Miss Bentz vividly recalls the horrors of the 1913 flood which inundated the bottom lands. At the grocery store her mother kept a lard can full of hot soup for one and all who came up from the flooded area.

She tells the story of the man, frantic with grief over the loss of his wife, left his child in the care of the Bentz household at the time and then forgot where he left it. With the help of the police, father and child were reunited a week later.

Miss Bentz is a very busy woman and consequently doesn't have much time for hobbies and the like. She has often thought that she would like to take up golf as a diversion but has never managed to get around to it. "How other business men have time for that kind of thing, I don't know," was her comment.

Bucks Meet East As Season Closes

By Don Mathews

The West High Buckaroo baseballers will meet East on Harley Field at 4 p. m. today, to ring down the curtain on the Cowboy baseball season.

The Cowboys defeated the district champions of North 3-2 last Tuesday leaving them a mathematical chance of tying for the league championship should they beat East, and South beat Aquinas.

BEAT EAST TWICE

The game this afternoon should provide an interesting finale for the baseball season since the Bucks barely eked out a win over the Tigers, 5-4, in the district tournament. In the first round West defeated East 13-5.

East, who has a won 4, lost 5 record, lost to Aquinas Tuesday 3-1. Dick Hoover will probably do mound chores for the Bucks. Dick Smith, out of the North game with the measles, may be ready by this afternoon.

REVENGE GAME TUESDAY

Tuesday's North game was a "revenge affair" with the Cowboys attempting to "get back" for that 2-0 defeat by North in the district tournament. It was a pitchers' battle as Bob Swisher granted the Polar Bears only four scattered bingles while Booker, Dudley and Schmitter gave up five. It was North's second defeat at the hands of West; the Bucks having beaten them 3-1 in the first round.

West scored first when Wills came home on a long fly to center in the second inning. North retaliated with two in the third. Rogers scored in the Bucks' half of the third on Albert's single, to knot the count at two-all where it remained until the last half of the eighth when Mathews' double scored Swisher from second. Jim McElwee, little outfielder subbing for Dick Smith, collected one of West's hits with Albert, Wills and Meloeny clubbing one apiece.

COWBOYS LEAD IN BATTING

It was rumored that Jack Baird, left fielder, told Coach George Williams that he was going to leave his batter's slump today.

West has won six and lost two putting them one game behind Aquinas. Before Tuesday's game Don Rogers was third in the city league batting race with a .444 percentage. Dave Wills was eighth with .392.

The Speck

MEMORIAL DAY means more to us than placing flowers on the graves of soldiers who have performed their duties; it is more than just a "decoration" day. It is a day of rejoicing in the fact that we, the living, can carry on our daily tasks, which are spiced with enough "obstacles" to make them interesting; glad because we can profit by mistakes made before us, and learn to make new ones for our posterity to profit by.

Those servants of our country have done their duties; it is our turn now.

• • •

Our heartiest thanks to the Record "Regulars" for giving us would-be writers a turn behind the presses. It is fun and work combined for us and gives us a chance to "give" on the idea end of the journalistic spout. Thanks for the chance!

The "Clean-up Week," April 28 to May 5, was more than a proclamation—it was an enterprise! And it got results! Hilltoppers took such an active interest in the project that their own alleys look less like alleys than anything that ever looked less like anything before! The alley that looked the least like itself, to my knowledge, was the one behind West High School. I distinctly remember such an improvement because the can (tomato, I believe) which had been watched, through its various stages of oxidation, by the curious students, had been removed, leaving only the vernal beauty of headless dandelions. These dandelions were headless because of Civic Pride.

Honestly though, can't we have Clean-Up Week every week? Of course!

Do you remember when Broad Street was a mud lane? When horses and buggies were quite the thing? We still see an occasional horse and wagon in this end of town out toward the country but they are becoming less frequent as time goes on.

The actual building of Broad Street began in the late spring of 1895 and was completed at the end of that summer. Wheelscrapers, drawn by teams of obliging mules, were used to excavate instead of steam-shovels.

Next the base of sand and gravel was laid in and covered with bricks and tar.

The Rail and Light company paid for all paving to Hague-av between the rails and one foot on each side. The first company's name was the Columbus Street and Railway Company and was headed by John and Jerry Foley. Taxpayers of Columbus provided funds for the building of this cross-country road, route 40, known to us as Broad Street.

Now, after 46 years of good service, the same company which built the railway is taking it down to make way for more progress—the busses.

This incident can signify many things. It is not with regret we tear down old ways of living, but with content that the most good has been derived from the present "tool"; now our needs are such that the "old way" is inefficient and that new and better "tools" are needed.

The calendar says "Spring" but the weather says "Summer." Soon we will see shorts and slacks strolling by the shop windows instead of fur coats, as if fur coats were current! Yet, women still seem to favor furs in an abbreviated form. The briefer the fur, the briefer the heat.

Summer play togs are becoming more comfortable, colorful, and—are becoming. More precautions will be taken with sunburn, windburn, and other burns this season. As each summer comes along, new experiences will bring new precautions and cures.

Heat, too, is another unnecessary worry. Moral: The more you think about heat—the more you beat! So don't think.

SHE'S 93 AND STILL A'WONDERFUL WOMAN'

By Dick Anthony

The Hilltop is certainly abundant with personalities. But here is the story of probably the most interesting—that of a very dynamic individual, Mrs. Annie Richards.

Mrs. Annie Richards was 93 years old on Jan. 4, 1941, and attributes her long life to the fact that she just doesn't want to die.

She was born in England in 1848 and came to this country in the year 1856, with her mother and father and six other brothers and sisters.

CAME OVER IN SAILING VESSEL

Steamboats were new in those days and only wealthy people could afford to travel on them. Therefore, they had to make the voyage in a sailing vessel.

During the trip over, she related, her boat caught fire but little damage was done. She also related that the boat almost capsized in a terrific storm and how frightened she was until the storm receded.

She also told of a funeral of a young boy on ship. "The boy was strapped to a board and at a certain time in the service his body was lowered slowly over the side of the boat," she related.

Mrs. Annie Richards

FIRST TO SEE NEW YORK

The captain of the boat told Mrs. Richards that she was the first passenger on the vessel to see New York harbor. She said her first impression of New York was just like that of any other big city.

The aged lady came to Columbus where she lived until she married and then moved to Chicago. She moved here on the Hilltop 10 years ago. Mrs. Richards now lives with her daughter, Mrs. A. J. Thatcher, and her granddaughter at 2936 Crescent-dr.

HAS TRAVELED IN WEST

Mrs. Richards has traveled in the west and also went back to Chicago a few years ago to see relatives.

She painted excellent pictures in her eighties without having taken a lesson in her life. Sewing was another hobby she enjoyed a few years ago.

Mrs. Richards' greatest experience was when she met Abraham Lincoln at Broad and High-sts a few years before his death. She was only a girl of eight and she thought Lincoln was no different than any other person. President Lincoln told her and her companions that they were very nice girls.

Mrs. Richards said she remembers Lincoln quite well and that he had a big pimple on his face.

Mrs. Richards also said to tell everyone "that I am a wonderful woman."

Permanent Bldg. Group Works For

A committee composed of Mary Bentz, Mrs. Bernice Crispen and William Reed, all residents of the Hilltop, discussed with Robert Draper, president of the Columbus School Board, the possibilities for a permanent school building on W. Mound-st. At present the buildings are only portable in structure.

Mr. Draper, along with the committee, made inspections of the proposed site for the location of the new school. It is felt by the committee that the best sight would be between Columbian-av and Woodbury-av and one square south of Sullivant-av.

This group expects to meet with L. D. Shuter, assistant superintendent in charge of buildings. The purpose of this meeting is to discuss the feasibility of such a building.

Tracks Removed From W. Broad-st; Other Improvements

By Paul Watkins

The removal of the street car tracks which have long been a traffic hazard on W. Broad-st, began this week and is progressing on schedule, according to D. R. Horton, director of the maintenance department, of the Columbus and Southern Ohio Electric Co.

The street repairing began Monday at the bottom of the hill by the State Hospital baseball park and will continue to Hague-av. All other rails further east were removed previously. The tracks are now replaced with an asphalt pavement.

The present work will continue for about six weeks.

Two main improvements in the near future for the Hilltop will consist of the straightening of the underpass on McKinley-av and the building of a new bridge on Sandusky-av, over the Olentangy River; also the straightening of Sullivant-av, to provide for an outlet to the Main-st bridge.

The Sandusky-McKinley project has been definitely outlined except that the right-of-way may run either north or south of the railroad tracks. Arrangements have been made with the three railways.

Survey is now under way on the Sullivant problem but as yet no definite plans have been made.

Vacation For Staff; Students Take Over

The Hilltop Record was published this week as it has been for the last 25 years, but this time, under the editorship of West High School students.

Several members of the journalism classes at West comprised the staff as they have annually done for the last four years.

Bill Gibbon, editor of the Occident, West's school newspaper, headed the staff. Others and their job are: Dick Anthony, managing editor; Dorothy Jones, assistant managing editor; Marilyn Rohr and Vivian Swain, society editors; Don Mathews, sport editor; Paul Watkins, Marilyn Jones and Margaret More, columnists; Camille McKee, cartoonist; Irene Green and Ruthanne Zahn, copy readers; Betty Ricketts and Sara Jane O'Toole, proof readers; Doratha Whitmer, rewrite; Bob Spencer, photographer.

Record Early Next Week

Due to the Memorial Day holiday the Hilltop Record will come out on Wednesday, May 28. The next issue will be published on June 6.

The deadline for church and social news is Saturday evening, May 24. The want ads should be in no later than 10 a. m. Monday, May 26.

Vital Roadway To Be Improved, Widened 20 Feet

Demorest-rd, between Sullivant-av and Clime-rd, will be widened and improved in the fall. The road itself 1.06 miles long and 15 feet wide with shoulders of only 18 inch width provides a very dangerous condition for passing.

The improvements were described by the county engineer's office that the width will be increased to 20 feet with shoulders of eight feet, in addition to the lowering of the pavement.

The pavement that will be used to finish the road will be a bituminous surface treated with water covering. With the additional right of way the property of the road will extend 60 feet as compared to the former 40 feet. The work on the project will be done by the WPA with the tools and equipment being furnished by the county.

Actual cost to the county will amount to $10,000 including the construction costs. The right of way must be cleared up first and the actual work will begin about Sept. 1, and will last for approximately two months. The delay is due to the use of the workers for defense agencies.

FIREMAN INJURED

City Fireman Ralph Raike, 70 S. Oakley-av, was treated by R. A. Laughlin, police surgeon, May 19, after the nail on his left index finger was torn off when a wrench slipped while he was inspecting a fire hydrant.

C. W. Wagner is chairman of the Boys' State committee; others are Dr. W. M. Baker and S. D. Brechtel. They will select the boys some time this week.

One of the five boys is sponsored by the Hilltop Business Men's Association. The Rainbow Division selects and also finances a boy. All will go under the name of the Camp Chase Post.

Boys' State begins June 10, continuing for 10 days. During this time the boys learn the functions of the state, county and city governments.

Mary Ann Pinneran, age 3, received a possible skull fracture May 20, when she was hit by a car driven by Hugh F. Boyd, 627 S. Roys-av, and John E. Graham, 317 S. Warren-av.

Mary Ann was riding in a car being driven west on W. Mound-st, by her cousin, Albert W. Grayton, 998 S. Champion-av, when it collided with the Graham and Boyd cars.

Wed. Closing Seems Probable

Plans for Hilltop business firms closing on Wednesday afternoons are near completion. Only a few more business men must be contacted to approve the plan to have it accepted.

The committee investigating the possibilities are Charlie Kent, Ray Hauntz, Fred Raether, Paul Rausch and Harold Fox. This undertaking is under the sponsorship of the Hilltop Business Men's Association.

Two Organizations Honor War Veterans

Camp Chase Post has planned three Memorial Day services to be given in honor of the World War veterans.

Short ceremonies are to be held at Memorial Burial Park, at 1:30 p. m.; at Alton Cemetery, 2:15 p. m.; and at Wesley Chapel, 3:15 p. m.

The graves will be decorated the previous day with flowers, flags and metal markers. Each ceremony will have a speaker, a flag-raising accompanied by taps, and the placing of a wreath.

It was stated by Elmer A. Young, program committee chairman, that to date their speakers were only tentative and further announcement concerning them will be made next week.

The Veterans of Foreign Wars are also holding services Memorial Day at Galloway, O., at 2 p. m., and at Georgesville, O., at 3 p. m.

The program includes Rev. Fr. Bauschard, of the St. Mary Magdalene Parish, 488 S. Roys-av, as the speaker. There will be a flag raising ceremony, gun salute, and the graves will be decorated with wreaths and flags.

The committee in charge of this program are: Raymond Wilson, 1541 Accommodation-av; Lewis Stevens, 2000 Floral-av; and Roy Polus, 3379 Dover-rd.

VEGETABLE CUTTER

A flat vegetable cutter makes quick work of cutting French fry, shoestring potatoes or diced potatoes. Use it, too, for carrots, cucumbers, orange peel (for marmalade) and many other things.

Last, a safety grater and two-sided shredder, that does so many different operations so well, that our suggestion is to see it, you can't cut or scrape your fingers, it requires no pressure, and it's very easy to clean—all points that you'll appreciate. It's made of stainless steel instead of tin, so it won't get dull and unfit for use.

Camp Chase Post American Legion baseball team, last year's city champion, is well on its way to the first round championship of the West Side League. It has defeated Franklin Post twice in as many starts

Camp Chase and Franklin Post are the only two teams in the West League and so will play a best three out of five series in the first round. The second round will be similar. Camp Chase will enter the city finals if they win both rounds.

The squad is coached by Herb Davis and Dan Stout, but will be taken over by George Collins, West Jr. mentor, in the second round.

Maybe it's a "ghost" germ that causes colds. Science at last sees down to the borderline of life itself and studies a strange world where lives the viruses or poisons that cause influenza and other puzzling but deadly afflictions. Read about these important scientific discoveries in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

Doctor Writes Poetry To Wife While On Visit

Dr. E. S. Feris, Eakin-rd, when visiting Missouri, wrote to Mrs. Feris:

I lived on the Hilltop and I'm pinin' to get back
From these prairie woods 'at howl and snarl an' moan 'round my shack,
From this empty, endless wildness, stretchin' fur as you can see,
An' my heart's a purt night breakin' fer the sight of just one tree.

I lived on the Hilltop and I'm wishin' I was back
Where the shiftin', shinin' Darby track,
Traveling o'er Sullivant avenue, loafin' under hangin' boughs,
Where they's pools to hide the fishes, an' they's shade to cool the cows.

My old love's on the Hilltop an' I'm heartsick to get back,
Them hills and woods has got a tongue these lonesome prairies lack;
Fer they's nothing here but silence 'cept the never-ending cry
O' the winds 'at moan and groan ontel ye think ye'll surely die.

An ye hain't no wish fer livin' an' the dearest thing ye crave
Is to die, an' hev it over—if they'll only make your grave
Back there on the Hilltop where the Darby twists and turns,
Where they's music and loved ones, for whom this old heart yearns.

That hollow elm down on Broad street in the old Columbus town
Through the woods, over the hill and facing the bottom lands,
There stood a house, just by the lane,
There dwelt a maiden with gold hair fer love and swelliness famed.

Where the trees' crooked branches show the way the Darby runs
An' across the hospital grounds ye can hear the cry o'cows
While the leaves is droppin' softly —nachur's tears fer days 'ats dead
An' 'mongst the buckeye's sway-in boughs the bluejay perks his head.

Where the beech an' maple's colors give the woods a kindly tint,
We used to wander, she and I, of love to hint,
T'was there through the knowledge of each other
Our hearts grew warm,
An' we our love pledged to exist through all sunshine an' storm.

I am here an' she is there, and the glitterin' house of heaven curves esteem,
An' they's comfort in the thought, same starry roof 'at covers me covers her
With the same grand old Master, me and her can confer

Where the elm and the poplar make the woods a kind of hush,
B' the glory streamin' down'ards through a break in heaven's wall,
An' in the wisp'rin-silence ye hear the village call.

The Hilltop's purt night heaven an' I'm wishin' I was back,
If they's them 'ats thinkin' differ'nt, they've got license fer to roam;
But heaven an' the Hilltop is just two things I lack;
I'm a good ways off from both of 'em an' prayin' to get back

P.-T. A. Sponsor Seed Program

The P.-T. A. of John Burroughs School has sponsored the seed program now progressing at the institution. The financial end has been met by the school general fund and the P.-T. A.

The purpose of the program is to interest more people in the art of flower growing. So far about 800 packages of seeds have been passed out at the Sullivant-av school. A similar plan is being carried out at W. Mound Street Portable School. Petunias seem to be the most popular.

The Livingston Seed Co. furnished the seeds for the plan. There is no connection between this seed program and a flower show in the fall since all the seeds will not produce buds for that time.

Beginners for the fall semester have been registered so far to the number of 35 but the number expected to enter is estimated at around 70.

Collecting Salt Shakers And Buttons Is Her Hobby

Hobbies are pastimes that are lots of fun, relieving the strain of our working existence, and are also a weapon against idleness.

Mrs. Walter W. Curlis, 300 S. Hague-av, has the interesting hobby of collecting salt and pepper shakers. Mrs. Curlis has 500 pairs of shakers representing nearly every state in the union. She also has quite a few pairs also from Canada, Mexico, Alaska, Japan, Finland, New Zealand and Ireland.

They are in the forms of people, horses, all types of animals, birds, fish, fruit and flowers; big, little and medium in size. The largest pair she has is a pair of Mexicans, about six inches tall. The smallest pair are less than an inch in height and the oldest is an old fashioned salt cellar which is more than 100 years old.

Buttons are also an interesting hobby for Mrs. Curlis, of which she has about 1000. These, too, represent nearly every state in the union, also Scotland, France, New Zealand and Finland. She has many odd and colorful buttons, several of which are more than 100 years old. Each and every button is carefully mounted on paper plates.

Broncos Win Championship

Bill Richards, West Jr. mound ace, pitched a no-hitter against Barret Jr. High last Tuesday as the West Broncos were crowned Jr. High city baseball champions. The Broncos were undefeated in five league starts.

Bill Richards, brother of Jake Richards, senior high mound star, climaxed an almost sensational season Tuesday when he allowed only 20 batters to face him, two more than the very minimum. He has pitched every league game and has struck out 37, walked 11, hit one, and has given up 10 hits. He will graduate this June.

The Broncos during the season have defeated Franklin twice, Champion, *Starling, *Crestview, *Everett, *Indianola, and *Barret. *League games. One interesting fact is that during the five league games the West Jr. nine committed only 10 errors, which is exceptional for a junior high team according to George Collins, coach.

Leading the squad in hitting is McFadden with a .400 percentage followed closely by Bill Richards with .388. The rest of the squad averages in order are: Blackwell, .375; Sheward, .333; Gilmore, .294; Haines, .222; Ison, .100; Moore, .091; Holbaugh, .083. Other members of the squad are McGrail, Bell, Layne, Palmer and Tanner.

Trees, Wires Struck Down

The 80-mile-an-hour gale, which struck the Hilltop first as it reached Columbus, tore up trees and spread havoc about the community.

Lightning struck an ornament and damaged the yard of Charles France, 217 N. Chase-av, a sergeant in the Columbus police force. Little damage was done.

Lightning also struck the wires leading to the house of Catherine Hutt, 2223 W. Broad-st, a teacher at West Broad Street Elementary School.

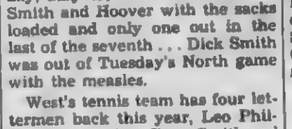
Hilltop Sport Scoops

By Paul and Don

Hello Sportsters . . . Baseball's in full stride now and the West Church League has successfully opened its season with a tight race predicted for the coveted bunting



. . . Burgess U. B. seems to be the class of the circuit at present . . . "Bruf" McQuade really had the stuff against West Tuesday, May 13, when he struck out Smith and Hoover with the sacks loaded and only one out in the last of the seventh . . . Dick Smith was out of Tuesday's North game with the measles.

West's tennis team has four lettermen back this year, Leo Phillips, Duck Ucker, Dave Smith and John Anderson . . . See where Don Shafer and Fred Wolf, local bowlers with Emmett's Recreation, took third in the Kentucky Derby Tournament with 1309 sticks . . . Chas. Bowers, local Hilltopper, plays second base and bats very well with Deagan's Cafe Independents . . . To Bill Richards, junior high pitching star, congratulations on his fine no-hitter Tuesday.

Secret to West's fine standing just discovered—A team batting average of .309 in the city league . . . Chuck Weigand, star basketballer from Hilltop, will hear the call of the draft about the 25th.

The Westgate Tennis Courts since their opening last week have been running a full schedule—under the direction of Leo Phillips Jr., son of Detective Leo . . . Visiting there earlier this week we found O. A. Scott, brother-in-law of Leo Sr., and Chuck Colegrove watching Leo Jr. "tutil" Johnny Seip in a few difficult smash shots—then Johnny almost whammed one over the backstop . . . Bob Hall, former West Student Council Prexy, was warming up a little . . . Other People Seen: Lois Reed watching Louis Gross and Leslie Laird bang over the nets . . . Paul Gildersleeve, Bernard Floyd, Sid Halprin, Johnny Hippell and Lee Schlegel giving their rackets a workout.

West Hi-Y Softball Team has done right well this season, absorbing only one defeat so far . . . That at the hands of South at Falter Field in the seventh inning . . . A homer with the bases jammed

. . . Members of the team are as follows: Bud Maxwell, Bob Kolesar, Harold Harper, Bill Murray, John Anderson, Dave Smith, Bob Grashel, Bill Jenkins, Tom Dean, Harry Gibbon, Bob Painter, Herb Baird, Jim Womeldorff, Paul Watkins, Jim Hoenie, Dan Davis, Jimmie Jones and Dick Huffman.

In the recent City Bowling Tournament held at Riverview, Clark Smith, All Star leaguer from the Hilltop, piled up a 696 series and tied for fourth with that mark in the singles . . . Frank Emrich and Bob Howison had 1289 for second in the doubles . . . Renner's Auto Service with a score of 3098 for second in the same tournament . . . West Junior was recently nosed out of junior high track championship by only 3¼ points . . . Scores, Champion (the champs) 25, Franklin 23¼, and West 21¾.

Coach George Collins remains undefeated in the coaches golf league . . . His boys are also in the same select class . . . Red Birds are home and gunning for the first place goal and appear to be well on their way . . . Night softball league opens at State Hospital next Wednesday . . . Track events will be included in the Field Day at John Burroughs today.

SPORT SCOOPS, GALLEY 2 .....

Today's guest star is Bob Swisher who pitched a "peach" of a game Tuesday and waited until the eighth inning to be sent across the plate with the run that won the game for him . . . Hilltop Swimming Pool opens May 30 . . . Hilltop Moonlight Rink also opened recently . . . Kenny Mettle, Shank and Saunders kegler, shot 671 for ninth in the City Tournament.

Many new faces in the church league with the addition of players to replenish those lost through the draft . . . Among familiar faces at B. L. . . . Charley Weiland, home on leave from Camp Shelby . . . Romeo Tope and Stan Russell, one of the new additions to the bi-monthly amateur-amateur held in the district are scoring better than some of the colleges . . . Some improvements noticed this year in a scoring way are: Hague Addison 85, Whitney Marlow 84, Benny Huffman 87, Harry Antwick 92, Dick Bentner 91.

Dick Murray's 81 which included an eagle 2 on par 4 number 5 was good enough to take all the skins from the hot shots Sunday.

Don Hutchison Wins Radio Byke

Don Hutchison, 57 Eldon-av, was the proud recipient of the first of six radio-bicycles to be given away by Hilltop establishments. The Westmont Theatre will be the scene of the attraction.

Two boys' bikes and three girls' cycles will be given away on the next five Fridays, excepting May 30, when the affair will take place on Thursday, May 29.

Each one dollar's worth of laundry or cleaning receipts at the Franklin American Laundry will receive one ticket. Lee's Hilltop Service Station will offer tickets with each dollar purchase and double tickets with each 25 cent order while Seiller's Department Store gives tickets with all purchases.

Twenty-five tickets go with every ton of coal at the Reliable Coal Co. and the Richer Dairy Products Co. gives tickets in exchange for cartons and milk caps from their products.

Bucks Meet--

(Continued from page 1)

The Cowboys' team batting average of .309 leads the league, followed by South with .282.

Paul Casey Promoted

Paul Casey, Hilltop resident, and West High baseball and football star, now a member of the fire department, has been assigned to the fire prevention bureau as an inspector by Fire Chief Welsh. He has been assigned to the West Side where he will be working among old friends and neighbors. Casey is married and lives with his wife and two daughters, Virginia and Constance, at 2730 Grace-st.

Faulty Fuses Cause Fires

Unapproved and improper fuses in electric circuits are the cause of many Columbus fires, according to Lee M. Green, Chief of the Fire Prevention Bureau of the Fire Department.

The Bureau warns against the use of pennies, tinfoil or wires in any attempt to use burned out fuses, which practice usually ends in disaster in a short time. They suggest that an experienced electrician be called when trouble develops in the wiring system.

An effort is made to inspect every business place in the city at least once a month. Home inspections are made only at the request of the property owner.

U. S. Army Offers Air Training

The U. S. Army is offering a training course in aviation. This course is known as an Army "Flying Cadet scholarship." Young men are paid a salary of $75 a month, plus $1 a day rations allowance and free quarters, equipment, recreation and medical and dental attention. The [illegible] is seven and one-half months. To be eligible, one must be an American citizen, over 20 and not yet 27 years of age, never married, healthy, of good character and have either two years college credits or be able to pass a comparable written scholastic examination.

Upon completion of this training course, a cadet is commissioned a second lieutenant, U. S. Army Air Corps reserve, and ordered to three years extended active flying duty.

An army flying second lieutenant draws up to $245 per month in salary and allowances.

One need not be a college man to qualify. A knowledge of such subjects as algebra, geometry, trigonometry, elementary physics, English, history, et cetera, is included in the reasonable requirements. The physical examination, while thorough, does not call for "super-men."

Complete information may be obtained by communicating with the air officer, headquarters fifth corps area, Ft. Hayes, or with Capt. Harold R. Lee, deputy civilian aide to the commanding general, 454 Richards Road, Columbus. Capt. Lee was recently appointed deputy civilian aide to the commanding general as representative of the Ohio twelfth congressional district.

Four West Tracksters Enter State Meet At O. S. U. Today

Friday will mark the end of the West track season as four Cowboy tracksters enter the state meet held at O. S. U. today and tomorrow. Jim Wallace, who placed third in the 440 yard run in the district meet last week, and the mile relay team composed of Lee Schegel, Jim Wallace, Don Crosby and Bill Elliott, who were just nosed out of first in the district meet, will enter the same events this week-end.

Others who placed in the district meet but didn't get to enter the state meet are Leonard Dougherty and Fred Williams who tied for third in the high jump. The 880 yard relay team placed fifth in their event.

The regular track season was closed last Wednesday when the Cowboys entered a triangular meet with Bexley and University. High School, held at Bexley.

About 18 cindermen will receive their letters at an award assembly to be held next Monday at each school. The boys are Stan Ballinger, captain; Bob Bates, Don Crosby, Leonard Dougherty, Bill Elliott, Bill Fausnaugh, Jody Gram, Walter Grenell, Eldred Miller, Harold Schubert, Lee Schlegel, Orus Sheward, James Wallace, Don Walters and Fred Williams.

There may be a slight change in this list since Wednesday's meet.

Riepenhoff Moves To Larger Quarters

Having served the Hilltop for 20 years, Riepenhoff Dry Cleaners have moved for the second time to larger quarters next door.

A very modern cleaning machine, the only one of its kind in central Ohio, has been installed. It weighs 2000 pounds and has 1500 pounds of cleaning fluid being constantly filtered and distilled which keeps it in water clear condition at all times.

Mr. Riepenhoff gives all the credit for their success to his wife who, as he says, is the boss and brains of the outfit. She is in charge of all cleaning, spotting and finishing of silks.

At the present time they employ a staff of five people regularly and part time, all of whom are experienced dry cleaners and refinishers.

Their business originated 20 years ago on the corner of Richards-av and Sullivant-av in a double, and has grown ever since Mr. Riepenhoff is an active member of the H. B. M. A. and former vice-president of that organization; and served on the board of directors. They have three children, Jack, 21; Lou, 18; and Virginia, 16. They reside at 2530 Sullivant-av.

CHAMP TO SPEAK

Mr. Jessie Owens, the world champion athlete, who was one of the representatives of America at the Olympic Games in Berlin, will speak at Oakley Avenue Baptist Church Sunday evening, May 25, 8 p. m. His subject will be "Sportsmanship in Everyday Life." There will be special music. The program is being prepared by the young people of the church.

Mr. Owens is now a student of Ohio State University.

Stephens Florists Is Modern In Structure

By Camille McKee

Having been established in 1876, Stephens Florists, one of the largest of such firms, has been in the family for several generations.

It was originally established by Joseph Campbell who, after two years' ownership, sold it to the present owner's uncle, John Stephens. At that time the business consisted of a small greenhouse, 45 by 50 feet, brick boiler shed, and a small sales room.

In 1883, John Stephens sold the business to Sherman F. Stephens, father of Walter Stephens, present owner. The year 1914 marked Walter's entrance into the business and in 1916 it was known as Stephens and Son.

FORM CORPORATION

A corporation was formed in 1924 and it remained such until 1937 when Walter became sole owner.

Since then the business has grown until it covers 30,000 square feet of greenhouse space a large boiler plant, and during April, 1940, they built a new sales room which is considered to be one of the finest in central Ohio.

Their salesroom is done in light pink and contains a very unique refrigerator which is finished with stainless steel and lighted with neon lights. The workroom is decorated in Cape Cod blue and the two offices in ivory. Because of the situation of the building, the three delivery trucks come down the ramp and load inside the building.

STAFF OF 12

Their staff regularly includes 12 people but during the peak of their rush season they employ as many as 30 persons.

A large part of their own flowers are raised there and it is not an uncommon sight to see three thousand gladioli blooming at one time.

The business was built up around Greenlawn Cemetery as Walter's grandfather, Adam Stephens, held the job of superintendent for 36 years and his uncle, Loren Stephens, held the position for 11 years.

The former family residence was at 1191 Greenlawn-av, until Walter's mother died in 1937, his father having died 10 years before.

Mr. and Mrs. Walter Stephens and their three children, Walter Jr., 15, Sherman Brentnall, 12, and Ada Jeanne, 11, now reside at 1356 W. Mound-st.

Women Trained For Defense Work

By Ruthanne Zahn

Women in national defense industries are proving themselves capable of performing certain types of work much better than men.

Girls will be assigned to the National Youth Administration Radio Shop at 211 N. Fifth-st, it was reported today by Thomas Jenkins, local NYA supervisor. Enrollment in the radio shop is being expended as a part of NYA's current emphasis on preparing inexperienced youth for occupations of a mechanical and industrial nature in order to meet the labor needs of national defense industry.

Instructions for the expansion were issued by Leo B. Jacobs, state NYA administrator.

Youth demonstrating mechanical aptitudes are being assigned to the radio shop for experience in using tools and machinery. At present, this shop is engaged in making repairs for public sponsors.

Young people between the ages of 18 and 24, out of school and in need of work experience are eligible for the NYA program. Interviews for NYA assignments will be conducted at the NYA office, 211 N. Fifth-st, every day between 8:30 and 4:30. Youth employed on NYA projects receive $18.20 a month for their part-time work.

Mrs. Dorsey from Seiller's dress shop says the weather in Florida is grand, but it sure is cold up north, after her trip to the southern region . . . The class is divided in halves and the winner of the room is going to be treated to an old-fashioned chicken dinner by the loser, on Mr. Kaylor's farm . . . Well, girls, if you ever had the desire to ride on snow-white clouds, keep Jimmy Fox in mind, as he is very air-minded and is nearing the completion of his lessons at the Sullivant-av airport . . . Personality Profile—

Office Is A Dream Of His Boyhood Days

By Dorothy Jones

The overworked adjective "modern" is the word to describe the office building of Dr. Chester C. Cramer located at 3191 W. Broad-st. The waiting room has "oomph," and cleaner, neater equipment rooms could never be found.

In August, 1940, Dr. Cramer realized a life-long dream of an office "with space and material to further the purpose of good doctoring." His dream of an ideal office was almost as old as his childhood ambition to be a doctor. But, unlike so many others who want to be doctors he stuck to his aim, as all the pigs and dogs on the old farm near Amlin, Ohio, where he was born 36 years ago, can testify.

HAS COME A LONG WAY

"Doc" has come a long way since then and he echoes his gracious wife's remark, "The patients enjoy and appreciate the building and fine equipment as much as we do."

Steak and French fried potatoes are a favorite with the doctor, who admits he really does not violently dislike anything. "After 15 years I can even tolerate peas," he said, laughing. Dr. Cramer is an ardent sports fan—all sports suit him.

Eight years on the Hilltop, his office staff includes Miss Louise Greer and Miss Jean Reed, a registered nurse.

Dr. Cramer lives with his wife, Kathryn, and six-year-old daughter, Marilyn, at 188 S. Westmoor-av.

Many Enjoy New Books

The Hilltop Branch Library, 21 N. Hague-av, now has 11,500 volumes on its shelves for the use of those living in this community. Since the beginning of the year, when a new registration of patrons was begun, more than 3500 residents have taken out new cards.

A greater number of adults have re-registered than children. However, a great many children borrow books from the library, and an average of 20 classes come with their teachers during each school month.

Books for adults recently received include: Random Harvest, Hilton; 'Fame Is The Spur, Spring; The River Rises, Beal; Give Me Liberty, Erskine; The Aviation Mechanic, Norcress and Quinn; Cannibals and Orchids, Miller; Sergeant Lamb's America, Graves.

Books for juvenile readers include: Susannah Rides Again, Denison; Fly Away Watchbird, Leaf; Fridil, A Mountain Boy, Washburne.

"DECORATION DAY"

We'll soon be planting flowers .
For those who've gone ahead
They are sad and dismal hours
Recalling to mind our dead.
To many it is only a holiday
Given over to sports and drink
Others are traveling a sad pathway
'Cause some one failed to think.

'Tis not the day for gay display,
Neither for a foolish song
To many it is only a pleasure day
With no thought of doing wrong
But show respect, there is a tomorrow.
Cancel irrelevant display
Many will sadly linger in sorrow
In that little church of gray.

A fearful harvest death is reaping.
Too much gloom instead of joy,
Many parents will be weeping
For their little girl or boy.
Danger is lurking at every corner
All along the gay highway,
Pray that we won't be a mourner
On next Decoration day.

— Letters — To the Editor

Dear Spectator:

So there's some agitation for the rose as the official Hilltop flower!

Yes, the good old Hilltop, with its common people and plain and simple modes of living—with its spic and span-ness, with its glistening Sunday morning Main-st freshness—wants a rose!

What earthly good is the lordly rose? It beautifies no alleys, thrives only where it can be coddled, casts its elegant loveliness about for a spell and then fades into nothingness.

But my nomination is virile and self-reliant. It radiates its friendliness about in generous profusion; it brightens the ash heap, frames the cottage window, or lines the castle walls with equal effectiveness.

It multiplies and flourishes with prodigality and its multi-colored spires are long lasting; it can hob-nob with rich and poor, kings in kingdoms and rats in alleys. For us—the noble hollyhock.

—Former Hilltopper.

TWO BEAGLE HOUNDS LOST

Mrs. W. R. Gilbert, 318 N. Burgess-av, lost two valuable tan and white beagle hounds last Wednesday evening between 7 and 8 o'clock. Since she is leaving for Michigan Friday evening, Mrs. Gilbert would appreciate any information concerning their whereabouts. A reward will be given.

ONCE SPOKE TO LINCOLN

Ninty-four-year-old George W. Carter, who is the Hilltop's only Civil War veteran, once spoke to Lincoln.

Mr. Carter enlisted 77 years ago in the Ohio Volunteer Infantry, 180 Regiment, Company G. He served as drummer boy in Sherman's March to the Sea.

Mr. Carter who was only 14 when he enlisted, was very small when he saw Lincoln. Lincoln patted him on the head and gave him encouragement.

Rev. James Lowell Harris, son of Mrs. J. H. Harris, and the late Dr. J. H. Harris, 514 Woodbury-av, directed the Adirondack festival of choirs held in the First Presbyterian Church, Glens Falls, N. Y., on Sunday, May 18. Five hundred and fifty choristers from 29 choirs over the Adirondack area and from six different denominations participated in the festival.

The Adirondack festival of choirs was founded by the Rev. Mr. Harris in May, 1940, and among the participating choirs were 160 choristers from his choir school of the First Presbyterian Church in New York.

Teacher Heads Picnic Plans

Myron T. Seifert, West High School journalism instructor, who is president of the Columbus School Masters Club, will be in charge of the arrangements for their annual picnic which will be held May 27 at 4 p. m. at Shelter House No. 6, Riverside Park.

More than 300 of the local teachers will assemble at the affair. There will be a baseball tourney, in which members of the Columbus Board of Education and the superintendent, with his aides, will play the teachers.

Volleyball, badminton and horseshoes will also be featured on the program with an addition of barbecue sandwiches after the "battle royal" is completed.

In addition to those who are members of the male teachers' organization, retired teachers and principals are also invited.

Tickets are 50 cents each.

Musician's Union Sponsors Concert

The Musicians' Federal Union has been caused much gray hair because of the worry and deliberation for the lack of funds to carry on the band concerts scheduled at several of the recreation parks.

The Hilltop will be host to the 40-piece band at Westgate Park sevearl times during the month of July at the request of Mayor Floyd Green.

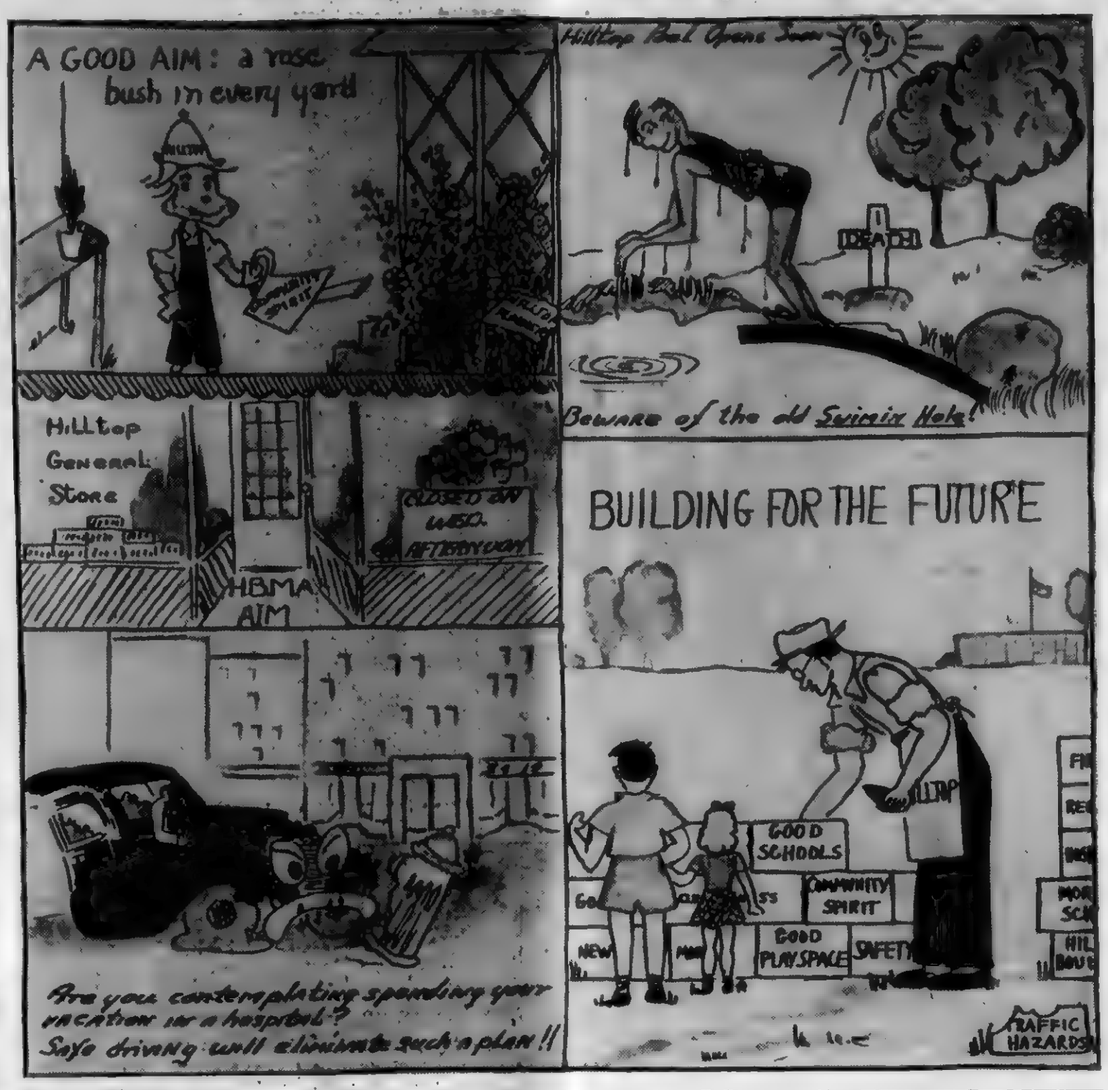
Last year the first concert was held, with an attentive crowd and "better behaved children than most free concerts of this kind have ever received," according to Arthur E. Streng, president of the union.

It is urgent that money be secured to carry on the desired program. Small contributions are appreciated because each concert costs $200. Much help was given by the Hilltoppers last summer and it is hoped the fine cooperation will be seen again this year.

Musicians' Union Has Opening

Lee Grenawald opened his new service station at Eldon-av and Broad-st Saturday, May 17, at a grand opening ceremony with gifts for all who visited the service depot. The new station will be known as Lee's Service Station.

Lee, a Hilltop resident on S. Burgess-av, formerly operated the station at Central-av and Broad-st. He presented soft drinks to the men and roses to the ladies on the day of the opening.



His assisting staff will be composed of Don Bondurant, Jim Grenawald and Hamon (Jimmie) James.

Each week for the next six weeks they will sponsor a $50 radio-bike drawing which will be given away at the Westmont theater. One ticket will be given with each 25 cent purchase.

Here's Some Food For Community Thought

Broad-st School Squad Chosen For Movie

By Sara Jane O'Toole

The safety patrol squads of West Broad Street School have been chosen by Detective Robert Cooke, head of the juvenile delinquent crime prevention, to be characters in a technicolor safety film.

The play, written by Detective Cooke, is the story of a small boy who slept too late in the morning, had to rush about to get to school on time, and as a consequence of his carelessness was injured; it also shows the work of the patrol squads and many other safety measures.

The West Broad Street School was chosen because the patrol squads have done an excellent job at a district where there is such a heavy flow of incoming and out-going traffic; the Hilltop community is composed of typical people.

The following boys will be in the film: McRoy Beesm, William Himmebreich, Gene Weinhart, Thomas Killian, Jack Weisebrodd, David Kimes, Robert Weaver, William Gennaro, Harold Klein, Keaneth Dickerson, Robert English, Jack Trimmer, Clarence Schumann, Robert Schlegel, Douglas Thompson, Darrell Kirby, Robert Hakola, Robert Malone, Jack Hedges, Jack Abram, Harold Walker, Jack Moore, Donald Borror, Donald Blesch, Norris Booth, Ralph Watts and Donald Scarbury.

V. F. W. Presents Flag To Zoo

Harvey H. Sparks, Lima, patriot instructor for the Ohio Department of the Veterans of Foreign Wars, was speaker Sunday when Westway Post, V. F. W., presented the Columbus Zoo with an American flag.

The presentation was made by Herbert M. Kunzi, commander of Westway. Edward Miller, past post commander, and Roy Polus, senior vice-commander, spoke.

The flag was received in the name of the Columbus Zoological Society by Clare J. Penfield, president of the organization.

The V. F. W., Franklin County Council Drum and Bugle Corps also took part in the ceremony at the O'Shaughnessy Dam Animal Park.

Thirteen Rank High In Scholarship Tests

Thirteen West students brought honor to the school by ranking among the first 10 in individual scholarship tests given at O. S. U. on Saturday, May 3.

1314 boys and girls from seventeen Ohio counties took the tests for which certificates were awarded to those placing among the first twenty in each division.

The examinations were given in the following subjects: Biology, French, English, Latin, Physics, Plane Geometry, World History, Chemistry, American History, and Commercial subjects.

SEVERAL PLACE

The following students from West placed among the first ten in their subjects: Betty Pickering and Evelyn Cardwell were second and sixth respectively in the French II division; Regina Matlock and George Holbrook were sixth and seventh in Latin II; Wayne Bowen took fifth in English II.

Oakley On Leave From Training Sta.

Leroy Oakley, graduate and former football player at W. High School, was visiting his home, 2319 W. Broad-st, this week, when he was on leave from the U. S. Naval Training Station, Great Lakes, Ill.

Mr. Oakley, who has just completed his recruit training, will be assigned to the U. S. Navy Submarine School, New London, Conn., after his leave.

Cruea To Open Pool May 30

Charles A. Cruea, owner of the Hilltop swimming pool and skating rink, announced that the pool will open on Memorial Day, May 30. The rink has been open for some time on Tuesday, Friday and Saturday nights.

A new floor has been laid in the bath-house. The pool and surrounding buildings have been completely cleaned and redecorated.

Lifeguards this year are Harold Moore, who has been guard for the past two years, Jody Gram, a West senior, and Robert Kefauber. All three men are members of the Red Cross. Swimming lessons will begin in the middle of June.

Army Library Growing Fast

The Hilltop branch of the "Books for Shelby" branch located at Kimball Brothers' Garage, 2846 W. Broad-st, has been growing by leaps and bounds, according to Robert Kimball, co-owner of the garage.

Books and magazines of all types have been pouring in at the rate of about three dozen per day. One corner of the waiting room was piled high with the literature when visited by a reporter of the Record.

The books from the various libraries are collected by the club and sent to Camp Shelby and other camps for distribution to the soldiers training there.

There was a large amount of religious literature such as Sunday school papers and quarterlies.

Books and magazines may be sent to Shelby by leaving them at Kimball Brothers' Garage, or at any fire house.

Ohio State University's "campus" includes an island in Lake Erie, where summer courses are offered in biology of the lake region. A year-around research program also is maintained there.

Shrine Night June 5

Approximately 66 Hilltoppers will take part in the Aladdin Temple's third annual Shrine night at Red Bird Stadium Thursday, June 5, according to Dr. Fred L. Sulzberger, secretary-treasurer of the Shriners' Drum and Bugle Corps.

About 25 Hilltop business men will also be in the west side delegation.

The entire proceeds of the affair, less actual expenses, will go to the Columbus Crippled Children's Hospital, which is sponsored by the Aladdin Temple Shriners.

This year Shrine night promises to be one of the best yet, according to Dr. Sulzberger. "The fire-works display alone will be well worth a person's admission to the park," he said.

The feature attraction will find the Columbus Red Birds clashing with Kansas City Blues at 8:15 p. m.

The federal aid portion of the farm-to-market road improvement program of the Ohio department of highways this year will total $1,009,538—half state funds and half federal funds.

Each Postman Carries 15 Tons Mail A Year

"Oh, pity the poor mail man!"

We don't know who said that, but nevertheless he should be commended for his thoughtfulness of the public agents of an institution that has become such an every-day part of our life that we no longer give it any rational consideration.

If most of us knew that the average mail route on the Hilltop is six and one-half miles long and is covered twice each week day and once on Saturday by the mailman—more than 70 miles a week, or 3640 miles a year—maybe we would adopt a little more thoughtful attitude toward the carriers and the clerks of the Hilltop station, which handles 44,500 pieces of out-going mail per year.

15 Tons a Year

The daily average weight of mail carried by the Hilltop men is 99 pounds per day, or [illegible] pounds per week, which multiplies to the staggering total of 30,888 pounds per year. That's more than 15 tons.

An average of 906 pieces [illegible] mail; 707 letters, 198 parcels and miscellaneous pieces make up the daily load of a carrier. In the course of a year he handles approximately 235,300 pieces of mail. And most of us gripe and growl when one of the carriers leaves one little letter of ours at the next-door neighbor's!

Hilltop morning mail is sorted at the down-town post office by clerks who work all night; it must be at the Hilltop station by 5:40 a. m. when John Raymond, superintendent, and Earl Struble and Vernor Stout, clerks, report for work. All of the clerks must be at the station by 6:30 a. m. and have their mail sorted, so that the pieces are arranged in the same order as the houses on the route, and be out of the station by 7:40. Varying amounts of mail will change somewhat the time of delivery despite the fact that the carriers leave the office at the same time each day.

One Rural Route

The one rural route that goes out from the Hilltop station serves 1060 families that are spread out over a 42 mile countryside to the north and west, including Rome and Valleyview. This route is delivered once each day, meaning that, if the carrier made the average amount of stops, 374 per day, he would have to shift gears 227,240 times each year. The carrier of this route must also know all of the 1060 families by name since house numbers are not used on the rural delivery as they are in the city.

The Hilltop station, which was started as a finance station in 1930, with two men, John Raymond and Vernor Stout as employees, has a present payroll of 31 men, including the superintendent, two clerks, one sub-clerk, 19 carriers, six sub-carriers, one rural carrier, and one sub-rural carrier.

Enlarge Quarters

In 1935 station D, located on the West Side, was abandoned and the carriers whose routes were west on Central-av came to the Hilltop station. Since that time the constant expansion of the Hilltop has necessitated enlargement of facilities. In 1940 the room space of the post office was nearly doubled.

During the year 1940 the local station wrote 18,750 money orders and paid 1734. Twenty-one thousand, two hundred and thirty-six C. O. D. parcels were mailed and 5,313 registered letters received.

John Raymond, superintendent of the Hilltop station, has been with the post office since 1911 and on the West Side for 11 years. He is president of the local supervisors association of the post office and a member of the Masonic lodge. He is married and resides at 142 N. Powell-av.

Greater Expansion Expected

According to Raymond, the prospects appear to foretell more expansion is to come, with the increased building in Westgate, Broadview, Valleyview and Wiltshire additions.

Earl C. Struble, 235 Wheatland-av, and Vernor Stout, 201 Wilson-rd, are clerks at the Hilltop station. James E. Bond, 309 S. Ogden-av, is a sub-clerk at the office.

Carriers working out of the local post office include Richard W. Cartmell, 625 S. Oakley-av; Mark M. Bowen, 3120 Valleyview-dr; Otto F. Seeds, 103 N. Hague-av; Leo V. Vogel, 138 S. Terrace-st; C. Earl Clark, 137 N. Roys-av; Carl J. Vickers, 2930 Sullivant-av; Stanley E. Green, 62 S. Sylvan-av.

Ivan K. Reed, 41 S. Huron-av; Ivan E. Sebring, 226 Midland-av; Basil R. Johnson, 2767 Sullivant-av; Charles G. Thompson, 266 S. Ogden-av; Orin R. Siler, 277 Belvidere-av; William W. Rogers, 645 Nashoba-av; Credit Pennell, 170 N. Chase-av; Carl J. Schumann, 139 N. Powell-av; Ray C. Hiland, 434 S. Terrace-st; Ralph Bieber, 116 Eldon-av; Edward Mantle, 61 S. Hague-av; Joseph Shoemaker, 536 Ryan-av.

Grover C. Ailes, 1022 Madison-av, is the rural carrier and Donald W. Stauch, 5304 W. Broad, is the sub-rural carrier.

Sub-carriers include Eugene D. Williams, 283 Highland-av; Chas. F. Fay, 667 S. Burgess-av; Don Lamb, 250 Lenox-av; Herman Clifford, 78 E. First-av; Hervey S. Clark, 2038 Doren-av; Willis E. Pruitt, 352 Clarendon-av.

THINGS TO KNOW ABOUT NYLON

Cigarette ashes, even though unlighted, may quickly burn a small hole through nylon hose, cautions Helen Jones Rea, of the Columbus Better Business Bureau. Nylon has "caught on" with the public amazingly, says Mr. Rea. She reports that many women have had excellent wear from nylon hosiery but that some women apparently do not understand the proper care of nylon.

Mrs. Rea advises special care in putting on and taking off nylon stockings. They are very sheer and fingernails may damage or rough the surfaces. Nylon has unusual strength, says Mrs. Rea, but needs good treatment.

It is very important to buy the correct size; more so than in purchasing silk hosiery. Mrs. Rea points out that a great many women wear hose which are too short and since the elasticity of nylon is not as great in the foot as in a well-made silk stocking, hose which are too short may part at the seams. She suggests that clerks be asked to aid purchasers to buy correct sizes.

Will nylon run? "Yes," says Mrs. Rea, "no claims were ever made that nylon was run-proof." They will snag, and they will wear out but unusual wear will be obtained with proper care.

Mrs. Rea points out that nylon is produced from air, coal and water. It has a smooth, cool feeling and resists friction and is exceptionally elastic in comparison to rayon. Its greater resistance is due to the greater strength of the nylon thread. Snags will not result so readily in broken threads. Nylon thread is unusually water resistant and stockings will take about half the usual time to dry. In addition, says Mrs. Rea, nylon is ringless and resists spots and stains.

For the care of nylon Mrs. Rea suggests the following: Do not press with a hot iron, nor place on a hot surface. Wash nylon as you would any sheer stocking. Do not put nylon hose in a washing machine.

TEMPTING MENUS

by RACHEL HALL

"Do It With Spices"

Flavor, whether natural or created, is indeed a triumph. The appreciation of natural flavors is apparent to all, so let's deal with those originated by man. Spices and herbs can be so cunningly proportioned and combined that the thread-like line dividing one from the other can not be detected. This subtle distinction foretells the success or failure of a food creation. This is not meant to give rise to an increased demand for salt, pepper, or chili sauce, not that they aren't important flavors, but a delicate blending of various spices is more desirable. After all has been discussed and decided, flavor remains the one element that piques the interest and stays in the memory long after the meal has been eaten.

Mrs. Ferrel Would Only Talk About Her Daughter

By Esther Wankley

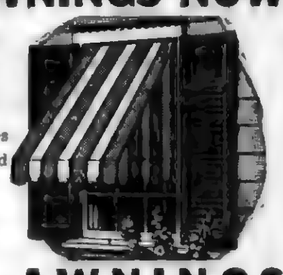
Getting Mrs. Lena Ferrel to talk about herself was about as easy as getting blood from turnips, as the feller says. She talked about her daughter; of how much she likes the Hilltop and of how keenly interested she is in its progress, and even told how she makes chocolate cake, but she wasn't talking about herself.

We do know that she lives at 361 Eldon-av and was president of the Women's Democratic club for seven years, but everyone else on the Hilltop knows that. From another source we learned that she retired as president last October but is still active in politics; that she believes in voting for the man or issue that is best for the community, regardless of politics or her own personal opinion; also that she missed only one meeting in the seven years she was president of the Women's Democratic

After a bout with this charming lady we do know that the last election proved the Hilltop has more independent votes than any ward in Franklin county, but all we know about her is that her hobbies are politics and fishing, and that she has not missed an election since 1920.

Further information from the other source is that Mrs. Ferrel has lived on the Hilltop 32 years and was at one time vice-president of West Broad P. T. A. She taught school in Meigs county at the age of 16, and was the youngest teacher in the state at that time.

The average person would scarcely imagine that a patient watchmaker would be classed as a worker essential to his country's defense program, but this knowledge of delicate precision work makes him valuable, officials of the Ohio State Employment Service say.



Highland P.-T. A. Elects Officers

Highland Avenue P.-T. A. installed its newly elected slate of officers headed by Mrs. C. C. Saylor, president, at the school at 1:45 p. m., Thursday, May 15. Mrs. E. H. Mitchell, west district vice-president, was in charge. Other new officers include Sanford Kaufman, first vice-president; Miss Helen C. Kennedy, second vice-president; Mrs. Bruce Tanner, secretary; Miss Ann Ziskind, treasurer, and Mrs. Ted Taylor, Mrs. Gilbert Coffman and Mrs. Frank Frownfelter, council delegates.

Likes People, Likes To Work With Them

A resident of the Hilltop since 1922, Dr. C. H. Calhoun, director of the bureau of juvenile research, has an active interest in the community, first because he "likes people and likes to work with them," and second because he is the proud father of five children, all of whom were born and raised on the Hilltop.

Sons Bob and Tom attend school at West High, Jim and Margaret go to West Broad-st school, and Bill, age three, gets his elementary education at home, at 2862 Elliot-av, Valleyview, where the five live with Mr. and Mrs. Calhoun.

Born in Perry county, O., Dr. Calhoun moved with his family to Zanesville, where he finished his high school education. He attended Ohio university at Athens and received his bachelor of arts degree; then he attended Ohio State university, where he received his master of arts and doctor of philosophy degrees. He was appointed director of the research bureau in June, 1930.

Dr. Calhoun is a member of the American Psychologists association, the American Association of Applied Psychologists, the American Association of Mental Deficiencies, and frequently attends the conventions of the national conference on social work.

I REMEMBER

The Hilltop was young and very muddy down Price-av, now Clarendon, when I started to Highland Avenue school. Broadst and Highland-av were the only paved streets, and when it rained Dad and Mother would put on boots and carry Hilda and me over the mud to Highland-av.

Ollie Wickham was my first grade teacher and Mr. Mead, a kind, strict gentleman was the principal.

Miss Goesy, my second grade teacher, called me to her desk one day and said, "Mr. Mead wishes to see you." Thinking of a boy I saw Mr. Mead punishing one day, I went, my knees shaking and my heart in my mouth.

Taking me by the hand, he led me to the eighth grade room, saying, "Eleanor, I wish you to sing 'America' for them. They do not know it." So I guess I stopped long enough to sing.

But how thankful I was that I did not get spanked, because I played hookey from school one day when I was in the first grade. Joe, my little brother, followed me to school and, not knowing what to do with him, I played hookey. Wandering around the open spaces of the Hilltop, we had a grand time, but I have always had a guilty feeling.

That was over 40 years ago and I never told a soul until now.

Nine Are Called As Court Jurors

Nine Hilltop jurors have been summoned for duty in the civil division of common pleas court starting May 26, J. Arthur Yoder, clerk of courts, announced last Saturday.

They are Edwin H. Stauch, 98 Eldon-av; Fred O. Reeves, 2953 Sullivant-av; Mrs. Lillie F. Derringer, 304 Nashoba-av; Joseph L. Willis, 20 N. Oakley-av; Thomas G. Thompson, 1012 Sullivant-av; E. C. Sheets, Hilltop Station; Mrs. Patricia R. Thomas, 612 S. Warren-av; and Mrs. Myrtle E. Spencer, 248 N. Oakley-av.

Billy Knox Pioneer in Field of Music

"Billy" Knox, one of the pioneers in the field of classical music in Columbus, has been directing choruses since before the turn of the century. He has been on the Hilltop since 1906, and in 35 years has seen a startling transformation in the character of this community.

Knox first started his choral conducting with the Philharmonic club. More than one-half of the original 35 members are dead, he stated. This group was broken up by the Spanish-American war.

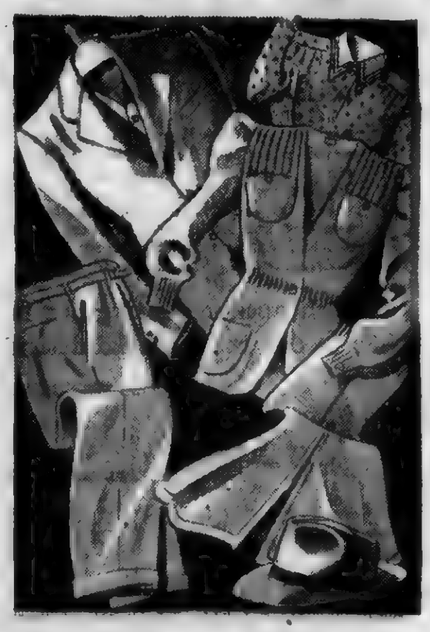
He associated himself with the First Baptist church in 1897, where he remained until 1917, when the Hillcrest Baptist church was organized. He came to this small mission church and took over the duties of choir director and has been at the job ever since, 24 years in all.

After the old Philharmonic club had been broken up by the war of '98, Knox organized the Columbus Oratoria society and took over the direction of the group in 1902. But then the World war came and broke up this chorus as the Spanish-American had the Philharmonic club.

Out of this group, reminisces "Billy," there came seven well known choral conductors, including "Pop" Hoenig.

Knox has also directed many other choruses, including the Westgate Masonic male chorus. During his musical career in Columbus, he has directed 88 concerts in the Memorial hall.

His son, William jr., is associated with the Armco of Middleton.



"Billy" and his wife reside at 133 Eldon-av — at the same address since the street was opened by Eldon Smith, who laid it out

I REMEMBER

I remember, in January, 1906, we moved from the lower West Side to the Hilltop. The moving van that was moving us to 52 N. Eureka Ave., got stuck in a mud hole just north of Broad st. They had to get a wagon and load the furniture in it and take it around the alley between Eureka Av., and Eldon av., (it is now, but then it was a cow pasture) to get it to the house.

The graves will be decorated Thursday with flowers, flags and metal markers, it is stated. Each ceremony will have a speaker, a flag-raising ceremony accompanied by taps, and the placing of wreaths.

Fine Spirit Of Cooperation

This column wants to be among the first to compliment local independent and chain stores on their fine cooperation in working out a satisfactory arrangement for Wednesday afternoon closing of their stores during the summer months.

The Hilltop public will be assisting in a fine way if they will anticipate their needs before the stores close on Wednesday

We believe this is a record in itself for the Hilltop. We have no knowledge of any other community that has worked out such a program and had such hearty cooperation.

Parents Are Doing Notable Job

It was my privilege to serve as toastmaster at the dinner in celebration of the 18th anniversary of Troop 18 Boy Scouts of Glenwood Church Monday evening. The affair was sponsored by the Parents' Auxiliary of the church.

And to say that this organization is doing an excellent job in their work for the troop of 58 boys is putting it mildly.

They have worked out a program which has already made it possible for 35 boys of the troop to earn enough money to spend two weeks in summer camp. Please note, we said "earn." They merely make it possible for the boys to make their own money but by so doing have stimulated this troop's activities in such a way that they are setting an enviable record.

The Boy Scout movement in itself is one of our better means of preserving Democracy. Backed by the interest of so many parents it is an even greater institution.

Anderson To Head Burgess Sun. School

Raymond Anderson, 2961 Sullivant-av, was elected to the superintendency of the Burgess Avenue U. B. Sunday School in an election held Sunday morning. He is a former superintendent of the school and succeeds Paul Wichterman. Installation of officers will take place during church services next Sunday morning.

Other officers elected were: Paul Wichterman, assistant superintendent; Ed Weaver, chorister; Jane Anderson and Erdine, Swain, secretaries; Tom Cline and Walter Elder Jr., librarians; Gladys Anderson, cradle roll superintendent, assisted by Clarice Shroeder; Paul Mathews, Fred Perkins and C. R. Hill, athletic committee; Mrs. Walter Curlis, treasurer, with Mrs. Elmer Henderson, assistant; Rosemary Kitsmiller, pianist, assisted by James Recob; and Mrs. Howard Miller, flower fund secretary, assisted by Mrs. L. O. Cozad.

Service Times Are Changed At Burgess

Starting Sunday morning and continuing throughout the summer months the time schedule of services at Burgess Avenue U. B. Church will be altered in order to shorten the time of meetings, it was announced this week by Rev. E. E. Burtner, pastor of the church.

Sunday School will convene at 9 o'clock instead of the usual 9:15 and morning worship will start at 9:45, dismissing at 10:30 a. m. The Christian Endeavor groups will meet at 7 p. m. and the evening worship service will start at 8.

ATTENDS FUNERAL

Mrs. R. A. Willer, 2965 Palmetto-av, was called to Hamilton, Ohio, last week for the death of her mother, Mrs. Mary Yowell, age 81, who died as a result of a traffic accident Apr. 26.

Hilltop Pool Opens Friday

When the swimming pool opens it must be summer whether the calendar agrees or not. So come Friday morning that day will have arrived that many youngsters (and oldsters, too) have been looking forward to — the opening of the Hilltop Swimming Pool.

Operated as in the past by Mr. and Mrs. Charles Cruea, the gates will open at 10 a. m. for the first bathing of the season. It will mark the eleventh year of operation for the local pool.

A complete change of water is effected every seven hours, assuring the sanitary condition of the water at all times. Water is supplied from a drilled well on the premises.

Insuring the safety of bathers at all hours the pool is open are Harold Moore and Stewart Newpoff, lifeguards. Moore will be starting his fourth year at the pool. He is a former student at West High. Newpoff is a newcomer to the Hilltop, having spent the past winter as a lifeguard at a private pool at the Whitehart Hotel in Miami. Last season he was on duty at Buckeye Lake. He is a graduate of East High School.

Classes of youngsters and adults desiring to learn to swim will be organized at no extra cost to those taking part. Individual instruction will be given any person desiring it without charge. The plan affords an opportunity for young children or adults to learn the fundamentals of swimming under the direction of experienced instructors. Life saving classes will be organized in the same way for those wishing to join.

A public address system enables operators to call any person from the pool if an emergency arises or if some person must leave at a given time they can be notified in that way. The pool will be open from 10 a. m. to 10 p. m. daily.

The open air skating rink adjoining the pool is open for skating evenings from 8 until 11. It is the only open air rink in Ohio and contains more than 10,000 square feet of space.

Seeds Are Given Burroughs Pupils

It has been hoped for some time that something could be done to encourage more pupils to take an interest in flowers and vegetables, particularly in raising them.

With that purpose in view John Burroughs, Elementary School decided to give each pupil, with his parents consent one small package of either flower or vegetable seeds.

Parents are requested to furnish their child with the information concerning the preparation of the seed bed, planting depth, thining, cultivation, etc. In the fall the school plans an exhibit of the child's matured product. This exhibition is to encourage and interest more children in the growing of flowers and vegetables.

Mathews To Head Presbyterian Youth

Don Mathews, active worker in the Presbyterian Christian Endeavor, was elected to the presidency of the Central Ohio Presbyterian Youth League, which includes all Christian Endeavors and youth groups in the 55 churches in central Ohio.

At the meeting, held at Greenfield, May 18, other officers were elected, including: vice-president, Bob Wetzel, Boulevard Presbyterian; secretary, Mary Ellen Wiles, Oakland-pk Presbyterian; treasurer, Marian White, Grove City Presbyterian.

The new officers will meet with Prof. McCloud of Ohio State and Rev. Newton Roy, associate pastor of the Broad-st Presbyterian Church, to decide the program of the league for the coming year. This meeting is scheduled for some time during the next two weeks.

Nation's Best Clarinetists

The West High School clarinet quartet, shown above, was picked as national champions in the national high school music festival at Flint, Mich., May 15-17. The West students competed against a group of 24 other clarinet quartets from all parts of the country and were judged by Mr. Fossenkemper, first clarinetist for the Fort Wayne Symphony Orchestra, to be the best in their division, in the nation.

The members of the foursome are (left to right): Dick Blaney, son of Mr. and Mrs. C. O. Blaney, 268 Wrexham-av; Bob Gulcher, son of Mr. and Mrs. Alban Gulcher, 2946 Palmetto-st; Dick Sinclair, son of Mr. and Mrs. H. E. Sinclair, 179 S. Huron-av; John Patterson, son of Mr. and Mrs. G. A. Patterson, 648 S. Burgess-av.

The group, which first got together to blow their woodwinds at West, also participated in the national festival in 1940, when they took third place.

Traffic Accident Takes First Toll From West Class of '41

When West High School seniors fall in line to receive their diplomas one certificate will be unclaimed. That certificate bears the name of Burdett "Jack" Woodruff, victim of a traffic accident that occurred at the corner of Burgess and Sullivant avenues last Thursday night.

Arrangements have been made to present the diploma to the family immediately following graduation. A special page in the Occident, school annual, will carry a memoriam to the class of '41 deceased, according to Dr. H. H. Reighley, principal of the school.

Young Woodruff died in Mt. Carmel Hospital four hours after being struck by a car driven by Richard N. Griffith, 195 S. Yale-av. A Jerry Spears ambulance rushed him to the hospital where it was learned he suffered a skull fracture, a broken right ankle and a fractured left knee.

Harlan had been to a neighboring store and was returning to his home at 493 S. Burgess-av, when the accident occurred.

He is survived by his parents, Mr. and Mrs. Harlan Woodruff, two brothers, Stanley and William, and a sister, Janet, all of the home. Funeral services were conducted from the Spears Chapel Saturday afternoon.

Best Needed Scout Speak'r Tells Youth

"Now is the time that demands the best of everyone and thereby makes this a time of opportunity."

This was the theme of the address of Charles F. Marts, editor of the American Education Press, when he spoke at the annual meeting of the Southwest District of Boy Scouts at Schmelzer's Restaurant Friday night.

He pointed out that history records that Washington and Lincoln came along at a time when they were needed and that in recent years we have thought there were no large problems and no opportunities for men like Lincoln and Washington but that today far greater opportunities present themselves.

"I am not particularly alarmed about the future of democracy," he said. "I am, however, concerned."

He said that democracy isn't something that is—it is something that is becoming.

He advised that the individual should start with the assumption that he does not have any individual rights. He has, instead, privileges granted by his social group.

"We will have just as much liberty as our social group wants to allow us," he pointed out. "These privileges have been won for us but can easily be lost."

He stated that democracy will not be preserved by passing a law or by any expensive movement but rather "by what you and I do about it every day. Democracy can be expanded by working in the little organizations. We can't shift the burden. It is up to you and me."

Charles Riggs, district chairman, was toastmaster.

Memorial Day

FOR ALL WHO SERVED

By George E. Wagner, 161 N. Powell Ave.

I place a wreath of tribute
On a soldier's grave today;
He may have fought at Shiloh,
At the Marne, or El Caney.
Our hearts with equal sorrow
Bleed for the soldier's fall,
In whatever mortal conflict
He obeyed his nation's call.

Some comrades still are living
Who fought beneath the folds
Of the flag in three dire struggles,
Felt the pangs that battle holds.
To you they are appealing,
Who profit from their toil,
To join in giving honor
To their dead beneath the soil.

And for these early heroes,
For whom no advocate
Now lives of all their comrades,
Will you not dedicate
A heart-throb, or a garland,
To keep in memory bright
Their brave, but ill paid service
In the nation's gloomy night?

Our ground holds in its bosom
Men who starved at Valley Forge,
Who met the ambushed danger
In mountain pass and gorge
Down beyond the Rio Grande,
Or who left their bloody stain
When fighting for Old Glory
On the field of Lundy's Lane.

Whether in the hell of battle,
The youthful soldier fell,
Or parched with burning fever,
He bid his last farewell;
Or with his years well rounded,
He fell beside the way,
Let his people, ever grateful,
Keep for him Memorial Day.

Cowboys Share Title With Aquinas High

West High Cowboys will share the 1941 baseball title with Aquinas High Terriers after a defeat of the Aquinas nine Monday afternoon at the hands of South by a score of 1-0.

In a flurry of hitting that netted them 16 runs, the West High Cowboys closed their season's books on league play with a lopsided defeat of East High's baseball squad. The final score was 16 to 2.

The big bats of the Westerners rapped two East twirlers for 15 hits, including a home run, two triples and two doubles. Heavy hitters for the day were Bill Albert with a single, a double and a triple, and Dave Wills, who blasted out a long home run with the bases loaded. Roy Meloeny, West first-sacker, had three for four, and Rogers and Baird each had two safeties.

Dick Hoover, stellar south-paw, struck out 12 men and held the Bengals to seven hits, from which they were able to score only two runs, leaving seven men stranded on the bases.

Season's Average Is .813

The Cowboys played fine baseball this season, winning 13 of their 16 games for a percentage of .813. They dropped two league games to Aquinas, and lost a tournament game to North, who lost to Cleveland Shaw, 4-3.

In their 16 games, the Westerners scored 106 runs, as compared with 42 scored by their opponents. In the city loop, the Bucks rammed home 71 tallies, allowing the opposition only 26.

Stores To Close At Noon Wednesdays

Hilltop retail stores will close on Wednesday afternoons starting next week and continuing through the summer months until September. That announcement comes after a canvass of business firms was conducted by a committee representing the Hilltop Business Men's Association.

Similar undertakings attempted in recent years met with failure when some companies refused to cooperate. Dozens of clerks and other employees of Hilltop firms will welcome the half day rest period.

It is expected that little hardship will be caused the housewife once she is aware of the general closing program. Ray Hauntz, chairman of the committee, pointed out. It was recalled that splendid cooperation was shown during the summer of 1937, the last time the policy was in effect.

Working with Mr. Hauntz on the closing committee were Chas. Kent, Fred Baether, Paul Rausch, Harold Fox and C. B. Campbell.

The stores will be closed each Wednesday afternoon except for the week in which the Fourth of July falls.

Local chain stores including Big Bear, Albers, Kroger and A. & P. food markets will also be closed at noon on Wednesdays and will not be opened in the evenings.

Nearly 100 local merchants signed a petition agreeing to cooperate with this plan to give their employees a half day holiday during the summer months. This is the only section of the city where such cooperation has been possible.

Drug stores on the Hilltop have worked out a plan whereby they too will be closed at noon on Wednesdays and will reopen in the evenings at 6 o'clock. One drug store will be open on Sullivant-av, and one on Broad-st, each Wednesday afternoon in order to supply any needs of the community.

A schedule of which stores will be open each week will be published in The Record next week.

He had been admitted to University Hospital Apr. 21 when he became stricken with encephalitis, a form of sleeping sickness, which followed a case of measles.

Funeral services for Louis J. Schulz, 63, of 43 N. Burgess-av, who died Monday of a heart attack at his home, will be held at 2:30 p. m. today (Wednesday) at the residence. Burial will be in Memorial Park by Jerry Spears.

Mr. Schulz, a painter for the Kroger Grocery & Baking Co. for 14 years and formerly a glass worker, had been ill for 14 months prior to the attack.

The fire department inhalator squad was summoned, but was unable to revive him.

Past years have found capacity crowds present to aid the worthy cause being sponsored. This year's program promises to be better than ever, according to Fred Sulzberger, Hilltop's number one booster of the affair.

Feature attraction will find the Red Birds playing the tough Kansas City Blues in a game slated to start at 8:15 p. m.

Non-Yellowing White Enamel

for Kitchens and Bathrooms

O'Brien's Liquid Lite Enamel *stays white*, on any interior surface. Besides that, it covers almost any surface in one coat; it loses brush marks in drying; it dries to a full porcelain lustre that stands wear and washing. It's a pleasure to have this super finish in your home!

Navy Has Been Deciding Factor In World Conflicts

By Adrian Fuller

"History shows that the decisive factor in all great wars invariably has been sea power," wrote Rear Admiral Clark H. Woodward, U. S. N., recently. Think back over the major conflicts of history and you'll realize the truth of that. When Drake's fleet destroyed the Spanish Armada, he eliminated one of the greatest threats to English security and safety. When Nelson broke the back of French sea power at Trafalgar, he assured Napoleon's ultimate defeat. Japan, under the brilliant Admiral Togo, made herself a world power to be reckoned with when her fleet routed the Russian navy at Port Arthur. And in World War No. 1, it was the British fleet, under Jellicoe, which forced the German navy to bottle itself up in port after the battle of Jutland, and so made it possible to tighten the blockade which proved to be one of the decisive factors in that sanguinary conflict.

Sea power has always made world history — and it is for that reason that a number of military authorities tend to the belief that Germany's great successes on land, important as they are, cannot win the war for her no matter how far they may be carried. Germany's air power is today the best in Europe, and it will be at least a year before British-American production can really rival hers. Her armies are supreme, in size, in equipment, and in generalship. But Germany has no fleet in any way comparable to Britain's. The submarine is a dangerous weapon, but it is extremely limited, and it has been proven time and again that sufficient surface power is superior to undersea power. Italy had a large fleet at the start of this war, but it proved sadly deficient in fighting quality, and a large part of it has been destroyed. German shipyards have been working overtime, but it seems certain that their production has been held to a minimum by British air raids on Kiel, Hamburg and other ports.

British sea power is tremendously strained. Her ships must police every ocean in the world. They must attempt to bring her merchant ships home with the supplies that are needed to feed her population and arm her fighting forces. That is why British hopes are today pinned to a considerable extent on the American Navy. British strategists are confident that the full participation of our Navy would assure ultimate German defeat.

The American Navy is the largest and most powerful in the world, according to such authorities as Admiral Woodward. Five years from now, if plans go according to schedule, it will also be the fastest navy, and will be infinitely more powerful. And it is the one branch of our fighting services which is ready to go to war right now, if the call is made.

Admiral Woodward believes that if we went to war the job of our Navy in the Atlantic would be fourfold. First, we would occupy and defend all Atlantic islands on the "other side," both to forestall their seizure by the axis and to strike at invaders moving out from Europe. Second, we would blockade ports on the Spanish and French West African coast. Third, we would cooperate fully with the British navy in convoy work. Fourth, we would have to keep large forces about the Panama Canal to defend it from attack.

In the Pacific, a fleet would probably be based at Singapore, to keep an eye on Japan. American naval officials think relatively little of the Japanese navy, and are certain we would have little trouble in defending ourselves from Hawaii to the mainland.

A number of authorities feel that Hitler would have taken a far tougher line with us long ago had it not been for the American Navy—that he wants to avoid actual war with us because he fears that the unlimited participation of our fleet would turn the scales against him. It is certainly true that his blockade of England woul be made immeasurably more difficult if our destroyers and cruisers were used for convoy work. Our entry into the war would more than double the sea power which the Axis must face.

There are reports that Hitler may shortly take over what is left of the French navy—Admiral Darlan, Number 2 man at Vichy, is notoriously pro-German and has a deep hatred of England and everything English. If that happens, Hitler will be greatly strengthened—the French cruisers would make excellent raiders and could harrass Britain at many exposed points. And in the meantime, high British officials are becoming franker and frank-er in intimating that the cause of the democracies may be lost unless this country sends its ships in with their guns roaring.

Display Flag Properly

With Memorial Day and other important holidays coming up, stress and care must be laid in how the flag will be hung and honored. The first and most important thing to remember is that the flag should only be displayed from sunrise to sunset.

When there are two flags displayed the flag of the United States should be placed on the right and if there are a line of flags the flag should be marching in front and in the center of the others.

When placed with another flag on a wall, our flag should be placed to the flags own right and its staff on top of the other flag's. If a number of pennants, city banners, states' flags and the flag of the United States are portrayed in a group the nation's flag shall be in the center and at the highest point, or if on the same pole it should be at the peak.

Should Be Hung Properly

If two or more the nations' flags are placed with it, it shall again be at the flag's own right. And when displayed from a window building, etc., it shall be hung from the building towards the pole. When displayed on a wall it shall be hung, when horizontily, and vertically, the blue field shall be uppermost and to the left of the observer.

Over the middle of a street, the field shall be uppermost and either north or east in direction. At a speakers table or behind a speakers table it shall have the field to the speakers right.

On Memorial Dav, the flag should be flown at half staff from sunrise to noon and from noon until sunset should be displayed at full staff.

Now that the 16 Occident staff members have gone back to their studies and left this office to its regular staff there seems to be a spooky stillness about the place. Imagine working in these small quarters with as many as 13 students on duty at one time. But as we predicted they turned out a good job with their 12-page edition.

Gone, too, with the staff is Shep, the beautiful Collie dog who put in his appearance every day the students were here, parking himself right across the front door step or under some one's feet. No one seemed to know where he came from nor whither he went but he hadn't been around before and hasn't been back since so he must have had some particular interest in the proceedings here while the West students took over.

We want to express our appreciation to Doratha Whitmer and Marilyn Jones for their able handling of this department. We know it was a welcome relief to you readers (?), too. So well did they do their work that the following contributions also should be credited to them:

With The High School

Our first place on the high school list goes to Jeanne Johnson who has been slaving on the gossip column this year and so not getting her name in the gossip. Congrats to Sissy Myers, Wanda Deaton, Jackie Kirkpatrick, Rachel Dines and Janelle Walker also . . . The busy man of the year is Eldred Miller, with his Occident, Annual, Dramatics, job, and Betty S., Ruth W., and Elaine M. . . . When you have some extra cash on hand you might go to the Maramor, since Betty Ricketts and Rose Findise work there . . . Seems as how romance has finally caught up with Dick Bull. Ann McKee says it takes him so long to ask her for a date though, she almost gives up hope. But we hear say "haste makes waste" . . . Looks like Ti Spring spent her last week getting ready to go to the Aquinas prom with Bill Reardon . . . Dandelions for good thinking to Charles Riecker and Sam Price for giving the kids upon N. Hague Ave. the idea of picketing for their rights . . . Dave Randall, senior at Ohio State, is receiving his practice teaching experience on the West students. Dave is majoring in Social Sciences.

'Twas Told To Me

Jay Williams is working in Mt. Vernon . . . "Cookie" down at the Sohio station on Sullivant likes the hot weather . . . Bill Gibbon has a horse at Beulah Park by the monicker of "Nallahac" . . . Gloria Braden's name was omitted from the West Junior graduating list last week through an error . . . Ella Belle Rickenbacker, the new saleslady down at Southworth's, is a cousin of Eddie Rickenbacker . . . Bill Muck is home from Hobart College. He will work for Moores & Ross through summer vacation . . . Elmer Henderson understands his tomato growing . . . Rev. and Mrs. E. E. Burtner returned Saturday from attending the U. B. conference at South Bend . . . Rev. A. J. Wold ran out of gas right outside of his garage Monday . . . Bob Jantzen, who is employed by the Western Electric Co., Cleveland, is spending a week with his parents, Mr. and Mrs. Herman Jantzen, 819 S. Terrace-st . . . Mrs. C. J. Rice was on vacation this week . . . Harry Hnley won first prize in a city-wide poster contest held recently . . . The Hilltop Male Chorus had difficulty selecting five numbers for their WBNS broadcast Monday night. Almost everything they knew was taboo with ASCAP.

This and That

Doc Cramer may take up golf in the near future . . . Alva Nafzger and Herb Deems were never up in an airplane . . . Mrs. Ethel Rinehart and Mrs. Olive Tomlinson, two of Seiller's oldest employees from the standpoint of years employed, were omitted from a story carrying an account of a dinner by associates of the firm recently . . . Jim Hastings is back in Seattle after a trip to Kodiac, Alaska. Shortly his ship will come around through the Panama Canal to Philadelphia.

Eliminate all question about the matter of cleaning your curtains, rugs, drapes and blankets by sending them here. They will receive our most careful attention.

Have your blankets cleaned for summer storage.

"MY DREAM"

"Parody on the Red River Valley"

I was travil'n through rich virgin forests
Miles from the city's gay throng
Greedy men had made no encroachment,
Saw mills hadn't started their grind
I would tarry among that great timber
Far away from the haunts of men
Tarry long with the mysteries of nature,
Ne'er return to the city again.

I would build a shack in that forest,
Get water from a clear mountain stream,
Mountain fishes were there in abundance,
No worry from the smoke nor steam,
I would have no use for great riches,
Be free from the restless sea,
Wicked men and their greedy ambitions
To see how rich they could be.

Never more would I do any trav'ling,
But abide where the sky is blue,
I'd linger with the lamb and the lion,
Make friends with that entire crew
Never more would I do any writing
But sing in the shade by some stream,
With sorrow my lone heart was breaking
When I found it was only a dream.

Robert Morris Group Plans Spring Meetings

The regular meeting of Robert Morris Chapter No. 372, O. E. S., was held Tuesday evening, May 20. All officers were in their stations with W. M. Esta Sharp and W. P. M. F. Sharp presiding in the East.

Attention was called to the next meeting, June 3, when officers and members of Caledonia Chapter will be guests of Robert Morris. Phoebe Jerman will present her girls' chorus in a musical program. Refreshments will follow to close the evening's events.

The last meeting before the summer vacation will be June 17. Initiatory work will be the main feature of the evening. All Eastern Stars are invited.

After the close of chapter Nell Jane Price presented a Mother's Day program. Master Kenny Sharp, young son of the W. M. and P., sang "Lullaby," accompanied by his mother. Several accordion solos were played by Dick Baker followed by a poem read by Florence Clark.

Phoebe Jerman directed the chapter chorus in two numbers, one being "Little Old Lady," featuring Clara Shanks dressed as an old lady.

Births

Mr. and Mrs. Neal Finley, 276 S. Ogden-av, son, May 20, in their home.

Mr. and Mrs. William R. McDivitt, 122 S. Highland-av, son, in White Cross Hospital, May 24.

Mr. and Mrs. William J. Morgan, 2271 Sullivant-av, son, in Grant Hospital, May 22.

HILLTOPPERS TAKE PART IN JACK SHERICK'S REVUE

Many tap dancers from the Hilltop will be on the program of "Jack Sherick's 8:30 to 10 Revue," to be given Friday night, June 6, Primarily for the pleasure of Hilltoppers who found the trek to Bexley over-long, Sherick has moved the location this year to Central High, and is offering tickets at new low prices.

George Hardy and his daughter, Jackie, who were in the Hilltop Minstrel, will do a blackface feature in the show, and Jackie, aged seven, will also have an intricate wing number as a solo.

May—"You mean to tell me that Jane even fights with her husband when they're holding hands?"

Fay—"Sure, bridge hands."

State Employees Sponsor Program

During the week of May 27, the state employees will hold again this year, a series of 12 group meetings and picnics in many sections of the state. Gov. Bricker will act as principle speaker at each one of these meetings.

The theme this year will be "Citizenship—Good Government and Defense." All-day programs are being arranged by committees of state employees to which all civic, fraternal, patriotic, organizations and the citizens of Ohio are invited. The citizenship day, at which the patriotic theme will predominate this year, is an outgrowth of the old state employees picnics which used to be held each year in one place.

Democracy Begins Within Us

The air is filled with a number of programs designed to save Democracy. Groups all over the country are sponsoring gigantic movements meant to save Democracy. From the pulpit and the press come contributions aimed to stimulate the saving of Democracy

But just where is Democracy going to be saved? In the first place just what constitutes Democracy?

Is it a tangible something that can be protected by bombers and battleships? Is it something that can be enforced on individuals if they do not want it? Has it been destroyed abroad by the invasion of armed forces?

I like rather to think of it as something that's down inside you and myself something that will exist just so long as we want it to continue in force It is a will to be free . . . but maintained about a type of freedom that is not selfish . . . not a freedom for myself and my friends only

And so in working for a program meant for the preservation of Democracy isn't the place to begin right at home . . right here within yourself?

Nations are not unlike the chain that is no stronger than its weakest link Our national government and its actions are dependent upon the type of individuals that make up our population.

If your community has been willing to take just any type of representation that is inflicted upon it you can well know that the people of your community just don't care. And if we have a lot of communities that are no longer willing to insist that their various public representatives do those things that are for the best interests of the greatest numbers we can well expect a decay of Democracy.

Democracy begins at home. It is an opportunity to be willing to live peacefully and in accord with your neighbors.

Our best place to begin looking for the weak spots in our Democracy is within ourselves. Let's take inventory of ourselves. Are we in every sense practicing that portion of the Golden Rule that asks us to do unto others as we would have them do unto us?

There lies the answer to the question of what to do about Democracy Your Democracy is only so strong as the united application of this principle.

What Should We Believe?

I've been trying hard to determine what the rank and file of our citizenry really believe about the war. Understand I said, REALLY BELIEVE

The forceful and effective speech of the president last week was enough to sway many to say, "The die is cast and I'm behind our leader regardless of the outcome" True enough, I believe this is a suitable reaction. I too believe the die is cast and that we are headed straight for war And I too believe we should give the president our wholehearted support

But then when Charles Lindbergh and others point out that it is just as well for Hitler to say that he should control the islands of the western hemisphere for the protection of Europe as it is for the president to say we should control the Cape Verde islands for our own safety I see much of common sense in the statement.

Today so many conflicting opinions have been shoved on the screen before us that we have been unable to determine which to choose from.

I believe this country does not want any actual part in a European war but since we do not know what to believe we are going to throw our support to the side that can more easily sway our emotions and perhaps without ever having a clear cut idea of our own as to which is actually the right course we should pursue

It would take some God-given or Christ-like power in someone on earth to lead the peoples of the world to see what is actually right and then direct them into that course!

We Backed Away The Last Time

It is interesting to learn at last that Great Britain has openly stated some war aims For a long time she has been fighting for her preservation without a word of what would follow if she were to emerge victorious

And those who are acquainted with the outcome of the last war know full well that a repetition of the events that followed that war will but lead

Want Ads Sell To First Customer

Hilltop Record Want Ads, those little "wonder workers," do the job without fuss or fluster, another Hilltop housewife learned this week.

A three-line ad offering a studio couch was sold the same day the ad appeared for Mrs W a a price satisfactory to both.

You can't find cheaper advertising anywhere than the small fee required to insert a Record Classified. Just call RA. 1125 or RA. 1126 and ask for an ad taker.

SPECTATOR

(Continued from page 1)

to another European conflict in another 25 years.

We should perhaps be thankful for one thing in this war. It has come so soon after the previous one that certainly some of our failures should be so fresh in our minds that we will not again encounter these same mistakes.

And today while America is on the brink of this new world struggle we should recall that following the last war we backed out of the picture and said to ourselves, "We are through. We want no more of Europe." The American public dictated that the peace of Europe should be left to Europe.

We stepped in like a strong man who stops two small boys at fisticuffs and after separating them went on our way, and just now have turned around to see that they are back in a strangle hold again.

* * *

Our Job Doesn't End With the War

We really settled nothing at all. We merely stopped the fracas long enough for a lot of power mongers to gain enough strength to get into a bigger and better brawl.

President Woodrow Wilson was years ahead of his time. He had definite ideas for a peace for Europe. He set up machinery that should have worked but the American machinery without the American operator was of no value. Europe had the machinery set up but they failed to learn how to run it.

Today Britain declares that there shall never be a chance for a repetition of what followed World War No. 1 if Britain is successful.

But we who know the British so well should not depend upon that word alone. If we are going into this war our first duty is to determine that our obligation does not cease at the conclusion of the war. In fact our obligation is for all time. Until people of the old world learn how to live together like the people of our several states we must determine that we are either going to stay entirely away from their back yard fights or definitely and for all time take upon ourselves the job of seeing that some semblance of order comes out of the chaos and that this order shall be based upon the best interests of the greatest number of people.

AND NOW FOR THE BOOK OF LIFE . . .

"My country 'tis of thee, Sweet land of liberty—" ¶ Thousands of boys and girls, young men and women are graduating today in schools all over the country. Some look forward to more education—some will take up tools—others start careers and professions. Each is turning a page of the Book of Life . . . what will be written on the new page?

"We, the people of the United States in order to form a more perfect union," . . . ¶ George Washington was a well educated man—but high school students of today are presented with vaster fields of learning than were available to anyone in Washington's time. But Washington was great then—and would be great today—because he could **think, perceive, evaluate** and act! He learned more from life than he did from books. So did Abraham Lincoln . . . a great man without formal education. So can today's graduates . . . that from which they graduate—a school—is intended to prepare them for learning from life.

World conditions necessitate and produce action and reaction; defense and offense, war and peace, prosperity and depression . . . ¶ Great problems lie before the graduates of 1941. To some, further preparation is necessary before tackling them . . . others find themselves on the long road that leads to future responsibility . . . in business . . . in government . . . in social activities. There's a challenge for every student . . . a problem to be solved . . . mistakes to be corrected . . . errors to be avoided. There's something that needs licking . . . something that only one person can lick. It may be a personal problem . . . but each personal problem affects a national problem—this is a big country.

" . . . testing whether this nation, or any nation, so conceived and so dedicated can long endure . . . so that government of the people, by the people and for the people shall not perish from this earth . . . " ¶ Graduates—the book of life is open before you. May it become a history of continued success for you, for the Hilltop, for the United States of America which is you!

Sincere wishes for your success and happiness in the future.

"ONE DOLLAR DOWN AND A DOLLAR A WEEK"

One dollar down and a dollar a week
Will buy a car that does not squeak
Mine stutters and stammers and clatters
Then braces its feet and stands and chatters
I'm getting desperate, and I'll be switched
I'll get another when the hay is patched
A streamline model of late thirty-nine
And take a joy ride with Clementine.

Mine cannot climb a very steep hill
And often breaks down while standing still
Perhaps a good boat, but no good on land
Why they call it an auto I can't understand
Chatters and clatters, sputters and mutters
Cramps my arms, keeping it out of gutters
I'll get a new model, a new thirty-eight
And take a joy ride with my girl Kate.

I'll buy a new car and stop the jeers
Make all the payments in forty-one years
This car I buy will be a swell Lady
And I'll take a joy ride with Rosy O'Grady
In pride I'll ride, and paint on each side
I'll paint a large sign both high and wide
I've been making payments since thirty-nine
But one more payment—and she is mine.

— Letters — To the Editor

TO the Editor:

We wish to take this means of expressing gratitude to all the loyal Red Cross members residing on the West Side who have helped Franklin County Chapter reach outstanding success in the 1941 Roll Call. The splendid support given by their generous contributions amounting to $475 is a challenge and inspiration to our chapter to fully justify the confidence vested in us, and we hope they will take advantage of the various Red Cross services which are made possible by their generosity.

Under the direction of Mrs. P. B. Benton, the Roll Call was well organized in this community, and we extend sincere thanks to this fine group of volunteers who carried the work through to such a successful finish.

Albert E. Binder
Chairman
Franklin County Chapter
American Red Cross.

Nominations for the offices were made as follows at a recent meeting: for president, Horace Coburn, Gerald Gifford, Harold Mers; for secretary, Rachael Dines, Marilyn Myers; treasurer, Ned Brockington, Roy Link; first commission, Dorothy Jones, Betty Vail, Ruth Roederer; second commission, Lois Jones, Ruth Morgan; third commission, Gene Garrison, Twila Spring, Richard Laird; fourth commission, Dorothy Dean, Rex Grabill, Ann McKinley.

The annual seniors' banquet will be held by the Epworth League at the church Thursday, June 12, at 6:30 p. m. All of the graduating seniors from high school and college will be the guests of the league at this banquet.

Clyde Moore, well-known columnist and humorist, will be the speaker of the evening. Rex Grabill will act as toastmaster.

Moth Damage Is Checked by Berlou

Moths did more damage to clothing, furs and furniture last year than fires, according to estimates compiled. One of the safest ways to combat moth damage is by the use of Berlou moth-proofing, say officials of the General Laundry and Dry Cleaning Co., exclusive agents for this territory.

The service is backed by a 10 year $5,000 guarantee in protecting garments treated with the process.

GROUP IS ENTERTAINED

The Hilltop Lutheran Children's Missionary Group, Mrs. William Hallsteine in charge, assisted by Mrs. Margie Hibbs and Mrs. C. P. Mitchell, were entertained Saturday, May 24, at Westgate Park with games and a peanut scramble.

The L. C. F. class to Hillcrest Baptist Church will hold the regular monthly meeting this Friday evening (June 6) in the church parlors at 7:30. Hostesses, Mrs. Gus Amsbary, Mrs. Ralph Beiber, Mrs. H. M. Booth and Mrs. T. F. Broyles.

LEAVE FOR WEST

Mrs. A. Sharpe, 164 N. Powell-av, and sister, Mrs. E. R. Thomen, 511 N. Warren-av, left Monday for a three weeks visit with relatives in Spokane, Wash., and California.

Playground Opening To Be Saturday

The official opening for all of the city playgrounds will be held at the Sunshine Park Saturday, June 14, from 11 a. m. to 10 p. m.

The program will begin with a ball game at 11 o'clock between Franklin Post and Camp Chase. At 1 p. m. there will be a parade, coronation, and the toy band, followed by softball and volleyball for mothers and fathers.

In the afternoon there will be a tennis tournament, races and throwing contests, piano recital, boys' minstrel show, girls' acrobatics and a kindergarten play.

At 5:30 a memorial tablet will be dedicated to Mr. Hamilton, founder of the Sunshine Park. Jack Cannon, head of the City Recreation Department, will officiate.

The evening will bring forth the girls' patriotic chorus, presentation of an American flag to the Boy Scouts and retreat ceremonies, a girl's May pole dance, a fathers' play and a horse shoe tournament.

The affair is sponsored by the Fathers' and Mothers' Club. Mrs. Maude Perry and Jerry Walsh are the supervisors of the opening show for all of the city parks.

Amusements

Loew's Broad

Loew's Broad is now showing James Roosevelt's first motion picture, "Pot 'O Gold," the lighthearted musical based on the famous radio program of the same name. Paulette Goddard, James Stewart plus a 30-piece super-orchestra directed by Horace Heidt appear in "Pot 'O Gold." Added feature is "Her First Beau" with Jane Withers and Jackie Cooper.

Loew's Ohio

Loew's Ohio is currently showing one of the great technicolor spectacles of the past several years, "Blood and Sand," colorful tale of the bull ring, with Tyronne Power as the matador who becomes Spain's No. 1 capetwirler and then finds himself enslaved by the beautiful Rita Hayworth. Linda Darnell and Nazimova are in the big cast. Much of the film was shot in Mexico City's great bull ring. Added feature is "Naval Academy" with Freddie Bartholomew and Jimmy Lydon.

Hague Block Is Busy Center

Not many circus passes will be given away as a result of billboards being posted around Broad-st. and Hague-av. since the corner is being rapidly filled and becoming a center of Hilltop business. W. E. Jones, realtor is largely responsible for this rapid growth of the block.

"Hague and Broad is rapidly becoming the Broad and High of the Hilltop," said Jones, "due to the fact that hundreds of new homes are being built each year west of Hague-av." He also stated that shoppers are in great need of parking facilities at the "great Hilltop corner."

A year ago the Powell Building was boarded up but now it has been reopened by the Jones Agency and will now develope into a prospering business center. There have been eight new establishments in the building in the last six months.

Around June 1 the Goodrich Co. will open a tire store at 2780 W. Broad, in the same set of stores.

"The Hilltop is one of the best medium priced communities in the United States," is the way Jones described the Hilltop community. It has no factories, is high and dry, and has the wind approaching the city from the west so that it gets none of the inferior factory smoke.

Jones himself occupies a real-estate office in the row. He is continuing to fill the rooms and hopes to make a modern shopping center with all the conveniences.

The West athletes of 1941 teams were a high-calibered group of young men, the record books show, for in three major sports, the Cowboys copped one co-championship and annexed two second spots.

On the gridiron, the Bucks got a slow start, losing four of their first five games, but came back in the latter part of the season to win four and tie one for a .555 average.

In basketball, the Cowboys opened well, winning five in a row, but dropping three of their first round league games. After these first round set-backs, the Bucks won five straight, but lost their first game in the district elimination. The season must be regarded as successful, as the books show 14 wins, six losses for a .700 season average.

Good Diamond Squad

The Bucks' diamond aggregation shaped up as the best team of the three and wound up with a half-interest in the city league championship bunting. They won 15 and dropped three for an .833.

The average for the school in the three major sports was .696, a good average for all of the "Big Three" of high school competition.

In wrestling, four Buck matmen were crowned city champs; in track, the West thinclads won one and dropped four meets.

The Cowboys golfers had a successful season, winning seven of their eight matches.

Thanks For A Fine Job

Last fall when this community was told that the rails in West Broad street would probably not be removed for another year it was a disappointment.

But now that the Columbus and Southern Ohio Electric Co. has gone ahead with the job far sooner than we had anticipated the community is indeed grateful.

We like the efficient way in which the job is being handled and the speed with which the job is progressing.

We feel like we are expressing the gratitude of the entire community when we say, "Thanks."

Graduation Addresses

This is the season of graduation exercises in which most speakers point out that the world today faces a crisis and that it is up to the present generation to do something about it. And generally they don't give much encouragement in the matter.

The bit of a graduation address I would deliver to seniors would be as follows:

Today the world is facing problems. But none of them is a bit different than every graduating class before you has faced. And always something has been done about them.

Today as you graduate you will be called upon to take a greater share of responsibility. You must accept this responsibility and do something about it.

Today there are more opportunities awaiting you than the world has ever seen. But they will not come to you. You must seek them out. The degree of your success will depend upon your initiative. But in whatever you do remember always that there is probably a lot of good in what the other fellow is doing so don't overlook him.

Let's See The Flags Flying

Saturday is Flag Day!

A new high in patriotism in recent years has been in evidence since the European conflict has come about. More and more Americans are willing and proud to show their colors. Applause is much in evidence at theatres when news reels show the flag flying in the breeze.

Apparently it takes some major calamity to shake the people. We are never so appreciative of a good drink of water until we see the well going dry.

But it's good to see this renewed enthusiasm for our country. It is indeed a time to show that enthusiasm.

And Saturday, Flag Day, is a good time to see that Old Glory has the most prominent place she has had in years. And from this day on, long may she wave!

How About It, Mr. Safety Director?

Just a question to the safety director. What is required to get a restricted parking area in front of a private residence? And how does one get those "No Parking, Police Order" standards for use in front of the home? We'll appreciate the answer and would like to print it here next week.

The boys will attend the convention, which teaches them the fundamentals of state, county and municipal government under the able leadership of the present incumbents.

The boys were selected because of their scholastic standing and leadership in school activities.

Track Removal Is Done

Work of removing the car tracks from W. Broad-st, and repaving of the center of the street was nearing completion this week. This will clear the Hilltop of the "track menace" with the exception of S. Hague-av, where the rails have been covered over with surfacing.

Actual removal of the rails had been completed but completion of paving would depend on weather conditions, it was said.

A painted safety zone will divide the east from the west bound traffic when the job is completed.

Thus will the last vestige of the street car have disappeared, having given way to the trolley coaches a little more than a year ago.

Elimination of the tracks should relieve the danger of skidding automobiles on wet and icy pavements. The situation was most hazardous on Hospital Hill where numerous minor collisions were attributed to the surface rails.

Cromptons Are Convinced Rose Is Hilltop's Favorite

By Harold Mers

When Jack Crompson, 291 S. Terrace-st, cast his vote in a recent letter to the Record to nominate the rose as the proposed Hilltop's official flower, he was sincerely convinced that it was the right flower, and his wife can prove it.

It seems that Crompson's campaign for a favorite flower did not start with their nomination of the rose, but a number of years ago, when it was an intra-family instead of a community affair.

Jack Crompton decided that his favorite flower was the dahlia and despite his wife's affection for the rose, he planted a garden of the asteraceous tuberous-rooted herbs. Mrs. Crompton, the same year, slipped a dozen rose plants into the garden. The second year, after viewing some disaster in his ranks of dahlias, Mr. Crompton agreed that, quite possibly, it might be a good idea to put in a few more roses.

The third year saw Mrs. Crompton stand triumphant, the dahlias on the way out, and the pinnate-leaved roses on the way in.

Little Work Needed

"The main points in favor of the roses," state the Cromptons, "are the small amount of knowledge of botany and gardening necessary to grow good plants, and more important, the little work needed to keep the roses in good shape. About all one has to do is to spray the roses and keep the weeds pulled out."

"Of course, they bloom from early spring clear on through to the frost and make the nicest all-year 'round flower. Or at least as near as an outdoor flower can be in this climate."

Speaking of all-year 'round, the Cromptons ordered some plants from a florist in Texas and although the order was sent in the fall the roses never reached the Crompton domicile until February, 1941. The ground was frozen solid, but there was nothing to do but grunt and groan and dig it up.

Crompton spaded and planted the flowers in the zero weather and this spring 15 out of 17 grew and are now bearing blooms.

Today the Cromptons have over 150 plants in their back yard garden at 291 S. Terrace-st and Mrs. Crompton stated that they would probably have more if room permitted.

McNamee, John Riepenhoff, Charles Kent, Hariett Huff, C. A. Cruea, Mose Williams, Gene Hays and I. Snyder.

"BE JUST WHAT YOU IS"

A colored deacon was speakin'
"Be just what you is," he said,
"Don't act like you is wealthy
If no roof over your head.
Folks know your true condition
Whether a sinner or saint.
Don't parade around superfluous
Tryin' to be what you ain't.

"Strive hard for an education
Illuminating where we tread
Perfecting a powerful personality
With a strong roof over your head.
Raiment of broadcloth and broadcloth
Primp and powder and paint
And folks will deride with derision
Trying to be what you ain't"

"Abide frugal in your environment
And be just what you am.
Strive diligently for great efficiency
Or many will acclaim you a sham.
Pay attention to my admonition:
You can't fool people with paint
They'll sneer and say that brother
Is trying to be what he ain't."

REMEMBER THE SABBATH DAY—KEEP IT HOLY

Six days shalt thou labor, and do all thy work, but the seventh day is the Sabbath of the Lord thy God; in it thou shalt not do any work, thou, nor thy son, nor thy daughter, thy manservant nor they maidservant, nor thy cattle, nor thy stranger that is within thy gates; for in six days the Lord made heaven and earth, the sea and all that in them is, and rested the seventh day; wherefore the Lord blessed the Sabbath Day and Hallowed it.

MISSION GROUP TO MEET

The Women's Missionary Society of St. Paul's Evangelical Congregational Church will meet next Thursday afternoon, June 19, in the church basement, at 2 o'clock. Mrs. W. E. Seesholtz will preside over the business meeting and Mrs. D. F. Baker will have charge of the program.

Mr. Carl Hackman Jr. of Camp Grant Medical School, Rockford, Ill., spent Memorial Day with his parents, Mr. and Mrs. C. A. Hackman, 295 S. Eureka-av.

The facts of this article were taken from the History of the Highland Avenue Friends Church by Mrs. Mary Ann Young.

The earliest beginning of the Highland Avenue Friends Church was recorded in 1889, when William P. Ong started a Sabbath School at the corner of Whitethorne and Broad-st, in a small one room building.

Some twelve years later, a brick building was built on Clarendon-av, the only brick building in all of the district between Sullivant and Broad-st to Terrace-st. This old building is now a dwelling house.

About this time, Mr. Ong decided with others that union services should be held, and Sunday School and church both took a place in the religious program of the Friends.

In 1893 the present church on Highland-av was erected. J. Walter Malone shipped a carload of stone and building materials to the people of the church to aid in its construction. This is the oldest meeting house on the Hilltop.

The year 1894 saw Triphena Morris of Mt. Gilead called to the Highland-av edifice as minister, preaching every other week, morning and evening, to crowded houses.

Revival Conducted

After an unusual revival service in 1899, David Lewis became the minister for a short time.

The church, which had gone under the name of Maple Grove up until this time, officially changed to the name of the Highland Avenue Meeting on Aug. 5, 1925.

Lydia Romick and Sarah Osgood were ministers from 1899 until 1901.

At the end of their ministry, Joseph C. and Adelaide Hadley came from the Goshen quarterly meeting on Jan. 4, 1901.

In 1903, Wallace Gill came from the Wesley Chapel M. E. to the Highland Avenue Friends.

Fred Cope came after Rev. Gill and was succeeded in 1907 by Robert Pelt. Elizabeth Ward was the minister following Pelt, in November, 1910.

Arnold Hodgins, a minister, left the church in 1912 to go into work elsewhere. Will Kirby followed in his footsteps, coming from Cleveland Mar. 10, 1912.

In 1915 John Pennington succeeded Will Kirby and preached the Gospel until Oct. 4, 1918.

Rev. Herbert Handy came in 1918 for two years and then returned to Rescue, Va. Following him in the pastorate were Daniel G. and Frieda Hodgins.

Elford Is Pastor

Edgar Elford next came to the church and during his stay the church was remodeled, a parsonage bought, new seats installed, and in many ways progress was made. In 1925 he was succeeded by Carson and Vercia Cox, who were on furlough from mission work in China. They stayed from 1925 until 1927.

Walter Williams, another missionary from China, held the pastorate for three months in 1927, and was succeeded by Claude A. Roane until 1930.

In 1930 Albert J. Fryhoff came as minister and conducted several unusual revival services. In 1934 he was transferred to Newport News, Va.

To fill the pastorate, Charles E. Haworth was called from Portsmouth, Va., and he remained at the Highland Avenue Friends Church until September, 1940, when H. A. Handy, the present pastor, came.

Many others, laymen, members and friends, have played an important part in the building of the Highland Church but these are too numerous to name and discuss.

The membership of the Highland Church is now approximately 200, according to recent figures.

Mrs. Mary Ann Young, author of the History of the Highland Avenue Friends Church, is one of the oldest members of the local church and has been a member for 50 years.

SPEAKER

Rev. Falkenberg

The Highland Avenue Friends Church will sponsor the appearance of Rev. Don R. Falkenberg, president of the Bible Meditation League, who will speak on the subject, "Shall We Surrender our Boys to Harlots and Gamblers?" at the church, Sunday evening, June 15, at 7 o'clock.

Rev. Falkenberg will discuss questions about the necessity of war for America, about the influences at work around the army camps, and of the moral conditions at the camps.

Friends of all churches and creeds are invited to attend.

BIBLE SCHOOL TO MEET

The Hilltop Church of Christ will conduct a Daily Vacation Bible School, beginning Monday, June 16, and continuing for two weeks. The school will include all boys and girls from the Beginners to the Juniors, inclusive. The hours will be from 9:30 to 11:30.

CIRCLE NO. 3 TO MEET

Circle No. 3 of Burgess Avenue U. B. Church will meet at the home of Helen Coebel, 40 N. Guilford-av, Monday evening, June 16. Assistant hostesses are Edna Campbell and Edna Cozad.

Heart Ailment Takes John Hale

While driving his car, John E. Hale, 57, 235 N. Wayne-av, was stricken with a heart attack and after turning his car into a side street off W. Broad near Powell, collapsed on the sidewalk. The fire department inhalator squad was called but he was dead on its arrival.

He had complained of some illness while he and his wife, Mary, were in a nearby grocery, and was on his way to a doctor's office when stricken.

Hale was a clerk at the Buckeye Steel Casting Co., where he had worked for 25 years.

Besides Mrs. Hale, he is survived by a son, Claude Hale, Columbus; two brothers, Dallas V. and Howard R. Hale, both of Columbus; a sister, Mrs. Luke Green, Columbus, and another sister living in Cleveland.

Services were held Monday afternoon and interment was in Green Lawn Cemetery.

Park News

Westgate Park is seeing much use as a favorite picnic spot these days, according to statistics at park headquarters.

Monday, June 9, more than 250 students from John Burroughs School and St. Aloysius School held picnics at the park.

From John Burroughs, about 115-6A pupils participated in the outing which was headed by teachers, Miss Rowe, Miss Schart and Miss Kane. Games and races were held under the supervision of Miss Grimes and Mr. Milhone.

St. Aloysius had a group of approximately 140 pupils in their picnic party.

Tuesday morning 40 students from the Fairwood School, with teachers, Mrs. Wilson, Mrs. Deckard and Mrs. Krause, were on the park grounds.

The Columbus Safety Car visited the park and delivered a safety lecture to the members of the Fairwood group.

We can always be depended upon to render helpful assistance.

Immediately following the banquet which will be served at 6:30 promptly, moving pictures will be shown of the Ohio Baptist Assembly. Dr. R. O. Carver, president of the assembly, is making a special trip from Cleveland for this purpose. The Ohio Baptist Assembly is a camp and training school for young people, and is an annual feature of denominational activity directed from Denison University grounds at Granville. Hillcrest Baptist Sunday School is urging and assisting its young people in ever increasing numbers to take advantage of the opportunity the assembly affords.

Dr. Banning of First Baptist Church will deliver a short address. The movies are free and open to the public.

First To Receive Annual Award

BOB SWISHER

Selected as the outstanding athlete in next year's senior class was Bob Swisher, West High baseball, basketball and football player.

Swisher is the first boy so honored in what will be an annual award of a trophy for the outstanding junior athlete of that year. The award was instituted by Ray Hauntz, one of West High's most loyal supporters, and will be retained in the trophy case in the lobby of the school.

In addition to being one of the best right-hand pitchers in the city baseball league, Bob is a varsity football man and will probably see service on the varsity basketball team during the next season. In addition to his athletic ability, Bob has a near perfect scholastic record and is active in many extra-curricular activities.

West High Teachers Plan Varied Activities For Summer

Many Hilltop teachers have planned a full summer for their vacation period. Some will take extensive trips while others will study and still others will just decorate around their own homes.

Myron T. Seifert, journalism instructor at West High, will visit the New York Times for his first week of vacation. The balance of the summer will be divided between work on the Columbus Dispatch and recreation at his cottage.

A trip to her home in southeastern Ohio will fill the summer months for Miss Edna Harrison, who teaches history at West High. During school sessions Miss Harrison rooms at 2941 Crescent-dr.

Harry L. Zulauf will spend a few weeks in Indoina and a few in Pittsburgh. Mr. Zulauf is teacher of the business managers class and math at West High.

Will Stay Home

Mr. Christy Michel will stay at home this summer and rest. However, we feel if someone were to spy on him he would most likely be found filling or emptying a test tube. He is a chemistry teacher at West High.

"I'm just going to play and play this summer," was Mr. E. V. McPherson's summary of his vacation.

Mr. Robert Richards, a history teacher at West, is filling his summer by being a baggage agent for the Greyhound bus lines.

Another history teacher at West, Mr. Arthur Buchanan, claims after months of mental exercise he feels he needs some physical diversion. He plans to paint the buildings on his farm.

All in all it ought to be a very interesting summer for the lot of them.

WILL APPEAR IN RECITAL

Miss Elma Lou Riebel, daughter of Mr. and Mrs. O. G. Riebel of Rome, O., and student of Mary Catherine Goetz, member of the faculty of the Capitol College of Oratory and Music, Neil-av at Third, will appear in a recital at the college on Tuesday evening, June 17, at 8 o'clock. The public is invited to attend.

The Hilltop Record

In Its 25th Continuous Year Of Community Service

Vol. XXV, No. 9 | The Hilltop, Friday, June 20, 1941 | Total No. 1163

The Spectator
By C. C. Hartley

They Deserve Recognition Too

So near and yet so far . . . that's the case of three West High graduates who came so very close to having a perfect record for four years of high school work.

From the ninth grade through their senior year they received but one grade lower than A, that one being one B. The students were: Camille McKee, Ruth Ann Zahn and Dave Riggs.

These students deserve some special recognition for their mighty fine work, for in addition to being good students they were active in other affairs.

Dave Riggs, for example, earned his Eagle Scout award, was a member of the National Honor Society, Hi-Y president of Photo Club, member of Debate Team, track manager, trainer of the football squad, A. L. Society and was selected for the Rotary luncheon. He plans to major in chemistry and social administration when he goes to college next fall.

We Visit The Verse Writers

On Monday I spent a pleasant evening with the Central Ohio Verse Writers' Guild at which time I gave our impressions of how a country editor looks at poetry.

The only time I ever attempted poetic composition was when a youngster just after joining the Boy Scouts and I constructed some 12 or 15 lines about a scout being trustworthy, loyal and true. My Mom sent it to California and her sister had it printed in the Taft Driller. But since I never received any fan mail I decided that I probably wasn't temperamental enough to be a poet so since that time I've stuck to plain and simple language of my own style.

Members of the Guild read their verse at each meeting and at this meeting Mary Wright Bennett read the following entitled "The Weekly Paper":

I get the weekly paper from a
little country town,
It's not much like the dailies
which almost weigh us down.

It's printed every Wednesday,
and it has no supplement,
Nor colored rotogravure, but
I'm always glad it's sent.

For it has the sweetest verses
by some unassuming bards.
And it states that Mrs. Williams
entertained some friends at
cards.
"Ye Scribe" saw Judge McArthur
shaking hands with friends today.
It says the Curtis family have sold
out and moved away.

On Boulder Dam it's "quiet", and
there's nothing in finance.
It tells that the Rebekahs gave
an installation dance;

That Miss Day will be returning
soon to open up her school,
And that Alexander Hargrove
lost a very fine brown mule.

It's glad that Jimmie Gallagher
can be "up and around" again.
It claims that the alfalfa crop is
much in need of rain;

That the supervisors voted for
the road-work to commence,
And that Willie Anderson hauled
lumber for his new garage and
fence.

The worldly ones may smile at it,
but their's are tender smiles.
These home-town items form a
bond through many years and
miles.

Oh little country paper, with your
weekly "homey" talks,
I like to wander with you down
the old remembered walks.

Typical of the contributions from Hilltop poets was the following one by Jean Elaine Ett, 178 N. Warren-av:

DISCOVERY

I doubted and firmly refused to
believe
That love could be anything real,
Emotion brought on by the moonlight—
A kiss in the darkness to steal.
But never more real than the
shadows
Nor lasting than dew on the
grass—
For love to me was a fancy
And fancies and dreams soon pass.
A bit of a skeptic on marriage
I thought all love but a pose—
Until one night in the garden
I watched Father give Mother a
rose.

Camp Chase Wins Title

By Roy Maloney

By virtue of a 4 to 0 win over Franklin Post Monday, Camp Chase captured the West American Legion League championship for the second straight year.

Franklin Post was held to one hit, a scratch bunt by Right Fielder Denman, off the offerings of Dick Hoover. Dick struck out 11 while not walking a man.

Little Jim McElwee, Camp Chase center fielder, was the game's leading batter with three for three.

Camp Chase made a clean sweep of both rounds, winning six games while losing none. The Legion boys will now enter in the city league, competing with three other city teams who have won the championship in their respective leagues to determine the city champions. Camp Chase is the present defending city champion. Play will begin next week.

New Band Books To Be Used At West Next Year

A new band book will be used by the West High School Band next fall and may be purchased now by pupils desiring to keep up on their instrumental music through vacation months, according to Herbert Hutchinson, director of music at West. The title of the new book to be used is "All In One Band Book."

Pupils expecting to buy the book now would do well to contact Mr. Hutchinson before doing so in order that the correct instrumentation is bought. The book is on sale at downtown music stores.

Most needed instrument for next fall's band is the flute, Mr. Hutchinson pointed out, with French horn, trombone and experienced saxophone players next in line. Drummers capable of reading music, too, are in demand, he said. Clarinets are always welcome as are baritone and bass players.

There is always a wealth of trumpet players with only a few really good musicians in the lot. In the ideal band of 64 pieces only two trumpet players are necessary. Eight cornets for the other parts are preferred by judges in contest music, the band director said. A large sized cornet, known as the flugel horn, adds much to intonation of the cornet section. Many judges favor a pair of these instruments. At West, trumpets have been used instead of cornets because of the lack of the proper instruments. As a result the tone has sometimes suffered, he said.

By consulting the director before purchasing an instrument the boy or girl stands a better chance of being needed in the band as a good balance of instruments is always desired.

Clifford Morgan Receives Medal

Clifford P. Morgan, 285 N. Eureka-av, was awarded a medal given by the Intercollegiate Conference for the greatest proficiency in athletics and scholastic work combined. The award is made annually by each conference university to the senior with above merits.

Morgan attended Ohio State University.

Hauntz Attends Grocers Convention

Mr. and Mrs. Ray G. Hauntz, 44 Binns-blvd, left Monday, June 16, for the National Retail Grocers convention in Chicago.

Mr. Hauntz is a director of the National Retail Grocers' Association board.

1100 Ohioans Needed For Aircraft Industry

Editor's Note

In view of the fact that several hundred young men have received some training in mechanical work and wood working at West High School in recent years it was thought that the following information might be of interest to a great many young men on the Hilltop at this time.

The National Youth Administration for Ohio opened a campaign this week to reach 1,100 Ohioans eligible for work and training in its aircraft resident center near Dayton.

The Army Air Corps is training such men at Patterson Field for civil service aviation mechanics positions and the NYA center can add more eligible men at once. Seventy-five NYA men have finished training and received appointments at salaries between $1,320 and $1,440.

Dolly Heberding, (picture one) nominee for Ohio State University flying club for queen of the Middletown air meet which was held Wednesday, June 18, took off on a solo state-wide flight visiting mayors and flying clubs to interest young men eligible for the center. Miss Heberding is shown with Wesley Thurstin, state NYA representative, planning her flight at Sullivant Airport, Columbus.

Picture two shows Louis Thompson, Portsmouth, studying aircrafts on his bunk at the NYA center, which is "under the right wing" of Patterson Field, biggest air depot in America. Over the NYA center every day fly the huge bombers and other planes reconditioned with aid of the NYA-Army trainees.

Picture three caught two NYA boys rewiring a cockpit on an Army plane. They are Russell Judy, Columbus, and Edward Wise, Loudenville.

Picture four shows Tom Curry, Akron, and Scott Huffman, Xenia, working on plane engine parts in a Patterson Field shop. While living at the NYA center and working in the airfield, boys earn NYA salaries, have ample recreation time.

Picture five was taken in the kitchen at the resident center where expert chefs are shown preparing dinner for the aircraft workers in time for their return from the field.

The Air Corps and NYA are working together at each Army air depot. The system insures a thorough checkup on applicants for mechanic jobs which weeds out undesirables, potential saboteurs. It also provides a reservoir of experienced workers for the most pressing phase of Air Corps ground work, the repair and maintenance of fighting craft.

Two Drug Stores Open Wed. P .M.

The two Hilltop drug stores to be open on the afternoon of June 25, are Mone's Pharmacy, 2108 W. Broad-st; Russell's Drugs, 2785 Sullivant-av.

Other Hilltop stores will be closed on Wednesday afternoons throughout the summer with the exception of the week of July 4.

Services Tomorrow For Mrs. Bowshier

Funeral services for Mrs. Geneva Pauline Bowshier, 29, of 1535 Thomas-av, mother of seven children, who died yesterday in St. Francis Hospital, will be held at 10 a. m., Saturday, at the Wylie S. Shroyer Funeral Home, 1278 W. Broad-st. Burial will be at Mt. Sterling.

Her children, the oldest of which is 11 years and the youngest 7 weeks, are Willis Jr., Jackey Lee, Jerry Dale, Ellen Louise, Donna, Shirley Ann and Gloria Elizabeth.

Her husband, Willis Bowshier; three sisters, two brothers and her father, Clint Baker, Columbus, also survive.

Eagles Have Bingo For Shoe Fund

The committee of the shoe fund for the Fraternal Order of Eagles announces that there will be a bingo game every Tuesday and Thursday night at 8:30. These games are given to provide money to buy shoes for indigent children during the winter months so they may be kept in school. It has been the policy of this organization to do this good deed and it has always tried to keep every child in school to receive an education.

Dems. Install New Officers

Installation of officers of the Tenth Ward Democratic Club was held last night at the home of Lula Tanner, 67 S. Princeton-av. Mrs. Edward Tanner assisted her with the affair.

ELECTED GRAND REGION

Mrs Eugene A. Bauman, 425 Columbian-av, was elected Grand Regios of Ohio in the Royal Acanum organization at a meeting held in Lancaster June 11 and 12.

Mr. Bauman has been secretary of the local group for 10 years.

Youth To Have 2-Day Program

Miss Dorothy Yingling is general chairman of the third annual Youth Week-end at Hilltop Lutheran Church this week, June 20 to 22. This annual event has become one of the high spots in the youth program of the church since its inauguration two years ago under the direction of the Rev. Carveth Fearn Mitchell.

This year as in the past, the week-end program will start off with a banquet at the church on Friday evening at 6 o'clock. Miss Margie Hibbs is chairman of the banquet committee and Jack Keidel and Roland Grenell are toastmaster and song leader, respectively.

A full program on Saturday, under the direction of John Beymer, will include a swimming party at Mt. Air in the afternoon and a wiener roast and campfire in the evening.

The week-end finale will take place in a classroom of "Not-a-lame" College on Sunday evening under the supervision of Miss Dorothy Geshwilm.

Miss Phyliss Ett is publicity chairman.

William Davis To Enter Y.M.C.A. Work

William F. Davis was graduated from Muskingum College this past week where he majored in political science, and plans to enter YMCA work. Mr. Davis received a bachelor of arts degree. He is a graduate of the New Concord High School.

Mr. Davis is the son of Mr. and Mrs. James F. Davis, 518 S. Eureka-av.

Louis B. Geiger Gets B. A. Degree

Louis B. Geiger, 126 Midland-av, a student in the College of Dentistry at Ohio State University, received the degree of Bachelor of Arts at the graduation exercises this week. Geiger's father, C. A. Geiger, graduated from O. S. U. in 1916 with the degree of Bachelor of Civil Engineering. He attended the silver anniversary of his class on June 14.

ON SUMMER SCHEDULE

The Hilltop Branch Library started the following hours June 16 and will continue them throughout the summer.

Open daily from 9 a. m. to 5:30 p. m. except Saturday, when the hours are from 9 a. m. to 9 p. m.

Lack of Equipment Hampers Collection

Completion of refuse removal on the Hilltop was promised this week by city officials "as soon as it is possible to get the refuse crew back in the territory." Delay in the work is due to the city's inadequate equipment and lack of manpower, Lee Snoots, superintendent of refuse collection, asserted this week.

"With the present equipment for refuse collection and the staff of 22 regular employees assigned to that work it takes the department nine months to complete one collection," Mr. Snoots said. "At present we have four dump trucks and two Mack truck trains at our disposal to handle collections for the entire city," he continued.

It was pointed out that one of the trains is now 12 years of age. The other has seen 17 years of service. Any breakdown of equipment is said to delay the work seriously.

Launching of a clean-up week on the Hilltop starting Apr. 27 realized only partial completion at the time but will be resumed as soon as it is possible, officials pointed out. At the time the "clean-up" drive was started the city had planned on utilizing relief labor to operate its equipment two shifts but after the first week none of the relief help showed up for work so it was necessary to fall back on the regular schedule. Had it been possible to have carried out this plan the Hilltop and other sections of the city yet untouched would have been completed, officials pointed out.

At the beginning of the campaign workers started at the west side of the city and worked east. At present the work has been completed as far east as Wheatland-av.

Numerous complaints had reached the Record office during the past few days from the section of the Hilltop which has not had refuse collection.

No Fireworks At State Hospital For This Year

There will be no fireworks display on the State Hospital grounds this July 4, according to Dr. J. F. Bateman, superintendent.

Due to delay in engraving facilities the pictures of the graduating classes of Highland Avenue, St. Aloysius and Dana Avenue Schools will appear next week.

Former Teacher Taken By Death

Funeral services for Mrs. Eula Richter Harris, 64, Spanish teacher at West High School, who died Monday of a cerebral hemorrhage at her home, 14 Twelfth-av, were held Wednesday with Dr. M. H. Lichliter officiating.

Mrs. Harris came to Columbus in 1917 from Youngstown, where she had taught in the public schools for four years. She first taught at Mound Street Junior High and was later transferred to West High, where she taught until her retirement last year. She was a native of Indiana.

Surviving are two sisters, Miss Ella Richter of Ely, Minn., and Mrs. Charles Castle of Union City, Ind.

McCreight Services Were On Tuesday

Perry E. McCreight, superintendent of greenhouses at the state fairgrounds, died Sunday in Mt. Carmel Hospital after a brief illness. He was 58.

Mr. McCreight of 84 S. Roys-av moved to Columbus in 1909 from Seaman, O. He was a member of the Scottish Rite and Aladdin Temple Shrine and a member of the Humboldt Lodge of Masons.

Surviving are his wife, Mrs. Elizabeth McCreight; two brothers, Ralph and Holler McCreight of Seaman, and two sisters, Mrs. Vida Spriggs and Mrs. Mary Litter, both of Columbus.

Services were held Tuesday at the residence. Burial was in Seaman by Jerry Spears.

Rain Postpones Play In Hilltop Leagues

Old Jupe Pluvius held the trump card in local softball circles for the past two weeks causing the postponement of Monday night's West Church League's four scheduled games and most of the Night League games at the State Hospital diamonds for the past several days.

Friday night schedule at State Hospital, weather permitting, will send Kahn Jewelers against Model Dairy at 7:00, Shroyer Funeral Home vs. Timkens at 8:15, and the last game starting at 9:30 will see Foley's Big Four meeting Ben Brew. At present, Timkens is leading the league with three victories and no defeats.

In the Central Ohio Girls' League at State Hospital, Springfield's Fink Heine team and Columbus' J & K Shoes are deadlocked for first place with three wins and no loses apiece. Both teams are the champions of their respective districts. The Tuesday night's schedule for the girl teams is, Timkens vs. Shroyer Funeral Home at 7:00, Springfield Fink Heine vs. Wilkies Meats at 8:15 and J & K Shoes vs. Velma Coal at 9:30.

Activity in the church circuit moved into the second round as two of the first round encounters remain unplayed because of rain. A double header will be scheduled on July 21 to make up for the first game postponed earlier in the season. Last Monday night's game will be played on Aug. 4, according to present plans.

Next Monday will see the undefeated Burgess Avenue U. B. team meeting Hoge's No. 1 entry on Diamond No. 1. St. John Lutherans will clash with Glenwood Methodists on No. 2. Hoge's No. 2 team, defeated in each of five starts, will play Hillcrest Baptist on No. 3 while Avondale U. B.'s meet West Park M. E. on No. 4.

Burgess, playing behind the fine pitching of Chuck Cash, has gone through all five games undefeated but will likely face stiffer opposition in the second round as some of the more threatening clubs get into shape. Second place is a four-way tie with Hoge No. 1, Hillcrest, Avondale and West Park all deadlocked at three wins and two defeats each. Monday night's game should do much toward rearranging the standings of these clubs.

Following are the standings of the teams to date:

Team	Won	Lost
Burgess U. B.	5	0
Hillcrest Baptist	3	2
Avondale U. B.	3	2
West Park M. E.	3	2
Hoge No. 1	2	2
Glenwood M. E.	2	3
St. John Lutheran	1	4
Hoge No. 2	0	5

Hilltop Night To Attract Ball Fans

Plans for Hilltop Night down at Red Bird Stadium next Thursday when the Red Birds meet Indianapolis in a double header were nearing completion this week as reservations for tickets to the affair were being made. Indications that more than 300 would be in the Hilltop party were evidenced by advance requests for tickets.

Hilltop Night is being sponsored by the Hilltop Business Men's Association but is open to any friends of members desiring a good evening's entertainment in baseball. Special admission rates are available for persons buying their tickets from members of the committee. A special reserved section of box seats is on sale to Hilltoppers at 80c for men and 50c for ladies. This is a reduction of 45c on the regular price of box seats for men.

Tickets must be purchased before going to the stadium. They will not be on sale that night, committee members said. They must be purchased not later than Wednesday evening of next week. The following committee has tickets on sale: Campbell Pharmacy, 2766 W. Broad-st; Shank and Saunders, 2459 W. Broad-st; First Federal Savings and Loan Association, 2369 W. Broad-st; Melvin Hardware, 2409 W. Broad-st; F. L. Sulzberger, 2417 W. Broad-st; Joseph Briggs, 2596 Sullivant-av; Dr. E. E. McNamee, 2543 Sullivant-av; John Riepenhoff Dry Cleaning, 2530 Sullivant-av; Kent's Modern Market, 2787 Sullivant-av; Harriet Huff Beauty Parlor, 2154 Sullivant-av; Mose Williams, 2581 Steele-av; Gene Hays, 69 S. Westmoor-av; E. J. Snyder Trucking, 570 Belvidere-av; Hilltop Bank, 2374 W. Broad-st, and The Hilltop Record, 2466 W. Broad-st.

First of the two games will be played as a twilight attraction starting at 6 o'clock. The second is scheduled to be played under the lights starting at 8:30. The single admission is good for both games. In the event of rain, holders of tickets may use them on the following night when another double header would be scheduled.

2 Playgrounds To Be In Use

West Broad and Dana Avenue Schools will be two of nine playgrounds to be operated through the summer months for children living in communities not easily accessible to city parks.

The playgrounds will be opened Monday and will be open every day until Aug. 15, it was decided at a meeting of the Columbus Board of Education Tuesday. This is the first time since 1930 that the school playgrounds have been used for summer work.

Supervising the play on the two local grounds will be Mylin Ross, principal at Dana School, Shadel Saunders, coach at Central, and Miss Harriet Kimmel, teacher at Milo. They will be on duty from noon until 8 p. m. daily except Saturday and Sunday.

Children are invited to come and participate in supervised play activities, including softball, volley ball, badminton, hiball, basketball and horseshoes. Handwork classes will be conducted, and swings, teeters, slides and other equipment will be used where available.

All-Star Bowlers To Meet Tonight

There will be a meeting of the All Star Bowling League tonight (Friday) at 8 o'clock at the Hilltop Alleys.

At the present time the alleys are being reconditioned for the coming season. They will be closed until further notice, Bill Wolfe, owner of the recreation center, said this week.

Citizen Reporter "Won't Talk;" Has Covered Varied Assignments

By Esther Weakley

Another Hilltop resident, more accustomed to interviewing than being interviewed, is Arthur Robinson, reporter for the Columbus Citizen, who lives at 470 Hiltonia-av.

Using a phrase, which he undoubtedly has heard on numerous occasions in his 10 years of newspaper work, he said gruffly, "I'm not talking."

But a mere man doesn't frighten or discourage us so we went right on asking questions and he talked enough to reveal that he has been a Columbus resident for 12 years, most of that time on the Hilltop; that he was born in Niagara Falls, N. Y.; that his mother was originally from Columbus and his father from Delaware, O.

Grade and high school at Niagara Falls, with an interlude of one year at Galion, O., were followed by studies at Ohio State University, which were given up because of his anxiety to get a full time job on a newspaper.

On general assignments now at the Citizen, Mr. Robinson has at various times covered all the regular newspaper beats in Columbus and most of the inside desk jobs on the Citizen. He has investigated murders and old folks' tea parties, reviewed wrestling matches and burlesque shows, covered conventions of scientists and magicians—the gamut, as anybody but a newspaper man would say.

His favorite assignment: "Going into the country about 25 miles on a warm spring day to get a picture of the first lambs. You can let the photographer drive and sleep both going and coming."

Mr. Robinson was married 10 years ago to Anita Vrooman, whose father, Edward A. Vrooman, also is a Hilltop resident, living at 175 N. Oakley-av. The Robinsons have two daughters, Sharon Lee, three years old, and Diana Marie, who was just born Apr. 12.

Mary Groves Is Delegate To Sorority Convention

Miss Mary "Kaye" Groves, daughter of Mrs. Bessie Groves, 28 Midland-av, is a delegate of Epsilon chapter of Kappa Phi, the Methodist sorority of Ohio State University, at their national convention held at Sylvan Lake Hotel, located in the heart of the Black Hills, South Dakota, from June 21 to June 28.

On June 28 the Kappa Phis will tour the Black Hills and visit Mt. Rushmore, known the world over as the "Shrine of Democracy." Majestically delineated in the rocks are the features of the four great American presidents—Washington, Jefferson, Lincoln and Theodore Roosevelt — the work of the late sculptor, Borglum.

Since graduating from West High School in 1939, Miss Groves has been active in many activities at Ohio State University. She was one of a group of coeds recently inducted into the Browning Dramatic Society at a ceremony held in the tree-shaped amphitheater near Mirror Lake Saturday noon, June 14. Sunday evening, June 15, she took one of the leading roles in a performance of "Comedy of Errors," Browning's annual Shakespearian contribution to commencement week.

During the past year she was sophomore business manager of the 1941 Makio, the yearbook of Ohio State. She is a member of Links, upperclass women's honorary, University Chorus, Y. W. C. A., Mid-Mirrors, and the '41-'42 business staff of the Sundial, the humor magazine. She is a representative of the Methodist Student Council, publicity chairman of Kappa Phi Sorority and a junior in the college of education.

MILLIONS suffer loss from Headache, Acid Indigestion, Distress of Colds "Morning After" and Muscular Fatigue because they have heard—and believed—Alka-Seltzer radio announcements.
To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcasts.
The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer we believe you will agree with us.
But try Alka-Seltzer because it is an unusually effective medicine not because you enjoy the radio programs.
WHY ALKA-SELTZER IS SO EFFECTIVE
The pain-relieving analgesic in Alka-Seltzer is in complete solution, ready to ease the distress as soon as you swallow it. The pain-relieving action is made more effective by alkaline buffers. The alkalizing elements in Alka-Seltzer reduce excess stomach acidity.

Don't get caught with your plants down

Defense industries now running at only 50 per cent of capacity are demanding 1,000,000 more tons of coal a week than were normally produced last year. What will be the situation when the defense program really gets under way? Will there be enough to go around?

There will be if enough people store their coal now while prices are lowest and operating conditions most favorable. But if everyone waits until fall when cold weather increases the industrial drain, it is hardly likely that there will be enough to go around. The situation will be reflected in higher prices and delayed delivery. Don't take a chance on having your heating plant down for lack of coal. Call RA. 1188 for our low summer prices.

GASLESS SUNDAY

We'll soon have gasless Sunday
Don't worry about it friend
You'll feel much better on Monday
If that day at home you spend.
Clip the grass and water flowers
Walk around your own domain
You'll enjoy those quiet hours
Rest up your body and brain.

If we heed the President's warning
Quietly at home abide
The judge won't say next morning
"Why did you take that ride?"
When the President says no riding
We must keep our record clean.
Humble, loyal and law abiding
Walking meekly with our queen.

The government needs the gasoline
To brace our tottering throne
And if we use our gas machine
In durance vile we will atone
Leave your auto stand in the [illegible]
Get in and sit awhile
When called to the dinner table
Do your very best to smile.

Estate Firm Has No Labor Troubles

One of the finest records in modern employer-employee relations was commemorated on June 7 in the Hamilton, Ohio, plant of the Estate Stove Company when the fiftieth anniversary of the "conference agreements" between the iron molders' union and the stove manufacturers' association was observed.

Technically, the "conference agreements" are an understanding between the International Molders' and Foundry Workers' Union of North America and the Manufacturers' Protective and Development Association, official agency of the stove industry. Becoming effective in 1891, with the Estate Stove Company one of the prime forces in back of the agreement, the pact has functioned so harmoniously that in all these 50 years there has never been a disagreement that has not been composed without a strike.

John Kirkpatrick, salesman for Westgate Electric Shop, local outlet for Estate Ranges, pointed out that this history of freedom from labor troubles insures better workmanship in the Estate line of merchandise since the "satisfied worker is ordinarily the good worker." The unusual durability of Estate ranges is in keeping with the sound dealing of the company that produces them, it was pointed out.

(Continued from Page 1)

Mr. Robinson's hobbies are reading, writing, poker playing, photography, and as a sideline he writes a camera column for amateurs, which we consider one of the best features in the Sunday Citizen. He said he tried golf and gave it up in disgust. He also tried bicycling and gave that up after he and his wife had pedalled to Lexington, Ky., last summer.

He is an active member of the Big Brothers Association, Press Club, district committee of American Youth Hostels, and is president of the Columbus Newspaper Guild.

COAL!
From the Nation's Soft Coal Producers

The most important material in the National Defense Program is COAL.

A continuous supply is absolutely necessary to the nation.

Coal consumption from May 1 to October 1 will be **206,500,000 tons.**

Under ordinary circumstances there would be an adequate reserve, and on April 1 those reserves were **50,650,000 tons.**

But the recent coal strike reduced stocks on May 1 to **13,500,000 tons.**

For safety, storage in homes, retail bins and industrial stocks by October 1 should be at least **50,000,000 tons.**

The problem, then, is to produce, transport, and put in the nation's bins enough to build the reserve October 1 to **50,000,000** plus the 206,500,000 normally consumed during this period.

An average of more than **11,500,000 tons** a week!

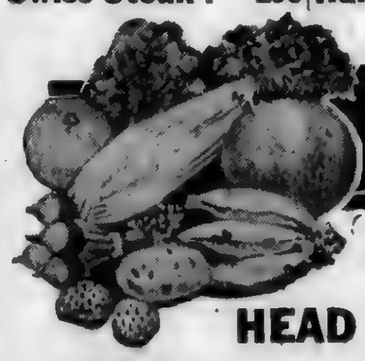
Last summer production averaged **8,300,000 tons** a week.

This summer, industry, dealers and home users must accept therefore, **3,200,000 tons** a week more than last year!

As defense production reaches its peak this fall and winter the supply of coal will not satisfy the demand.

Therefore, and in your own interest, as well as the nation's you should fill your own coal bin now, thus helping to store the needed reserves . . . thus helping the mines to get the necessary tonnage out of the earth and into storage this summer . . . thus protecting yourself and the nation against shortage and higher prices this winter.

If everyone does his part, there will be coal for all; if everyone waits until fall, there won't be coal enough to go around.



It won't happen if you get your coal NOW!

GET YOUR COAL WHILE YOU CAN!
YOUR BIN IS PART OF THE NATION'S STORAGE SPACE
.... FILL IT NOW!

Thanks to L. C. Marble for one fine fish from the depths of a Canadian Lake. He returned from his cabin in the northern wilds this past week with a load of dandies and remarked, "That's just one day's catch." This is his second trip there this year.

As reported in this column two weeks ago, there was an instance of a private home having its own private "no parking" signs. But that condition doesn't exist any longer, we are told.

Bean Day Plans Are Made

E. O. Melvin

E. O. Melvin, operator of Melvin's Hardwore Store at 2409 W. Broad-st, has many problems on his mind these days other than those pertaining to the hardware business for upon his shoulders have been placed the responsibility for putting on the Hilltop's Fourth Annual Bean Dinner. This year's gala "bean serving" will be held at Westgate Park on Wednesday, July 30. It is sponsored by the Hilltop Business Men's Association.

Two tons of beans will be prepared by the David Davies Packing Co. for serving to several thousand expected guests. Beans and crackers with coffee are served free to all comers and in past years the demand has been enormous. Despite midsummer temperatures, appetites are always sharp when the bean stand opens. Crowds in past years have been estimated by city officials to be in the vicinity of 35,000 and more. A capacity crowd is being planned for this time.

Starting in the early afternoon with a program of races and contests for persons of every age the festivities extend unabated until nearly midnight. There's never a dull moment as the crowd follows the events in order. Many come early in the afternoon and stay till the lights are turned out. Westgate Park takes on the appearance of a small state fair what with ferris wheels, concessions and all.

The C. D. Kenny Co. brews countless barrels of coffee to help wash down the boiled beans.

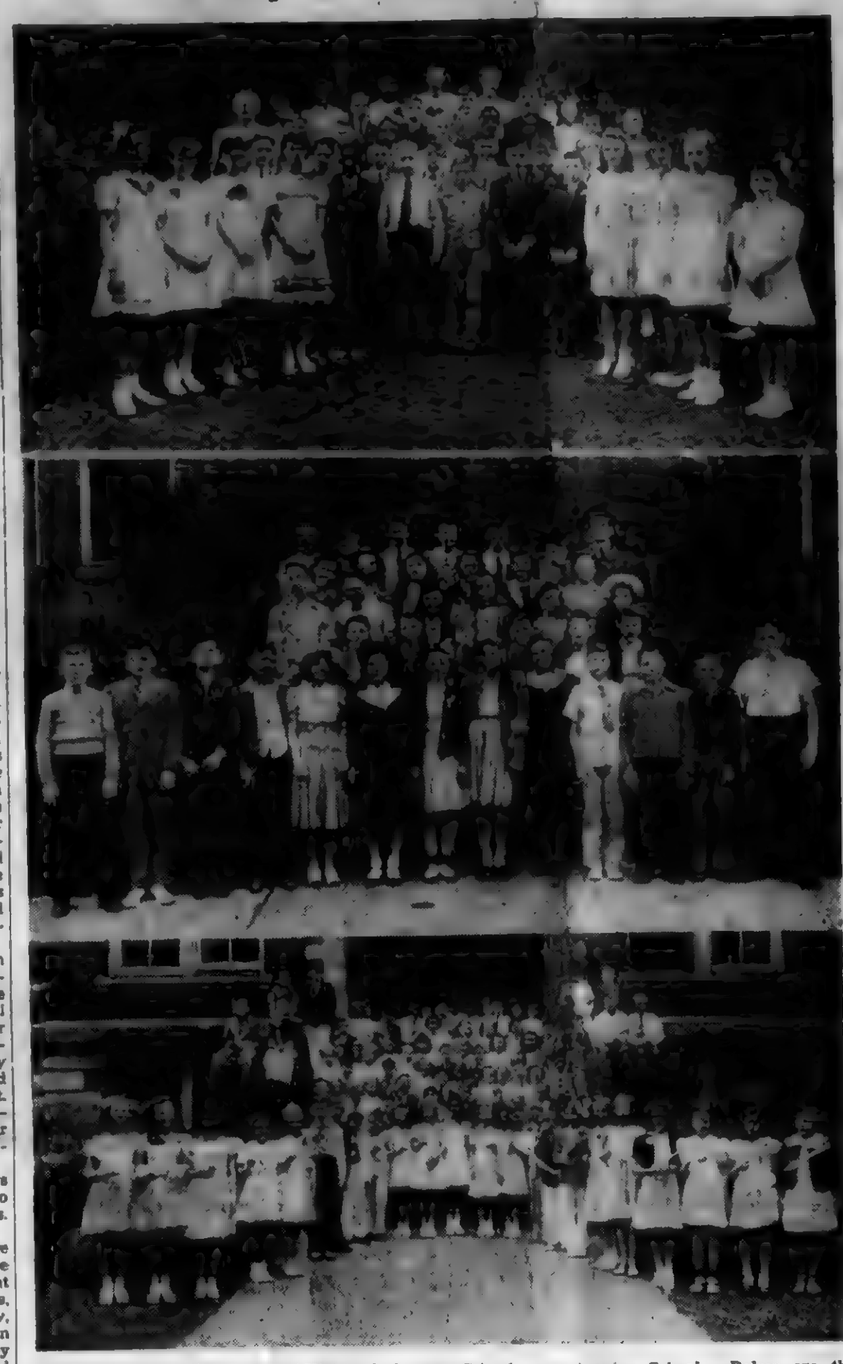
4000 Pounds of Beans

Responsible for dishing out the 4,000 pounds of beans will be Jos. Briggs, insurance man at 2396 Sullivant-av, Curt Roberts, the florist at 303 Belvidere-av, will head the committee on games and contests. Charley Kent, groceryman at Hague and Sullivant, is responsible for purchasing all supplies and materials needed to set up the huge picnic.

Chester Herbert, another groceryman at Burgess and Broad, will head the sandwich stand and supervise dispensing thousands of "hot dogs." Clarence Story, dry cleaner, at 2410 W. Broad-st, handles the soft drink concession, while Ray Percy, with the West Side Lumber Co., 3401 W. Broad-st, supervises construction of all stands on the grounds.

Tom Lewis, decorator at 474 Wilson-rd, will provide music and dancing for the crowd. Ray Haunts, groceryman at Powell and Broad, is in charge of arrangements. C. C. Hartley will handle the publicity. Gene Hays, insurance man at 69 S. Westmoor-av, heads the ice cream concession and E. L. Skipper, plumber at 81 N. Terrace-st, will work out a feature on pioneer days.

Camp Chase Takes First Game



Camp Chase found the victory path in its initial start Monday, in the City American Legion League, when it downed a stubborn Comus Club of the South side by the score of 1 to 0. Bob Swisher of Camp Chase and Fenner of the Comus nine hooked up in a fine pitching duel for five and a half innings. In the last of the sixth, Fenner weakened, allowing Jim Taylor of Camp Chase to single, steal second and advance to third on a wild pitch. At this point Mickey McDonald, South High great pitcher, relieved him. McDonald fanned the next batter but first baseman Roy Melocny singled to score Taylor with the winning run.

Swisher allowed four hits and fanned eight while the two Comus Club pitchers were permitting only three safeties but let one, decisive run to score.

MAN IS ROBBED

Louis Netion, 44, of 221 Haldyay, attendant in a Sun Oil Co. filling station, 3570 W. Broad-st, was knocked out and robbed of $35 June 20. He was given treatment at a doctor's office.

Hoge Upsets Burgess In W. Church League

By Roy Melocny

After rain had washed out the last set of ball games, the West Church League finally got under way Monday with a full card of games being played. The contests, first of the second round, saw Hoge No. 1, Glenwood Methodist, West Park M. E., and Hillcrest Baptist come through with victories.

The big game of the evening saw a stunning upset when a rejuvenated Hoge No. 1 team won out over a previously undefeated Burgess U. B. squad 10 to 9. Although Chuck Cash was hurling for Burgess, he was not his usual self, allowing the Hoge team to connect for 13 hits. Bob Rich, Hoge's pitcher, permitted 10 safeties for nine runs but bore down to stop a gallant last inning rally by the Burgess boys. Enows played a prominent part in the scoring, both teams suffering miscues at crucial moments. Rich also helped his own cause by obtaining two hits. Fielding honors went to Ernie Mawhirter of the Hoge team who came up with two fine catches in left field.

In the other games, Glenwood had little trouble with St. John's and downed them 9 to 3. Dick Colburn of Glenwood connected for a homerun with one mate aboard in the fifth inning.

West Park proved too much for Avondale U. B. and won 10 to 5 behind the seven hit pitching of Eddie Eberhart.

With Kent and Toy dividing the pitching chores, Hillcrest took Hoge No. 2 by the score of 11 to 7.

The league will play again next Monday when Hillcrest will meet Avondale U. B. on diamond No. 1, Hoge No. 2 will take on West Park on diamond No. 2, Hoge No. 1 faces Glenwood on No. 3 and Burgess U. B. will clash with St John's on No. 4.

3 Games Back

Nine games behind in its schedule because of rain, the State Hospital Night League will be very busy with three games carded instead of two on Monday, Wednesday and Friday.

Monday night in the first game, Key Jewelers with Earl Burwell pitching a fine two hitter, stopped Kahn Jewelers 2 to 0. In the second game an unearned run in the fourth inning proved to be the winning one as Foley's Big Four nosed out Shroyer's Funeral Home 2 to 1 although outhit 6 to 4.

In the last game Ben Brew won its fourth game against one defeat when it was victorious over Model Dairy 3 to 2. Charley Hall hurled a three hitter at the Dairymen while Dick Shy allowed Ben Brew to obtain six hits, one of which was a long homerun by Eddie Eberhart and which proved to be the winning tally. Al James hit a four bagger for the losers.

Friday's night schedule follows: Timkens vs. Model Dairy at 7, Foley's Big Four vs. Kahn Jewelers at 8:15, and National Guarantee vs. Kay Jewelers at 9:30.

Henerys To Celebrate Golden Anniversary

On June 29 the family of Mr. and Mrs. Frank Henery of Hilliards will celebrate their golden wedding anniversary with a dinner at the hotel with 37 of the immediate family attending. From three until five o'clock Sunday afternoon, they will receive at a reception for them at the home of Mr. and Mrs. Robert N. Henery, 128 N. Huron-av. This is an "open house" and here they hope to see and visit with many of their friends and neighbors.

Mr. and Mrs. Henery began their romance at a dance given in the town hall of McConnelsville and after a courtship of nine months were married June 30, 1891, by Dr. W. O. Thompson. The first few years of their marriage they lived in Corning, later moving to Zanesville and Logan, and finally coming to Columbus and the Hilltop in 1920. Many people will remember them baking and selling "Mrs. Henery's Home Made Bread" and after selling the bakery they purchased a grocery on Grace-st, where they lived until Mr. Henery sold and retired to a small farm near Hilliards.

Six children were born to this family, five boys and one girl. "Mom," as the family affectionately call her, often said "she had five sons and they each had a sister." Most of the children are well known to Hilltoppers. Mr. Chester C. Henery of Hilliards, Mr. Ralph V. Henery of Detroit, Mich., Mrs. Susan Lampbrecht, Gail F. Henery, John Henery and Robert N. Henery, all of Columbus. To this group came 16 grandchildren and four great-grandchildren. In all the 50 years there was only one death to mar the home; one grandchild died at the age of five. One day "Mom" was asked her recipe for a long married life, and she said, "Just use your own judgment and be your own boss." "Pop" says, "Go to bed at 8, get up at 6."

Here are a father and mother in close harmony for 50 years, raising a large family, having three boys leave for war in 1918 and return safely, live to see 37 descendants celebrate with them, facing the future with grace and independence. They are a typical American family.

If A. E. Kiefer doesn't have the first ripe tomatoes on the Hilltop this year he's going to be right up in the running. Long before frost danger was past he had put out two dozen plants that were already in bloom and now he has a dandy crop, some of which are already turning toward the ripe side.

One stalk already has 14 tomatoes on with several more blooms coming up. He has the number of tomatoes and bloom counted on every vine. Not that he distrusts the neighbors (the author of this yarn lives right across the alley from him) but just in case some prankster tries to get the first ripe tomato he wants to have an accurate inventory of his stock.

Each year in his two by four garden in the rear of his home at 505 Nashoba-av he tries to be the first to have ripe tomatoes. He seldom fails to have them by July 4th and he always has a bumper crop.

It's hard for us to believe but they say it's a fact.

Sunday afternoon Walter Davis, Bob Cavanaugh and Don Bailey had gone over to an island on the Canadian shore to look at some cabins. Strolling along the beach they discovered a school of bass so thick that Don ran out in the water and scooped one out on the shore with his hands. Tsk, tsk, tsk.

THE 'FOURTH'

The Fourth of July is drawing nigh
When they throw at all going by,
Throwing fire in our car and face
Leaving a blemish time cannot

Danger underfoot and over our head—
A constant worry everywhere we tread.
No pleasure to travel but continual fear
Dreading to see the Fourth each year.

Tolerating a hazard we could prevent,
And thousands of dollars foolishly spent
There's plenty of money that people could use
That's burnt up at the end of a fuse,
Going up in smoke in a foolish display
Celebrating, they say, Independence Day.
Many lose fingers and some go blind,
Maimed for life—you've seen that kind.

Leaving a pathway of sorrow behind,
Weaving a web no one can unwind.
After this year on more can they make
A silly device to keep us awake.
On the Fourth of July we were set free
From cruel aggressions and tyrrany—
Then why be fettered and hampered today
By that irrelevant and foolish display?

The Knot Hole Gang's head cheerleader, Mary Louise Taylor, of 2749 Palmetto-st., has been leading cheers for them since girls were first permitted to join the baseball gang.

Among her hobbies are swimming and modeling. In the future she hopes to cheer-lead at the high school she will attend and still later in life she contemplates being a model.

Miss Taylor has three assisting cheerleaders, Ruth Underwood, Susie Johnson and Jeanne Butler.

To Drive In Police Race Sunday

An auto racing program expected to top anything in Columbus since the halcyon days of the old driving park will be presented at the Ohio State Fairgrounds Sunday, June 29, by the Columbus Police Pistol Range Association. All proceeds of the event will be used to help in the construction of a pistol range for city, county and state law enforcement officers.

On Sunday, June 29, the Pistol Range Association of the Columbus Police Department will present a genuine roaring auto show at the Ohio State Fairgrounds.

Headlining the incomplete list which already includes more than 20 of the finest drivers in the business will be Farmer Forbes of Leamington, Ontario, Canadian Speedway champion. He will drive the specially constructed automobile shown above.

This program will feature as the main event, a 20 lap race. Rounding out the show will be four 10-lap races. Qualifying rounds will precede regular events.

All of the proceeds of this spectacle will go to build a pistol range for the benefit of local law officers and, accordingly, yourself. Tickets are 50c for adults, and 25c for children.

Let's all get out and show our north side "Boys In Blue" that we're for them 100 percent, even if they do tag us now and then. But, all joking aside, it would be very difficult indeed to find a more worthy cause to support.

Dairy Products To Aid Health

National Dairy month observed in June brings to us the realization of the importance of Dairy Products in the general line of daily necessities. The value of good wholesome milk and dairy products in the daily menu is beyond measure.

The exceptionally fitting keynote of this year's campaign is "Make America Strong by Making Americans Stronger." Mr. W. W. Wylie of the Hamilton Milk Company calls to our attention the fact that dairy foods are among the most healthful known to man, and milk has often been called "the perfect food."

On this month's special menu are dishes of dairy fame: whipping cream for desserts, rich butter for baking and frying, cottage cheese for salads and sandwiches, ice cream for just plain eating, and last but not least, cool, refreshing milk to make summer meals enjoyable.

With a high nutritive value as well as desirable flavor, dairy products offer you the perfect combination for summer food. Keep healthy and strong, and enjoy yourself at the same time.

Vacationing

Mrs. Sylvester Ballinger, who has been the guest of her son-in-law and daughter, Mr. and Mrs J. A. Feusth, 231 S. Sylvan-av, has returned to her home in suburban Baltimore, Md. Her grandson, Robert Feusth, returned with her to spend the remainder of the summer in Maryland.

Mr. and Mrs. H. F. Remington and family returned from New York June 23. While there they visited Miss Mary Esther Allison, daughter of Mr. and Mrs. John Allison, 28 N. Terrace-st.

The custom of using the name "Jack" as a general term for the average man originated in the Middle Ages.

Fortune smiles at last on the world's unluckiest man. He's a citizen of Portugal and, after 300 accidents, is to be starred in a play based on his almost unbelievable series of mishaps. — Letters — To the Editor

Mr. C. C. Hartley
Editor of Hilltop Record.
(In reply to your editorial of June 6.)

"There is a way that seemeth right unto a man, but the end thereof are the ways of death." (Prov. 14, 12: 16,25). Think on the ways of death of today.

A Pre-Christmas Meditation (1940). When Jesus came to earth, three and more Wise Men were looking for Him. Today, Heaven looks down upon three, and more, unwise men, trying to conquer the world with man's inventions.

Can we not see the edict being prepared to throw our goodliest young men into the sea?

Our ruler is a false prophet, his popularity proclaims that, and by grasping for power, more power, he is not the servant of God, or the people. Lu. 6,26: Mt. 20, 26-7.

We have sinned in that we do not know God's Word and Ways. Read Mt. 22, 29; 23, 11-2: 24,24, and others. (A modern Jochebed) (erw).

"May 24 — Sinking of H. M. M. Hood—1341 men."

May 27—Sinking of German Bismark—2400 men."

The world situation is a portrayal of "The Prince of this world cometh and hath nothing in me."—Jesus. (Jn. 14, 30.)

Chosen few, remnant, or minority, represent the visible forces for God. Majority is not always in the right, when God lets man have his own way. There is a way of Life—the Bible way as lived and taught by Jesus. When will we turn to it? Peace—we will have to want it and work for it.

Elsie Ralston Westlake

Yes, we have two kinds of HOGS in this nation today: the power-mad political HOG who would sacrifice every mother's son of us, just to gain a little more political power, a few more votes, and with a yen to go down in history as big shots in this war of wars.

The other type of HOG is the guy who caused this war, and now want you and me to furnish the lives of our sons in protecting their investments in a foreign nation, for if England loses this war every dime they have invested in building not only England's army and factires, but those of Germany, Russia and Italy as well, is lost, for Hitler will have outsmarted them and stolen the show as well.

We pointed out this same fact over a year ago to the citizens of this city, and remarked at that time that it wouldn't be long until the pressure would be turned on in a nation-wide effort to sell us another war "For Democracy."

The same old pattern is being followed as was followed in the last drive to get us into the first World War; first a ship was sunk and immediately the cry went up from the HOGS, "Freedom of the seas, barbarous destruction of American ships and lives." You men who fought in the last war and you citizens old enough to remember those days know how it was worked, if you will stop and remember.

Are we going to fall for this old high pressure line again? Just remember these things: These passengers knew the risk they took when they embarked on this ship; they had been warned time and time again to stay out of the war zone, by this nation and by the warring nations.

Just how long could you play in a coal bin and not get dirty? How long do you think we can continue to meddle in the affairs of warring nations and not be drawn into it? What do you think we are going to fight anyone with? You can't fight tanks with foot soldiers equipped with a rifle. None but fools argue with a man who is armed and desperate, and Germany, today, is desperate and well armed and trained.

It is an admitted fact that if we will keep our men and ships out of this war for at least another year we will be at least partially armed and will be in a position where we could keep an army supplied with modern equipment if we were fighting a defensive war in this country. And that is the only kind of war we have any business to fight.

Let's you and I, Mr. and Mrs. American, say to these power mad and money mad HOGS: "If YOU want to fight any foreign wars, do it yourself, but not a mother's son of ours will ever fight outside the limits of this continent.

Peggy Reese Gets Taste Of Army Life In South

By Jean Louise Young

"The men work like dogs when they are in camp but they don't discuss war when they are on leave." Peggy Reese, a former student at West High School and resident of the Hilltop, made this comment on the army life of the boys at Camp Shelby.

Peggy was asked to tell a bit about the camp proper to which she replied, "I really can't tell you much. I've only been on the grounds three times."

When she readily understood the eagerness of those up here to learn the activities and functions of the men in camp Peggy gave us a delightful and informative outline of the procedure down there.

In October, when the first contingent left from Ohio for a year's training in the southern state, only the 37th Division of the Ohio National Guard was stationed in the Mississippi camp. Now the 38th Division is quartered there also. This division is made up of three states.

One or two nights a week the soldiers go out for a night of "war games" in a nearby field.

Must Be Identified

When one desires to tour the camp he must have a Camp Shelby license on his car or a person in training on the grounds to come to the gate to identify him.

The streets are composed of companies. That is, each company has its own street with quarters for the men in that particular company. The quarters for these men are wood structures for about three feet from the ground and screen from there up with a canvas for a roof.

It is nothing unusual, according to Peggy, to see one of the soldiers coming across a field with a five or eight foot rattler in his hand. Spiders, also are found in a quantity down there.

Peggy believes the schools are "much harder there than up here." They endure final and mid-year exams and a "stiff" test every six weeks.

When the compulsory training program started last fall Peggy's father, Lt. Col. John W. Reese, took his family to Gulfport to live while he was in training at Camp Shelby. Peggy left West and entered the Gulfport High School.

Southern Hospitality

"The Southerners extend the real southern hospitality that you always hear so much about," said Peggy. "The people here are slow but exact in everything they undertake. They are fond of swimming and play a good deal of tennis," she added.

For three months Lt. Rees was enrolled in the army school at Fort Benning, Ga., where he studied the course for the battalion commanders. He is commander of the Third Battalion of the 166th Infantry.

"I love Gulfport," declared Peggy. "We don't know when we will be able to come home; things are so uncertain."

Peggy arrived in Columbus June 3 by automobile with her mother and they are staying with an aunt at 499 W. Sixth-av.

Kent's Modern Mkt. Has Air-Conditioning

A modern air-conditioning system was installed at Kent's Modern Market, Sullivant and Hague-avs, this week by the C. O. Emrich Co., 203 S. Wayne-av. It is said to be the first air-conditioning system in operation in a Hilltop grocery.

The "conditioner" uses regular hydrant water through its system, using it over and over and bringing the temperature of the room down to a comfortable thermometer reading. The cooling device is known as the Utility Air Kooler and is said to be the best of its kind available for store and office use.

It does not require a specially "drilled" well to supply water thus eliminating one expensive phase of installation. It operates quietly providing an abundance of cool air flowing through the building all the time.

Henery Bdg. Cold Storage Plant

Chet Henery is building a new refrigerated locker storage plant on the Scioto-Darby Creek-rd, east of Hilliards High School. When the building is ready for occupancy, about Aug. 15, it will have a storage space for 400 lockers, which will be rented to patrons.

In the building will be a processing department for meats which will be cut, wrapped, and fast frozen. There will also be a department for fruits and vegetables.

The advantages of having one of the storage lockers is that a person can buy meats now while prices are low and have them later when prices may have advanced. Sportsmen, too, will find this service useful in keeping fish and game.

It has been proven through research that frozen foods contain vitamins and other valuable minerals that are lost in canning. In these lockers fresh spring fried chickens and strawberries would keep until Christmas.

Slaughtering can be done any month of the year.

The new storage will not be far from the Hilltop.

CAMP FIRE GIRLS

Tewahna Camp Fire Group, including their guardian, Mrs. Ardis Hawthorne, and Judy, will leave for one week's vacation at Indian Lake, beginning Saturday, June 28.

This vacation for the girls is being sponsored by the Mothers' Club, of which Mrs. E. P. Stone is president. Mrs. Stone and her daughter, Virginia, will also accompany the group.

Members planning to make the trip are as follows: Barbara Ashleman, Jane Hawthorne, Dorothy Hingst, Pauline Kaufman, Vivian Lewis, Lois Ray, Betty Reed, Jane Roush, Lillie Sharkey, Anita Simmers, Alice Stone, Louise Yost.

Miss Dorothy F. Hingst, 314 S. Terrace-st, entertained the members of Tewahna Camp Fire group and their boy friends in her back yard Friday evening. Dorothy is working on social leadership, the highest rank obtainable in Camp Fire, and gave this party as a part of one of the requirements.

The evening was spent in playing games and a taffy pull, after which refreshments were served. The following attended:

Barbara Ashleman, Jane Hawthorne, Pauline Kaufman, Vivian Lewis, Lois Ray, Betty Reed, Anita Simmers, Alice Stone, Gilbert Jones, Ned Marsh, Dick Baker, Vic Staley, George Blackmore, Jack Phillips, Harbin Reed, Carl Hingst, Mr. and Mrs. Roy Hawthorne, Mr. and Mrs. Elmer Brunt, Mr. and Mrs. Danny Dover, Miss Cora Hiltbrunner, Mr. and Mrs. Karl F. Hingst and Judy Hawthorne, the mascot of the group.

What. No Change?

The visitor paid his bill at the fashionable hotel and, as he went out, he noticed a sign near the door, "Have you left anything?" So he went back and spoke to the manager.

"That sign is wrong," he said. "It should read, 'Have you anything left?' "—Boys' Life.

White Rose Laundry Founded In 1925

The White Rose Laundry has been at the same location, 814 McKinley-av, and under the same management since 1925. The management is that of Mr. and Mrs. O. R. Scott.

An interesting fact of this laundry is the large percentage of its original employees still affiliated with the company today.

L. C. Schatsman, 1308 Sullivant-av, has been with them since 1930 and Andrew Gregory has been there since the firm was instituted. Gregory lives at 123 Princeton-av.

Equipment in the laundry consists of two or three washing machine and a damp laundry service.

St. John's Church To Have Program

The St. John's Episcopal Church at Town and Avondale-sts, will present a musical program Sunday, June 29, at 3:30 p. m. in the church.

Singers in chorus are not all members of the church. The program will be entirely of sacred music.

Solos will be sung by Mr. S. Donald Stone, Mrs. Dorothy Hupsel, Mrs. E. H. Mitchell.

Mrs. Dale Hinebaugh is organist-director of the group.

Mama, do men ever go to heaven?

Yes, dear, why?

Why, I never saw a picture of an angel with whiskers.

Well, if most men are like your father, they get there by a close shave.—Boys' Life.

HOOVER'S HOME KILLED MEATS
The Truth About Meats

This is not meant to be any criticism toward any competitor, just a friendly talk to the readers of our ad about meats. Much has been said about the so-called synthetic or artificial aging of meats and the merits of the same. Now, just what meats need aging? The only meat that needs aging is meat that is tough or old in years at the beginning. Surely a young chicken that has had the proper feed does not need aging before cooking. What is better than going out and killing your own chicken and frying it without having to put it through an aging process, yet you could not fry an old hen in the same manner, could you? Or take a fresh vegetable—the sooner it is plucked from the garden and cooked the better it is because it has retained all the natural flavors. The same holds true of meats. If the animal slaughtered is of the right type and age it needs no artificial aging or processing for again the same principle holds true as of the chicken. Our meats are selected from young beef and hogs and are killed by the age-old way of killing, which is to let the animal's heat leave the slaughtered carcass naturally, which does not destroy the flavor and juices of the meat. Again we say that meat from young beef and hogs needs no artificial or any kind of aging to be tender. Our meat comes direct from the farm to you. No packer profit—just a small profit which we need to operate. That is why we can sell you good meat at less money.

Reporter Finds Airport Exciting Place To Visit

By Camille McKee

Since loud roaring motors and sleek spinning propellors of airplanes have always held a fascination for your roving reporter, the pilots of the Sullivant-av. airport found me parked on their doorstep awaiting an interview and very excited at the prospect of learning about aeronautics from men who make it their life work.

A typical flyer strolled into the office and introduced himself as Edward Hayman. He listened as I fired questions one after the other and then began by explaining the part this airport had played in the aviation history of Columbus.

He related that it was originally called the Columbus Airport and was established as the first airmail service for this city in 1928. After the mail contract was dropped the airport remained at a standstill for several years until Gomer Jones took over the lease. In the last year and a half, Edward Arn, manager and licensed instructor, has enlarged the airport from a one plane training school to an excellent five plane one. The airport is classed as an A-1 flying field in regard to facilities and ranks second or third in size among Columbus airports.

Have Five Training Planes

At present they have five training planes, which includes three class-1 monoplane Aeronica trainers, one of which is a Side-by-Side Aeronica Chief, one Piper Cub trainer and one Stinson, which has complete blind flying instruments and night flying equipment. In addition to these there are seven privately owned planes.

Due to the enlargement of the school which now has from 95 to 100 students, they are remodeling the old hangar and constructing a new five plane hangar. In the near future they hope to have night flying as well as day flying.

In a small way they are doing their part for national defense as "Red" Mason and Tommy Barrett, now in the air corps, received their preliminary training at the Sullivant-av. airport.

Examined The Planes

As I roved about the airport with the wind and the dust in my face, examining the training planes, tapping on the duralumin of the fuselages, watching the planes take off and come in, I received a faint idea of what it must feel like to fly, and the life of an aviator. It was so impressing that your reporter contemplated taking a trip upstairs.

The law requires eight hours of instruction in the air with a licensed instructor. If you are undecided whether you want an aviation career, you may take a demonstration ride allowing you to get the feel of the controls.

As we waved farewell your reporter was determined that she was not going to let much grass grow under her feet before she poked her nose into actual flying.

Mistaken Identity

A western lady was taken to a meeting of a club in Boston. "And just where to you come from?" one of the dames asked. "From Idaho," the western lady replied. Patting her hand in a kindly way the Boston lady said, "My dear, I'm sure you won't take offense if I tell you something you ought to know. We pronounce it 'Ohio'."

Y'Auto Go to Church

To accommodate the immense over-flow crowd, Pasadena Community Church, St. Petersburg, Fla., has created the only "drive-in church" in the country. In hundreds of cars church-goers listen to the service through loud speakers, honk their horns once for "Amen," twice for "Hallelujah!"

Persistence Personified

"You ought to feel highly honored, young man," said the big businessman to the life insurance agent. "Do you know that today I have refused to see seven insurance men?"
"I know," replied the agent, "I'm them."

Rumour

Actual evidence I have none,

Good deed gone wrong: As a pleasant surprise for his wife, a Royalton, O., man recently varnished the kitchen floor for her —which was just dandy until Friend Wife pointed out he'd used a can of maple syrup for the varnish.

Help The Man Who Needs Help

The prices you pay for food tell you that living costs are going higher from day to day. Other commodities are likewise higher, thus bearing out this same conclusion.

Today we are witnessing a demonstration of the economic curve in which wages lag behind living costs. It has always been so and we are to expect it so today. In many, many instances it is not possible to pay the increased wages that are necessitated by increased prices. In these instances the worker must be willing to do the best he or she can with the money received and await the time when an employer has more income to make increased wages possible.

Today the city government is facing a strange situation. A survey has been made in which it has been determined numerous salaries should be increased. In some instances some cuts have been recommended.

Again the economic curve points to the necessity of these increases being granted but the money is not there with which to pay these employees the extra money they need.

Some supposedly "experts" have made a wage survey for the city and made the recommendations. We hope city council will not be willing to accept these recommendations as being final. We believe they should be carefully considered before they are enacted into legislation. Before some of the suggested cuts are made we believe they should be carefully weighed. And by all means we think council should meditate the proposed increases.

One thing above all else must be remembered at this time. Any increases that are justified by the city of Columbus are justified in view of increased costs of living and living costs are no higher today for the heads of departments than for the men working in the various departments. Therefore we believe a just raise would be a proportionate one for all employees.

A Good Time Was Had By All

Last Thursday evening was Hilltop night at the Red Bird stadium and a goodly number of folks from this community turned out to witness the spectacle of the Red Birds losing a game and winning one from the Indianapolis Indians. All in all a good time was had by all

But here again is demonstrated what can be done when a little effort is made in this community to sponsor an affair.

Maybe the Red Birds can take a hint from the evening. They haven't been doing so well for a few seasons. The crowds just haven't been materializing Maybe they could do something about it if they would interest themselves a little more in selling their team and what they have to offer to all baseball minded communities of Columbus.

Better Get Down Town and Register

The big guns are roaring in Europe and FDR is holding his place in the national spotlight but we shouldn't forget that we have an election this fall and perhaps most important is the matter of the selection of three men for city council.

Last week the Republicans gave their blessings to three men in a convention. Previously the Democrats had given their nod of approval to a slate of candidates.

But one thing . . . let's not overlook this election this fall . . . and first of all, remember that if you aren't registered you had better get down town to the Board of Elections and sign up. Don't put it off. If you wait something may deprive you of the opportunity later

And the city is going to get the best officials if more of you get out and vote.

76-Year-Old Is Cycle Winner

"I surely enjoyed it, because I like to be with children," was the modest comment of 76-year-old W. P. Gortner when asked about winning the electric clock for being the oldest participant in the Montgomery Ward bicycle parade last week.

Mr. Gortner rode a bicycle many years ago when he was a lad but he lost interest in riding for about 35 years. Two years ago he had many short trips to make on the Hilltop and bought a bicycle for transportation. He thought cycling a "good thing" so he joined the West Columbus Wheelmen. The little old gentleman has made about all the trips with the club and takes great pride in his membership.

Mr. Gortner came to Columbus from Amanda 16 years ago, where he had operated a printing press.

Mr Gortner lives at 637 S. Chase.

Little and pretty Martha Jayne Moore, four-year-old daughter of Mr. and Mrs. Wm. H. Moore Jr., 1566 Cordell-av, came home last week with second prize in the big annual children's bicycle and costume parade sponsored by Montgomery Ward.

They Direct Jubilee Celebration

Whenever you see activity you generally can find a group that makes the wheels of this activity go round.

And so it is with the Jubilee celebration being held on the Hilltop next week sponsored by Camp Chase Post of the American Legion.

Pictured above are members of the committee in charge, left to right, E. H. Brown, Dr. A. C. Myers, chairman, H. J. "Ducky" Swain, and C. H Campbell. These men, assisted by Edgar Planck, another member of the committee, have arranged a show, open to the public, designed to provide much entertainment for the community. Profits derived from the event will go to the post permanent home fund

About Ball Games

Hilltop Night at the Red Bird Stadium is history and proved a lot of fun for the 469 Hilltoppers who watched the Red Birds split a double bill with Indianapolis. There was some good baseball and then some just baseball. We personally enjoyed what we were able to see of the game. Most of our time was taken trying to explain to the Missus how to keep a running score of the game. . . . We must say she did come out with the same score that was posted on the scoreboard although we don't know why . . . Most outstanding error glimpsed on her account of the game was the appearance of a Fullback batting seventh in the Indianapolis lineup. (She explained the FB was intended for First Base).

Vernon Frederick did a good job of heckling the visiting team from his seat directly behind the dugout . . . Jack Shank failed in his effort to get Cowboy Jones to take the bat off his shoulder. (He was called out on strikes twice) . . . Detective Chief Leo Phillips and Curt Wilcox had front seats midway down the first base line . . . Several ladies insisted on yelling for a homerun when the ball was being hit directly into a fielders hands . . . Most of them got a big kick out of the way Bracheen was "peeping" for his signal from the catcher . . . Mart Seiller and Paul Leighninger came down to our house just before game time to get their ducats . . . Marie Eddington, sister and hubby had a hard time convincing an usher to give them seats in a box with one ticket of admission and two rain checks . . . Max Marshall did much to set himself up as a hero after that winning eleventh inning single . . . Clarence Story thought the whole thing was dull compared to seats on the fifty-yard line up at State.

This 'n That

A. E. Kiefer showed us that first ripe tomato Friday, June 27. If any of you gardners beat that let's hear from you . . . A E. was glad we spelled his name correctly but objected to our referring to that "acreage?" of his as a "two by four" . . . Esther Weakley received an anonymous letter Saturday after her son's picture appeared in the "wrong" paper down town . . . There are rumors that a new company will reopen the mineral wells on Valleyview-dr . . . Eileen Grigg never buys Melvin a necktie

Myron Seifert sends a post card to this office written on a piece of birch bark. It was postmarked Gaspe, Quebec . . . Gene Sheldon is now working in the Earl Carrol show in Hollywood . . . We think Don Bailey really has an idea in teaching his girl to drive his car.

Blame It On The Heat

Everything happens to us. Last Friday, Pop Waymer sends us up a pint package of that special "homemade" ice cream he's making just to introduce us to the delicacy. Being out of the plant at the time a very (considerate?) office force promptly ate the ice cream "so it wouldn't melt." Thanks just the same, Pop. I have their word for it that it was swell.

'Twas Told To Me

Jean Sowers has been a visitor at the Good home. (That's all we know up to now) . . . Eddie Essman will take a trip down through the Smoky Mts. next week . . . Ralph Harder is now pumping gas down at Perry Davis' service station . . . Art Stiffler is now with the A. & P. Co. . . . We missed the announcement last week about the new son born to Mr. and Mrs. David Hastings on June 18. Son James and mother are now at their home on Belvidere-av.

'Twas Told To Me

What's this we hear about Mrs R. E. Sinliff being coaxed into a boat at Indian Lake and then almost jumping overboard when a big wave swept over the prow of the craft? . . . Bruce Tanner was in Chicago over the week-end . . . Tom Zelkoff is building a $10,000 home on S. Huron-av . . . Frank Mitchel thinks we have the upper hand because he can't have a chance to write a column

Famous last line (author anonymous): "Gee, isn't it hot."

To become a member the applicant must be 16 years old and have a headlight and tail light on his bicycle if he wishe to go on night trips. It is also necessary to ride with the club on two trips before being admitted as a member. There are no fees and the club is open to anyone interested in cycling

The longest ride last year was the century ride taken to Mt Sterling the averaged speed on that trip was 12 mi per hr. On such a trip the group starts as early as 1:00 A. M. they ride about 10 miles and then walk then bicycles about 2 city blocks

As Mr Ray said there are some muscles in the leg not used for riding and others not used for walking, by walking a short distance it relieves the tired muscles and you can ride for a longer time without getting tired so quickly

To prove this on the last century ride 11 girls started on the trip and returned with the group As to safety rules to follow while bicycling, Mr Ray says Follow the traffic rules to the letter and no one will be hurt; if you ride at night be sure you have a good headlight and tail light

For years the Hilltop has been known far and wide as the home of "bigger and better minstrel shows" Recent years, however, have seen the growth of another form of hospitality that has become even more widely known—the Annual Bean Dinner sponsored by the Hilltop Business Men's Association to promote neighborliness and help Columbus to get better acquainted with the Hilltop

This year's big "bean dishing" will take place at Westgate Park, July 30, rain or shine. The beans with crackers and coffee are handed out free of charge to all comers as long as the supply holds out and despite the increased cost of beans this year (in line with many other food commodities) servings will be as generous as in past years.

The bean feed is not the only attraction. A committee of 12 men headed by E. O. Melvin, hardware man, has been busy for weeks working out dozens of games, contests, stunts and other lines of entertainment to keep the crowd amused. Complete plans for the day's program have not been made and are increasing in scope as the time grows near.

Lots of Excitement

There's never a dull moment at Westgate Park from 2 p. m. until well toward midnight when the din of the big picnic dies away.

Hilltoppers by the thousands will trek toward the bean stands, some with plates all ready for the feed Tin plates will be supplied by the association for a small charge. Visitors are permitted to bring their own plates without charge Added thousands from other parts of town will be there to partake of the feast and fun or just to see what the affair is all about.

As usual a host of politicians and office seekers will take advantage of the situation to meet friends and make new acquaintances All in all it promises to be another "red letter day" in the life of the Hilltop.

Campbell Is Named To Drug Office

Stacy Conrad, Newark druggist, was elected president of the Servall Druggists' Alliance following a recent election. C. H. Campbell, 2766 W. Broad-st, was renamed secretary of the group.

High-st, Thos. J. Ryan, 2996 Indianapolis-av, and J. D. Wright, 1114 E. Main-st, directors. Ray Foeller, 567 E. High-st, retiring president, is chairman of the board of directors.

Mayor Floyd E. Green will install the new officers at the July meeting to be held in the Virginia Hotel.

OLD GLORY

Old glory with her stars and stripes,
Is good enough for me.
It is that unsullied banner,
That spells our liberty.
Our fathers fought to save her:
The price was great to pay--
In sacrifice of human life,
To free our U. S. A.

Old glory with her stars and stripes,
Is good enough for me.
It stands for moral courage,
For truth and purity.
Let us keep faith brightly burning,
Within our hearts today.
Resolved to hold our sacred trust,
For our old U. S. A.

—Ethel Titus Worthen.

Glenwood Upsets Hoge In League Play

Wild and wooly games featured the play in the West Church League, Monday, at Westgate Park. The four winners, Burgess U. B., West Park M. E., Glenwood Methodist and Avondale U. B. compiled a total of 56 runs and which proved to be a very sorrowful evening for opposing pitchers.

The standout game saw a spunky Glenwood team step up and defeat a favored Hoge No. 1 squad by an 8 to 1 count. The game was featured by the hurling of a newcomer to the league, big Charley Siferd, Glenwood's pitcher, who set the Hoge boys down with five hits. The winners put together eight hits with frequent walks to push across their eight runs. Hoge's only run came in the sixth when a hit and an error allowed their lone score.

By virtue of their victory, Glenwood is now tied for first place with West Park M. E. who thumped Hoge No. 2, 20 to 5. Eddie Eberhart coasted to an easy win behind the hard hitting of his team-mates

With Don Ryan pitching three hit ball, Avondale U. B. won out over Hillcrest Baptist by the score of 7 to 4 and it also was the first defeat for Hillcrest in the second round. Ryan helped his cause by getting three for four at bat.

In the last game, Burgess U. B. swamped St. John's by the score of 21 to 0. The losers were handicapped by the absence of most of their regular players. Chuck Cash hurled the victory while his teammate, first baseman Riggs, drove out two homeruns

The program of the Institution for Feeble-Minded follows: 9 a. m., a baseball game will be played between the patients and visitors beginning at 9 a. m. and lasting until 11 a. m., at which time there will be a band concert, and at 11:30 a. m. dinner will be served to the patients.

The afternoon session will be opened with a community sing. Songs to be sung are "God Bless America," "America," "Oh! Susanna," "Polly Wolly Doodle," "We're All Americans Now," and "Star Spangled Banner."

At the State Hospital the patients will be entertained with two baseball games in the morning, one at 9 and the other starting at 10. These will be played between the patients and employees of the hospital. From 1 until 3 p. m. the patients will join in games and contests. In the evening, at 6:15, the patients will be shown a picture, "Blondie Has Servant Trouble."

This will wind up the day's activities

Record Ads Find Jobs For Students

What the Hilltop Record classified ads can accomplish in getting jobs is well explained in the following excerpt from a letter written by Carl E. Smith, in charge of the employment bureau at Starling Junior High School:

"A total of fifty-six jobs were obtained for needy pupils, with an estimated cash return of one hundred and seventeen dollars.

"Some of the students were placed in permanent employment before and after school. Other jobs were just temporary, such as mowing lawns, washing windows, cleaning basements and yards, tending children, housework, passing bills, etc."

Record ads are equally effective in getting someone to do the odd jobs you find so difficult to get at during this hot weather. Just call Ra. 1135 and give them a trial.

"THE INDIAN AND BUFFALO"

The thundering herds of buffalo
No more will roam the plains
Gone from the prairie and plateau
Destroyed for railroad trains.
Over a million in one aggregation
When grass was lush and green
Continually changing their formation,
Eagles quietly viewing the scene.

The Indian killed the buffalo
But only for his need,
The white man for a dollar or so
Killing for style and greed.
Hide-hunters started the slaying,
Killing only for the hide.
Buffalo meat everywhere decaying,
Young calves at their side.

Destroying the Indians food supply,
Then usurping his hunting land,
Land bequeathed from power on high
The only way he could understand.
They were forced to the reservation,
No more to pillage and plunder
From the condition of our nation
Some one made a fearful blunder.

Colored Awnings Are Popular

Bright colored awnings are playing an important role in modern architecture, according to Stewart Elkins of the Elkins Awning & Tent Co., 1580 Sullivant-av, designers and manufacturers of awnings, terrace awnings and special tents.

Terraces have become a popular trend in newer houses, he said, with awnings so installed that they provide a brilliant contrast with the more conservative house exterior and at the same time afford an outdoor living room for the summer. The awning frame of steel is permanently installed, making installation or removal of the awning comparatively simple.

Rakish patterns and colors are used extensively along with specially designed supports and frames to carry out the theme of architecture. Terrace awnings are especially applicable to Spanish or modern types.

Terrace Awnings

Numerous owners of porchless houses have hit upon the plan of providing a terrace at one end or alongside the house and installing a terrace awning to provide porch space. The idea has swept the city and central Ohio, becoming such an important factor in the awning business that the firm has set up a special department that specializes on terrace work.

The Elkins Awning & Tent Co. is owned by Stewart and Howard Elkins, both experienced awning men who for the past three years have operated their own business.

Westgate Residents Oppose Erection Of Low Cost Housing

The Hilltop Record

In Its 25th Continuous Year Of Community Service

Vol. XXV, No. 12 | The Hilltop, Friday, July 11, 1941 | Total No. 1166

Plans Call For Building of 30 Units

Residents of Westgate Park addition are up in arms over a report that a great number of low priced homes will be built in that section soon.

It has been reported that a firm known as the Ohio Defense Homes Corporation has made plans to build approximately 30 homes in one section and more at a later date, all financed through FHA and to sell under the restrictions in that section. The homes are said to be pre-fabricated and of low cost construction.

It is understood that the houses would be offered for sale without down payment to encourage purchase of them. Building regulations in this area call for houses of $5500 vauation or more. An abstract has been submitted to FHA officials for further study on restrictions in that section.

The community was represented by a group called for a meeting at Schmelzer's, Restaurant on Monday evening at which time they decided to make a concentrated effort to see that FHA does not grant loans for the cheaper houses in a section made up of $5000 to $10,000 homes.

It is claimed that the pre-fabricated houses in question do not come up to specifications set by the city building code and that restrictions of the Westgate community do not allow cheaper homes to be built therein.

It is further claimed that if such a program is followed out FHA will be granting loans under both title two and title six in the same section. Real estate men and builders are at a loss to understand how such an arrangement can be secured through FHA.

A prominent builder present at the meeting stated that it was not necessary to build low priced homes in Westgate in order to sell them. He reported that homes priced from $5500 up are selling as quickly as they are built.

The support of persons residing in that area who are interested in keeping new construction up to the restricted valuation set by developers of the addition will be appreciated by the group, it is stated.

Candidates Wanted

An effort is being made to organize on Old Timers baseball team on the Hilltop, it was learned this week. Anyone interested in becoming a candidate for the team is asked to get in touch with E. O. Melvin at Melvin's Hardware, 2409 W. Broad-st, or by calling Ra. 2424.

Picnic To Feature Sports

Dancing, games, athletic contests and archery will form some of the highlights of the fourth annual Hilltop Bean Dinner to be held at Westgate Park Wednesday, July 30, under the auspices of the Hilltop Business Men's Association. Two tons of boiled beans skillfully cooked by the David Davies Packing Co. will be dished out to hungry picnicers. Free crackers and coffee brewed by the Kenny Coffee Co. will also be on the menu.

Curt Roberts, 303 Belvidere-av, chairman of games and contests, has worked out a program of interest to persons of every age. Starting at 3 o'clock in the afternoon there will be a 25 yard race for boys six to nine; a 25 yard race for girls six to nine; a 50 yard race for boys 10 to 14; a 50 yard race for girls 10 to 14; a 50 yard race for boys 14 to 18; a 50 yard race for girls 14 to 18; a 50 yard sack race for boys and girls; a bean and straw race for ladies and girls; a milk drinking contest for boys, a shoe kicking contest for married ladies; a fat men's one-legged race and a girls' cracker eating contest.

There will be the usual greased pole with its money prize for the one who can reach the top unaided.

Softball Game

Between 6:15 and 7 a seven inning softball game will be staged between the Shroyer Funeral Home girls' team and the Timken Roller Bearings. These are two of the classiest teams in girls' competition.

Tom Lewis, 474 Wilson-rd, has charge of dancing and music for the evening. Hal Brown's orchestra will provide music for round dancing in the shelter house from 8 o'clock until closing time. An old fashioned dance depicting the customs of another era will be presented at some time during the evening. Francis and Martha Cruea will assist in this number.

Between 6 and 7 there will be an exhibition archery match between a team composed of Hilltop archers competing against a team from the North End of Columbus. The match will be shot at 30, 40 and 50 yards.

Noah Ault Rites Were Yesterday

Death removed one more of the better known old time residents of the Hilltop Saturday with the passing of Noah C. Ault, 81, in Doctor's Hospital. For years he had been a member of Hoge Memorial Church where he had been employed as custodian.

For the past few months he had been residing at the Norwich Hotel. Death was said to have been due to uremic poisoning. Complications from an attack of influenza last January had kept him in a somewhat impaired condition of health, according to Dr. William Lowry, his physician.

Surviving is a son, Frederick Ault, of St. Louis.

Services were conducted yesterday afternoon from the Spears Parlors with Rev. A. J. Wold in charge.

Open Wednesday Afternoon, July 16

The Economy Drug Store, 2660 W. Broad-st, and the Eureka Drug Store, 2461 Bullivant-av, are the two pharmacies designated to be open on Wednesday afternoon, July 16, in accordance with the general Wednesday afternoon closing plan in effect on the Hilltop throughout the summer months.

Camp Chase Wins Second City Start 6 to 0

By Roy Meloeny

Camp Chase Post No. 98 baseballers were victorious again Thursday when they thumped an Aquinas nine of the East Legion League 6 to 0 to stay on top in the city Legion League.

The win was made an easy task by the fine hurling of Dick Hoover who held his opponents to four scattered hits and no runs while his mates were collecting 10 safeties for six runs off of two Aquinas hurlers.

Leading the attack for the winners was Jim Taylor, second baseman, who drove out two hits, one a long double which batted in the first run. Dick McQuade of the losers got two of the four hits obtained by his mates to be their leading hitter. Hoover got 14 Aquinas batters via the strikeout route.

A triple play occurred in the sixth inning when Camp Chase had bases loaded, then Bill Richards lined out to shortstop who stepped on second and threw to first for the triple killing.

The victory was the second straight for the Chase boys in the city league and their eighth consecutive win this season without suffering a defeat. They are the only undefeated Legion team in the city.

The Camp Chase team is composed of Bob Swisher and Dick Hoover, pitchers, Charles Weidner and Dick Olip, catchers, Captain Roy Meloeny, 1b Jim Taylor 2b, Phil Wisdom ss, Bill Richards, 3b, Herb Baird lf, Jim McElwee cf, Ray McVay rf, while Dick Gilmore and Bill Clark are held in reserve. Hoover and Swisher play in the outfield when they are not pitching.

Of the last five games played, the Camp Chase pitchers, Dick Hoover and Bob Swisher, have pitched four shoutouts and have allowed a total of 13 hits, an average of little over two a game.

Dick has hurled a no-hitter, one-hitter, and a four-hitter, while Swisher has pitched a pair of four-hit games.

The team's batting average is .280 with Jim Taylor, stellar second baseman, leading the hitters with seven hits in 14 trips to the plate for a cool .500. He is followed by Roy Meloeny, 1st baseman, with .444 and Bill Richards, 3rd baseman, with .412.

Games yet to be played by the Camp Chase nine in the City American Legion League are two games with Columbus Post of the North League, and one each with Aquinas of the East League and Cornus Club from the South Side. All the teams are the champions of their respective leagues.

Camp Chase won the city title last year and are doing a swell job of defending it this year.

The team is coached by George Collins who is assisted by Herb Davis and Dan Stout.

Auxiliary Formed In 1929

Wives, sisters and mothers of Camp Chase Post members began to make plans for their own organization less then two months after the post was founded. With this idea in mind on June 6, 1929, the post auxiliary was formed. The first charter consisted of 12 [illegible]

George Pekras presented the organized group with colors four months after its inception.

With this meager start in 1929, the auxiliary rose to the position of having the most members in Ohio, and ninth in the country in 1933. It had 347 members.

One of the major activities of the auxiliary is its annual poppy sale from which the entire proceeds go to soldier relief work.

Past presidents of the auxiliary have included Helen Hoar, '29-'30; Mildred Williams, '31; Lillian Richardson, '32; Delia Wagner, '33; Mabel Rogers, '34; Mildred Myers, '35; Edna Bellar, '36; Bertha Planck, '37; Martha Finneran, '38-'39; Mrs. Helen Kirkpatrick, '39-'40.

The officers for '40-'41 are president, Mrs. Harriet Brown; vice-president, Mrs. Frances Myers; second vice-president, Mrs. Martha Lind; secretary, Mrs. Lurene Bowser; personal secretary, Mrs. Evelyn Swain; treasurer, Mrs. Jane Miller; chaplain, Mrs. Esther Scales; sergeant at arms, Mrs. Irene Hitchcock; historian, Mrs. Martha Finneran; relief chairman, Mrs. Alga Kinnen; director of the junior auxiliary, Mrs. Edna Johnson; color bearers, Mrs. Hazel McCall and Mrs. Lillian McVay.

Members of the executive committee are Mrs. Della Wagner, Mrs. Mabel Rogers, Mrs. Grace Clark and Mrs. Helen Kirkpatrick.

Almost one-half of Ohio's war dead are unknown. There are 1300 WPA workers employed in locating the graves of the dead from America's 31 wars and uprisings.

The good sportsman has learned democracy. The good citizen has also learned democracy in that he recognizes no standard of human excellence save merit.

Commander

M. P. Hain

M. P. Hain, present commander of the Camp Chase Post of the American Legion, joined the post in 1931. He has always been active in civic work of any nature. He also enjoys work with children.

Hain served 12 months overseas in the last World War as Top Sergeant of 13th Co., 3rd Rgt., A. S., Mechanics, A. S. A.

Before he was called into service he was an inspector for the Prudential Life Insurance Co. He was with them for 11 years. He is now associated with the liquor department.

He resides with his wife, Bernice, and their two children, Betty and Richard Ellis, at 113 Whitethorne-av.

The good sportsman has learned teamwork. The good citizen has also learned teamwork, which is merely another name for cooperation. A nation of individualists would pass swiftly into anarchy.

The American Legion through the years has maintained strong militant opposition to the alien isms, Communism, Nazism and Fascism.

Is he a reckless driver?"

"Say, when the road turns the same way he does it's a coincidence."

40 Men In Post Drum and Bugle Corps

In August of 1930 Camp Chase Drum and Bugle Corps made its initial appearance at the state Legion parade in Cincinnati. The group was organized the same year.

This organization was made a reality with funds set aside by the post, together with a contribution obtained from the Hilltop Business Men's Association through the work of Fred L. Sulzberger. Sulzberger was the Drum and Bugle Corps' first manager.

The first corps consisted of a manager, a drum major, four drummers, and eight buglers. Claude Hasson was the first drum major; later he was succeeded by Ted Stuart. This organization now has nearly 40 members.

L. G. Scales was manager of the bugle corps in 1934-'35.

Commander of the Drum and Bugle Corps at present is I. B. Deems. The group plays for many civic events. They have just recently purchased new uniforms.

Thanks—

Camp Chase Post of the American Legion takes this opportunity to thank all the many people of this community and throughout the city who have been so very helpful in every undertaking we have endeavored.

This fine cooperation with our service organization has made it possible for us to carry on a much more complete program than we might otherwise have been able to accomplish.

This organization is made up of men who are vitally interested in every movement for the betterment of our community, state and nation. We hope to be able to continue to accomplish much good.

Today as we near our twelfth anniversary we are indeed grateful for the hearty cooperation shown us again by business people of the community who have made this supplement possible. We thank each and every one most sincerely.

—The Committee

Road Director Issues Message

"America may have been unprepared for war, but this nation certainly should not go unprepared for what is to follow," Hal G. Sours, Ohio Department of Highways, wrote the Western States Highway officials' convention today at Casper, Wyoming.

Improvement of highways has a distinct advantage over almost all other types of public improvement, Mr. Sours pointed out, because "they actually serve everyone directly or indirectly in every day life."

"We have a definite, immediate highway problem which cannot be delayed. Action in Congress is under way. Legislation being considered would provide for deferred needs to a certain extent, and would also provide for some phases of advanced planning.

"There are, however, many things which need to be done to modernize this system so that it will not collapse and to extend and expand it to such an extent that it will function properly for all purposes.

"The states have many other problems which must be cared for without federal aid and while the states have shown a wholehearted spirit of cooperation in the defense highway program they should not be called upon to shoulder unaided the problem of bringing the defense highways up to standards required. After all that problem is essentially one of defense — the highways are defense highways today—tomorrow they will again revert to the traffic of civil life after being literally torn to bits by the tremendous volume of transport now rolling over them."

A most-unselfish program! service to all, regardless of race, creed. This is the American Legion.

Old Records Fall At O. S. U.

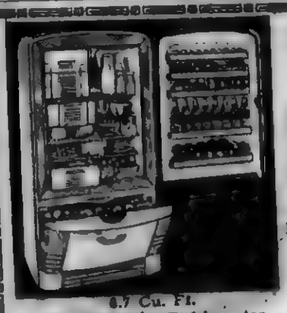
With the current track season about to close, a resume shows that seven Ohio State and Stadium records have been shattered and eight tied.

Bob Wright, sensational scarlet and gray hurdler, tied one hurdle record and broke another. Captain Les Eisenhart rang up a 4:16 mile both indoors and out, thus polishing off a pair of new records.

Robert Johnston, OSU weight man, threw the discus for a new Ohio State record, and Emil Mildes pushed the shot 48 feet nine inches for another record.

Care of Mothers Stressed By American Legion

The United States Children's Bureau and the Maternity Center Association agree that each year 16,000 mothers or prospective mothers die from the cause of child birth. It is stated that each mother's death has direct effect on the lives of two and one-half children and that means that 38,000 boys and girls must start life each year under a most serious handicap. Two-thirds of these mothers' deaths are preventable, which means that 25,000 children are unnecessarily left motherless each year. This happens in the United States.



The American Legion has undertaken a program of bringing information to both men and women regarding the necessity of examinations, care and treatment for mothers and prospective mothers during the pre-natal and post-natal periods; the duty and responsibility of the father in aiding the mother to assure this care, and such other information as will very materially reduce the number of needless deaths, thus giving more and more children their chance of a fair start toward citizenship through the loving care and training of a fine mother. It is another valuable service the Legion is rendering.

Plans Call For Building of 30 Units

Residents of Westgate Park addition are up in arms over a report that a great number of low priced homes will be built in that section soon.

It has been reported that a firm known as the Ohio Defense Homes Corporation has made plans to build approximately 30 homes in one section and more at n later date, all financed through FHA and to sell under the restrictions in that section. The homes are said to be pre-fabricated and of low cost construction.

It is understood that the houses would be offered for sale without down payment to encourage purchase of them. Building regulations in this area call for houses of $5500 vauation or more. An abstract has been submitted to FHA officials for further study on restrictions in that section.

The community was represented by a group called for a meeting at Schmelzer's Restaurant on Monday evening at which time they decided to make a concentrated effort to see that FHA does not grant loans for the cheaper houses in a section made up of $5000 to $10,000 homes.

It is claimed that the pre-fabricated houses in question do not come up to specifications set by the city building code and that restrictions of the Westgate community do not allow cheaper homes to be built therein.

It is further claimed that if such a program is followed out FHA will be granting loans under both title two and title six in the same section. Real estate men and builders are at a loss to understand how such an arrangement can be secured through FHA.

A prominent builder present at the meeting stated that it was not necessary to build low priced homes in Westgate in order to sell them. He reported that homes priced from $5500 up are selling as quickly as they are built.

The support of persons residing in that area who are interested in keeping new construction up to the restricted valuation set by developers of the addition will be appreciated by the group, it is stated.

Candidates Wanted

An effort is being made to organize an Old Timers baseball team on the Hilltop, it was learned this week. Anyone interested in becoming a candidate for the team is asked to get in touch with E. O. Melvin at Melvin's Hardware, 2409 W. Broad-st, or by calling Ra. 2424.

Picnic To Feature Sports

Dancing, games, athletic contests and archery will form some of the highlights of the fourth annual Hilltop Bean Dinner to be held at Westgate Park Wednesday, July 30, under the auspices of the Hilltop Business Men's Association. Two tons of boiled beans skillfully cooked by the David Davies Packing Co. will be dished out to hungry picnicers. Free crackers and coffee brewed by the Kenny Coffee Co. will also be on the menu.

Curt Roberts, 303 Belvidere-av, chairman of games and contests, has worked out a program of interest to persons of every age. Starting at 3 o'clock in the afternoon there will be a 25 yard race for boys six to nine; a 25 yard race for girls six to nine; a 50 yard race for boys 10 to 14; a 50 yard race for girls 10 to 14; a 50 yard race for boys 14 to 18; a 50 yard race for girls 14 to 18; a 50 yard sack race for boys and girls; a bean and straw race for ladies and girls; a milk drinking contest for boys; a shoe kicking contest for married ladies; a fat men's one-legged race and a girls' cracker eating contest.

There will be the usual greased pole with its money prize for the one who can reach the top unaided.

Softball Game

Between 6:15 and 7 a seven inning softball game will be staged between the Shroyer Funeral Home girls' team and the Timken Roller Bearings. These are two of the classiest teams in girls' competition.

Tom Lewis, 474 Wilson-rd, has charge of dancing and music for the evening. Hal Brown's orchestra will provide music for round dancing in the shelter house from 8 o'clock until closing time. An old fashioned dance depicting the customs of another era will be presented at some time during the evening. Francis and Martha Cruea will assist in this number.

Between 6 and 7 there will be an exhibition archery match between a team composed of Hilltop archers competing against a team from the North End of Columbus. The match will be shot at 30, 40 and 50 yards.

James Midlick Inducted Into Military Service

One Hilltop boy left for the army today, July 11. He is James Jessie Midlick, 542 S. Oakley-av.

Tennis Play To Discover Winners

Sectional play will be conducted at Westgate, Holton, Glenwood and Sunshine Parks to compose the western district. Each park will hold its own elimination play and then declare winners from the district. Registration for preliminary play must be made by July 2. Ground champions must be registered by July 26 and district champions by Aug. 1. District eliminations will be held the week of July 28.

Boys' play will be open for junior singles, under 15 years; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. Girls will compete in junior singles, under 15; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. There will also be an intermediate mixed doubles for those under 18.

Noah Ault Rites Were Yesterday

Death removed one more of the better known old time residents of the Hilltop Saturday with the passing of Noah C. Ault, 81, in Doctor's Hospital. For years he had been a member of Hoge Memorial Church where he had been employed as custodian.

For the past few months he had been residing at the Norwich Hotel. Death was said to have been due to uremic poisoning. Complications from an attack of influenza last January had kept him in a somewhat impaired condition of health, according to Dr. William Lowry, his physician.

Surviving is a son, Frederick Ault, of St. Louis.

Services were conducted yesterday afternoon from the Spears Parlors with Rev. A. J. Wold in charge.

Open Wednesday Afternoon, July 16

The Economy Drug Store, 2580 W. Broad-st, and the Eureka Drug Store, 2461 Sullivant-av, are the two pharmacies designated to be open on Wednesday afternoon, July 16, in accordance with the general Wednesday afternoon closing plan in effect on the Hilltop throughout the summer months.

At retreat Sunday evening, members of the Order of the Arrow participated with appropriate ceremony, the Indian Chief of the local chapter, Katinonkwat Lodge and his tribesmen recognized the 12 campers and the five camp staff members who had been selected and designated by their fellow campers to be so honored and initiated into the OA. Among those honored was Scout Dick Sutton, Troop 22.

Director Kautz said that the second and third camping periods were registered up to capacity, but there were several vacancies for the fourth period and he would urge those contemplating registering for that period to do so at once at Scout headquarters, 26 N. Grant-av. Gifford and Riggs told this reporter that they should like to see more Hilltop and southwest district scouts at camp this summer so they could take them on one of their memorable hikes, as they did their troops during the first period.

MODERN POETRY

By Esther Weakley

ABSENCE

Your absence has keyed my heart
To a greater love than I
Ever imagined from the start
Could instill my soul to sigh,
My eyes to yearn for
The sight of your dear face.
I cannot be happy, nor
Will I be content till the space
In my life has been filled
With your presence, dear.
The longing in my heart stilled—
You with me, always near.

CREATION

God said "Let us make man . . ."

Man's feet holding fast to the earth,

TO A PATRONIZING FRIEND

Although you seem to have so much, much more,
Look not askance at my small, meager store.
The copper pennies in my hoard may mean
Far more to me, than stacks of [illegible]
Can be to you, who have so very much.
You may not know how pleasant is the touch
Of cents, how bright their copper gleam—
Who have grown bilious on a richer dream.
So do not pity me, who am content
To build my dream upon a copper cent!

Frances Stump.

UNDERSTANDING

I know you care, although your love
Has never, from the start
Lived in words, but oh my dear,
It lives within your heart.

And what are words? Their scanty store
Is less than crumbs to me.
You gave a gift I value more:
Your own heart's constancy.

Feye C. Walker.

SHOULD IT HAPPEN HERE

Over a pacific sea of clover,
Defined by stanchioned cattle-fortress,
Aligned with strong redoubt of sheep enclosure,
Hedged stockades, munitioned and mightily
Guarded by treaty-elms and charter-oaks,
Edged swords of spruce and bayonets of pine,
Larded by self-owned factory, field and fold,

10 million disabled;
7 million prisoners;
9 million orphans;

Many Fires Are Caused By Burnable Material Being Too Close to Furnace

While 90 per cent of all fires are caused by carelessness, records show that 10 per cent of the nation's fire losses are caused by heating equipment, and that insufficient clearance to burnable material is an important factor in a large percentage of these fires.

The fire prevention bureau of the city fire department suggests that every person inspect their homes for possible fire hazards. In making the inspections one of the fundamentals to be considered is that every device that gives off heat may be a fire hazard if burnable material is not kept a sufficient distance away.

Heating equipment that runs continuously at high heat needs special attention. In one case piles of paper on a floor of tile and concrete were ignited by the heat from high pressure boilers on the floor below, even though the boilers were incased in brick, and there as a clearance of 18 inches above the boilers.

Experience indicates that long continued heating at temperatures as low as 212 degrees may ignite wood under favorable circumstances. In making home inspections a simple rule to follow is—if the material is too hot for the touch of the hand, there is a possibility of fire.

The greatest number of church fires originate in heating plants. It is common practice to heat churches by means of gravity type hot air systems. Very frequently the system is so small as to require it to be forced to supply the desired amount of heat. This causes an overheating of the ducts and registers with the attendant danger of fire.

Another source of trouble is the entrusting the operation of the heating system to inexperienced and incompetent persons. Owing to the large open space in the auditorium, and the lack of partitions that would check the spread of fire, most church fires are serious ones. A small fire if not soon checked quickly involves the entire building, often resulting in irreparable loss.

We congratulate the Post No. 98 of the American Legion on their 10th anniversary.

Man of Year Award Is Made In October

Each year, since 1936, Camp Chase Post has selected a man who has done some outstanding civic duty for the community, to represent the Hilltop Man of the Year.

First to receive this honor in 1936 was Rev. T. C. Magann, formerly pastor of Hillcrest Baptist Church. The honor went to Ray G. Hauntz in 1937, a Hilltop grocer. In 1938 Dr. M. Bateman, of the State Hospital, was the Man of the Year. C. Carlton Hartley, publisher of The Hilltop Record, was the Man of the Year in 1939. C. H. Campbell was selected for 1940. Campbell is a local druggist.

The Man of the Year for 1941 will be chosen in October.

Plans Call For Building of 30 Units

Residents of Westgate Park addition are up in arms over a report that a great number of low priced homes will be built in that section soon.

It has been reported that a firm known as the Ohio Defense Homes Corporation has made plans to build approximately 30 homes in one section and more at a later date, all financed through FHA and to sell under the restrictions in that section. The homes are said to be pre-fabricated and of low cost construction.

It is understood that the houses would be offered for sale without down payment to encourage purchase of them. Building regulations in this area call for houses of $5500 vauation or more. An abstract has been submitted to FHA officials for further study on restrictions in that section.

The community was represented by a group called for a meeting at Schmelzer's Restaurant on Monday evening at which time they decided to make a concentrated effort to see that FHA does not grant loans for the cheaper houses in a section made up of $5000 to $10,000 homes.

It is claimed that the pre-fabricated houses in question do not come up to specifications set by the city building code and that restrictions of the Westgate community do not allow cheaper homes to be built therein.

It is further claimed that if such a program is followed out FHA will be granting loans under both title two and title six in the same section. Real estate men and builders are at a loss to understand how such an arrangement can be secured through FHA.

A prominent builder present at the meeting stated that it was not necessary to build low priced homes in Westgate in order to sell them. He reported that homes priced from $5500 up are selling as quickly as they are built.

The support of persons residing in that area who are interested in keeping new construction up to the restricted valuation set by developers of the addition will be appreciated by the group, it is stated.

Candidates Wanted

An effort is being made to organize an Old Timers baseball team on the Hilltop, it was learned this week. Anyone interested in becoming a candidate for the team is asked to get in touch with E. O. Melvin at Melvin's Hardware, 2409 W. Broad-st, or by calling Ra. 2424.

Picnic To Feature Sports

Dancing, games, athletic contests and archery will form some of the highlights of the fourth annual Hilltop Bean Dinner to be held at Westgate Park Wednesday, July 30, under the auspices of the Hilltop Business Men's Association. Two tons of boiled beans skillfully cooked by the David Davies Packing Co. will be dished out to hungry picnicers. Free crackers and coffee brewed by the Kenny Coffee Co. will also be on the menu.

Curt Roberts, 303 Belvidere-av, chairman of games and contests, has worked out a program of interest to persons of every age. Starting at 3 o'clock in the afternoon there will be a 25 yard race for boys six to nine; a 25 yard race for girls six to nine; a 50 yard race for boys 10 to 14; a 50 yard race for girls 10 to 14; a 50 yard race for boys 14 to 18; a 50 yard race for girls 14 to 18; a 50 yard sack race for boys and girls; a bean and straw race for ladies and girls; a milk drinking contest for boys; a shoe kicking contest for married ladies; a fat men's one-legged race and a girls' cracker eating contest.

There will be the usual greased pole with its money prize for the one who can reach the top unaided.

Softball Game

Between 6:15 and 7 a seven inning softball game will be staged between the Shroyer Funeral Home girls' team and the Timken Roller Bearings. These are two of the classiest teams in girls' competition.

Tom Lewis, 474 Wilson-rd, has charge of dancing and music for the evening. Hal Brown's orchestra will provide music for round dancing in the shelter house from 8 o'clock until closing time. An old fashioned dance depicting the customs of another era will be presented at some time during the evening. Francis and Martha Cruea will assist in this number.

Between 6 and 7 there will be an exhibition archery match between a team composed of Hilltop archers competing against a team from the North End of Columbus. The match will be shot at 30, 40 and 50 yards.

James Midlick Inducted Into Military Service

One Hilltop boy left for the army today, July 11. He is James Jessie Midlick, 542 S. Oakley-av.

Tennis Play To Discover Winners

Sectional play will be conducted at Westgate, Holton, Glenwood and Sunshine Parks to compose the western district. Each park will hold its own elimination play and then declare winners from the district. Registration for preliminary play must be made by July 3. Ground champions must be registered by July 26 and district champions by Aug. 1. District eliminations will be held the week of July 28.

Boys' play will be open for junior singles, under 15 years; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. Girls will compete in junior singles, under 15; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. There will also be an intermediate mixed doubles for those under 18.

Noah Ault Rites Were Yesterday

Death removed one more of the better known old time residents of the Hilltop Saturday with the passing of Noah C. Ault, 81, in Doctor's Hospital. For years he had been a member of Hoge Memorial Church where he had been employed as custodian.

For the past few months he had been residing at the Norwich Hotel. Death was said to have been due to uremic poisoning. Complications from an attack of influenza last January had kept him in a somewhat impaired condition of health, according to Dr. William Lowry, his physician.

Surviving is a son, Frederick Ault, of St. Louis.

Services were conducted yesterday afternoon from the Spears Parlors with Rev. A. J. Wold in charge.

Open Wednesday Afternoon, July 16

The Economy Drug Store, 2660 W. Broad-st, and the Eureka Drug Store, 2461 Sullivant-av, are the two pharmacies designated to be open on Wednesday afternoon, July 16, in accordance with the general Wednesday afternoon closing plan in effect on the Hilltop throughout the summer months.

Among those honored was Scout Dick Sutton, Troop 22.

Director Kautz said that the second and third camping periods were registered up to capacity, but there were several vacancies for the fourth period and he would urge those contemplating registering for that period to do so at once at Scout headquarters, 26 N. Grant-av. Gifford and Riggs told this reporter that they should like to see more Hilltop and southwest district scouts at camp this summer so they could take them on one of their memorable hikes, as they did their troops during the first period.

Post Conducts Annual Drive To Aid Needy

Each Thanksgiving Day Camp Chase Post No. 98 has aided many of the Hilltop's needy families by collecting donations from benevolent members of the community.

Hilltop residents in the past have left offerings of food, clothing and other articles on their porches for the Legionnaires and local Scouts to collect and distribute. They cover all the territory west of Central-av.

One hundred members have engaged in this work in the years past.

Not A Recreation

The deadliest form of dueling recorded in the pages of history is the old Scandinavian "belt duel." The men were stripped, armed with short daggers, and then fastened together — facing each other a foot apart — by a strong belt.

Plans Call For Building of 30 Units

Residents of Westgate Park addition are up in arms over a report that a great number of low priced homes will be built in that section soon.

It has been reported that a firm known as the Ohio Defense Homes Corporation has made plans to build approximately 30 homes in one section and more at a later date, all financed through FHA and to sell under the restrictions in that section. The homes are said to be pre-fabricated and of low cost construction.

It is understood that the houses would be offered for sale without down payment to encourage purchase of them. Building regulations in this area call for houses of $6500 vauation or more. An abstract has been submitted to FHA officials for further study on restrictions in that section.

The community was represented by a group called for a meeting at Schmelzer's Restaurant on Monday evening at which time they decided to make a concentrated effort to see that FHA does not grant loans for the cheaper houses in a section made up of $5000 to $10,000 homes.

It is claimed that the pre-fabricated houses in question do not come up to specifications set by the city building code and that restrictions of the Westgate community do not allow cheaper homes to be built therein.

It is further claimed that if such a program is followed out FHA will be granting loans under both title two and title six in the same section. Real estate men and builders are at a loss to understand how such an arrangement can be secured through FHA.

A prominent builder present at the meeting stated that it was not necessary to build low priced homes in Westgate in order to sell them. He reported that homes priced from $5500 up are selling as quickly as they are built.

The support of persons residing in that area who are interested in keeping new construction up to the restricted valuation set by developers of the addition will be appreciated by the group, it is stated.

Candidates Wanted

An effort is being made to organize an Old Timers baseball team on the Hilltop, it was learned this week. Anyone interested in becoming a candidate for the team is asked to get in touch with E. O. Melvin at Melvin's Hardware, 2409 W. Broad-st, or by calling Ra. 2424.

Picnic To Feature Sports

Dancing, games, athletic contests and archery will form some of the highlights of the fourth annual Hilltop Bean Dinner to be held at Westgate Park Wednesday, July 30, under the auspices of the Hilltop Business Men's Association. Two tons of boiled beans skillfully cooked by the David Davies Packing Co. will be dished out to hungry picnicers. Free crackers and coffee brewed by the Kenny Coffee Co. will also be on the menu.

Curt Roberts, 303 Belvidere-av, chairman of games and contests, has worked out a program of interest to persons of every age. Starting at 3 o'clock in the afternoon there will be a 25 yard race for boys six to nine; a 25 yard race for girls six to nine; a 50 yard race for boys 10 to 14; a 50 yard race for girls 10 to 14; a 50 yard race for boys 14 to 18; a 50 yard race for girls 14 to 18; a 50 yard sack race for boys and girls; a bean and straw race for ladies and girls; a milk drinking contest for boys; a shoe kicking contest for married ladies; a fat men's one-legged race and a girls' cracker eating contest.

There will be the usual greased pole with its money prize for the one who can reach the top unaided.

Softball Game

Between 6:15 and 7 a seven inning softball game will be staged between the Shroyer Funeral Home girls' team and the Timken Roller Bearings. These are two of the classiest teams in girls' competition.

Tom Lewis, 474 Wilson-rd, has charge of dancing and music for the evening. Hal Brown's orchestra will provide music for round dancing in the shelter house from 8 o'clock until closing time. An old fashioned dance depicting the customs of another era will be presented at some time during the evening. Francis and Martha Cruea will assist in this number.

Between 6 and 7 there will be an exhibition archery match between a team composed of Hilltop archers competing against a team from the North End of Columbus. The match will be shot at 30, 40 and 50 yards.

James Midlick Inducted Into Military Service

One Hilltop boy left for the army today, July 11. He is James Jessie Midlick, 542 S. Oakley-av.

Tennis Play To Discover Winners

Elimination play in the city tennis tournament will get under way at three local parks soon as rules for the annual affair were released to playground supervisors this week. Finals in the city-wide play will start on Aug. 4.

Sectional play will be conducted at Westgate, Holton, Glenwood and Sunshine Parks to compose the western district. Each park will hold its own elimination play and then declare winners from the district. Registration for preliminary play must be made by July 2. Ground champions must be registered by July 26 and district champions by Aug. 1. District eliminations will be held the week of July 28.

Boys' play will be open for junior singles, under 15 years; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. Girls will compete in junior singles, under 15; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. There will also be an intermediate mixed doubles for those under 18.

Noah Ault Rites Were Yesterday

Death removed one more of the better known old time residents of the Hilltop Saturday with the passing of Noah C. Ault, 81, in Doctor's Hospital. For years he had been a member of Hoge Memorial Church where he had been employed as custodian.

For the past few months he had been residing at the Norwich Hotel. Death was said to have been due to uremic poisoning. Complications from an attack of influenza last January had kept him in a somewhat impaired condition of health, according to Dr. William Lowry, his physician.

Surviving is a son, Frederick Ault, of St. Louis.

Services were conducted yesterday afternoon from the Spears Parlors with Rev. A. J. Wold in charge.

Open Wednesday Afternoon, July 16

The Economy Drug Store, 2660 W. Broad-st, and the Eureka Drug Store, 2461 Sullivant-av, are the two pharmacies designated to be open on Wednesday afternoon, July 16, in accordance with the general Wednesday afternoon closing plan in effect on the Hilltop throughout the summer months.

At retreat Sunday evening, members of the Order of the Arrow participated with appropriate ceremony, the Indian Chief of the local chapter, Katinonkwat Lodge and his tribesmen recognized the 12 campers and the five camp staff members who had been selected and designated by their fellow campers to be so honored and initiated into the OA. Among those honored was Scout Dick Sutton, Troop 22.

Director Kautz said that the second and third camping periods were registered up to capacity, but there were several vacancies for the fourth period and he would urge those contemplating registering for that period to do so at once at Scout headquarters, 26 N. Grant-av. Gifford and Riggs told this reporter that they should like to see more Hilltop and southwest district scouts at camp this summer so they could take them on one of their memorable hikes, as they did their troops during the first period.

If Job Is Tough As Pulling Teeth Chairman Likes It

Dr. A. C. Myers was born in Chester, O. He'll tell you that much with a pleasant smile, then when you grope for further information, as most inquisitive reporters do, as to the year he'll smile broadly and simply reply, "Quite a few years ago."

Shortly after he was born, Dr. Myers' family moved to Tipton, Iowa, for 10 years. It was there that he attended the same school as ex-President Herbert Hoover.

Dr. Myers is well known to Hilltop residents. He has been a dentist in this sector of Columbus for the entirety of his dental career. It was 25 years ago that Dr. Myers decided to become a dentist. He was encouraged by a close friend of his family who was a dentist at the time. When he was graduated from the old West High School a cartoonist in the class inserted a cartoon in the Occident showing the then unknown doctor pulling teeth. This was it. His mind was made up. He would be a dentist.

After the completion of his high school education Dr. Myers attended Ohio State University where he prepared himself for dentistry.

Dr. and Mrs. Myers were married in 1919 and have one son, Douglas, 20. He is in his third year at Ohio State University where he is studying pre-med.

The amicable dentist finds great pleasure in fishing and golfing. He has also taken some very interesting trips to New York, Washington, and four times to Canada.

Dr. Myers is active in the Camp Chase Post of the American Legion where he is the chairman of numerous committees. He is the chairman of the Permanent Home Committee and also chairman of this year's Jubilee Committee. He is a member of the speakers committee. He has spoken in many Columbus high schools in behalf of the American Legion. He is a past commander of the Camp Chase Post of 1934.

The Hilltop dentist served 13 months in the dental corps of the United States Army in the last World War, as a first lieutenant.

Dr. Myers and his family reside at 189 S. Wayne-av.

Clarence Long Supervises Bureau Traffic

By John Hess

It's a funny thing about the Hilltop and the people who live there, but they both seem to grow up with one another. The Hilltop started as a sparsely-settled community on the periphery of "good old Columbus town," and now look at it. Well, suffice it to say, there are no flies on the Hilltop.

And, if you know what we mean, there are no flies on the people who live there either. Only a few years ago, the gent we've singled out to talk about was a wide-eyed boy who liked to kick up the dust on W. Broad-st with his bare feet. Today, he supervises the distribution of millions of dollars' worth of farm commodities—coal, grain, potatoes, feeds, fertilizers, petroleum products, farm machinery and what have you—to all parts of the nation.

If you haven't guessed it already, it's Clarence Long we are giving the build-up — and not that he needs it, either. Clarence is traffic manager for the Ohio Farm Bureau and affiliated units in this state and many others.

It's his job to arrange for and direct the shipment of huge quantities of farm produce to the nation's markets and the shipment of supplies back home to the farm by the best and most available routes, taking advantage of the most economical methods of transportation.

Now, that brings up the whole story of cooperative purchasing and marketing, subjects on which Clarence can hold forth at great lengths. And it's all a fascinating story, too.

We are all aware of certain fundamental facts in human relationships. When people cooperate, they get along better and are happier. That word cooperation is the foundation stone of the Farm Bureau and the cooperative movement.

When a lot of little people pool their resources, they can reap the same advantages as the big people. In short, they can get more for the labor of their hands and the sweat of their brow than they could if they worked on a competitive basis.

That is what Clarence Long has thought for a long time and that is what thousands of other people are learning each year. The proof is that the cooperative movement has advanced by leaps and bounds during the past few years and is showing no signs of abatement.

But to get on about Clarence, he is chairman of the transportation committee for cooperatives which is composed of representatives of cooperative organizations from about eight states. Born in Columbus, he has lived on the Hilltop for 40 years. He is married and lives on Belvidere-av.

Clarence Long has gone a long way since he first came to the Hilltop, but his fondest reminiscences are of the days when the "firewagons were drawn by horses and the cows meandered leisurely across W. Broad-st."

Plans Call For Building of 30 Units

Residents of Westgate Park addition are up in arms over a report that a great number of low priced homes will be built in that section soon.

It has been reported that a firm known as the Ohio Defense Homes Corporation has made plans to build approximately 30 homes in one section and more at a later date, all financed through FHA and to sell under the restrictions in that section. The homes are said to be pre-fabricated and of low cost construction.

It is understood that the houses would be offered for sale without down payment to encourage purchase of them. Building regulations in this area call for houses of $5500 vauation or more. An abstract has been submitted to FHA officials for further study on restrictions in that section.

The community was represented by a group called for a meeting at Schmelzer's Restaurant on Monday evening at which time they decided to make a concentrated effort to see that FHA does not grant loans for the cheaper houses in a section made up of $5000 to $10,000 homes.

It is claimed that the pre-fabricated houses in question do not come up to specifications set by the city building code and that restrictions of the Westgate community do not allow cheaper homes to be built therein.

It is further claimed that if such a program is followed out FHA will be granting loans under both title two and title six in the same section. Real estate men and builders are at a loss to understand how such an arrangement can be secured through FHA.

A prominent builder present at the meeting stated that it was not necessary to build low priced homes in Westgate in order to sell them. He reported that homes priced from $5500 up are selling as quickly as they are built.

The support of persons residing in that area who are interested in keeping new construction up to the restricted valuation set by developers of the addition will be appreciated by the group, it is stated.

Candidates Wanted

An effort is being made to organize an Old Timers baseball team on the Hilltop, it was learned this week. Anyone interested in becoming a candidate for the team is asked to get in touch with E. O. Melvin at Melvin's Hardware, 2409 W. Broad-st, or by calling Ra. 2424.

Picnic To Feature Sports

Dancing, games, athletic contests and archery will form some of the highlights of the fourth annual Hilltop Bean Dinner to be held at Westgate Park Wednesday, July 30, under the auspices of the Hilltop Business Men's Association. Two tons of boiled beans skillfully cooked by the David Davies Packing Co. will be dished out to hungry picnicers. Free crackers and coffee brewed by the Kenny Coffee Co. will also be on the menu.

Curt Roberts, 303 Belvidere-av, chairman of games and contests, has worked out a program of interest to persons of every age. Starting at 3 o'clock in the afternoon there will be a 25 yard race for boys six to nine; a 25 yard race for girls six to nine; a 50 yard race for boys 10 to 14; a 50 yard race for girls 10 to 14; a 50 yard race for boys 14 to 18; a 50 yard race for girls 14 to 18; a 50 yard sack race for boys and girls; a bean and straw race for ladies and girls; a milk drinking contest for boys; a shoe kicking contest for married ladies; a fat men's one-legged race and a girls' cracker eating contest.

There will be the usual greased pole with its money prize for the one who can reach the top unaided.

Softball Game

Between 6:15 and 7 a seven inning softball game will be staged between the Shroyer Funeral Home girls' team and the Timken Roller Bearings. These are two of the classiest teams in girls' competition.

Tom Lewis, 474 Wilson-rd, has charge of dancing and music for the evening. Hal Brown's orchestra will provide music for round dancing in the shelter house from 8 o'clock until closing time. An old fashioned dance depicting the customs of another era will be presented at some time during the evening. Francis and Martha Cruea will assist in this number.

Between 6 and 7 there will be an exhibition archery match between a team composed of Hilltop archers competing against a team from the North End of Columbus. The match will be shot at 30, 40 and 50 yards.

James Midlick Inducted Into Military Service

One Hilltop boy left for the army today, July 11. He is James Jessie Midlick, 542 S. Oakley-av.

Each park will hold its own elimination play and then declare winners from the district. Registration for preliminary play must be made by July 2. Ground champions must be registered by July 28 and district champions by Aug. 1. District eliminations will be held the week of July 28.

Boys' play will be open for junior singles, under 15 years; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. Girls will compete in junior singles, under 15; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. Noah Ault Rites Were Yesterday

Death removed one more of the better known old time residents of the Hilltop Saturday with the passing of Noah C. Ault, 81, in Doctor's Hospital. For years he had been a member of Hoge Memorial Church where he had been employed as custodian.

For the past few months he had been residing at the Norwich Hotel. Death was said to have been due to uremic poisoning. Complications from an attack of influenza last January had kept him in a somewhat impaired condition of health, according to Dr. William Lowry, his physician.

Surviving is a son, Frederick Ault, of St. Louis.

Services were conducted yesterday afternoon from the Spears Parlors with Rev. A. J. Wold in charge.

Open Wednesday Afternoon, July 16

The Economy Drug Store, 2860 W. Broad-st, and the Eureka Drug Store, 2461 Sullivant-av, are the two pharmacies designated to be open on Wednesday afternoon, July 16, in accordance with the general Wednesday afternoon closing plan in effect on the Hilltop throughout the summer months.

Among those honored was Scout Dick Sutton, Troop 22.

Director Kautz said that the second and third camping periods were registered up to capacity, but there were several vacancies for the fourth period and he would urge those contemplating registering for that period to do so at once at Scout headquarters, 26 N. Grant-av. Gifford and Riggs told this reporter that they should like to see more Hilltop and southwest district scouts at camp this summer so they could take them on one of their memorable hikes, as they did their troops during the first period.

Post Was Started 1926

Camp Chase Post No. 98 was organized in 1926 by a group of 26 men that met at 12 S. Wayne-av, for the expressed purpose of establishing a West Side addition to the American Legion. The post received its name from the old Civil War camp grounds, which were located where West High School now stands. The Civil War camp was previously named Camp Chase in honor of Salmon P. Chase, once a senator of the United States. Chase was governor of Ohio in 1856.

Camp Chase adopted the post number of 98 in honor of the Veterans of the Spanish American War.

Soon after its founding a charter was granted the post.

The post reached a high spot in membership in 1932-33 with the enrollment of 527. Claude V. Hasson was the first commander of the post. In 1961 Edgar Planck served as commander, with Mose Williams, George M. Ward, Dr. A. C. Myers, James F. Hurd, William H. Rogers, D. C. Finneran, Ray McVay, Arthur Bellas and Ernest Brown as commanders of the following years. The commander for the current year is M. P. Hain.

Original club rooms were on the second floor of the Rivoli Theater building. These clubs were recognized as the first Legion Club rooms in Franklin County. As the membership grew larger more space was needed, hence they were moved to 2392½ W. Broad-st, and later to 2393½ W. Broad-st. This location was enlarged in 1933. In the fall of 1938 the post headquarters were moved to 3184 W. Broad-st, where the Matsonia Restaurant formerly stood.

On Memorial Day, May 26, 1929, Camp Chase Post was officially presented with its colors by Theodore J. Arnold, G. A. R. veteran. Claude V. Hasson, commander at that time, received the colors. The presentation address was made by Myers Y. Cooper, then governor of Ohio. The meeting was held in teh West High athletic field.

Among the many organizations participating in this event were the United Spanish War Veterans Drum and Bugle Corps, the Dokkies Drill team, Franklin Post and many other posts in the city as well as a number of prominent business men. The M. C. was Judge Edward S. Mathias. The ceremony was attended by 3,500 people.

An annual event of the Camp Chase Post is the Memorial Day services held at Galloway, Memorial Burial Park, Alton and Wesley Chapel Cemeteries. Officers of the group have also participated in the annual service of the Daughters of the Confederacy at Camp Chase Cemetery.

Pullman passenger to the porter: "Tell me, what is the average tip you get from a passenger on this run?"

"One dollar, suh," was the reply. The traveler handed over a dollar bill, and the porter immediately burst into voluble thanks. "Suh," he said, "you are the first man who has ever come up to my average."

Where Civil War Soldiers Trained

Above is shown a sketch of old Camp Chase in 1863 drawn by A. Ruger, Co. H, 88th Regt., O. V. L. A. The photograph was made by Dave Cornwell from the sketch.

This picture is one of the small number in existence. It clearly shows one of the largest Civil War camps in Ohio, Camp Chase.

In the foreground is W. Broad-st, to the right was the main entrance, now Binns-blvd.

In the upper left hand corner is the rebel prison with a 14 foot stockade and guard platforms. West of the north portion of the prison is the rebel hospital. The Confederate Cemetery is south of this location.

In a two-story structure west of the prison hospital was Marshall's prison office. In the small enclosure at the northeast of the prison is the guard house.

The left road leading south from Broad-st, goes to the Commisary department.

Homes of the officers were on the roads running east and west.

Brig. Gen. W. P. Richardson had his headquarters in the structure near the flag pole in a large building.

The rifle range is in the upper right hand corner.

Junior Baseball Attracts Boys Over Country

It won't be long until the race for the pennant in the American Legion's nation-wide junior baseball program will get under way. Approximately one-half million boys participated last year and that many more are expected to be entered this year.

One purpose of the program is the teaching of good sportsmanship which must be emphasized wherever the game is played.

Spectators at a Legion game can help in many ways to set examples of good sportsmanship. Rules for spectators as set by H. L. Chaillaux, director of the national Americanism commission last year are as follows:

1. A Legionnaire spectator represents his post as does the boy playing on the team.

2. Recognize that the good name of the American Legion Post is more valuable than any baseball game won by unfair methods.

3. Get into the spirit of the game and support your team with enthusiasm, whether it be winning or losing. This will help carry home to the boy one of the lessons of citizenship.

4. It is of paramount importance that Legionnaires in attendance at junior baseball games accept decisions of officials without question.

5. Express disapproval of rough play or poor sportsmanship on the part of players representing your post.

6. Express disapproval of any abusive remarks or profane language from the side lines or from boys on the team.

7. Recognize with applause any exhibition of good sportsmanship or playing ability on the part of visiting team.

8. See to it that courteous treatment is given to all members of the visiting team while in your city.

9. Familiarize yourself with state and national rules of eligibility and support their strict enforcement.

10. Encourage the full discussion of fair play and sportsmanship through every medium possible so as to bring home to the boys just what the Legion attempts in the junior baseball program.

Westgate Residents Oppose Erection Of Low Cost Housing

The Hilltop Record

In Its 25th Continuous Year Of Community Service

Vol. XXV, No. 12 | The Hilltop, Friday, July 11, 1941 | Total No. 1166

Plans Call For Building of 30 Units

Residents of Westgate Park addition are up in arms over a report that a great number of low priced homes will be built in that section soon.

It has been reported that a firm known as the Ohio Defense Homes Corporation has made plans to build approximately 30 homes in one section and more at a later date, all financed through FHA and to sell under the restrictions in that section. The homes are said to be pre-fabricated and of low cost construction.

It is understood that the houses would be offered for sale without down payment to encourage purchase of them. Building regulations in this area call for houses of $5500 vauation or more. An abstract has been submitted to FHA officials for further study on restrictions in that section.

The community was represented by a group called for a meeting at Schmelzer's Restaurant on Monday evening at which time they decided to make a concentrated effort to see that FHA does not grant loans for the cheaper houses in a section made up of $5000 to $10,000 homes.

It is claimed that the pre-fabricated houses in question do not come up to specifications set by the city building code and that restrictions of the Westgate community do not allow cheaper homes to be built therein.

It is further claimed that if such a program is followed out FHA will be granting loans under both title two and title six in the same section. Real estate men and builders are at a loss to understand how such an arrangement can be secured through FHA.

A prominent builder present at the meeting stated that it was not necessary to build low priced homes in Westgate in order to sell them. He reported that homes priced from $5500 up are selling as quickly as they are built.

The support of persons residing in that area who are interested in keeping new construction up to the restricted valuation set by developers of the addition will be appreciated by the group, it is stated.

Candidates Wanted

An effort is being made to organize an Old Timers baseball team on the Hilltop, it was learned this week. Anyone interested in becoming a candidate for the team is asked to get in touch with E. O. Melvin at Melvin's Hardware, 2409 W. Broad-st, or by calling Ra. 2424.

Picnic To Feature Sports

Dancing, games, athletic contests and archery will form some of the highlights of the fourth annual Hilltop Bean Dinner to be held at Westgate Park Wednesday, July 30, under the auspices of the Hilltop Business Men's Association. Two tons of boiled beans skillfully cooked by the David Davies Packing Co. will be dished out to hungry picnicers. Free crackers and coffee brewed by the Kenny Coffee Co. will also be on the menu.

Curt Roberts, 303 Belvidere-av, chairman of games and contests, has worked out a program of interest to persons of every age. Starting at 3 o'clock in the afternoon there will be a 25 yard race for boys six to nine; a 25 yard race for girls six to nine; a 50 yard race for boys 10 to 14; a 50 yard race for girls 10 to 14; a 50 yard race for boys 14 to 18; a 50 yard race for girls 14 to 18; a 50 yard sack race for boys and girls; a bean and straw race for ladies and girls; a milk drinking contest for boys; a shoe kicking contest for married ladies; a fat men's one-legged race and a girls' cracker eating contest.

There will be the usual greased pole with its money prize for the one who can reach the top unaided.

Softball Game

Between 6:15 and 7 a seven inning softball game will be staged between the Shroyer Funeral Home girls' team and the Timken Roller Bearings. These are two of the classiest teams in girls' competition.

Tom Lewis, 474 Wilson-rd, has charge of dancing and music for the evening. Hal Brown's orchestra will provide music for round dancing in the shelter house from 8 o'clock until closing time. An old fashioned dance depicting the customs of another era will be presented at some time during the evening. Francis and Martha Cruea will assist in this number.

Between 6 and 7 there will be an exhibition archery match between a team composed of Hilltop archers competing against a team from the North End of Columbus. The match will be shot at 30, 40 and 50 yards.

James Midlick Inducted Into Military Service

One Hilltop boy left for the army today, July 11. He is James Jessie Midlick, 542 S. Oakley-av.

Tennis Play To Discover Winners

Elimination play in the city tennis tournament will get under way at three local parks soon as rules for the annual affair were released to playground supervisors this week. Finals in the city-wide play will start on Aug. 4.

Sectional play will be conducted at Westgate, Holton, Glenwood and Sunshine Parks to compose the western district. Each park will hold its own elimination play and then declare winners from the district. Registration for preliminary play must be made by July 2. Ground champions must be registered by July 28 and district champions by Aug. 1. District eliminations will be held the week of July 28.

Boys' play will be open for junior singles, under 15 years; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. Girls will compete in junior singles, under 15; junior doubles, under 15; intermediate singles, under 18, and intermediate doubles, under 18. There will also be an intermediate mixed doubles for those under 18.

Noah Ault Rites Were Yesterday

Death removed one more of the better known old time residents of the Hilltop Saturday with the passing of Noah C. Ault, 81, in Doctor's Hospital. For years he had been a member of Hoge Memorial Church where he had been employed as custodian.

For the past few months he had been residing at the Norwich Hotel. Death was said to have been due to uremic poisoning. Complications from an attack of influenza last January had kept him in a somewhat impaired condition of health, according to Dr. William Lowry, his physician.

Surviving is a son, Frederick Ault, of St. Louis.

Services were conducted yesterday afternoon from the Spears Parlors with Rev. A. J. Wold in charge.

Open Wednesday Afternoon, July 16

The Economy Drug Store, 2860 W Broad-st, and the Eureka Drug Store, 2461 Sullivant-av, are the two pharmacies designated to be open on Wednesday afternoon, July 16, in accordance with the general Wednesday afternoon closing plan in effect on the Hilltop throughout the summer months.

Among those honored was Scout Dick Sutton, Troop 22.

Director Kautz said that the second and third camping periods were registered up to capacity, but there were several vacancies for the fourth period and he would urge those contemplating registering for that period to do so at once at Scout headquarters, 26 N. Grant-av. Gifford and Riggs told this reporter that they should like to see more Hilltop and southwest district scouts at camp this summer so they could take them on one of their memorable hikes, as they did their troops during the first period.

Before being promoted to Lieutenant-Colonel, attached to the U. S. Army at Camp Shelby, Miss., George Ward served in various capacities in the city and the Hilltop in civic affairs.

Appointed by Mayor Green to the post of safety director in January, 1940, Ward served at this position until called by the army for service. His office is being filled by Roy B. Weed, who is acting as substitute in his absence.

Ward is a past commander of the Camp Chase Post No. 98 of the American Legion, and was active in Boy Scout work on the Hilltop.

Sun Branded Babies

Many hospital-born babies will in the future have their names "sunburned" on their backs at birth with the rays of a quartz lamp, thus removing any possibility of going to the wrong parents. The name lasts six months.

Diabetic Patients May Live Out Normal Span of Life

New York, N. Y.—If you are fat and between 40 and 50, are hungry and thirsty most of the time—especially if you are a woman—you may be a diabetic like 500,000 other Americans who, despite their affliction, have good prospects of living out their normal life span and dying from some other cause than diabetes, according to Dr. Donald B. Armstrong, third vice-president of the Metropolitan Life Insurance Co.

Announcing a nation-wide campaign by the Metropolitan aimed at the earlier discovery of individuals suffering from diabetes, Dr. Armstrong pointed out that the disease tends to run in families, and that its early discovery makes it easier to control.

"While, so far, we have no cure for diabetes," Dr. Armstrong said, "the diabetic who receives proper treatment and follows a controlled regimen can hope to live as long in spite of his disease as he might reasonably have expected to live without it. His problem thus becomes, first of all, that of learning, under medical counsel, how to live with his disease. He must learn its cause and nature in order to avoid the serious complications that arise as a result of his condition. In fact, he must know almost as much about his disease as his physician does."

Referring to the insulin treatment as neither a cure for diabetes nor a preventative, Dr. Armstrong explained that it does enable a diabetic to live a normal life by supplying the lack of that substance in the system. "Insulin, diet and exercise, adjusted to the needs of the individual, are the important factors in controlling the disease," Dr. Armstrong said. "But once his daily program has been worked out, it is up to the diabetic to follow the rules.

"Hundreds of children and adults, who would have died from diabetes before the discovery of insulin are now living nearly normal lives. Thus the object of the present campaign, endorsed and supported by medical societies throughout the country, is to stress the importance of finding undiagnosed cases through periodic examination by the physician, to teach diabetics how their disease may be controlled, and give other persons an understanding of the diabetic and his problem."

Mothers' Club Aids Scout Troop

The Mothers Club of Boy Scout Troop 161, Camp Chase Post, has engaged in many activities this past year to raise funds to send the boys to Camp Lazarus free of charge to the parents.

Some of these activities included a bingo party last October in the Franklin Post club rooms, house parties, bridge parties, picture shows, and on June 13 and 14 the club held a rummage sale on Goodale-st.

The Mothers Club of Camp Chase was the first to be organized in the city. This year marks the fourth the mothers have accomplished their aim to send their boys to camp.

The good sportsman has learned respect for rules. The good citizen has also learned respect for rules, though the rules which he respects are more properly known as laws.

The Hilltop Record

In Its 25th Continuous Year Of Community Service

Vol. XXV, No. 12 | The Hilltop, Friday, July 11, 1941 | Total No. 1166

How He's In The Record

I see where my old friend Mack Sauer of the Leesburg Citizen has broken into the Congressional Record.

One of his poems, "Whatcha Gonna Be?", appears in the June 27 issue of The Congressional Record at the request of Congressman Jacob B. Davis from the sixth district.

And we believe you too will like this contribution from a country newspaper editor, author and humorist. It follows:

WHATCHA GONNA' BE?

"When you get big,
Whatcha gonna' be?"
I say to my lad
As he climbs my knee.
He says he's gonna run
A newspaper press,
Or be a band leader
In fancy dress,
Or sell ice cream cones,
Like his playmate's dad.
Ah, the plans are many
Of this little lad.

The Russian lad
On his daddy's knee
Isn't asked:
"Whatcha gonna' be?"
It's not up to him,
It's up to the state,
Which rules his life,
Which decides his fate;
In Germany, too,
Where men aren't free,
What folly to ask
"Whatcha gonna' be?"

Oh, I'm thankful to God
That in America still
My little boy
Can be what he will;
He can choose his faith,
His vocation, his all,
And he knows not
Of a dictator's call.
What a blissful joy
With my lad on my knee
To say: "When you're big,
Whatcha gonna' be?"

What's In a Restriction?

People who own homes in the Westgate section are learning that possibly the restrictions they thought were present for the section they live in are not restrictions after all.

It will be interesting to learn if these lower priced homes are going to be built alongside the higher priced ones and in a section that was supposed to be restricted.

It probably will all be determined by an interpretation of the abstracts on Westgate property and we aren't going to be much surprised if this doesn't turn out to be an instance where some hundreds of people read too fast and failed to get a good interpretation of what restrictions were actually in force in that community.

Rain Postpones Play In W. Church League

By Roy Meloney

Old man rain stepped in Monday and washed out the four carded games in the West Church League and the two contests at the State Hospital diamond. He has been a nuisance all season for the church league, raining out two sets of games in the first round.

The second round so far has seen two new teams take over top position in the Church League standings. Glenwood M. E. and West Park M. E. have won both of their encounters and are deadlocked for first place. Burgess U. B. after winning the first round with five straight victories, dropped their initial start in the second round at the hands of the revived Glenwood team. Burgess found the victory path in the second game, however, winning over St. Johns. A four-way tie exists for second place with Burgess U. B., Hoge No. 1, Hillcrest Baptist and Avondale U. B. all tied with one victory and defeat each. Hoge 2 and St. Johns bring up the rear with two defeats apiece.

2 Games Monday

As a result of the rain this week, two games will be played by each team in the Church League next Monday. The schedule for the first set of games is: Burgess U. B. vs. West Park on diamond No. 1; Hoge No. 1 vs. Hoge No. 2 on No. 2; Glenwood vs. Avondale on No. 3, and St. Johns vs. Hillcrest on No. 4. Then for the second set of games St. Johns vs. West Park on No. 1; Hoge No. 1 vs. Avondale on No. 2; Glenwood vs. Hoge No. 2 on No. 3, and Burgess vs. Hillcrest on diamond No. 4.

The night softball league at State Hospital has been dominated so far by the fine play of the Timkens All-Stars who are undefeated in five starts. Following the leaders is the Ben Brew squad with five wins and one loss. Two dark horses in the league are Ferguson Auditors and National Guarantee. Both have outstanding pitchers with "Dizzy" Kirkendall hurling for the Fergusons and Ralph Solt for the Nationals.

Friday night's schedule at the State Hospital diamond will see Foley's Big Four pitted against a fast Kay Jewelers team at 8:15 and at 9:30 the undefeated Timkens squad will take on Kahn Jewelers.

Group Is Studying Traffic

Street Problems Will Be Considered

A meeting was held in the office of the Service Director Grover Clements Wednesday noon for the purpose of studying traffic conditions on the Hilltop. A proposal is expected to be presented to the traffic commission as soon as a representative group of city officials and representatives of the Hilltop Business Men's Association can work out a plan acceptable to the group.

It is expected that narrow side streets will come in for a good share of the proposed recommendation. Traffic conditions on most of the side streets near Broad-st and Sullivant-av are extremely bad, it was pointed out. Parked cars make it almost impossible to pass an approaching car in many places. This creates a traffic hazard especially where children are playing along sidewalks and in the streets.

Present at Wednesday's meeting were Councilmen Wyatt Millikin, William Lehman and Ray G. Hauntz, the traffic engineer, the chairman of the traffic commission and Safety Director Roy Weed.

Parking on one side of the street only has been suggested as one possible solution for some of the more congested sections.

Camp Chase Title Winner In City Play

Camp Chase Post 98 assured themselves of the City American Legion title Monday, when they downed Aquinians 5 to 0 at Franklin Park. They have now won the championship for the second straight year. It was their fifth consecutive win in the city league and the eleventh victory without a defeat this season.

Bill Richards making his first pitching appearance for Camp Chase, stopped the Aquinians with two hits and held them scoreless over the seven inning route. He also fanned nine batters.

The post boys obtained four hits but frequent walks played a leading part in the scoring. Most of the game was played in a drizzling rain, thus making the ball difficult to control.

Camp Chase has to play Columbus Post Thursday at State Hospital and which will bring the city league to a close. From there the Camp Chase boys will advance to the district playoff beginning Monday of next week.

Book Bags Now At Hilltop Library

The book bags have arrived at the Hilltop Branch Library, it was announced this week.

For a month the boys and girls have been reading books to earn their bags. Due to some shipping difficulty the bags were not received until this week.

Each child who reads four books is entitled to a book bag and each time he reads two additional books he is given a section of a map to paste on the back of the book bag. When it is completed he will have a map of the United States in different colors.

Plans Call For Building of 30 Units

Residents of Westgate Park addition are up in arms over a report that a great number of low priced homes will be built in that section soon.

It has been reported that a firm known as the Ohio Defense Homes Corporation has made plans to build approximately 30 homes in one section and more at a later date, all financed through FHA and to sell under the restrictions in that section. The homes are said to be pre-fabricated and of low cost construction.

It is understood that the houses would be offered for sale without down payment to encourage purchase of them. Building regulations in this area call for houses of $5500 vauation or more. An abstract has been submitted to FHA officials for further study on restrictions in that section.

The community was represented by a group called for a meeting at Schmelzer's Restaurant on Monday evening at which time they decided to make a concentrated effort to see that FHA does not grant loans for the cheaper houses in a section made up of $5000 to $10,000 homes.

It is claimed that the pre-fabricated houses in question do not come up to specifications set by the city building code and that restrictions of the Westgate community do not allow cheaper homes to be built therein.

It is further claimed that if such a program is followed out FHA will be granting loans under both title two and title six in the same section. Real estate men and builders are at a loss to understand how such an arrangement can be secured through FHA.

A prominent builder present at the meeting stated that it was not necessary to build low priced homes in Westgate in order to sell them. He reported that homes priced from $5500 up are selling as quickly as they are built.

The support of persons residing in that area who are interested in keeping new construction up to the restricted valuation set by developers of the addition will be appreciated by the group, it is stated.

Candidates Wanted

An effort is being made to organize an Old Timers baseball team on the Hilltop, it was learned this week. Anyone interested in becoming a candidate for the team is asked to get in touch with E. O. Melvin at Melvin's Hardware, 2409 W. Broad-st, or by calling Ra. 2424.

Picnic To Feature Sports

Dancing, games, athletic contests and archery will form some of the highlights of the fourth annual Hilltop Bean Dinner to be held at Westgate Park Wednesday, July 30, under the auspices of the Hilltop Business Men's Association. Two tons of boiled beans skillfully cooked by the David Davies Packing Co. will be dished out to hungry picnicers. Free crackers and coffee brewed by the Kenny Coffee Co. will also be on the menu.

Curt Roberts, 303 Belvidere-av, chairman of games and contests, has worked out a program of interest to persons of every age. Starting at 3 o'clock in the afternoon there will be a 25 yard race for boys six to nine; a 25 yard race for girls six to nine; a 50 yard race for boys 10 to 14; a 50 yard race for girls 10 to 14; a 50 yard race for boys 14 to 18; a 50 yard race for girls 14 to 18; a 50 yard sack race for boys and girls; a bean and straw race for ladies and girls; a milk drinking contest for boys; a shoe kicking contest for married ladies; a fat men's one-legged race and a girls' cracker eating contest.

There will be the usual greased pole with its money prize for the one who can reach the top unaided.

Softball Game

Between 6:15 and 7 a seven inning softball game will be staged between the Shroyer Funeral Home girls' team and the Timken Roller Bearings. These are two of the classiest teams in girls' competition.

Tom Lewis, 474 Wilson-rd, has charge of dancing and music for the evening. Hal Brown's orchestra will provide music for round dancing in the shelter house from 8 o'clock until closing time. An old fashioned dance depicting the customs of another era will be presented at some time during the evening. Francis and Martha Cruea will assist in this number.

Between 6 and 7 there will be an exhibition archery match between a team composed of Hilltop archers competing against a team from the North End of Columbus. The match will be shot at 30, 40 and 50 yards.

James Midlick Inducted Into Military Service

One Hilltop boy left for the army today, July 11. He is James Jessie Midlick, 542 S. Oakley-av.

Each park will hold its own elimination play and then declare winners from the district. Registration for preliminary play must be made by July 2. Noah Ault Rites Were Yesterday

Death removed one more of the better known old time residents of the Hilltop Saturday with the passing of Noah C. Ault, 81, in Doctor's Hospital. For years he had been a member of Hoge Memorial Church where he had been employed as custodian.

For the past few months he had been residing at the Norwich Hotel. Death was said to have been due to uremic poisoning. Complications from an attack of influenza last January had kept him in a somewhat impaired condition of health, according to Dr. William Lowry, his physician.

Surviving is a son, Frederick Ault, of St. Louis.

Services were conducted yesterday afternoon from the Spears Parlors with Rev. A. J. Wold in charge.

Open Wednesday Afternoon, July 16

The Economy Drug Store, 2650 W. Broad-st, and the Eureka Drug Store, 2461 Sullivant-av, are the two pharmacies designated to be open on Wednesday afternoon, July 16, in accordance with the general Wednesday afternoon closing plan in effect on the Hilltop throughout the summer months.

Betty Jordan Not Afraid of Work; Gets College Degree

It's an old story—I'm working my way through college — this time it's added another chapter.

Betty Jordan has paid for her four years of college education by waiting tables. She and her family take great pride in the fact that her father has spent no money on his fastidious daughter's education.

Betty started immediately after she graduated from West High School in 1937 by waiting tables in Tom Davis' restaurant. While school was in session she worked on the week-ends and every day for three summers.

On June 16 she received her degree for elementary teaching and Bachelor of Science in education.

While in high school Betty was active in many clubs and spoke before the public frequently. She belonged to the Girl Reserves, Latin Club, Photoplay and Debate team. She made the "L" Society and National Honor. Betty attended the Rotary luncheon in 1937.

With her mind made up to become a teacher Betty entered Ohio State University in the fall of '37. She is a member of the Ohio Education Association and the L. W. A.

She has now completed her four years in college.

Miss Jordan signed a contract this week to teach in Galloway, O. This will become effective next September.

The industrious young lady is the daughter of Mr. and Mrs. A. W. Jordan, 127 S. Westmoor-av.

Cullen Is Killed In R. R. Mishap

Ross Cullen, 50, 126 S. Terrace-av, a conductor for the New York Central Railroad, was killed July 3 when he fell from a box car and was pinned beneath the wheels of a moving freight train near Thurston station in Fairfield County.

The accident happened about 9 p. m. when the southbound freight train slowed to take on water at the siding. A brakeman told deputies he saw Mr. Cullen slip from the box car just before the train stopped.

Mr. Cullen is survived by his wife, Mrs. Frances Mae, and a son, Ralph.

Services were held July 5 at the Spears Funeral Home. Interment was in Memorial Park.

Hilltop Boys Get Taste Of Outdoor Life In Camp

EDITOR'S NOTE: The following resume of camp life at the Lazarus Scout reservation entitled "Echoes from the Thunderbird's Tale" was written by Jerry Gifford, Neighborhood Commissioner Southwest District C. O. A. C., B. S. A.

The first two-week camping period at Lazarus Scout Reservation in which more than a hundred Boy Scouts of Columbus and vicinity participated was concluded Tuesday of this week, and according to Camp Director Howard Kautz, 575 S. Roys-av, there was a new high mark set for advancements and scouting achievements. A fine scouting spirit and attitude prevailed throughout the period. Much of the camp's success, he said, was due to the splendid leadership performed by the Scoutmasters in charge of the three full villages, the Sioux, Chipewahs and Iriquois, the latter two villages being supervised by Scoutmasters Gerald Gifford and Dave Riggs. Both of the young men are Eagle Scouts, Gifford being a member of Troop 45 and Riggs being claimed by Troop 181.

Eagle Scout William Lidie, Troop 161, is the assistant Scoutmaster of Troop 161. Eagle Scout Jack Remington, Troop 18, is lifeguard at the waterfront. Several other Scouts are assisting in various capacities. Troop 121 had nine of its members at camp for the first period, this being the most campers from any one troop in our southwest district. The scouts who participated during the past two weeks said "there was never a dull moment, and were many special events to augment the regular activities of scoutcraft, swimming, canoeing, boating, campfires, hiking, nature studies, pioneering and good eats."

Numerous enjoyable contests were held aside from scoutcraft, one being the naming of the camp's newspaper. The winning name submitted was "The Thunderbird's Tale." Director Kautz said that a very interesting stunt night was held and Scoutmaster Gerald Gifford was the master of ceremonies, and his characterization and impersonations of several nationally known people were the camp-bringer-downer.

For this activity scouts were divided up according to the month of their birthdays and told to dramatize the month they represented. Another standout activity of the period was "The Adventure Trail." This feature, which helped to train scouts for emergency service, was performed by patrols of eight scouts, each of whom hiked along a trail which gave them an opportunity to demonstrate a water rescue, fire building, first aid, signalling, clean up, climbing, nature study and balance. Another interesting activity was what the director called the "autograph hunt." The members of the camp staff were hidden at various points on the reservation and the scouts, going out in patrols, were to find the staff members who would autograph a special piece of paper, and the winning patrol was determined by the most autographs being procured.

The Chipewahs have been wearing the war paint most of the time and their village is bedecked with "scalps" (pennants to us palefaces) for being softball champs, and there is one for a tie with the Sioux Villagers in the big quiz contest. The Fourth of July feature was the re-enactment of the "Boston Tea Party" in which all scouts took a part by being divided into two sides, the "Rebels" and the "Redcoats." The ammunition used by both sides was the same—flour wrapped in paper, for make-believe rifles and cannon. History repeated itself. The "Rebels" won. At 4 p. m. all scouts paused to hear the president's radio message on Independence Day.

The evening activity was devoted to pageantry and songs, entitled "I'm Glad I Am An American." This was in observance of the fact that all participants were true and real Americans. Last Saturday night the big auction sale was held and on Sunday night the last troop campfire, "potlash," was held in full form and according to Indian ceremony for the occasion and according to the traditional custom all campers exchanged camp tokens with each other. Pleasant memories to be perpetuated far into the future. Monday night this week the traditional recognition campfire was held, during which camp emblems were presented to all campers who proved themselves to be good campers. Also, recognition was made of achievements and the merits acquired.

At retreat Sunday evening, members of the Order of the Arrow participated with appropriate ceremony, the Indian Chief of the local chapter, Katinonkwat Lodge and his tribesmen recognized the 12 campers and the five camp staff members who had been selected and designated by their fellow campers to be so honored and initiated into the OA. Among those honored was Scout Dick Sutton, Troop 22.

Director Kautz said that the second and third camping periods were registered up to capacity, but there were several vacancies for the fourth period and he would urge those contemplating registering for that period to do so at once at Scout headquarters, 26 N. Grant-av. Gifford and Riggs told this reporter that they should like to see more Hilltop and southwest district scouts at camp this summer so they could take them on one of their memorable hikes, as they did their troops during the first period.

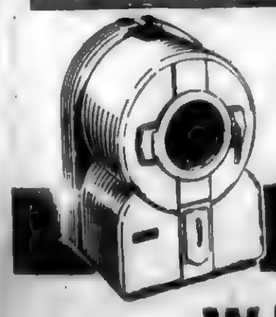
With a **BENDIX** Laundrimatic Home Laundry

ANY FEW SPARE MINUTES IS *Washday!*
CLEAN, SWEET, FRESH, *Fluffy* CLOTHES
At the Flip of Your Finger!



Shorten "washday" into the few minutes it takes to put in dry, soiled clothes and set a dial. Eliminate the dreary toil of bending over set-tubs, lifting heavy, soggy clothes, sloshing your hands in soapy water. Stop doing the work a Bendix can do at the command of a finger. For a Bendix Laundrimatic Home Laundry is no ordinary washing machine. It's automatic—washing, rinsing and damp-drying your clothes without attention once you've set the control dial!

THIS DIAL DOES ALL THE WORK!
WASHES—Automatically lifts and drops clothes through suds, scrubbing them gently by a "tumble" action.
RINSES THREE SEPARATE TIMES—Clothes are automatically rinsed 3 times in clean, fresh water—flushing out all dirt.
DAMP-DRIES—Clothes are whirled damp-dry automatically—ready for hanging on the line.
CLEANS AND STOPS ITSELF—The dial automatically flushes out the Bendix—and shuts it off.

IMAGINE DOING A WEEK'S WASH WITH ONE FINGER!

Your work is over when you set the dial. You can be sure of clean, sanitary clothes—washed at home, where they belong! You're free to relax—to tend to the children—to enjoy yourself. And when washday is done, you're not "done in." You're fresh and radiant—eager to join your husband or the children for an evening of fun!

Liberal allowance for your old washer. Convenient terms. Phone us for a FREE demonstration, there's no obligation.

Priors Install Rock Wool Insulation

L. A. Prior & Co., the insulation division of L. A. Prior & Son, floor sanders and finishers, was organized in November, 1938. With the most modest warehousing facilities and the bare necessities of equipment they assumed distribution for a line of mineral wool.

In a short time more warehousing capacity became essential and they moved to a new location at 491 Kilbourne-rd. Not only did this give the warehouse facilities to store material for over 130 houses, but they also were located on the New York Central Railroad and were able to receive their materials in carload lots on their own siding. This made it possible for not only larger shipments, but the materials were handled less and retained a greater percentage of their original efficiency. Shortly after this time a truck was purchased to do the hauling.

It was but a matter of time until modern blowing equipment would be one of the many facilities of the company and in June, 1940, a General Blower was purchased to insulate the Hilltop sub station of the U. S. Mail Dept., located in the S. W. Reiner building on W. Broad-st, insulation having been recognized by the post office department as an absolute necessity.

In May of 1941 a specially designed truck for blowing rock wool in commercial buildings or homes was designed and built by the Schodorf Body Co. of Columbus. This gave L. A. Prior & Co. the finest blowing equipment of the Middle West and made them "One of America's Finest Equipped," their slogan.

Due to the national emergency Washington is asking people to use insulation for heating. The prices of coal at the present summer rates are higher than they were in the winter. There are indications that these prices will be shot upward in the coming winter months. The coal can be mined but the difficulty is in delivering it to cities because the railroads are swamped with national defense orders.

Mr. Prior said in an interview. "So many people think with all these facilities that we would have to charge so much for our service as to make the price prohibitive, but the opposite is true. It is these outstanding facilities with a volume of hundreds of houses that enable us to give the sensational price as advertised on page 6.

We can always be depended upon to render helpful assistance.

— Letters — To the Editor

July 7, 1941

To The Editor:

Boat experience written to parents at 125 N. Wayne-av, Columbus, Ohio, by Howard W. Ditrick, son of Mr. and Mrs. A. L. Ditrick of the above address:

Upon my West High graduating school term, I applied for boat service on the lakes with headquarters at Ashtabula and Conneaut, Ohio. After two weeks of "waiting on call," on a Sunday afternoon of June 29, while in a swim at Ashtabula Beach, call came in for immediate service on freighter J. F. Schoelkopf Jr., then coming into Ashtabula Harbor with injured man aboard. After an hour's collection of bag and baggage permitted and required of seaman's duties, I boarded boat which a short time later was departing with coal cargo for Port Huron and return to Fairport with stone. After a hurried setup in the quarters the steward placed me in kitchen duty for about 3 hours. Then after about 20 of the crew had eaten the dining help, self included, concluded the evening meal, placing the dining room in order for the next repast. At 8:30 p. m. I was placed on the potato peeling brigade lasting two continuous hours, after which a little sleep, and then resumption of the above routine, including the tidying of the various sleeping quarters. At this writing am about due for the potato routine, but after all, so far I feel this a great life yet every minute fully occupied, but not strenuous, and it will afford me an excellent vacation for the summer, after which I will return to take up college. I now find that the injured boy was taken from this boat by the Coast Guard before docking at Ashtabula. He was Don Wilson of 42 Lexington Ave., this city, and who expects to return to post of duty upon his convalescence. This was his first trip also. Both jobs, trips and acquaintance coincidental.

Respectfully yours,
Howard W. Ditrick

Dear Editor:

The enclosed poem, "One Thing Thou Lackest," was inspired through the sad tragedy of last Wednesday evening.

I visited the grave on the evening of the burial and I never before knew such fragrance as came forth from the beautiful array of flowers. My heart, already heavy over it all, was bathed in tears.

As I stood there, I wondered how many had reached out a glad warm hand, or given a word of cheer or encouragement, or a smile; or if any had spoken to her of the soul's eternity?

That gorgeous array of flowers, bespeaking tokens of love and sympathy, MIGHT HAVE BEEN a source of much joy, could she have had some of them to see and smell the fragrance in her days of evident struggle, of sorrow and trouble.

It made me recall the beautiful verse by Margaret Songster:

"Had I but heard
One breath of applause—
One cry of courage amid the strife
So weighed for me with death or life
How it would have helped, my soul to strain,
To meet the oncoming tide again!
What use is the rope
If it be not flung
Till the swimmer's grasp
To the rock has clung!
What worth is eulogy's latest breath,
When whispered in ears, now closed in death.
O, no. If you have but one word of cheer,
Give it to me while I can hear."

* * *

"ONE THING THOU LACKEST"
(Mark, 10-21)

Give flowers to the living ones,
While they can see and know,
For the beauty and the fragrance,
Will greatest joy bestow.

Give friendly smiles and kindly words
While they can see and hear . . .
Some weary one may be in need,
Of just one word of cheer.

"One thing thou lackest," can it be
To self and give away?

Not gold and silver—give that too,
But O, give flowers today!

—Ethel Titus Worthen.

"THE BIRD IN THE GILDED CAGE"

(Parody)

I went out hunting with friends one fall
With snow the ground was white
My aim was late and I missed them all
But I was happy that night.
They all thought I was losing my sight
Or working for a powder mill,
And were astonished when I said that night
That I wasn't shooting to kill.

I didn't want a bird with a broken wing,
Nor a body full of bird shot.
In the hedge row I would hear them sing
They said a poor shot but I'm not.
I was only wandering through the lagoon
Tired of the city's display.
They laughed and jeered all afternoon
Coz I missed every shot that day.

I shot too late with my scatter gun
I didn't want to see them fall
To kill and maim is wicked fun
An empty pleasure as I recall.
They all got away from me that day,
Now singing and calling their mate,
A plaintive love song in the clover hay
And I'm glad I shot too late.

Emergency Squad In Reach of All

Locating of the fire departments second "emergency First Aid" company at Russell and Hamlet-sts will not only benefit north side residents, but other sections of the city as well, by relieving No. 1 squad of many of their runs, thereby releasing them for other service.

Last month the squad made about 225 runs, several calls were missed because they were out on emergency cases when later calls were received at fire department headquarters. The squad car is equipped with two-way radio, and many runs are made from one section of the city, across town to another section, on orders received by radio.

By reducing the length of the runs, many minutes will be saved in getting to the person needing help.

The new squad will be known as No. 2 squad company and will be in service in a few days, according to Fire Chief Welch. The members will be composed of some of the men who have been working on No. 1 squad in addition to others who have been taking special training to qualify them for this particular type of work. The new officers have not yet been named, the chief stated.

Members of the squad crews are all Red Cross trained "First Aid" instructors, and respond to all emergency and rescue cases, as well as responding to all downtown fires and second alarm fires.

They carry as special equipment large flood lights powered with a portable gasoline generator, portable electric saw, capable of cutting through either wood or metal; two inhalators, three 15 ton hydraulic jacks; acetelyne gas cutting torches; oxygen masks that can be used under water, and all types of fire extinguishers.

The under water mask is used in locating the bodies of drowned persons and for entering buildings that are filled with smoke or poisonous gases. The hydraulic jacks, portable saw and cutting torches are important in emergency rescue work.

The men will be on duty in 24 hour shifts, cooking their own meals at the engine house.

What is freedom? It consists of two things: to know each his own limitations and to accept them. That is the same thing as to know oneself, and to accept oneself as one is, without fear or envy or distaste, and to recognize and accept the conditions under which one lives, also without fear or envy or distaste. When you do this, you shall be free.—Ann Bridge, Illyrian Spring (Little, Brown).

— Letters — To the Editor

July 7, 1941

To The Editor:

Boat experience written to parents at 125 N. Wayne-av, Columbus, Ohio, by Howard W. Ditrick, son of Mr. and Mrs. A. L. Ditrick of the above address:

Upon my West High graduating school term, I applied for boat service on the lakes, with headquarters at Ashtabula and Conneaut, Ohio. After two weeks of "waiting on call," on a Sunday afternoon of June 29, while in a swim at Ashtabula Beach, call came in for immediate service on freighter J. F. Schoelkopf Jr., then coming into Ashtabula Harbor with injured man aboard. After an hour's collection of bag and baggage permitted and required of seaman's duties, I boarded boat which a short time later was departing with coal cargo for Port Huron and return to Fairport with stone. After a hurried setup in the quarters the steward placed me in kitchen duty for about 3 hours. Then after about 20 of the crew had eaten the dining help, self included, concluded the evening meal, placing the dining room in order for the next repast. At 8:30 p. m. I was placed on the potato peeling brigade lasting two continuous hours, after which a little sleep, and then resumption of the above routine, including the tidying of the various sleeping quarters. At this writing am about due for the potato routine, but after all, so far I feel this a great life yet every minute fully occupied, but not strenuous, and it will afford me an excellent vacation for the summer, after which I will return to take up college. I now find that the injured boy was taken from this boat by the Coast Guard before docking at Ashtabula. He was Don Wilson of 42 Lexington Ave., this city, and who expects to return to post of duty upon his convalescence. This was his first trip also. Both jobs, trips and acquaintance coincidental.

Respectfully yours,
Howard W. Ditrick

Dear Editor:

The enclosed poem, "One Thing Thou Lackest," was inspired through the sad tragedy of last Wednesday evening.

I visited the grave on the evening of the burial and I never before knew such fragrance as came forth from the beautiful array of flowers. My heart, already heavy over it all, was bathed in tears.

As I stood there, I wondered how many had reached out a glad warm hand, or given a word of cheer or encouragement, or a smile; or if any had spoken to her of the soul's eternity?

That gorgeous array of flowers, bespeaking tokens of love and sympathy, MIGHT HAVE BEEN a source of much joy, could she have had some of them to see and smell the fragrance in her days of evident struggle, of sorrow and trouble.

It made me recall the beautiful verse by Margaret Songster:

"Had I but heard
One breath of applause—
One cry of courage amid the strife
So weighed for me with death or life
How it would have helped, my soul to strain,
To meet the oncoming tide again!
What use is the rope
If it be not flung
Till the swimmer's grasp
To the rock has clung!
What worth is eulogy's latest breath,
When whispered in ears, now closed in death.
O, no, if you have but one word of cheer,
Give it to me while I can hear."

* * *

"ONE THING THOU LACKEST"
(Mark, 10-21)

Give flowers to the living ones,
While they can see and know,
For the beauty and the fragrance,
Will greatest joy bestow.

Give friendly smiles and kindly words
While they can see and hear
Some weary one may be in need,
Of just one word of cheer.

"One thing thou lackest," can it be
To self and give away?
Not gold and silver—give that too,
But O, give flowers today!

—Ethel Titus Worthen.

"THE BIRD IN THE GILDED CAGE"

(Parody)

I went out hunting with friends one fall
With snow the ground was white
My aim was late and I missed them all
But I was happy that night.
They all thought I was losing my sight
Or working for a powder mill,
And were astonished when I said that night
That I wasn't shooting to kill.

I didn't want a bird with a broken wing,
Nor a body full of bird shot.
In the hedge row I would hear them sing
They said a poor shot but I'm not.
I was only wandering through the lagoon
Tired of the city's display.
They laughed and jeered all afternoon
Coz I missed every shot that day.

I shot too late with my scatter gun
I didn't want to see them fall.
To kill and maim is wicked fun
An empty pleasure as I recall.
They all got away from me that day,
Now singing and calling their mate,
A plaintive love song in the clover hay
And I'm glad I shot too late.

Chauncey Depew, asked what kind of exercise he took, answered: 'I get my exercise acting as pallbearer to my friends who exercise.' — Thomas Collison in Portland Sunday Telegram.

Amusements

Loew's Ohio

Robert Taylor plays his first western role in "Billy the Kid," technicolor adventure drama of the great southwest, now at Loew's Ohio. It was filmed in the grandeur of Arizona's Monument Valley. Mary Howard and Brian Donlevy are in the big cast. "They Dare Not Love," with Martha Scott and George Brent, is added. Starting next Friday, July 18, Loew's Ohio will show the hilarious Bob Hope comedy of life in the army, "Caught in the Draft" plus "West Point Widow."

Loew's Broad

Loew's Broad is now showing for a second downtown week the exciting romantic adventure melodrama, "They Met in Bombay" with Rosalind Russell and Clark Gable as the bright stars. "Adventure in Washington" is added. Starting next Friday, July 18, the Broad will show "Ringside Baisie" with Ann Southern plus "The Richest Man in Town" with Frank Craven.

How tattoo marks may save sick people's lives. If you're likely to collapse from Diabetes, or even if you're well and an accident requires a blood transfusion, medical science urges a warning code mark on your body—and for sensitive ladies it can be done so that it won't show except under the X-Rays. Emergency Squad In Reach of All

Locating of the fire departments second "emergency First Aid" company at Russell and Hamlet-sts will not only benefit north side residents, but other sections of the city as well, by relieving No. 1 squad of many of their runs, thereby releasing them for other service.

Last month the squad made about 225 runs, several calls were missed because they were out on emergency cases when later calls were received at fire department headquarters. The squad car is equipped with two-way radio, and many runs are made from one section of the city, across town to another section, on orders received by radio.

By reducing the length of the runs, many minutes will be saved in getting to the person needing help.

The new squad will be known as No. 2 squad company and will be in service in a few days, according to Fire Chief Welch. The members will be composed of some of the men who have been working on No. 1 squad in addition to others who have been taking special training to qualify them for this particular type of work. The new officers have not yet been named, the chief stated.

Members of the squad crews are all Red Cross trained "First Aid" instructors, and respond to all emergency and rescue cases, as well as responding to all downtown fires and second alarm fires.

They carry as special equipment large flood lights powered with a portable gasoline generator, portable electric saw, capable of cutting through either wood or metal; two inhalators, three 15 ton hydraulic jacks; acetelyne gas cutting torches; oxygen masks that can be used under water, and all types of fire extinguishers.

The under water mask is used in locating the bodies of drowned persons and for entering buildings that are filled with smoke or poisonous gases. The hydraulic jacks, portable saw and cutting torches are important in emergency rescue work.

The men will be on duty in 24 hour shifts, cooking their own meals at the engine house.

What is freedom? It consists of two things: to know each his own limitations and to accept them. That is the same thing as to know oneself, and to accept oneself as one is, without fear or envy or distaste, and to recognize and accept the conditions under which one lives, also without fear or envy or distaste. When you do this, you shall be free.—Ann Bridge, Illyrian Spring (Little, Brown).

Bernard Shaw one day received an invitation from a celebrity hunter: "Lady X will be at home Thursday between four and six."

The author returned the card; underneath he had written: "Mr. Bernard Shaw likewise."—News Wiener Tagblatt.

Mrs. Grace Good may believe in the geometric theorem that "a straight line is the shortest distance between two points" but she doesn't apply it to laying out the rows of vegetables in her garden . . . Leo Phillips Sr., is a familiar figure on the tennis courts at Westgate Park . . . Chet Hill spent the Fourth of July building an outdoor furnace to cook steaks, etc. . . . Elbert Black almost severed a finger last week cutting weeds with a sickle . . . Mrs. Paul Shesky (June Cranston) visited the Record office last week. Paul has been transferred from Chicago to take over management of TWA field activities at Toledo. Mrs. Shesky is a former TWA hostess . . . Chet Rinehart now in service at Camp Walters, Texas, tells the boys in the Record shop that if they think they work hard they should join the army . . . That organ music emnating from the Hilltop Lutheran Church on a quiet Saturday morning creates a pleasant atmosphere for working in our quarters. . . .

'Twas Told To Me

The beaming countenance of Art Bellar appeared on the front page of the Toronto Telegram one day last week as one of the first Legionnaires to register for the big convention . . . Clarence Story is angling in northern waters this week . . . Marie and Bob Zellars are vacationing at Indian Lake this week and next . . . John Winkler is on vacation spending most of the time finishing up his new home on Lane Road . . . Al Trabue and family, back from a fishing trip to northern Michigan waters, report a fine catch of northern pike . . . Harry Markins has proof of what he and his party were able to do in northern Canada . . . It was a son born to Mr. and Mrs. Charles Carpenter (Virginia Randall) at Lakeside Hospital in Cleveland. Infant Randall Lee arrived amidst the noize of July Fourth . . . Bob Nicklaus and Dick Jantzen are on a camping trip near Helen, Mich. Dick's parents left Tuesday to join the boys for two weeks . . . The Stiners on N. Hague Ave. have a pet robin which they fed since it was a fuzzy little thing. It is now so tame it will not leave the premises . . . Things we'll never learn: The words (if any) to the "Hut Sut" song.

Addenda

While we are pounding out the foregoing information and stuff we learn that John Eckard did come home from Camp Lee. Arrived here Tuesday night and will stay until Sunday . . . Ed Stauch will leave in a week for fishing waters north of Duluth, Minn. . . . It was Bobby Baus' fourth birthday Sunday as he marched up and dropped his four pennies in the birthday box down at Burgess U. B. Sunday School. Then, joining in the chorus of young voices, he sang "Happy birthday, dear Bobby."

IN MEMORIAM
In memory of Bernice Tier who passed away July 8, 1936.
We loved you darling daughter
But the savior loved you more
So five years ago you left us
For that farther golden shore
And tho we sadly miss you
We know you're living there
Free from all pain and sorrow
Safe in His tender care.
—Sadly missed by Father, Mother and Brother.

IN MEMORIAM
In loving memory of our dear grandson and nephew, ROLAND HARMER, who passed away three years ago, July 9, 1938.
Time speeds on, three years have passed
Since death its gloom, its shadows cast
Within our homes, where all seemed bright,
And took from us a shining light.
We miss that light, and ever will,

Picnic Sandwiches
Everyone likes his picnic sandwiches to have moist, flavorsome fillings. And if there is a bit of crunchiness about them, all the better. Hence the popularity of salad fillings. In the following recipe for egg salad sandwiches you'll find dill pickles provide crispness and individual flavor, while a good quality of mayonnaise and pure malt vinegar are the secret of its dashing tartness.

Egg Salad Sandwiches

Prepare—
4 hard cooked eggs.
Chop egg whites and combine with—
2 dill pickles, chopped
¼ cup diced celery
½ teaspoon onion juice.
Mash egg yolks, then add—
⅛ teaspoon pepper
1 teaspoon salt
1 tablespoon pure malt vinegar.
Combine the two mixtures and moisten with—
3 tablespoons mayonnaise.
Mix to spreading consistency, then spread on—
Whole wheat bread.

Makes 8 large sandwiches. This filling recipe makes a good salad mixture to serve on a salad plate of assorted meats and relishes.

Light and Flavorsome
Scrambled eggs break into the news when they take on the delicious tomato-and-spice flavor of ketchup combined with the delicate flakiness of canned tuna fish. You might call this an emergency dish, because it is quick to prepare, but you'll plan ahead of time to serve it when you find how much your family enjoys it. It's particularly good for back yard campfire preparation.

Tuna Scramble
Beat together well—
6 eggs
4 tablespoons milk.
Heat skillet and add—
1 tablespoon butter.
Pour eggs into skillet and cook slowly, stirring gently.
When they begin to thicken, add—
1 7-oz. can tuna fish, shredded
1 teaspoon salt
4 tablespoons tomato ketchup.
Continue cooking until eggs are creamy. Serve immediately garnished with paprika. This mixture is good served between slices of hot buttered toast for sandwiches. Serves 4-5.

Vitamins De Luxe Style
The lowly cabbage has come up in the world since nutritionists discovered its high vitamin importance. It is "the thing" to serve coleslaw in almost any type of menu, and numerous attractive variations of this popular salad enliven mealtimes.

The following recipe has the de luxe touch of white grapes and almonds to make it particularly attractive in summer buffet service. And for the unusually delicious flavor, the mayonnaise is touched up with prepared yellow mustard and pure cider vinegar. You'll get many compliments on this new coleslaw.

Coleslaw with White Grapes and Almonds

Combine and chill—
6 cups coarsely chopped cabbage
2 cups white grapes (seeded or seedless)
1 cup blanched almonds, halved and toasted.
Mix together well—
1 teaspoon salt
1 teaspoon sugar
2 teaspoons prepared yellow mustard
2 tablespoons pure cider vinegar
½ teaspoon fresh onion juice.
When ready to serve, pour this mixture over cabbage and toss well.
Stir in—
¾ cup mayonnaise.
Decorate with a wreath of parsley and grapes. Serves 12.

MODERN POETRY

TO A CHILD
My child, my love for you is as the waves
At morn, when emerald they appear and white,
Fanned by a scented Indian breeze that laves
Them turbulent before the dawning light.

My love is as a tropic bird that lives
Attended by its beauty pure; among
The verdant foliage of the south, it gives
Its wildness to the beauty of the song.

Clean Sheets Give Comfort
A well-made bed never contributes to sleeping comfort more noticeably than on sirless summer nights. A good mattress, tightly drawn sheets, and smooth pillow cases are a boon on those occasions when nature defies us to get some shut-eye.

Clean, fresh sheets, pillow cases and night clothes will bring on refreshing slumbers more readily and more pleasantly than sheep-counting. One of the most comforting feelings in the world comes from cool crisp sheets and pillows on a summer night. Smart housewives always try to have bed linen fresh and clean, but never more so than when the thermometer is high.

A man had been discovered dead, and the jury were puzzled as to what caused his death. Finally, they stated: "It was an act of God under very suspicious circumstances."—J. B. B. in Irish Digest.

His vacant place there's none to fill.
Down here we mourn, but not in vain,
For up in heaven we will meet again.
—Sadly missed by grandparents, aunts and uncles.

Not even the azure vault at highest noon
Is wider in extent than my esteem
For you; nor can the generous Heaven's boon
Be more to guileless children when they dream.

Program Planned For Big Bean Day

Casting Contest Added To Bill Of Entertainment At Westgate

ATTENTION, fishermen, plug and bait casters, old and young. You are invited to be the guests of the Hilltop Business Men's Association at their fourth annual Hilltop Bean Dinner at Westgate Park on Wednesday, July 30, so goes an invitation by sponsors of the "big picnic," one of the outstanding events in the community.

Charley Harder of the Columbus Casting Club will put on an exhibition tournament which will be open to all boys and girls who wish to participate during the afternoon. In the evening Mr. Harder and a group of his fellow club members will stage an exhibition tournament which should be of interest to all fishermen. The exhibition will be held at Westgate Park Lake. Those wishing to take part are asked to bring their own casting rod and reel. The entertainment is free and boys and girls participating will be given expert advice and instructions on how to handle a casting rod.

One of the big features of the day will be a free balloon ascension and double parachute jump to be performed by Claude L. Shafer of Chicago. The association has gone to heavy expense to bring this feature to the Hilltop inasmuch as committee members felt that a great many young people had never seen this act performed.

Games and Contests

Of course that's only one part of the vast program of entertainment lined up for the afternoon and evening. Starting with the program of games and contests at 3 o'clock, there will be a softball game played by two outstanding girls' teams in the city—the Shroyer Funeral Home and Timken Bearings. There will be an archery match, dancing, rides and other concessions.

Beans (two tons of 'em) will be served free with coffee and crackers to all comers.

A novel old-fashioned dance done in costume will be presented at some time during the evening by a group of young dancers. Appearing in the number will be Marilyn Myers, Susie Johnson, Martha Colmery, Martha Cruea, Claire Knight, Janice Judy, Mrs. Mel Carper, Haroldine Terry, Bonnie Lear and Marcella Gibbon. Partners for the fair ladies will be Harvey Tiller, Dick Frank, Ed Tarleton, Dick Ison, Bob Bates, Ernest Dahlen, Melvin and Earl Carper, Jim Womeldorf and Tom Rawlings. Miss Frances Cruea is helping prepare the number to be titled "Little Lisa Jane."

Hal Brown's orchestra will furnish music for dancing throughout the evening.

Committee members for the bean dinner are: Chester Herbert, Clarence Story, Ray Percy, Tom Lewis, Ray G. Hauntz, C. C. Hartley and Dr. E. E. McNamee.

Fair Week, Then

These past two weeks have been plenty busy ones for this correspondent. Two wekes ago the manager of our Washington Court House paper, a reserve army officer, was called up for active duty. And to top it all off next week marks the opening of the big Fayette County Fair, which meant that in addition to breaking in a new man down the way we have been busy day and night getting out our annual fair edition for this Friday.

But it has been a lot of fun. Down at Washington Court House the business people of the town are actively getting ready to be hosts to thousands who will attend the fair. It is the first county fair in Ohio and has an enviable record. If it's corn, pigs, cattle, or harness races, take a tip and visit the fair. It's one of the best of its kind in the state.

And right after the fair we jump into the bean bag and help stir up the soup for the annual Hilltop Bean Dinner on July 30.

These events, fairs and bean dinners are typical of the great American way of doing things. Men and women give hours and days of their time to entertain large crowds and create enthusiasm for the American way of living.

Wouldn't it have been a blessing to the world if Hitler, Mussolini and Stalin could have had the opportunity to grow up in an American community where they might attend a fair or a bean dinner.

Every Day You Owe A Little More

The Federal government went in the hole approximately five billion dollars this past year. Figured out on a per capita basis that makes each of us owe $371.55.

Every day you may be paying more and more but don't forget that all the time you are owing more and more. And round and round she goes and where she stops nobody knows.

Restrictions On The Farmer

This past week spent in the heart of the Ohio farm country has brought me close to the controversies between the farmer and the AAA.

Ohio farmers are up in arms over the restrictions that have been placed on them regarding what they can grow and what they can't grow.

American agriculture has become profitable and has grown to gigantic proportions because it has been allowed to take its own course. Farmers have always owned their lands and raised what they wanted to. And they have been a prosperous group. They have been envied by tillers of the soil all over the world.

But today the government has stepped in and put restrictions on the farmer. They have told him how much wheat he can grow . . . and they don't mean maybe. If he grows more than he was allotted he is out of luck. He can't even feed it to his livestock without loss on it, and if he sells beyond his quota he must pay a penalty tax of 49c per bushel, or nearly half what he received for it.

Over in Russia when a farmer takes a dozen eggs to the market he sells them at a certain price and then if he wants eggs for his own use he must buy them back at a price higher than he sold them for. Sounds something like the American wheat program.

There is the argument in favor of the wheat quotas: That western farmers are all for it. Probably so, but out there they get paid for not farming six and eight dollar an acre land. Farmers of Ohio who own high priced land can't afford to accede to the government regulations.

Maybe some day there will be an awakening, eh?

Bates To Reopen Veterinary Office

The new office and hospital will be open on or about August 1 after the building is equipped for veterinary work.

Westgate Residents Organize

Coming as an aftermath of last week's "restrition controversy" citizens of Westgate, Westgate Park and Broadview Additions have formed a property owner's protective association for the purpose of enforcing building restriction in that section. The new organization now in the process of formation will be known as the Broadview and Westgate Civic Association.

Action of property owners and builders in Westgate last week resulted in stopping a proposed "low cost" housing project that would have seen the erection of 30 or more homes in an area protected by a restriction of houses of $5500 or more. Cost of the proposed houses would have been considerably under that figure, it was said.

Upon completion of a survey of the situation FHA officials said they would not make commitments on houses that failed to comply with the restrictions. It was further understood that developers of that section would protect property owners in insisting that the restrictions be left as they have always been.

A flood of inquiries resulted from the story that appeared in last week's Hilltop Record indicating that most of the property owners in the Westgate area were concerned about the outcome of the project.

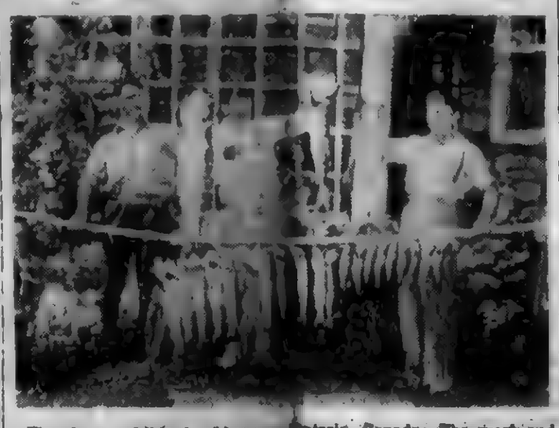
The new organization will function as an agency to check on proposed valuations of houses to be built in the restricted area to see that they comply with minimum building restrictions, it is said.

Larkin Is Victim Of Truck Crash

John Robert Larkin, 29, 195 Columbian-av, an employe of Commercial Freight, Inc., was a victim of a head-on collision, in which another man was killed, three miles east of Wilmington on U. S. Route 23, July 10.

Highway patrolmen from Wilmington reported the other truck was being driven east and Mr. Larkin west, when they smashed. Both trucks were completely demolished but neither ignited.

Both men were dead when the patrolmen reached the scene of the accident. The cause was not determined. There is a slight curve where the mishap occurred.



Mr. Larkin had been with Commercial Motor Freight since September, 1935.

After an examination of the body patrolmen said Mr. Larkin suffered a bad skull fracture.

Mr. Larkin is survived by his wife, of Cincinnati; his mother, Mrs. Lizzie B. Larkin, of 195 Columbian-av, and two brothers, Richard and Charles.

Burial was in Green Lawn Cemetery July 14.

A Successful Catch

The above exhibit should prove beyond a reasonable doubt that these three Hilltop fishermen did not let "the big one" get away. Pictured left to right with their catch are Roy Robinson, 190 N. Ogden-av, Harry Markins, 3606 Crescent-dr, and Russel Robinson, 311 Avondale-av.

Mrs. Markins was also present in the party that took the fine catch of bass and lake trout from the waters of Georgian Bay in Ontario, Canada. The week-end netted 15 lake trout ranging from five to 23 pounds in weight and the bass averaging two and one-half pounds.

"The prize catch was made" by Roy Robinson, shown near the huge fish. It was the 23 pound lake trout that measured 40 inches in length. It was the largest fish from the bay so far this season. The trip was made the week-end of July 4.

Local Man Has Skin Of Huge Reptile Believed Still At Large

By Jean Young

Seeing is believing and we saw it!

We are referring to the 11 foot snake skin found near Groveport July 15. C. Mott Kindal, 463 S. Wayne-av, who had the skin in his possession since the evening of the day it was found, brought it into The Record office and showed it to the staff to kill all doubts as to the size of the snake.

Measurements taken the day the snake skin was found showed it to be 11 feet long. This was just the skin that was found, Kindall believes there must be more some place because the skin does not grow small enough where the head should have come through.

"There must be at least four feet more," he exclaimed.

Mr. A. A. Hartung, 2440 Sullivant-av, says he has seen the snake on numerous occasions when he was fishing in the creeks south of Groveport. He also claims, and is afraid no one will believe him, that he and another man watched the same reptile milk a cow in a field while they were a distance away.

Mr. Kindall was to take the skin, which had shrunk to the length of 9 feet the day after it had been found, to Henry Thomas at the Ohio State University to determine the species of the huge snake.

Found By Workers

The skin was found July 15 by WPA workers who were digging a ditch along the Lithopolisrd at Little Walnut Creek. After the skin was found a search was launched in the territory to track down the snake.

Searchers did not find the snake but they were reported as being close on the trail as ground they had covered in their search had the grass and weeds freshly broken. The snake did ont leave the skin long before it was found the finders decided. They based their belief on the theory that the vegetation was just freshly broken in the spot where the skin was found. The skin had not shrunk much before it was discovered.

Mr. Kindall said he had the skin for anyone who is in doubt of any part of the story.

Stores To Be Open

The Westgate Pharmacy, 3089 W. Broad-st, and the Hilltop Pharmacy, 2235 Sullivant-av, are the two drugstores designated to take care of the Wednesday afternoon drug trade while other stores remained colsed on July 23. The policy of a general Wednesday afternoon closing will continue through August.

Gl'wood Leads In Race

Twin Bill Play Brings New Leader

By Roy Meloney

The West Church League saw plenty of action Monday evening, when doubleheaders were played by all the teams. The twin bill was the result of the postponed games of last week.

Glenwood M. E. took undisputed possession of first place when they took both ends of their doubleheader while West Park was dividing its two games.

The Glenwood team won both their games with last inning rallies. The first win was registered against Avondale when Bob Grashel singled with bases loaded to bring the winning tally home. The second game almost turned out to be one of the biggest upsets of the season when Hoge No. 2, who had not won a game, was leading the undefeated Glenwood team 4 to 0. But the victors were not to be denied of this game and rallied in the last inning to push across five runs and their fourth straight win in the second round. Big Ed Seifert hurled both victories for Glenwood.

Hoge No. 1 also win two games to pull into a tie with West Park for second place. Their first win came easy, when they downed Hoge No. 2, 16 to 3 but the second was a different story when Avondale was leading 6 to 5, going into the last inning. Then with two outs Bud Ries beat out an infield hit and was followed by Ernie Harhiter who promptly drove out a long homerun to win the game 7 to 5.

West Park, dropped from the select class when Burgess U. B. defeated them 3 to 2 in a pitching duel between Chuck Cash of the winners and Eddie Eberhard of West Park.

St. John's Wins

St. John's won their first game of the second round when they thumped Hillcrest Baptist 11 to 4. They dropped the second however, to West Park 6 to 4.

Hillcrest won its second start when it nosed out Burgess 5 to 4. Don Shaffer pitched fine ball for the winners.

The Church League schedule for next Monday at Westgate Park will again be doubleheaders when the teams make up a game which was rained out in the first round. The same teams play each other both games.

The schedule is: St. John's vs. Avondale on No. 1; Hoge No. 1 vs West Park on No. 2; Glenwood vs. Hillcrest on No. 3, and Burgess vs. Hoge No. 2 on diamond No. 4.

The Columbus Night League at State Hospital Monday, saw the undefeated Timkens All-Stars continue their winning ways when they proved too much for Ben Brew and defeated them 9 to 6. Smitty Truss did the hurling for the winners while Charlye Hally was the Ben Brew pitcher. Timpkens' record now stands at seven wins and no losses. They will see action again tonight when they face a tough Model Dairy square at 9:30. The first game starts at 8:15 and will be between Schroyer Funeral Directors and Kahn Jewelers.

Murphy Pharmacy Has Opening Sat.

Five years after he purchased his first drug store, Joe Murphy will hold the formal opening of his newly enlarged modern store at 2744 Sullivant-av, just across Harris-av from his former location at 2752 Sullivant-av. Saturday is the big day. Favors will be available for all visitors throughout the day. Free Cleo Cola will be served from 3 to 5 in the afternoon.

A special coupon in Murphy's add appearing on page 3 of today's Record, entitles the bearer to a special price on a fountain delicacy.

Joe started in the drug business immediately upon graduating from the School of Pharmacy at Ohio State University in 1933. He worked at different times for Walgreens and Mykrantz stores and then bought the Plummer Pharmacy in 1936.

The store has experienced rapid growth during the five years. Rapid delivery service is stressed. A complete line of Nyal drugs and sundries are stocked.

Don Smith To Head Work Of Drive On Hilltop

Uncle Sam's drive to gather up all available scrap aluminum will reach the Hilltop Tuesday when a concerted effort will be made to pick up old kettles, pots and pans or anything containing the valuable metal. The drive will be headed locally by Donald F. Smith, attorney at 2405½ W. Broad-st, who will direct the work for the Hilltop Business Men's Association.

The city-wide drive is under the sponsorship of the Columbus Junior Chamber of Commerce with Frank Ferneau of the City Hall supervising the work. Ross Glick, former Hilltopper, is publicity director for the J. C.'s.

The drive in the interest of National Defense will be conducted on the Hilltop Tuesday with the VFW, American Legion, Auxiliaries of both organizations and local Boy Scouts uniting in the effort to gather up aluminum bearing items no longer needed about the house.

Working under Mr. Smith are Herbert Kunzi of the Hilltop Van and Storage Co., 2830 W. Broad-st, serving as transportation chairman; Fred Sulzberger, 2417 W. Broad-st, and W. Haydn Jones of the Jones Lumber Co., 57 N. Sylvan-av, acting as co-chairmen of the collection; and Paul Wichterman, editor of the Hilltop Record, 2465 W. Broad-st, publicity chairman.

Trucks Needed

Any individual or business firm that can donate the services of a man and truck for a half or full day's work is asked to get in touch with Mr. Kunzi as soon as possible so that sufficient transportation can be arranged.

The entire community will be broken down into territories with each crew of trucks and men working a given part of the Hilltop. Materials collected will be hauled to a centrally located spot downtown where similar loads from other parts of town will be deposited.

Door plugs will be distributed to every home on the Hilltop Monday as an added reminder that "the drive is on."

Housewives can greatly speed up the work of collection if all materials to be contributed will be placed on a pile on or near the front porch so that no time will be lost by workers when they arrive. Where no members of the family are at home any materials left on the front porch will be taken by collectors.

Any old or broken article made of aluminum is welcomed. Such items as ash trays, book-ends, soap dishes, camera equipment, bottle and jar caps, and electrical appliances contain aluminum.

All residents of Valleyview are asked to bring old aluminum ware to the rear of 505 N. Harris-av on or before July 22.

Dick Rhyan Is Champion

By Roy Meloney

A Hilltopper, who never took a lesson in his life, stepped out on the Dublin Arlington golf course in the State Public Links Tournament Sunday, and proceeded to show everyone there just how to win the State Publinx crown.

Yes, that's the story of Dick Rhyan, the new State Publinx champion. Dick was a decidedly dark horse in the tournament and for a while was fifth place with a total of 149 strokes but then he got started and finished the morning round with a fine 68 and then turned in a 72 for the afternoon to compile a score of 290. Barney Hunt, the defending champion, scored a 292, thus making Dick the new king.

Rhyan is a husky fellow, standing six feet tall and weighing around 185 which gives him plenty of power.

He came very close to not even entering in the playoffs due to the 88 he shot in the amateur-amateur which preceded the tournament Friday and only through the pleading of his buddies did he consent to enter.

This was only the second time he had entered a tournament of any kind which makes his feat more remarkable. Dick's other try was the city tournament of last year but he failed to last long when he met up with Barney Hunt, then the champion.

Golf is the only sport which he is particularly interested in as far as playing is concerned. Rhyan is an employe of the Columbus Bolt Works and has been married for six years.

He has long been a familiar figure on the Beacon Light Course where most of his playing has been done.

Penny Stretcher

It is important for the budgeting homemaker to find attractive ways to stretch the meat dollar. The cheaper cuts are a great help, and also foods which combine with meats and thus extend their values. Most of these less expensive cuts of meat require longer cooking; however, if they are ground or chopped they may be cooked top-stove style in double-quick time. A grand food with which to combine these inexpensive meats is the prepared cooked spaghetti in tomato sauce with cheese. Its tangy sauce adds flavor to these less juicy meats and the tender strands of spaghetti make it go farther. Try this recipe:

Combination Meat and Spaghetti Platter

Fry together in skillet with fat—
½ pound fresh sausage
½ pound ground beef.
Season with—
½ teaspoon salt
⅛ teaspoon pepper.
Add—
1 large (24-oz.) can cooked spaghetti in tomato sauce.
Stir as little as possible, keeping covered while heating. Turn out on platter with meat on top. Just before serving, sprinkle with—
Grated sharp cheese.
Serves 4.

New Spring Salads

You can always depend on a salad to give a meal a lift. That is what these combinations of color, crispness and piquancy were meant for. Here are some new ones just out. The French Dressing is easy. Relish French Dressing is easy. Relish French Dressing with its dark green leaves can be with its dark green leaves touched up by bits of white celery and the highlights of the shiny oil dressing containing India relish. The other gives you a new slant on cabbage slaw, with fresh cucumber pickle and [illegible] for its tartness.

Fresh Spinach Salad

Shred—
½ pound fresh uncooked spinach
½ head lettuce.
Toss together lightly with—
½ cup celery sliced crosswise.
Mix with Relish French Dressing (recipe below) and serve. Serves 4 or 5.

Relish French Dressing

Combine—
½ teaspoon salt
1 teaspoon sugar
½ teaspoon paprika
½ cup pure olive oil
¼ cup pure cider vinegar
Few drops Worcestershire sauce
2 tablespoons India relish.

Shake together in a jar or beat with a rotary egg beater. Serve on green and vegetable salads.

Cabbage and Cucumber Pickle

Combine and mix thoroughly—
2 cups shredded cabbage
1 green pepper, shredded
10 slices fresh cucumber pickle, chopped
1 tablespoon grated onion
1 teaspoon sugar
½ teaspoon salt
4 tablespoons mayonnaise.

Arrange in cups of crisp lettuce and sprinkle with paprika. Serves 6.

Note: One cup shredded carrots may be substituted for one cup of the cabbage.

Vegetable Variety

For new variety in the vegetables you serve this spring, try this recipe for Mexican Onions in which tomato ketchup adds savor and spice to the cream sauce.

Mexican Onions

Slice—
3 medium Bermuda onions.
Cook in large amount of boiling salted water until tender. Drain in colander, then run hot water through them.
To make sauce, melt in pan—
4 tablespoons butter.
Add, blending well—
4 tablespoons flour.
Cook until bubbling, then add—
1½ cups milk.
Cook, stirring constantly, until thickened.
Add—
½ cup tomato ketchup
1½ teaspoon salt
Dash pepper.

Add onions to sauce and cook until heated through. Serve hot as creamed vegetable. Serves 8.

Band Concert To Be At Goodale Park

Residents of the Hilltop, in common with the rest of Columbus, are becoming increasingly interested in the free public band concerts which are being given on Sunday evenings in various city parks. The next program will be given on Sunday evening, July 20 in Goodale Park. Sam Giammarco will be the guest conductor.

Giammarco has conducted this organization, the Federation of Musicians Band, a number of times before and is known for sound qualities as a musical scholar and a maste rof ensemble. He has been known in Columbus also as a trumpet virtuoso, having especially distinguished himself as a member of the concert orchestra at the Ohio Theatre for a number of years.

Among the numbers to be played will be the overture to Verdi's opera, "La Forsa del Dostion," melodies from the scores of Rimsky-Korsakoff, gems from "Rio Rita," selections from the musical comedies of Friml and the famous and dramatic "Marche Slave" by Tschaikowsky. Of course there will be several marches and lighter numbers.

The soloist of the occasion will be Richard Wilson, an up-and-coming base-baritone, who has been favorably received in many places in Columbus but is having his first hearing with the Federation Band.

It is announced that there will be plenty of seats available, as has been in the case in the first three concerts in this series.

A concert at Westgate Park is a possibility for later in the season, according to word form Federation headquatrers.

St. Aloysius School was origially the parish. It was erected in 1908. Church was held in the parish until more room was needed. In 1928 the church proper was built at the corner of Midland-av and Broad-st.

Father Schwartz was the first pastor in the new church. He came to the church from Murray City, near Nelsonville. In April 1910 he assumed his duties in the parish. Father Schwartz was retired last August. The present pastor is Father William F. Maloney. Father Young is the assistant.

The highest membership of the church was 2000. Highest enrollment of the school was 435. It is now around 300.

The decorations in St. Aloysius cost $10,000. The windows are the imported stained glass of the 16th century style. The interior of the church has never been redecorated but an annex was built a few years ago.

Vestments worn in the services of the church are hand woven of silk velvet.

A children's choir sings for the daily masses and an adult choir sings for the Sunday masses. Hilda Garber Gilliban is organist for the church.

Father J. J. Cahalan first organized St. Aloysius Church, in 1906.

The windows in the parish were made in Germany and the altar was made in Italy.

Station crosses in the church are the only sets like them in the world.

First attendance record of the church was close to 15 members. At present it is near 2000.

The church including furnishings cost $160,000.

Painter Recovering From Unusual Experience

George Burkhart, a painter who makes his home with a brother-in-law at 449 N. Highland-av, was recovering this week from an unusual and dangerous experience last week. While painting on a roof at 50 N. Warren-av, he became ill and lapsed into unconsciousness. Being alone on the job he was unnoticed and was not found for approximately four hours.

Mrs. Margaret Morris, who resides at that address, explained that Mr. Burkhart had complained of feeling ill in the middle of the afternoon and thought he had left the job.

City firemen and the inhalator squad revived him in 20 minutes after they got him down from his precarious perch astride the top angle of the roof at 8:30 Friday evening.

Falls While Skating

Miss Mary Lexien, 41 Boys-av suffered a slight concussion while skating at the Hilltop rink July 17. Mrs. C. Cruea said the girl fainted and hit her head on the floor in the fall. Dr. C. O. Cramer was called and the girl was removed to Mt. Carmel Hospital where she lay unconscious for two hours after the accident. She was taken in a Spears ambulance.

WASH IVY POISONING WITH SOAPY LATHER

The severity of ivy poisoning can often be checked, and sometimes eliminated, according to the United States Department of Agriculture, by immediate soap and water treatment after touching the plant. Scrub the hands, and any other skin areas that may have been in contact with poison ivy, with ordinary soap. Work up a good lather on the affected areas, then rinse off, and repeat the lathering and rinsing at least four times. It is best to do this in running water, but if basins must be used, the water should be changed often. Particular care should be given to the finger tips, especially the skin just under and adjacent to the nails where the poison may linger and be carried to other parts of the body.

Medical advice adds the caution, "Don't scratch," because scratching may spread the infection. If the poisoning is severe, the sufferer is advised to see a doctor.

KITCHEN WISDOM

Soak sieves and colanders in soapy water immediately after using them to strain spaghetti, noodles or other starchy products. This will keep the food particles from clogging the tiny holes. For fine wire mesh strainers and graters, use a stiff hand brush dipped in generous suds. Rinse well under running water, and then dry thoroughly with a clean towel.

Fire Department Protects Contents of Damaged Buildings

The early history of fire departments shows that in the original organization very little attention was given to protecting the contents of buildings against water damage. In many cases, the water damage exceeded by far, the actual fire damage. Only in a few of the larger cities was any attempt made to develop salvage work. Several of these cities later dropped the salvage work for the more spectacular work of firefighting involving the use of ladders, fire hose and fire engines. A revival of this type of fire protection was instituted in Columbus a few years ago, resulting in a saving of several thousand dollars a year to property owners.

Fire trucks are now equipped with enough canvas covers to cover the contents of a seven room house. Mops, buckets, sponges and chamois and brooms are carried as regular equipment so that furniture and floors can be relieved of excess water as soon as the fire has been extinguished.

This salvage work applies to shops and factories as well as homes. At a recent fire in a large Columbus factory, machinery worth several thousand dollars that would have been severely damaged by water, was saved from any loss by the use of several dozen of these canvas covers. As a result the factory was able to resume operations in a few days.

When the firemen "roll in" to a fire, part of the men begin the work of extinguishing the fire, while others begin the salvage work. Furniture is moved to the center of the room, pictures are removed from the walls and clothes are taken from closets, these are placed upon the bed or other furniture and covered with canvas to protect them from water and falling plaster. After the fire is extinguished everything is returned to its original position. This not only reduces the property loss but relieves the worried housewife of the added worry of putting the home back in a livable condition. In case fire extends through the roof, the holes are covered with roofing paper to keep out rain and snow until the services of a repairman can be secured.

In addition to the extension of salvage work to reduce fire losses, the Fire Prevention Bureau has been recognized in an effort to reduce the number of fires. The bureau is under the direction of Battalion Chief Lee M. Green with a staff of 12 specially trained inspectors. Since the first of the year the inspectors have corrected more than 20,000 fire hazards, which should show a sizeable reduction in this year's fire losses.

VACATIONISTS

Mr. and Mrs. H. B. Perkins and son, Harry, 183 S. Terrace-st, recently returned from a vacation trip through the South. They visited friends and relatives in Florida and Arizona.

Mr. and Mrs. Dana Chase of Chicago, the former Jeanette Adams, 92 N. Ogden-av, arrived on July 2 to spend the Fourth of July at the home of her brother and family, Mr. Allen C. Adams, 560 Wrexham-av.

Miss Martha Adams, 560 Wrexham-av, Miss Virginia Bukey, 2750 Ridge-av, and Miss Thelma Davis, 459 Eureka-av, spent the Fourth of July vacationing at Cedar Point.

COLORED LANGUAGE

Travelers among the Gullah Negroes of the coastal country of South Carolina are often impressed by the imaginative quality of their speech. "Doan' short- patience me," they say, meaning "Don't make me lose my temper." A delicate child is called "a come-see": the child has come to the world indecisively, to see whether or not it wishes to stay. —Lupton A. Wilkinson in The American Review.

The average weight of a freight locomotive is 144 tons; of a passenger locomotive, 130 tons.

Flower vases should always be thoroughly washed with hot soapy water between uses. Fill the flower containers with sudsy water, let stand about 10 minutes, then wash and rinse with clear water. New bouquets will flourish beter in a clean vase.

Jobs Provided For June Grads

H. C. Atkinson, administrator of the Ohio Bureau of Unemployment Compensation, announced recently that in the first two weeks of June, jobs for 2,284 high school graduates had been provided through the channels of the Ohio State Employment Service.

Many other graduates are being placed daily by Employment Security Centers in the state, the administrator added. It is expected that several thousand more will find places in private industry after they have completed training courses designed to prepare them for national defense jobs.

Soups Make Meals

Not only does soup start the meal—it may well make it, too. Joined up with a salad or sandwiches or both, it's the perfect answer to the question of what to serve for supper on balmy spring days when you want to be out of doors gardening or just enjoying the sunshine and breezes.

Prepared home-style soups which only have to be heated before serving are made by expert chefs who know the art of delicious seasoning and perfect brewing, and it's grand to be able to depend on them for the main part of a meal. The cream soups and chowder-type soups are the best for this purpose because they are the more substantial kinds.

Below are some menus which include soup as an important item. Use them for both luncheons and suppers and for summer dinners.

Prepared home-style cream of tomato soup, tuna salad, hot biscuits, jelly. Fresh pineapple wedges for dessert.

Prepared home-style cream of mushroom soup, chopped vegetable salad, corned beef sandwiches. Apple pie for dessert.

Prepared home-style split pea soup with vegetables and ham, egg salad sandwiches, fresh cucumber pickle and radishes. Canned peach halves for dessert.

Prepared home-style vegetable soup, tuna-apple sandwiches, dill pickles, celery curls. Fruit cup and cookies for dessert.

Prepared home-style cream of green pea soup, cheese sandwiches on toast, cabbage and crushed pineapple salad. Chocolate cake for dessert.

Bean Casserole

If you want a main dish casserole that has lots of flavor and pleases the inner man, baked kidney bean casserole is just right. The oven-baked red kidney beans in the recipe have a mealy but substantial texture about them which sets off the spicy piquancy provided by the mustard, tomato ketchup and vinegar. If ever your husband gives a stag supper, this is just the dish to be served.

Baked Kidney Bean Casserole

Combine—
2 medium (17½-oz.) cans oven-baked red kidney beans
2 tablespoons chopped onion
1 tablespoon prepared yellow mustard
⅓ cup tomato ketchup

2 tablespoons pure cider vinegar
¼ cup brown sugar.
Place in baking casserole.

Arrange over top—
8 strips bacon, cut in halves.

Bake in a moderate oven (375° F.) 40 minutes. Serve hot. Serves 6 or 8.

1941 Deviled Eggs

Here's a new touch to give your deviled eggs when preparing them for this season's picnics—let the tasty crispness of fresh cucumber pickle come between the egg halves to give them extra color and flavor appeal.

Deviled Eggs with Fresh Cucumber Pickle

Prepare—
6 hard cooked eggs.
Shell and cool. Cut in halves crosswise. Remove yolks and mash very fine.

Blend with—
2 tablespoons sandwich spread
1 teaspoon prepared mustard
½ teaspoon salt.

Refill whites with this mixture. Put halves together, placing in center of each—
1 slice fresh cucumber pickle.

Fasten with toothpick to serve. Serves 6.

Mosquito Nuisance Can Be Eliminated — Remove Cause

You don't have to suffer from irritating mosquitoes. These pestiferous winged insects which bite mostly at dusk and during the hours of darkness, whose songs are almost as annoying as their bites, probably are breeding in your neighborhood. With your help these pests can be conquered.

How To Eliminate Mosquitoes

Get rid of all standing water on your premises. Remove or dump tin cans, buckets, old tire casings, barrels, jars, vases and any other receptacles that will hold water. Cut out both ends of the tin can before you put it in your rubbish receptacle and keep containers covered so that water cannot collect, or have the rubbish removed from your premises each week. Have leaky plumbing repaired and stopped-up eaves drains closed out.

Mosquitoes are smart. They prefer hidden or partly concealed standing water in which to lay their eggs, for example: flooded basements, open water tanks, wells, drain tiles, cisterns, water barrels, basement or garage drain traps, cesspools and old privy vaults. You can kill mosquito larvae, "wrigglers," in water that cannot be removed by covering the water with a light film of fly spray, kerosene (coal-oil), or furnace oil. Drain traps may be flushed every few days to wash out the larvae if no oil is at hand.

Be sure that your ornamental garden pond is stocked with goldfish or mosquito fish. Either of these fish will eat any mosquito eggs that are deposited in the pond provided the fish are not too well fed and the aquatic vegetation is not too dense. Water in outside bird baths should be changed every few days.

Screening of doors and windows will not be completely effective in keeping the pests out of the house as they will come down the chimney openings, or enter through the furnace air intake.

The common mosquitoes breed only in standing water and do not fly far. However, they may be carried a considerable distance by strong winds. They never breed in grass, shrubbery, or vines, although the adult mosquitoes frequently rest there.

City Catch-basins Treated Weekly

A light oil, applied with spray guns, is the principal weapon used by the city against the bothersome mosquitoes. Four crews, one for each section of the city, spray oil on the water standing in more than 7000 catch-basins (where street gutter water runs into the sewers). These catch-basins are oiled weekly and the thin film of oil on top of the water kills the mosquito larvae.

Make Your Own Inspection Today

Your cooperation is needed to wipe out "backyard" mosquito breeding. Spare yourself annoyance by regularly making a careful inspection of your premises to make sure that you are not raising mosquitoes at home.

SUMMER VACATIONS

From this valley many tourists are going,
They'll be guiding an Indian canoe
Through fog on water they'll be rowing
Water that is peaceful and blue.
When you go to your shanty on the ocean
Don't linger around on the ground
Take along a gallon of some strong lotion,
Bugs by the million will abound.

Gnats in numbers from every known nation,
You will think they have come by request
Coming in droves in war-like formation,
Snakes will slither through your nest.
We are hoping you'll soon be returning
Seems long since we bid you adieu.
We are waiting and longing and yearning,
Waiting in the gloaming for you.

That voyage on the ocean means deflation
But the insects are easy to subdue.
Forget about deflation and take your vacation,
Your courage it is sure to renew
Neighboring with the forest and the ocean
Is inspiring to any man's soul.
Go away for a week from worry and commotion,
Forgetting for a while your goal.

Fire Films Are Now Being Shown

Motion pictures of fires and fire causes are being shown to the public by the Fire Prevention Bureau of the Fire Department in a campaign to further reduce fire losses by eliminating many unnecessary fires.

A survey of fire reports indicates that 90 per cent of all fires are the result of carelessness and could have been prevented. According to Fire Chief Welch, "It is cheaper to prevent a fire, than to have to fight one."

The type of pictures range from Fire Prevention to some of the methods of fire sabotage that may be encountered by fire departments in defense manufacturing plants.

KIT FOR CLEANING GADGETS EASILY STOWED AWAY

One of the wisest investments a girl can make before starting on a traveling vacation is a waterproof bag to hold cleanliness necessities and cosmetics. If the vacation is to be spent on a hiking trip or automobile trip, there will be many occasions when a handy gadget that holds soap, wash cloth, a small towel, nail brush, comb, cold cream, talcum and make-up will save the day.

There are many types of kits that can be bought at small cost. Some of them have stitched compartments to hold the individual items snugly. Some are tiny zippered, leather cases with a mirror set into the top cover. Others are flat envelopes, made of sturdy cloth. The army type of toilet kit, which is made of khaki cloth and can be rolled up and tied with attached strings, may be old-fashioned but it is very serviceable.

Whatever type of kit you choose, keep it handy, where you can reach it with the least trouble. If it's an automobile trip, put the kit in the door pocket or in the compartment on the dash board where you can get it easily. On a hiking trip put it in the top of the knapsack. You'll be glad you did so, and you will find such a kit a great comfort to have always at hand.

SOOTHE AWAY CRANKS WITH COOLING BATH

Unexpected spells of crankiness often occur among little children during summer days. Boys and girls who are "little angels" most of the time may suddenly become irritable and contrary—and frequently the cause is to be found in the hot weather. Children, like adults, react to sticky, humid days and may get restive and cranky.

When this happens, wise parents seek to make the children more comfortable. One good step is a cooling bath, but be sure that this is offered as a treat and not as a punishment for having been cranky. If the child thinks he is being punished he will probably set up another rebellion, even if he is old enough to realize how comfortable a bath will make him feel. Let the bath water be lukewarm and let the youngster play if he wants to for a short time in the tub. Then, when his good nature is restored, rinse him off, pat him dry, and put him into clean clothes.

HEALTH IN HANDS OF SODA JERKERS

"Mother, may I have money for a soda?" How often that question is put to parents on hot days. Children love the cooling drinks and soda fountains are the most popular places in town during many an hour of the day and evening.

Recognizing this, many public health officers make special efforts in summer to be sure that the glass and spoon and general dishwashing in soft drink shops is all that it should be. They know, and so should parents, that the most delicious soda or pop may be a treacherous beverage if the glass in which it is served has not been thoroughly cleansed between drinks. Sloshing a glass in water does not constitute cleansing. It must be washed as carefully in a public eating or drinking place as it should be in the home—with soap and water, followed by a boiling rinse of sufficient duration to help kill any danger of infection.

In one city the health officers made bacterial counts of glasses from 50 restaurants, fountains and taverns.

Hill Topics

By P. W.

When the boss is away we come out and steal this space on the front page just as though it were important enough to be here. So in the absence of the Spectator contributed regularly by C. C. Hartley, now enjoying a much needed few days' vacation, we offer our version of happenings, things 'n stuff.

• • •

Purely Personal

The J. Raymond Andersons spent a few days at Lakeside visiting Rev. and Mrs. E. E. Burtner vacationing there. . . . Mary and Margaret have a hard time getting to Sunday School (and work too, we bet) since Mom 'n Pop are away on vacation. . . . Chester Hill Jr., has taken a position with the Palmolive Peet Co for the summer. He is in Steubenville this week. . . . Alva Nafzger is vacationing this week and it will be a wonder if he doesn't take in a Cincinnati ball game. . . . The Jack Merrimans are basking on the beach at Lakeside while we fight the heat this week. . . . Roger Chrisman with the Battery Service of the 135th Division at Camp Shelby is spending his furlough at home. He will return next Wednesday.

• • •

Carl Eckard left Friday to enter Military Service in Philadelphia where he will serve as a reserve officer. He will receive his degree from OSU at conclusion of the summer quarter. . . . Mrs. F. J. Currier returned recently from a trip through Georgia, Alabama and Mississippi, visiting Camp Shelby and New Orleans enroute. . . .

What Makes 'em Tick

If you've wondered what makes British resistance so stubborn in the present crisis maybe this recipe of what makes up a true Briton will help solve your problem. It was contributed by Mary Reid, an employee at Seillers, who claims Scotland as her birthplace.

Take a little bit of English
Only just a little bit.
Mix well with Irish muscle
And a little Scottish grit.
Thin of Welsh a tablespoonful
Shake well and its complete.
And you call that mixture
Britain
And its dashed hard to beat.

This 'n That

We'd like to have had a picture of Dr. C. H. Lose down on his farm Sunday tugging away at his Model T Ford (sans brakes) that was making a get-away down a steep bank. Mrs. Lose finally had to come to the rescue, we're told . . . Dr. Wm. Lowry and L. C. Smith were fishing in Canadian waters near Sarniac last week . . . Mr. and Mrs. Walter Davis and Mr. and Mrs. Chet Cresaps spent last week on Peely Island on the Canadian shore . . . Mrs. Leroy Davis is vacationing at Port Clinton with her parents . . . Rev. Charles Haworth, former pastor of Highland Avenue Friends Church, will take up a pastorate at Beloit, Ohio, this fall. He has been spending the past two years doing evangelistic work in several states.

Due Credit

We depart from our usual role a bit to bring you our own observations of something which was carried out in our community this week in true Hilltop fashion. We refer to the drive to pick up scrap aluminum for National Defense.

In every sense we have reason to be proud of the fine group of Camp Fire Girls, Boy Scouts and Girl Scouts who rallied so willingly to do the brunt of the "leg work" in carrying out the campaign.

To Don Smith, chairman of the drive, Herb Kunzi, Fred Sulzberger and W. Hadyn Jones, who planned and supervised the work, go our personal word of appreciation for a thorough job. Needless to say, such a campaign required many hours in preparing and carrying out each step of the work. Others who contributed time, equipment or materials likewise added to the completeness of the job.

Post 98 Is Winner In Play

Camp Chase took the district American Legion championship Tuesday, when they defeated Newark 4 to 1 at Newark. It was their fourth straight win in the district tournament, two victories each over Marion and Newark.

Dick Hoover hurled fine ball, striking out 13 batters. Dick allowed but six hits while not walking a man over the nine inning route.

The game was scoreless until the fifth inning when Camp Chase scored one run in its half. But Newark came back to tie the score on two hits and an infield error. The winners pushed across a run in each of the sixth, eighth and the ninth to win out 4 to 1.

Camp Chase collected nine hits with first baseman Roy Meloeny getting four safeties to be the leading batter of the game.

Camp Chase will now enter the state tournament here at Columbus. Eleven teams will compete for the state championship. Play will begin Aug. 4.

Tournament Will Open Here Monday

The Central District Softball Tournament with 32 men's teams and eight girls' teams entered will commence next Monday at the State Hospital diamond.

The outstanding softball teams in central Ohio will battle it out for the district title and the right to represent this district in the state finals, the girls at Youngstown Aug. 8-9-10 and the men at Toledo Aug. 22-23-24.

Softball fans will have an opportunity to see several pitchers with national reputations in action. Solt of National Guarantee, Gerber of Bobbs Chevrolets, Kirkendall of Ferguson State Auditors, Smitty Truss of Timkens.

Both Ferguson State Auditors, former state titlists and runner-up to the national title in 1939, and J. & K. Shoes, defending girls' district champions, will appear on the opening night, Monday, Aug. 28. The program calls for three games to be played nightly except Saturday and Sunday for three weeks, the first encounter coming at 7 in a twilight affair and the next two games under the lights at 8:15 and 9:30.

Globe Trotter Travels "Just To See What's Going On"

By Jean Young

"I'm just a globe trotter, that's all," said 69-year-old Henry Kinnel, who is visiting his niece, Mrs. Florence Story Beyer, 175 S. Wayne-av. He has seen four years of life in China and 11 years in Alaska. Besides this he has covered all the high-lights of his own United States.

Kinnel started traveling at the age of 18 and has never stopped. In 1901 China was his stamping grounds. He was a teamster and drove 300 head of mules during the Boxer Rebellion, "just to see what was doing," and was on the scene when General Laughton was killed outside Manila. The globe trotter has seen many large bells in China, some so large that seven children can stand under one and have water poured over the bell and come out with no water on them.

In China, the itinerant gentleman explained, they use no fuel because the Chinese are superstitious about digging into the ground. They lay their dead near water to be washed away. The wind and sand in northern China are almost unbearable, we were informed. After four years in China, Kinnel started back for the States and stopped in Japan for six weeks.

In 1903 Kinnel tried Alaska for 11 years. All this time he lived along the Yukon with trappers. While up there Mr. Kinnel invented a motor-sled which he had patented but didn't carry it any farther.

"I made it for the people up in the Yukon country. It was fixed so that it could be used when the snow was gone as well as when it was at the thickest," he explained.

For a while Kinnel dug for gold to "get rich quick," but had little luck. He resumed his travel then and forgot about gold digging. Most of the digging was done in Alaska.

Mr. Kinnel owns property in Seattle, Washington and Los Angeles, California. He speaks highly of the people in Seattle.

"They are the healthiest people in the United States because they have such fine clean water out there," said Kinnel.

Money Game Is Golf Attraction

Weekly Big Money Game participants at Beacon Light Golf Course were Chet Brady, Emmett Minchall, Homer Hagans, George McCray, Mose Wingate and Clem Wolfe. Players were out in full force Wednesday.

George Knavel of Oakley Market is fast becoming a 70 shooter.

Dick Rhyan duplicated Dick Murray's fetes of a few weeks ago, when he dropped a second shot for an Eagle on 345 yards, fifth hole. Incidentally, he had 31 for the 9 holes.

Stan Russell and Lowell Tope gave a good account of themselves in the inter-city match with Toledo, when they garnered six points between them.

Other scores were as follows: Paul Leighninger, 75; Dick Rhyan, 72-73; Al Wenger, 73; Stan Russell, 73; C. V. Wolfe, 73; and Carl Looker, 94.

Hillcrest Baptist Sunday School will hold its annual basket picnic at Shelter House No. 6 along the Scioto River tomorrow afternoon beginning at 2:30 p. m. Those desiring transportation are asked to meet at the church at the corner of West Broad-st and Eldon-av before 2 p. m. Saturday.

Services Yesterday For Mrs. Betts

Mrs. Margaret Finnegan Betts, 193 E. Warren-av, died in St. Francis Hospital July 21.

She is survived by two daughters, Mrs. Joseph I. Miller, Miss Mary Margaret Betts; one son, Earl J. Betts; four sisters.

Futheral services were held yesterday in St. Aloysius Church with Father Young officiating.

Four Grads Get Awards

Don Mathews, Betty Dunson, Betty Pickering and Camile McKee, all June graduates of West High School were awarded scholarships to Capital University for next fall.

Dr. H. H. Reighley selected the students from the academic group. The students are given their choice of the college they wish to enter and are given a one-fourth discount each year off their tuition. The student is entitled to four years' education.

CLOSES SHOP

Mrs. Alvaroen Badgley has closed her shop, Alvareen's Gift Shop, 2478 W. Broad-st, and is now in the wholesale plaque business. She will continue her plaque lessons. For details read the classified section of this week's Record.

Parade To Start Big Day At Westgate

The largest crowd ever to attend a Hilltop function is expected at Westgate Park Wednesday afternoon and night when the Hilltop Business Men's Association presents its Fourth Annual Bean Dinner. E. O. Melvin, 2409 W. Broad-st, is chairman of the event, and his committee of 11 men has enlisted the entire membership of the Association to help in serving free beans, crackers and coffee to the thousands who attend and generally look after the entertainment of guests.

Outstanding attraction of this year's picnic will be a balloon ascension and double parachute jump scheduled to be put on in the early evening by Claude L. Shafer, stunt man from Chicago. This unusual feature is reminiscent of the balloon ascensions once popular at county fairs and other public gatherings. It is expected to attract both young and old as many of the young people have never witnessed this event, Mr. Melvin said.

The support of every Hilltop merchant is enlisted by W. E. Jones, 2765 W. Broad-st, parade chairman, to get all the available cars, trucks and floats in a huge parade to form at Powhatan and Broad promptly at 1 o'clock. Boy and girl cyclists are invited to participate. Merchants are asked to contact their wholesalers for entries in the parade.

Taking part in the procession will be 50 horses and riders from the Hilltop Riding Academy and a safety car from the Columbus Auto Club. It will move east on Broad-st to Belvidere, south to Sullivant and west to Westgate Park where it will disband.

Bicycle Contest

A first prize of a bicycle headlight and tail light will be awarded by the HBMA for the most attractively decorated bicycle. Contestants need not be in the parade to compete for the prize.

Frances Cruea, daughter of Mr. and Mrs. Charles Cruea, owners of the Hilltop Swimming Pool, is in charge of the bathing beauty contest to be staged around 7:30 in the evening. More than a dozen Hilltop beauties are scheduled to enter. Competition is open to any girl over 16 years of age who has not won or placed in a previous beauty contest.

Bonnie Lear was last year's contest winner. Ella Marie Hulls was winner of the contest two years ago.

Miss Cruea has also issued a call for dancers to take part in the old fashioned costume dance to be staged later in the evening. Dancers familiar with square dance routines are desired to help make up the sets, Miss Cruea said.

All children under 12 years of age will be admitted to the five rides on the park grounds for half price (5c) from 1 until 3 o'clock, it was stated by officials in charge.

The five rides to be placed on the grounds by the Nolan Amusement Co. are Skyride, Merry-go-round, Chairplane Swing, Kiddie Auto Ride and the Whip.

Jim Nolan, owner of the amusements, is a Hilltop man.

Highlights of the afternoon will include plug and bait casters exhibition under the direction of Charley Harder; games and contests will get the attention of thousands of men, women and children for several hours. Curt Roberts, 303 Belvidere-av, is in charge of games and contests. A softball game between Shroyer's Funeral Home girls and Timken Bearings will get under way at about 6 o'clock.

Dancing and music are under the direction of Tom Lewis, 474 Wilson-rd. Hal Brown's orchestra will provide music throughout the evening at the shelter house. An archery match between a Hilltop team and a North Side team will take place in the early evening.

There will be a milk drinking contest for boys to see who can "down" the most of the liquid. Milk for the contest will be supplied by the Hamilton Milk Co.

Charley Kent, 2787 Sullivant-av, has charge of all purchases, a big job in itself. The Association is especially grateful to the David Davies Co. for cooking the two tons of beans to be served; the C. D. Kenny Co. for furnishing the coffee and the Gall Milk Co. and the Felber Biscuit Co. for making liberal contributions to the success of the affair.

Other committee heads are E. G. Hauntz, 2810 W. Broad-st, arrangements; Ray Percy, 2401 W. Broad-st, stands; E. E. McNamee, 2543 Sullivant-av, ice cream stands; Clarence Story, 2410 W. Broad-st, soft drink stands; Joe Briggs, 2596 Sullivant, av, bean stands; Chester Herbert, 2575 W. Broad-st, sandwich stands; and C. C. Hartley, 2466 W. Broad-st, publicity.

Bean Feature

One of the main attractions at this year's Bean Dinner will be the balloon ascension and double parachute jump performed by Claude L. Shafer.

Campaign Is Success

The drive for scrap aluminum for national defense was conducted in record time on the Hilltop, it was reported this week following completion of the one day house-to-house canvass. More than two tons of the now "precious" metal were picked up from housewives who willingly dug into their store of discarded pots and pans.

Don Smith, attorney at 2405½ W. Broad-st, served as chairman of the drive which was conducted locally under the direction of the Hilltop Business Men's Association. A splendid piece of work was completed through the efforts of Boy Scouts, Girl Scouts, Camp Fire Girls and business people, it was stated.

Herbert Kunzi of the Hilltop Van & Storage, 2830 W. Broad-st, and Fred Sulzberger, 2417 W. Broad-st, worked long and diligently at their job with the assistance of W. Hadyn Jones of the Jones Lumber and Coal Co., 57 N. Sylvan-av.

The following letter of appreciation was received by the Record from Mr. Smith:

July 22, 1941

AN OPEN LETTER

To the families of the Boy Scouts, Girl Scouts, Camp Fire Girls, to the men and women, and all who assisted by giving of their time and aluminum pans and what-nots:

On behalf of my committee and myself, we wish to thank you for making the aluminum drive a success on the Hilltop. Well over two tons of aluminum were collected on the Hilltop, and if you could have seen the eager faces of the kiddies and the enthusiasm and energy that they displayed in going about their tasks in giving "All Out Aid" for America, I know that you could not help but feel proud that you are an American and that you are a Hilltopper.

No project of this size goes without its pathos and humor, and I guess the kiddies became pretty hungry at noon, but leave it to Doc Sulzberger to save the day. It is reported that Fred Sulzberger made a hurried call for all available hot dogs, in order to feed the hungry collectors.

To Herbert Kunzi and Paul Wichterman on my committee, who deserve special mention for handling so ably the matters of transportation and publicity, I wish to extend my special thanks.

Respectfully,
Don Smith

NOTICE

A few days ago a pocketbook containing $80 in cash and other valuable papers was lost on the Hilltop. There is reason to believe that someone has found the purse but has failed to return it to its owner.

Jesse Wheeler, Route 4, London, O., owner of the pocketbook, has offered a $5 reward to anyone who will return it to the Record office. He needs the money badly. Only this week his wife was removed from Mt. Carmel Hospital where a sizeable bill for services has been incurred.

No questions will be asked if the pocketbook and contents are brought to the Record office. The reward is waiting.

Figures Prove It's Cheaper To Send Laundry Out!
Working in an office before I got married brought this important point to my attention. Work is evaluated by the cost of time, cost of a person's services, etc. Applying this to my home made me stop to wonder if doing the wash myself wasn't costlier than I thought. How much was my time, my health, my youth worth to me? The only logical answer you'll find—as I found, too—is to call in General and let them do the laundry for you.

Professor Crist To Conduct Concert

Professor Wilbur Crist, of Capital University, will conduct the concert sponsored by the Federation of Musicians Band at Franklin Park Sunday, July 27. The program begins at 8 p. m.

Solos and duets will be handled by Lela Cultice, soprano, and Don Bryant, baritone. Both are from Capital University's Conservatory of Music.

Hoge, G'wood Share Church Loop Lead

The teams of the West Church League played doubleheaders Monday evening, for the second straight week. The first games were of the second round while the second tilts were the make-up games which were rained out in the first round.

The second round game saw Hillcrest Baptist, Hoge No. 1, Burgess U. B. and St. John's Lutheran come through with victories. As the result of Glenwood's defeat by Hillcrest and Hoge No. 1's win over West Park, the lead in the Church League is now shared by the Hoge and Glenwood teams.

Despite the two homerun clouts of first baseman, George Collins, Glenwood M. E. suffered its first set back of the second round at the hands of Hillcrest Baptist. Don Shaffer hurled the victory but had to stop a last inning rally to pull through with it. Faulty support was very costly to the M. E. boys and helped greatly to bring to an end their winning streak at four games.

Glenwood also dropped their second game to the Hillcrest team 1 to 0 in a five inning contest. The winners scored their one and decisive run when Hall singled and advanced to third on errors and scored on Crosur's infield hit. Don Shaffer was again the winning pitcher.

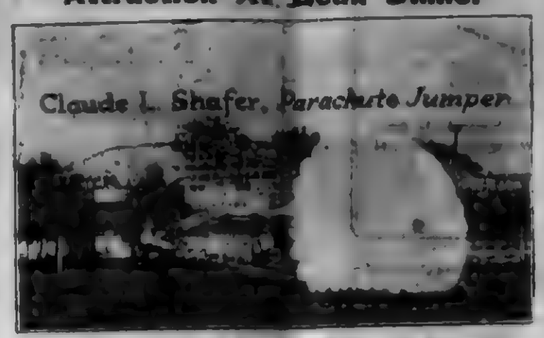
Hoge No. 1 Wins

Hoge No. 1 took advantage of Glenwood's loss and pulled into a tie with them for first place when they trounced West Park 12 to 4. Bob Rich pitched nice ball for the winners and with the hitting of his teammates had little trouble in downing the Park team. Hoge's other game with West Park was played last Friday on an agreement with both teams and Hoge won by the score of 7 to 1.

Burgess U. B. took their third victory as against two defeats in the second round when they romped to an 18 to 2 win over Hoge No. 2. Chuck Cash hurled two hit ball for Burgess in the first game and came back in the second to allow but four hits as his mates won again 7 to 2. By the second win Burgess took the first round championship.

St. John's tallied five times in the first inning of their game with Avondael to give them a lead which they never relinquished and went on to win 6 to 4 for their second win in a row after three straight losses. St. John's also came back in the night-cap to take a 6 to 5 decision over Avondale.

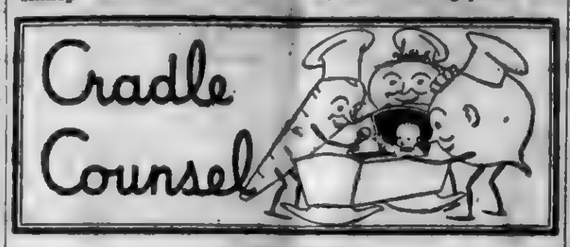
Next week's schedule for the Church League is: St. John's vs. Hoge No. 2 on Diamond No. 1 Burgess U. B. vs. Avondale on No. 2. Hoge No. 1 vs. Hillcrest on No. 3 and Glenwood vs. West Park on No. 4.



The two Negro teams in the Night Softball League at State Hospital clashed Monday evening when the undefeated Timkens team took on Foley's Big Four. Both teams collected five hits but Timkens made tehirs count for five runs while Foleys could push but one run across the plate. It was the eighth consecutive win for the Timken All-Stars. Smitty Truss did the hurling for the winners while Bus Fields and Herb Marshall divided the pitching chores for the Big Four.

In the second game Ferguson Auditors galloped off with an 11 to 1 victory over Ben Brew Beers for tehir eighth win. They have been defeated but once. "Dizzy" Kirkendall marked up another win by his fine pitching.

CLASS TO PICNIC



The CIC Class of Glenwood Church will hold its annual picnic for members and their families, at Westgate Park, Friday, July 25, from 3 p. m. until 11. This will be a pot-luck. In case of rain the picnic will be held in the basement of the church.

Attraction At Bean Dinner

Shown above is part of the equipment to be used in the balloon ascension and double parachute jump to be performed at the Fourth Annual Hilltop Bean Dinner at West Side Park next Wednesday.

This stunt will be performed by Claude L. Shafer in the early evening. Free beans, coffee and crackers will be served to all who attend the big picnic.

PRIZED POSSESSION

Good eating habits are one of the important backgrounds for good health. They are formed at an early age, and if you teach your child to like the foods which are rich in the vitamins and minerals, thus promoting his good health and enjoyment of life, you are giving him one of the world's most prized possessions.

This campaign for your child's health should be started as soon as he is born, of course. Keep him under a doctor's care to be sure his schedule of feeding and his formulas are right at all times. At four to six months, the age when many doctors recommend strained foods in the child's diet, you will find the prepared strained foods are a great help in starting your baby to learn to like the vegetables, fruits and cereals which are so good for him.

One reason so many doctors start a child on the strained foods as soon as he can take them is that recent research has proven that an infant's body becomes deficient in iron a few months after his birth and this iron is not replaced by his usual milk and orange juice diet. Also, the child has an increased vitamin need after a few months, and he should have a mild, non-irritating form of bulk in his diet.

Naturally, the strained foods which are given to the infant should be prepared with the greatest care to insure good flavors and the highest nutritional values—a reason the prepared strained foods which come in tans are so highly recommended, for they are prepared according to specially developed scientific processes with special equipment which could not be duplicated in homes. Enamel linings are used in the tins to prevent possible flavor defect or discoloration.

Fourteen different kinds of the prepared strained foods give you ample variety with which to start your child on his first adventures in good eating. Strained cereal is often the first one recommended for the child. Strained peas, strained mixed greens, strained beef and liver soup and strained apricots and apple sauce are also among the earliest additions to the baby's diet because of their iron content and richness in important vitamins.

Strained carrots, spinach, tomato soup, vegetable soup (with cereal and yeast concentrate), green beans, prunes, beets, pears and pineapple and strained asparagus complete the list of prepared strained foods which help teach the baby good eating habits and promote his nutritional well-being. The strained cereal comes in a 10-oz. tin, while the strained prunes are in a 5-oz. tin and the remaining 12 varieties are packed in 4½-oz. tins.

To be sure the child develops no prejudices against new foods, he should be started on his strained foods gradually. A small quantity such as a teaspoon may be diluted with water or milk for his first strained foods feeding. The quantities should be increased a little at a time and the proportion of liquid reduced and finally dispensed with. Soon the child is taking a full 4½-oz. tin at 10 to 12 months of age.

Many questions are asked as to whether it is safe to keep the foods that are left over in the opened tins. The answer is that the canned strained foods may remain safely in the enameled tin, if properly chilled, for serving the second day. Just cover the tin with clean waxed paper or a sterilized rubber bottle cap. When kept well protected from any contamination in a refrigerator which has a constant temperature below 45 degrees, these foods may be held safely for as long as six days.

The good effects of the strained foods on the child's eating habits are, of course, not noticeable until he starts eating with the family and is given adult food. Then it is that you discover that Junior already likes carrots, spinach and other of the good foods he needs for healthy growth, and he needs no urging to carry on with the eating habits you instilled in him when he was less than a year old.

County Fair To Start August 12

In the spirit of cooperation with the program of national defense, in that it promotes agriculture, one of the strongest arms of such a movement, the Franklin County Agricultural Society in its preparation for the 26th annual fair to be held at Hilliards, Aug. 12, 13 and 14, will emphasize the importance of farm products.

In carrying out this program the fair management will have the support of the 4-H Clubs of the county which are preparing to offer an array of exhibits. This preparation has been going on for months under the direction of J. E. Whonsettler, county agricultural agent, and Miss Virginia Bear, county home demonstration agent, and will feature showing of livestock, farm products and home economics displays.

The fairgrounds have been extended by the purchase of additional land, and the construction of the new grandstand.

Races will be run each afternoon. There will be a horse show each evening.

On Monday night, Aug. 11, the fair management will offer a special entertainment feature, the "Amateur Hour," a new departure preceding the opening of the fair on Tuesday. This will be given on a stage in fornt of the new

With all his traveling it seems Mr. Kinnel is pretty much set on California. He has lived there six years.

The missions along the Pacific Coasts are one day's journey apart. This is calculated by walking. Approximately they are 30 miles apart. Kinnel has visited some of these missions. The most popular and well known among them is the mission San Juan Capistrano. Each year the swallows leave Capistrano for a destination that has never been learned and return in October. Thousands of people come to the mission to see the birds return. Last year the swallows were late in returning for the first time in the history of their departures.

Mr. Kinnel was born at Sixth and South Public Lane in Columbus, which is now Washington-av. His father owned a grocery and saloon at State and Sandusky.

About August 1, Mr. Kinnel will leave for a scenic tour west and eventually go back to Los Angeles.

Jack Berg, 16, 424 S. Burgess-av, suffered a sprained left ankle and severe back bruises, July 19, when he fell over a 35-foot cliff on Mt. Pleasant at Lancaster.

Borge has been staying in the Methodist Camp near Lancaster.

The Junior Macabee's will have a lawn fete and euchre party at 385 S. Burgess-av, this evening, July 25. The public is invited.

"The Hilltop Bean Dinner"

If you've never seen a Hilltop bean dinner
You absolutely haven't seen [illegible]
Two tons of soaked beans and [illegible]
And don't think my friend I am bluffin'
That occasion occurs on July the [illegible]
And will be be a wonderful sight
You can anticipate a favorable reception
And linger till after midnight.
There'll likely be forty-five thousand
Ten thousand more than last year
They'll brew countless barrels of coffee
But won't tolerate whiskey nor beer.
This is the fourth annual bean dinner
There'll be games and contests galore
Their intention is to be more neighborly
Make you happier than ever before.

Short Circuit Causes Trolley Fire

A short circuit in wires beneath the rear of a westbound Sullivant-av trolley bus forced nearly 24 persons to leave the bus at Sullivant and Wrexham-avs, Monday. Flames crackled beneath the bus.

When the fire department arrived the passengers had already filed from the bus and there were no injuries reported.

Purse Snatchers Are Apprehended

Miss Dorothy Hauntz, daughter of Ray G. Hauntz, reported her purse had been snatched July 18, as she walked in W. Broad-st at Huron-av.

The snatchers, Hilltop boys, were taken into custody by city detectives at their homes.

O. S. U. Officials Rest Before Storm

Ohio State university athletic officials are taking advantage of the lull before the storm which is always the football season, and have scattered to various points of the compass on their vacations.

Athletic Director L. W. St. John and Basketball Coach Harold G. Olsen both headed for the North woods.

Henry Taylor, director of ticket sales, is resting on the shores of Lake Erie. Hugh McCrumahan, who coaches the Buck guards and centers, is making an automobile tour, and Head Coach Paul Brown will leave for a two week stay on Cape Cod in a few days.

Pictured above are members of the Camp Fire Girls who along with Girl Scouts and Boy Scouts were responsible for collecting scrap aluminum last Thursday.

The boys and girls started at 8 o'clock and worked throughout the day canvassing each home on the Hilltop. Trucks and drivers contributed by Hilltop business firms collected the material and hauled it to a central location down-town.

Cruea Girls Skate and Swim; Help Manage Hilltop Swimming Pool

Cobina, Myrt and Barb. They all three swim and skate, and are popular with the younger set on the Hilltop. Know them?

They are Frances Mae, Martha Ann and Barbara Lee Cruea.

All these children are skating enthusiasts and have participated in many skating meets. Frances got to the national meet in Cleveland this past spring. She came out in 12th place. In the city she captured fourth place and in the state, third place. Martha skated to the honor of first place in the city novice skating and went to the state meet in Cincinnati where she received sixth place. Being the baby of the family makes no exception for nine-year old Barbara, she came away from the city meet with first place in the junior skating.

Martha made the gay remark that:

"We all skate even Dad and Barb, too, but Mom doesn't." Martha finds clothes most captivating.

"We all three like clothes," was her garrulous remark.

Now all these girls have plenty to say but little Barbara can't say her bit these days, she is confined to the house with the whooping cough. She passes off the squeak in her voice by saying:

"Gee, my voice is changing."

Frances deliberately remarked: "I haven't an interesting life, I get up in the morning and go to bed at night."

Everyone who has seen her around the pool knows there is more to it than that Frances helps her father in the office during pool hours.

"You might say I love to drive but I haven't got a car," sighed Frances but Martha immediately explained that all the boys that work at the pool hide their keys to their cars from "Myrt."

When her education is completed Frances jovially told us she was going to take in washings. Seriously she plans to attend business school.

Frances likes all sports but baseball.

"The game's dull and besides there are no good looking players."

Martha aspires to be a doctor.

Frances and Martha attend West High School and Barbara is in West Broad.

These young ladies are the daughters of Mr. and Mrs. Charles Cruea, 155 N. Hague-av.

Fruit Punch Ideal Drink

When friends drop in for a summer get-together you'll want to serve something cool and light. A tall glass of fruit punch and a tray of piquant appetizers will banish the memory of scorching days.

Lemonade

6 lemons
¾ to 1 cup sugar
6 cups cold water
Lemon slices

Extract juice, add sugar to taste, and stir until dissolved. Then add water and serve immediately, pouring into glasses over crushed ice. Place a lemon slice over the rim of each glass. Float a maraschino, or fresh, cherry on top.

Frosty Fruit Punch

2 cups sugar
1½ cups water
1 small bunch mint, chopped
3 cups weak tea (or ginger ale)
½ cup lemon juice
2 cups orange juice

Boil sugar, water and mint together for 5 minutes. Chill, add remaining ingredients, strain and freeze.

Dinner Punch

1 cup orange juice
¼ cup lemon juice
¼ cup grapefruit juice
2 cups water
5 tablespoons sugar, or honey
Orange slices

Blend thoroughly. Chill, if desired. Variations: Add to the above mixture 1 cup of the juice of another fruit, such as grape juice, raspberry juice, cider or the juice from any canned fruit.

Smoked Beef Canape

Cut thin slices of smoked beef with scissors to desired size, spread with cream cheese and horseradish, roll into cornucopia shape, garnish large end with parsley.

Tomato Cheese Canape

Slice bread, cut in rounds, spread with butter and grated American cheese. Over this place a thin slice of tomato, sprinkle with pepper and salt. Place on baking sheet in oven for five minutes. While baking, beat 2 egg whites, pipe a ring around each canape, brown in oven. To a rich cream sauce add grated cheese, put a small portion of this sauce in center of meringue. These appetizers may be reheated just before serving.

Offers Cash Prizes To Camera Fans

Calling all photographers and it's the voice of the Ohio Department of Highways getting ready for the 1942 road maps. Photographs have been used before but the department believes better ones are obtainable if all amateur photographers and photography clubs take part.

Twenty-five dollars is the top prize for the best picture of an historical, recreational or sightseeing spot. Fifteen dollars is the second prize and third prize will be five way split with five dollars going to each of the producers of the five next best pictures.

Size 8x10 inch glossy prints are the most desirable but other size prints suitable for enlarging will be considered as long as they are the glossy and not dull finish variety.

On the reverse side of each print or on a piece of paper filed separately thereto must be a brief description of the subject, a statement of the location and the sender's name and address. Entries are to be sent to D. O. Taber, Department of Highways, Columbus, Ohio.

Relief for Light Burns

If you burn yourself in the kitchen or laundry, you can get quick relief by rubbing the spot very gently with a moistened cake of soap. Let the lather dry, and do not remove for an hour [illegible]

OPIE READ

He lingered in lofty mountains
Along many a lonely stream,
Abided with eccentric people
Searching for a living theme
Looking for interesting material
Would know each thought and deed
Was a stranger to me personally
My book friend Opie Read.
I read every book he published
Len Gannett, My Young Master
Emmett Bonlore, A Kentucky Colonel,
The Jucklins, The Arkansaw Planter,
The Tennessee Judge, The Carpet Baggers,
With humor and pathos replete.
In sorrow I read of his passing
Traveling to the Mercy-seat.
His characters I often recall—
A marvelous portrait indeed,
I will always reverence sincerely
The writings of Opie Read.
When this journey here is over,
Regardless of party or creed,
I would meet beyond that river
My book friend Opie Read.

Put Brush Near Bathtub

Lack of tools, rather than carelessness is often the reason that people leave the "ring around the bathtub." Try hanging a long-handled brush near the tub, and have an adequate supply of soap handy so that each bather may easily wash out the tub. The brush should be given a separate soap-and-water cleansing and dried in the sun at least once a week.

For breakfast, lunch, and other informal meals in summer use bright-hued place doilies and maching napkins. They can be made without any sewing if the edges are ravelled evenly all around to form a fringe. Any of the wash fabrics can be used for this purpose, and they make charming table settings.

Cigarettes Are Cause of Many Fires In Home and Auto

Luminous Paint For Fog Areas

Centerlining more than 8000 miles of paved roads each year is a Herculean task but the Ohio Department of Highway is doing the job at the rate of about 150 miles a day.

Yellow stripes on the pavement are used to indicate danger spots.

When the yellow stripe is on the driver's side of the road the driver should never cross it. These yellow stripes are used at curves where sight distances are inadequate; on hills as a warning that opposing traffic may create a hazard, and at other spots where enginering studies have proven that traffic hazards exist.

Harry E. Neal, chief engineer of the department's division of traffic and safety announced this week that orders have been placed for a supply of so-called luminous paint which the department will spread early this fall in every area in the state where fogs create a traffic hazard, and on curves where it has been determined this type of paint will eliminate much of the danger of night driving.

Jobs Show Gain For Handicapped

National defense activities have brought an increase in the employment of physically handicapped workers, it was reported today by the Employment Service division of the Ohio Bureau of Unemployment Compensation.

Because of the shortage of workers in many of the essential skilled and semi-skilled occupations, employers now are beginning to avail themselves of the usable skills possessed by handicapped workers on the basis of their qualifications.

Pointing out that thousands of men who have suffered the loss of hearing, of an eye or a limb are now employed in the automotive industry, Employment Service officials today expressed belief that places for many more will be found.

Plenty of Difference

The ticket agent was getting impatient with the fussy convention delegate, who continued to ask questions about accommodations. A long line was waiting, so the clerk decided to teach the fussy one a lesson:

"Upper or lower berth?" he asked.

"What's the difference?" said the customer.

"Well the difference is five dollars. The lower berth is higher than the upper one. The higher price is for the lower. We sell the upper lower than the lower. Some people like the lower. Some people like the lower upper; it's lower, of course, on account of its being higher. When you occupy an upper you have to get up to go to bed and you have to get down to get up."

Read the Record Want Ads.

You may, as some claim, walk a mile for a cigarette. You may also run to the fire alarm box to report a fire if you are not careful in handling lighted cigarettes. Recently 13 fires out of 27 reported were caused by cigarettes, ranging from cigarettes on automobile cushions to smoking in bed, and of all bad smoking habits, smoking in bed is the worst. The smoker often falls asleep, allowing the burning cigarette to fall upon the pillow or other bed clothing, starting a fire. Smoke from the burning bed clothes sometimes renders the victim unconscious before he realizes that the bed is afire. The smoker in many cases is badly burned about the face and body before the fire is discovered.

Careless use of ash trays is another source of trouble. The smoker places a lighted cigarette across the edge of the tray with the lighted end toward the center of the tray, the cigarette continues burning until the outside end is heavier than the inside; it then falls off the tray upon the upholstering or floor covering, possibly causing a fire.

Throwing lighted cigarettes from moving automobiles causes many fires. A cigarette thrown from the front window of a moving car often blows back into the car through an open rear window. The burning cigarette may smoulder in the cotton upholstering for many hours before the fire is detected. Then too, many grass fires are caused by lighted cigarettes being thrown from automobiles. It is good practice to extinguish every cigarette before it is thrown away.

"How did you get such a sore jaw?"
"A girl cracked a smile."
"Well?"
"It was my smile."

The Hilltop Record

In Its 25th Continuous Year Of Community Servic e

Vol. XXV, No. 16 | The Hilltop, Friday, August 1, 1941 | Total No. 1169

They Came, They Saw, They Ate Beans

Well, another Hilltop Bean Dinner is history.

And as usual, a good time was had by all, with the exception of a few persons who were somewhat soaked in a downpour that afternoon and evening. But who can complain when rain was so badly needed?

The crowd this year was not quite up to those of last year and the year before at any one period of the afternoon or evening but in view of the fact that so many people came and were forced to leave on account of the rain and then too, counting the number on hand for the repeat performance Thursday, the total attendance was quite up to normal.

This affair, like all community events of the kind, takes a lot of hard work and members of the Hilltop Business Men's Association are deserving of a lot of fine words for their time and effort in the matter of entertaining the thousands who attended the annual bean dinner.

Then too, a word of thanks to the city for the fine cooperation in carrying out a last minute construction project to get the people out of the mud in the park following the Tuesday rain. And a particular word of thanks to the David Davies Co. for cooking the beans and the C. D. Kenny Co. for making that fine coffee.

And we predict, another year . . . . another bean feast!

To Gamble or Not To Gamble

The grand jury investigation now going on in which the numbers men and the bookies operators are being called on to tell the grand jury about their operations is a bit of interesting news.

What will come out of the investigation remains to be seen. But we are of the opinion that certainly some good will turn up. At last there is a step in the direction of calling someone's hand in the matter of gambling in the city and county.

We have long known that gambling is a big money business locally. If it is allowed to continue to grow it can become a public nuisance of great discredit When it get's too profitable and the "takes" too high then it becomes a racket Franklin County wants none of this.

One Way To Stop It

It might have been called sabotage. But investigation proved otherwise.

It was in a large Akron rubber factory. A new man was being put to work on a big machine.

Came time to stop work and he found no gadget on the machine to stop it. But he knew there certainly was some way to halt the contraption.

A nearby monkey wrench came to view and he tossed it into the machinery. Needless to say, it stopped.

Good Work, Boys

More laurels have come to the Hilltop.

Camp Chase Post baseballers have brought home the title and with it the best wishes of the entire community and a word of thanks to the post for sponsoring this fine program for boys.

Here again the legionnaires are serving in peace as well as in war

Hoge Takes Lead In Church League

By Roy Meloeny

The West Church League settled down to its normal pace again Monday after the teams had played doubleheaders the last two weeks. The second round is being more closely contested than the first when Burgess U. B swept through with six straight wins and capped the championship handily

The tie for the lead in the lead in the second round between Hoge No. 1 and Glenwood was broken when Hoge took a 5 to 4 decision from Hillcrest while Glenwood was dropping their game to West Park 8 to 5.

Hoge No. 1's win over Hillcrest Baptist was no easy matter and was not decided until Bob Whetstone clouted a homerun with one mate aboard to bring about the victory. Bob Rich hurled six hit ball for the winners while "Speedy" Kent of Hillcrest gave up eleven hits but kept them well scattered until the fatal homerun in the last frame.

West Park Wins

Glenwood tipped out at first when West Park took a 8 to 5 win from them. A five run spurt in the first inning failed to be enough for Glenwood as the West Park boys came from behind to defeat them. Dale Young got a homer for the losers

Burgess U. B., behind the four hit pitching of Chuck Cash, defeated Avondale 4 to 2. Banker was the big gun for the winners with a long homerun featuring the hitting.

St. John's won their third game as against the same number of defeats in the second round when they romped over Hoge No 2, 12 to 4. Russ Friend hurled the victory and had little trouble in attaining it

Next Monday's games will be the last of second round. The schedule is: Hillcrest Baptist vs. West Park on No. 1, Burgess U. B vs Glenwood M E. on No. 2, Hoge No 1 vs St. John's No 3 and Hoge No 2 vs. Avondale on No 4

Monday was also the beginning of the 1941 central district softball tournament at State Hospital. The games were featured by brilliant pitching with Ralph Solt, Jack Stevenor of the Fabric Club The game was scoreless until the last inning when the Fabric Club rallied to score three runs and the win. Bill Headlee's homerun highlighted the outburst for the winners

The second game was between the two girl teams, J&K Shoes and Shroyer's Funeral Home. The final result was a 24 to 0 win for the J&K girls. Irene Sellen was the winning pitcher

In the third game National Guarantee bested London Hume & Mabe 1 to 0 behind the great no-hit pitching of Ralph Solt Solt held the London team hitless while wiffing ten men. The lone run came in the third inning on successive doubles by Mitchell and Adams

Fergurson State Auditors defeated Utica 2 to 0 in the fourth and final game. Utica was another victim of great pitching. "Dizzy" Kirkendall was the complete master of the game allowing but one hit and fanning eighteen out of a possible twenty-one men.

Tonight's schedule is: 7:15, J&K Shoes vs. winner of Newark, Wilkie Meats game. (Girls).

Eight-thirty o'clock, Bobb Chevrolets vs. Ohio Malleable and at 9:45 Onized Club vs. City Merchants.

Mrs. Reid Likes This Country; To Be Citizen

"Your beau in Scotland wouldn't take you for a ride as much as for a long walk in the country, hiking is a favorite sport there," explained Mrs. James Reid, seamstress for Seiler's.

Mrs. Reid came to America in 1930 for a six week's vacation but it turned into an indefinite stay—she got married and is still here. Her husband, too, was a Scotsman and they had their first meeting in their native Scotland then he came to America and five years after his arrival he took out his citizenship papers.

In his letters back "home" he told his wife-to-be what American movies to watch for. The last picture Mrs. Reid remembers seeing on his recommendation before coming to America was "White Angel."

Rain Postpones Part Of Bean Day Program

Several Events Are Held Over For Second Night of Fun

Heavy rains during the late afternoon and early evening caused the postponement of much of the program of the Fourth Annual Hilltop Bean Dinner at Westgate Park Wednesday. Many of the feature attractions including the balloon ascension and parachute jump, the bathing beauty contest, the archery contest, the dancing and several other interesting events were held over until last night.

Rain and threatening skies much of the afternoon did not keep the crowd away, however, and in no way affected their appetites for the beans. All of the more than two tons of the boiled beans along with crackers and coffee were consumed in record time. More rations were prepared for last night's crowd.

E. O. Melvin, general chairman of the Bean Day, issued the following statement to the Record:

"I take this medium of expressing my personal appreciation to everyone who had a part in promoting the Fourth Annual Bean Dinner.

I especially wish to thank those who served as heads of the various committees, those who contributed cars for the parade, and all who helped us handle the crowds and carry out our program. Without your splendid cooperation such a job could not have been carried out effectively.

"To the city administration and all the firms who contributed men, equipment and materials I am likewise grateful. I am sure the Hilltop appreciates your contribution as does the Hilltop Business Men's Association."

Signed E. O. Melvin.

All through Wednesday afternoon the pople came, ate beans, rode the merry-go-round and other rides, watched or took part in the games and contests and generally enjoyed themselves.

Despite the cloudy sky the contests and races were held at the bean dinner as planned.

Winner in the running race for boys from the age of 6 to 9 was Willis Davis, 1616 Thomas-av; in the running race for girls from the age of 6 to 9 was Marvena Huffman, 474 S. Harris-av; winner of the running race for boys from the age of 10 to 14 was Walter Hicks, 432 S. Oakley-av; winner of the running race for girls from 10 to 14 was Betty Van Gastle, 403 S. Eureka-av; winner of the running race for boys of the ages 14 to 18 was Robert Barnett, 434 Wheatland-av; winner of the girls running race from the age of 14 to 18 was Margaret Gurney, 160 S. Hague-av.

James Jennings, 267 S. Oakley won the sack race for boys from 10 to 14. Mrs. Fred Batlhaser, 461 S. Terrace-st, won the race for the ladies in the bean and straw contest. Emerson Marsie, 661 S. Eureka-av drank the most milk. In the married men's one-legged-race Carl Moore, 160 S. Hauge-av, came out on top. Mrs. Rosemary Wolfe threw her shoe the greatest distance and won the shoe throwing contest.

The accident occurred the day the victim left home with a companion for West Jefferson where they were going to spend the night at the home of the companion's grandfather.

Robert Sherman

Robert was a racer pigeon fancier and, according to his father he had hoped to obtain a pair of pigeons which he could set on the eggs laid by his racing stock

However, the boys decided to return home on Thursday night and reached the southwest limits of the village when an auto driven, police said, by Arthur Neighborgall, 568 W. State-st in route 142 struck Robert and then overturned in a ditch.

Westgate Portables Will Not Be Built This Year

Portable school buildings for the Westgate Park section will not be a reality this year, it was understood from official sources this week. There are no portable buildings idle at this time and the Columbus Board of Education lacks funds to erect new ones, it was said.

Considerable controversy as to the desirability of such an arrangement was raised in the Westgate section after a petition seeking the buildings was presented to the board. A petition opposing the project, signed by 28 persons in that section, was also filed with the board

The distance from West Broad School for children in the lower grades was the reason advanced for seeking the new school facilities. The counter petition opposed the use of temporary school quarters.

Rain, Rides, Mud, Beans - - - That's Picnic

Two tons of beans, capable business men to dish them out, and a few rides and concessions and then you have what we on the Hilltop call a Bean Dinner!

Well it all starts like this A parade with a green convertible near the head of the procession driven by Jimmie Woodland and sitting beside him is Herb Deems, in the rear seat is Mayor Floyd F. Green and Lou Saunders. . . . Behind the official car comes some of the Hilltop merchant trucks, for instance Kent's Food Market, Gearhart's Hardware and a shining sedan from the Parrot's Beauty Shop. Mary Janice Knospe is leading the horses from Valley Brook with little trouble. Bert Ray comes peddling along with his little white hat perched on the top of his head and a nice horn on his handlebars. . . . Also in the bicycle parade we see 78-year-old W. P. Gortner riding along with the younger set. . . . Here in the parade comes the charming bathing beauties. So many of them that we are dazzled by the sight.

We don't know how she got parted from the other contestants but on the Yost Florist's float we see Mary Underwood. . . . Here come some more of the merchant's trucks and cars. . . . Wright's Food Shop and L. A. Prior Jr., driving a huge insulating truck. . . . More horses are galloping by from the Hilltop Riding Academy with John Davis, proprietor in the lead.

Mary Alice Marquardt is seen riding a brown horse.

When the parade goes by we dart to Westgate Park to see what the crowd thinks of the show.

At the bean table we see the following business men shoveling out the beans, Joe Briggs, Walter Stevens, M. W. Seiller, Dr. C. O. Cramer, Tom Davis, Dr. William Lowry, Noble Allen, Carl Capretts, Herb Kunzi, Doc Russel, Lou and Paul Rausch, Dr. C. O Miller, Bob Day, Alva Nafzger, C H. Penefield, Dr. T. S. Fox, Mr Eichenlaub, Doc Sulzberger and Tom Zelkoff. . . . Finding the beans very good is Mary Lou of the Mary Lou Beauty Shop

Curt Roberts dodging shoes in the shoe throwing contest. . . Rosemary Wolfe won. . . . George Collins, West High coach, directing the milk contest. . . . As we stroll on we catch sight of Dr. M W Bates selling tickets for a ride on the Whipp. . . . George Painter, now a resident of the sunny South, here with a deep tan . . What a disappointment is the ride on the Merry-Go-Round to little Jimmie Wichterman, they are playing "The Merry-Go-Round Broke Down" and low and behold it won't run anymore. . . . Ed Melvin, chairman of the affair, is seen taking it down on films. . . . Sergeant Knight just sits in the safety car and watches the crowd. . . . Annie McDonald is helping with the contests . . . Bill Taft is passing out the watermellon and Ruth Thomas surely finds her piece delicious from her appearance. . . .C C. Hartley is wandering around looking the affair over . . . George Painter, West High teacher, is forgetting history to enjoy beans with his children. . . . Otto Magley finds the navy fruit good too. . . "Hot Dogs!" That's Jack Merriman, Chet Herbert, Clarence Story, Gilbert Coffman. . . . (Hot dogs were cooked on a new 1941 Kelvinator electric range supplied by Coffman Electric.) . . . Harold Fox, Curt Wilcox and Charlie Althen sing this song. . . . Tom Fuestel got rich quick when he reached the top of that greased pole. . . . Chet Creasap is seen roaming around. . . . "Pop" Waymer, and Morgan Murphy selling the ice cream.

Lt. John Jordan

Among human weaknesses that contribute most to personable unhappiness and misfortune is the factor, "carelessness." And this same trait is the cause of most fires in Columbus, according to Lee M. Green, chief of the local fire prevention bureau.

In a total of 59 fires reported during the last few days, only 14 have been attributed to uncontrollable factors, or in other words only 14 were considered as unavoidable.

The tremendous increase in the number of fires throughout the country which are caused by careless smokers and cigarettes is alarming to both local and national fire officials. Eighteen of the 59 locally classified fires were in this group, while in addition, six grass fires were possibly caused by carelessly discarded cigarettes.

Many children reveal a lively interest in "watching the fire engines go by" and viewing the accompanying blaze, and thus come in for their share of causing many serious fires.

Chief Green calls attention of parents to their responsibility in guarding their children from playing with matches, and he urges parents of children who show a tendency to start fires to bring them to the fire department office where an attempt will be made to convince these young people of the danger of such a practice. Exemplifying this danger is the recent Canal Winchester fire where a six-year-old girl died in one of three fires said to have been started by her nine-year-old brother, and a number of Columbus children have suffered unwarranted burns in fires of similar nature.

Mischevious children are believed to have started fires in rubbish piled against garages and thus setting fire to these buildings and adding six more fires to the list. Three other fires were the direct result of children playing with matches.

Unsafe wiring and "oversize" fuses combined with the practice of placing pennies or tinfoil behind "burned out" fuses accounted for five more unnecessary fires. The fire prevention advises that only approved 15 amp. fuses be used in home lighting circuits, and that no attempt should ever be made to use burned out fuses by substituting tinfoil or pennies.

Classed as "mystery fires" with cause unknown are the remaining seven fires included in the survey. A breakdown of the 59 studied shows 14 unavoidable, 18 caused by cigarettes, six grass fires, probably caused by cigarettes, six rubbish fires, three fires caused by children playing with matches, five caused by defective wiring and fuses and seven classed as unknown.

Between 75 and 90 percent of the fires studied during numerous nation-wide surveys of fire causes have been proven to be preventable, if ordinary precautions were used, Chief Green said in conclusion.

Above all, in our dealings with the souls of men we are to take care how we check, by severe requirement or narrow caution, efforts which might otherwise lead to a noble issue, and, still more, how we withhold our admiration form great excellencies, because they are mingled with rough faults.—John Ruskin.

Cause and Effect

"Your daughter tells me she's cultivating her voice."

"Yes—and the rest of us are growing wild!"

"THEY WON'T SEE THEIR MOTHER THIS FALL."

They won't be home this summer
They won't be home next fall
They'll hear the bugle and drummer
Make many a clarion call—
For months and years hereafter
No man can name the day
Nor who is going to be the master
In this sinful bloody fray.

Christians know who is the Master
This is old Satan's day
The Lord will tolerate disaster
To teach us how to pray.
We don't know his plans my Brother
A mystery to the great and small
But they won't see their Mother
Next summer or next fall.

Local Laurence Oliver Seeks Picture Career

By Jean Young

Listen, girls! Would you believe it if we told you that there's a movie star right here on the Hilltop. Maybe we're putting it a little strong but it's a fact that Laurence Olivier does reside at 294 S. Burgess-av.

At least that's the name he's going by and who are we to challenge anyone's moniker.

The story which sounds like one we might expect from a Hollywood press agent goes like this.

For several months Harold Bratt (alias Olivier) has been dubbed a double for that flicker heartthrob. The facial resemblance is really remarkable. Downtown columnists have been referring to him as a double for that famous screen celebrity.

The theatre managers used him in their publicity buildups for openings of Olivier pictures. He was put on the radio and displayed before groups of awe-stricken feminine beauties.

Steadfastly he denied that he had ambitions to make a bid for stardom in the celluloid capital but recently he's been doing some thinking. So much thinking, in fact, that he even adopted the screen star's name. Now he's looking forward to an opportunity to get into the picture making world.

Don't be surprised if he should make a go of it, for Harold has more than looks to his credit. A graduate of Holy Family School he majored in dramatics and starred in several of the school's productions and played the drums in the school orchestra.

Right now he's employed in the machine room of RANCO up on Fifth-av. He hopes he won't be there long.

Should he make good in pictures he would add another name to the Hilltop's contributions to the entertainment field. Recent years has seen the rise to prominence of Grace Belle Day, now Mrs. Jerry Spears Jr. Gene Sheldon, who likewise claims the Hilltop as his home, has made a name for himself not only in this country but in Europe as well. He was recently appearing at Earl Carroll's in Hollywood. Grace Belle, too, had accomplished her triumphs abroad in addition to dancing with Benny Goodman's band at different times.

Then there's Janice Davis, a dancer in the HBMA Minstrels of '40, who has completed a season with the famed Rockette dancing line in New York. Of course there are others who have attained prominence on the stage and in radio but that just gives you a few of the recent up-and-comers.

Mother—Junior loves pig's feet.
Dad—I don't care—make him wear shoes and stockings.

To The Editor

Mr. Carlton Hartley,
Hilltop Record,
Columbus, Ohio.

Dear Sir:

The boys comprising the American Legion team of Camp Chase Post have done it again. Established a very enviable record in Legion play and still going.

Now while we are handing out the bouquets, let us not forget the fellows behind the team, those who gave unselfishly of their time and effort in order to promote clean athletics for our youngsters.

The post athletic committee, who see to the proper equipment and outfitting of the boys and to one Herb Davis, who has lived junior legion baseball every summer for these many years past.

So three cheers for the youngsters, the post and Herb Davis.

Sincerely,
Carl E. Smith.
Starling Jr. High.

Carelessness Responsible For Most Fires In City of Columbus

Lt. John Jordan

Among human weaknesses that contribute most to personable unhappiness and misfortune is the factor, "carelessness." And this same trait is the cause of most fires in Columbus, according to Lee M. Green, chief of the local fire prevention bureau.

In a total of 59 fires reported during the last few days, only 14 have been attributed to uncontrollable factors, or in other words only 14 were considered as unavoidable.

The tremendous increase in the number of fires throughout the country which are caused by careless smokers and cigarettes is alarming to both local and national fire officials. Eighteen of the 59 locally classified fires were in this group, while in addition, six grass fires were possibly caused by carelessly discarded cigarettes.

Many children reveal a lively interest in "watching the fire engines go by" and viewing the accompanying blaze, and thus come in for their share of causing many serious fires.

Chief Green calls attention of parents to their responsibility in guarding their children from playing with matches, and he urges parents of children who show a tendency to start fires to bring them to the fire department office where an attempt will be made to convince these young people of the danger of such a practice. Exemplifying this danger is the recent Canal Winchester fire where a six-year-old girl died in one of three fires said to have been started by her nine-year-old brother, and a number of Columbus children have suffered unwarranted burns in fires of similar nature.

Mischevious children are believed to have started fires in rubbish piled against garages and thus setting fire to these buildings and adding six more fires to the list. Three other fires were the direct result of children playing with matches.

Unsafe wiring and "oversize" fuses combined with the practice of placing pennies or tinfoil behind "burned out" fuses accounted for five more unnecessary fires. The fire prevention advises that only approved 15 amp. fuses be used in home lighting circuits, and that no attempt should ever be made to use burned out fuses by substituting tinfoil or pennies.

Classed as "mystery fires" with cause unknown are the remaining seven fires included in the survey. A breakdown of the 59 studied shows 14 unavoidable, 18 caused by cigarettes, six grass fires, probably caused by cigarettes, six rubbish fires, three fires caused by children playing with matches, five caused by defective wiring and fuses and seven classed as unknown.

Between 75 and 90 percent of the fires studied during numerous nation-wide surveys of fire causes have been proven to be preventable, if ordinary precautions were used, Chief Green said in conclusion.

L. C. F. Class Plans Garden Party

The L. C. F. Class of Hillcrest Baptist Church will have a garden party Friday, Aug. 1, at 7:30, at the home of Mrs. Carrie Harrison, 2611 Fisher-rd. Those desiring transportation are to meet at the church at 7 p. m. Hosteses for the evening will be Mrs. John E. Davis, Mrs. Emmet McCauley, Mrs. Archie Lanthorn and Mrs. Carrie Harrison.

SPEAKS AT LANCASTER

The Rev. Victor Pennekamp of Concordia Lutheran Church will be the preacher Sunday, at the Mission Festival of Immanuel Lutheran Church, Lancaster, O., to be held at the fair grounds Sundoy. In his absence, the Rev. Norman Abbott will preach at Concordia.

PRAYER MEETING PLANNED

The prayer meeting for shutins of the Hilltop W.C.T.U., will be held Monday, Aug. 4, at 2 p.m. at the home of Mrs. Mary Case, 146 S. Warren-av.

Above all, in our dealings with the souls of men we are to take care how we check, by severe requirement or narrow caution, efforts which might otherwise lead to a noble issue, and, still more, how we withhold our admiration form great excellencies, because they are mingled with rough faults.—John Ruskin.

Cause and Effect

"Your daughter tells me she's cultivating her voice."

"Yes—and the rest of us are growing wild!"

"THEY WON'T SEE THEIR MOTHER THIS FALL"

They won't be home this summer
They won't be home next fall
They'll hear the bugle and drummer
Make many a clarion call—
For months and years hereafter
No man can name the day
Nor who is going to be the master
In this sinful bloody fray.

Christians know who is the Master
This is old Satan's day
The Lord will tolerate disaster
To teach us how to pray.
We don't know his plans my Brother
A mystery to the great and [illegible]
But they won't see their Mother
Next summer or next fall.

Local Laurence Oliver Seeks Picture Career

By Jean Young

Listen, girls! Would you believe it if we told you that there's a movie star right here on the Hilltop. Maybe we're putting it a little strong but it's a fact that Laurence Olivier does reside at 284 S. Burgess-av.

At least that's the name he's going by and who are we to challenge anyone's monicker.

The story which sounds like one we might expect from a Hollywood press agent goes like this.

For several months Harold Bratt (alias Olivier) has been dubbed a double for that flicker heartthrob. The facial resemblance is really remarkable. Downtown columnists have been referring to him as a double for that famous screen celebrity.

The theatre managers used him in their publicity buildups for openings of Olivier pictures. He was put on the radio and displayed before groups of awe-stricken feminine beauties.

Steadfastly he denied that he had ambitions to make a bid for stardom in the celluloid capital but recently he's been doing some thinking. So much thinking, in fact, that he even adopted the screen star's name. Now he's looking forward to an opportunity to get into the picture making world.

Don't be surprised if he should make a go of it, for Harold has more than looks to his credit. A graduate of Holy Family School he majored in dramatics and starred in several of the school's productions and played the drums in the school orchestra.

Right now he's employed in the machine room of RANCO up on Fifth-av. He hopes he won't be there long.

Should he make good in pictures he would add another name to the Hilltop's contributions to the entertainment field. Recent years has seen the rise to prominence of Grace Belle Day, now Mrs. Jerry Spears Jr. Gene Sheldon, who likewise claims the Hilltop as his home, has made a name for himself not only in this country but in Europe as well. He was recently appearing at Earl Carroll's in Hollywood. Grace Belle, too, had accomplished her triumphs abroad in addition to dancing with Benny Goodman's band at different times.

Then there's Janice Davis, a dancer in the HBMA Minstrels of '40, who has completed a season with the famed Rockette dancing line in New York. Of course there are others who have attained prominence on the stage and in radio but that just gives you a few of the recent up-and-comers.

Mother—Junior loves pig's feet.
Dad—I don't care—make him wear shoes and stockings.

New Ideas for Outdoor Meals

When you're planning the menu for a campfire picnic, the choice of a meat is a simple matter, usually steak, wieners, hamburgers or fresh-caught fish. But when it comes to the rest of the menu a little more thought is necessary. Though it is easy to decide on fried potatoes and a salad topped off with fruit and let it go at that, variety in picnic meals is a simple matter if you make use of the different prepared foods on your grocer's shelves.

For example, everyone would enjoy prepared spaghetti in tomato sauce instead of the usual fried potatoes. The racy tomato-and-cheese flavor of the sauce combines delightfully with the lightly smoky flavors of camp-fire-cooked meats.

When you have a good fish catch to serve, the cooked macaroni in cream sauce with cheese which comes prepared in cans has just the right nippiness to set off the fish's fresh-caught taste.

Prepared oven-baked beans—all four kinds of them—are another good reason you don't want to forget the can opener when you go on an outing.

The following menus give you clever ideas for different things to do with campfire meals:

Broiled Steak Dinners
Broiled Cube Steaks
Cooked Spaghetti in Tomato Sauce
Fresh Cucumber Pickle
Celery Sticks
Toasted Rolls
Fresh Peaches
Toasted Marshmallow and Graham Cracker Dessert
(Roast marshmallows and eat between graham crackers)

Beans 'n Wieners Dinner
Wieners Broiled on a Stick
Oven-Baked Beans, Any Style
Buttered Hard Rolls
Cabbage and Green Pepper Salad
Peach Tart

Campfire Fish Dinner
Fried Fresh-Caught Fish
Cooked Macaroni in Cream Sauce with Cheese
Cross-Cut Sweet Pickles
Tomato Slices
Whole Wheat Sandwiches
Fresh Cherries and Blueberries
Cookies Coffee

Proud Pudding

If you are one who holds your breath every time you make corn pudding, or doesn't make it just because you're afraid it might fall, you will be glad for this new recipe that doesn't allow any calamities. The crisp, golden-brown breakfast cereals known as rice flakes are the ingredient that prevents such goings-on.

Corn Pudding

Combine—
1 No. 2 can cream-style corn
2 eggs, slightly beaten.
Toss—
1 cup rice flakes
in—
3 tablespoons butter, melted.
Stir into corn mixture with—
½ teaspoon salt.

Pour into a well-greased baking dish and bake in a moderate oven (350° F.) 40 minutes. Serves 5.

Advertising

Advertising has been responsible for many of the good things which citizens of the United States enjoy. It has been a potent force in making available to our citizens the products of American skill and ingenuity. Without it, many present-day necessities would still be luxuries. That force needs now to be applied toward the maintenance of our accustomed standards of living and further progress. This may require adjustment but it should mean increased effort.

As an educational force alone, advertising ought to play a leading part in the preparedness program. It can assist in creating and maintaining public morale. Those who are expert in it can be of great aid to government. I feel confident that the Advertising Federation of America realizes all of these things and will be prepared to make its contribution to the national welfare.

President Franklin D. Roosevelt sent the above message to the AFA convention.

Little Known Facts About Ice Cream

MANY people are not aware that most popular desserts are much higher in calories than ice cream.

According to figures recently compiled by the National Dairy Council, an average serving of vanilla ice cream, measuring approximately one sixth of a quart, provides 200 calories. Compare this with 450 calories for a piece of lemon pie or 330 for a serving of angel food cake.

Another mistaken idea about ice cream is that it is "full of air." Air is a necessary ingredient in ice cream, as without it a solid frozen mass would result. Ice cream that did not have air beaten into it would be like bread that had not risen. The principle is similar to that followed in the kitchen when air is beaten into eggs, whipping cream, or batters.

The combination of lobster or other fish and ice cream in a meal is still believed by many to be a cause of indigestion. Scientists have disproved this old belief, stating that if the fish is fresh no harm can result from the combination. Fish is often combined with milk in tasty sea food dishes. Ice cream, a milk product, can be served in the same meal with equal success.

Ice cream is a healthful food containing most of the nutritive elements of milk—proteins, minerals, and vitamins. Cream, milk and milk concentrates, sugar, and sometimes eggs, form the basis of all ice cream. The typical proportion of ingredients is about 30% cream and milk products, 15% sugar, 0.5% flavor, 0.5% stabilizer (usually gelatine).

About 4½ billion pounds of milk are used each year to supply the cream and other dairy products used in the twelve hundred million quarts of ice cream which Americans eat annually.

Loew's Ohio is currently showing one of the great pictures in many years, "Blossoms in the Dust," in Technicolor with Greer Garson and Walter Pirgeon. It is the real life story of Mrs. Edna Gladney, founder of the Texas Children's Home and Aid Society, who found homes for more than 2000 babies. "Blondie in Society" is added. Starting next Friday, Aug. 8, the Ohio will show "Kiss The Boys Goodbye," with Mary Martin and Don Ameche plus "I Was a Prisoner on Devil's Island," with Donald Woods and Sally Eilers.

It's the boy who goes around in a fog that blows his horn the loudest.

Fair To Stage Amateur Hour

Digressing from its custom of past years, the Franklin County Agricultural Society is making plans for a gala occasion on Monday night, Aug. 11, as a pre-opening event to the 28th annual county fair at Hilliards to be held Aug. 12, 13 and 14, when it will offer the "Amateur Hour," an entertainment feature of unusual merit.

This year, according to President Frank E. Kirkpatrick, it was decided to give the public something different on the eve of the opening of the county exposition and has secured the services of Art Longbrake an old trouper and pastmaser in the art of staging an entertainment of this character.

On this occasion the new grandstand will be used for the first time. From this point of vantage many will witness the performance to be presented from a stage in front of the new structure. Making their appearance for the first time before an audience in an open-air stage performance will be a number of amateur performers in skits and stunts of their own making. Supporting this group, Longbrake as master of ceremonies, will present an array of professional artists to round out a full evening of entertainment.

Miss Rosemary Tonti, daughter of Mr. and Mrs. Alfred E. Tonti, is attending the National Music makers Convention being held in New York this past week. Miss Tonti is a student of Anita Penzone of Lazarus Music Center. She resides at 121 Lechner-av.

The Prosperity Motion Motion Picture Co. will present a sound picture of Joe Louis action fights, the present war, Ethiopia, Germany, Belgium, Finland, Egypt and Italy, and other educational features at the Wheatland Methodist Church Monday, Aug. 4.

BIG GAME HUNTER

When a snake was discovered sucking eggs in a nest down on Doc Lose's farm he made a double-quick trip from the Hilltop. Approaching the chicken coop from the rear with his shotgun he poured several blasts into the vicinity of the nest.

He blew the snake's head off. No estimate was made of the damage to the chicken coop.

FORE!!

A fight for the golf championship of the city was being waged Thursday afternoon at Scioto Country Club with Mayor Floyd Green and Safety Director Roy Wood representing the city administration against Supt. of Schools George Roudebush and Robert Draper, president of the Board of Education, representing the Columbus public schools. It was claimed in school circles that their team would have a slight edge and would probably talk their way to a win.

BUILDS NEW HOME

Work was started on a new home for H. C. Shetrone, curator at the Ohio State Museum, this week at 3038 Crescent-dr. The building is to be of frame and stone construction built on a one-floor plan.

Offers Cash Prizes To Camera Fans

Calling all photographers and it's the voice of the Ohio Department of Highways getting ready for the 1942 road maps. Photographs have been used before but the department believes better ones are obtainable if all amateur photographers and photography clubs take part.

Twenty-five dollars is the top prize for the best picture of an historical, recreational or sightseeing spot. Fifteen dollars is the second prize and third prize will be five way split with five dollars going to each of the producers of the five next best pictures.

Size 8x10 inch glossy prints are the most desirable but other size prints suitable for enlarging will be considered as long as they are the glossy and not dull finish variety.

On the reverse side of each print or on a piece of paper fixed securely thereto must be a brief description of the subject, a statement of the location and the sender's name and address. Entries are to be sent to D. O. Taber, Department of Highways, Columbus, Ohio.

10 Percent of Students In 1-A

Only 10 percent of Ohio State University students of draft age have been placed in Class 1-A subject to immediate call for service, it is shown in a survey being made by Dean of Men Joseph A. Park.

Although students are being deferred for a variety of causes, the largest number, two out of every three, have been given deferment on occupational grounds.

"Draft boards generally are accepting the recommendation of national Selective Service officials that young men doing better-than-average work in their studies, particularly those in technical fields, should be permitted to complete their courses before being called into the service," Dean Park says.

"The local boards are seeking not only to fill their quotas of the moment, but also to insure a continuing supply of trained engineers, physicians, dentists, veterinarians, biologists and other specialists during the period of the emergency.

"Present deferment of students in specialized fields means that these young men will be of greater service to the nation when they complete their studies than would be the case if they were inducted immediately.

"This indicates that local draft boards are carefully investigating the cases before them and conscientiously carrying out the difficult task assigned them in the national emergency."

Dean Park has sent a questionnaire to all Ohio State men of draft age to determine their Selective Service status, and of the 745 replying so far 485 have been placed in Class 2-A, giving occupational deferment.

Seven of the 669 have already been inducted and 67 are in Class 1-A, subject to immediate call. Others in Class 1, with temporary deferment for one reason or another, number 75.

In Class 3, with deferment for reasons of marriage or dependents, are 55 students, and in Class 4 are 38 men with disabilities.

NYA To Employ 400 Young Mechanics

NYA will employ 400 young men for airplane mechanics training during the next two months, Leo B. Jacobs, Ohio NYA administrator announced today. These young men will be assigned to the NYA work in nearby Patterson Field airplane shops under army air corps mechanics and instructors.

The U. S. Civil Service Commission announced an open competitive examination for the position of mechanic-learner "to recruit in the shortest possible time, a supply of trained men for employment as helpers and junior grade mechanics in rapidly expanding activities of the Army Air Corps. The need is great and an excellent opportunity is offered to young men with aptitude, even though they have had no previous mechanical experience." Over 300 young men have already completed the course and received civil service jobs as mechanics at Patterson Field.

Jacobs stated that young men between the ages of 18 and 25 and those between 16 and 18 who are high school graduates or have received work certificates from the proper school authorities, may secure applications from any first or second class post office. The applications must be filed with the Board of U. S. Civil Service Examiners at Wright Field, Dayton, O., not later than Aug. 1, 1941. The written examination will be given on Aug. 9 at 10 locations over the state.

Only citizens of the United States are eligible for this program. Call a local NYA office for further information.

Dr. Langsam Will Address Ohio State Summer Graduates

Dr. Walter C. Langsam, chairman of the history department at Union College, Schenectady, N. Y., will give the summer convocation address Friday, Aug. 29, at Ohio State University, it is announced by President Howard L. Bevis.

Dr. Langsam is a visiting member of Ohio State's history faculty this summer. The address on Aug. 29 will be his second public appearance on the campus, since he is scheduled to address summer students on "Why Europe Fights Again," in the chapel Monday, Aug. 4, at 4 p. m.

The summer graduation exercises for a class expected to number approximately 700 will be held in the men's gymnasium.

Professor Langsam, a native of Vienna, Austria, is a graduate of the College of the City of New York and of Columbia University. He has held his present position at Union College since 1938, having previously been on the staff at Columbia for 11 years.

He has served as historical editor for a large U. S. publishing house, and is the author of "The World Since 1914" which has gone through several editions.

Buck Grid Foes Play From Coast To Coast

With the Buckeye gridders traveling from the Golden Triangle to the Golden Gate this fall, Ohio State University football fans will have an opportunity to compare their favorites with the strongest teams in every section of the country by the time the campaign is over.

Although comparative scores can be carried to the point of absurdity in figuring the probable outcome between two teams on any given Saturday, they do afford a means of getting some idea of the relative strength of a team compared with squads from other parts of the country.

Missouri, met by the Bucks in the first game of the season, later takes on most of the strong teams in the Missouri valley, including Kansas, Nebraska and Iowa State.

Southern California, whom the Bucks play the following week, also is scheduled against all the big Pacific coast teams and Notre Dame. Purdue, the third Scarlet opponent, is host to the South when it meets Vanderbilt, and invades the East against Fordham.

Northwestern also meet Kansas State and Notre Dame. Pittsburgh's tough schedule includes Duke of the south; Fordham, Penn State and Carnegie Tech of the east and Nebraska of the Big Six.

Wisconsin also takes on Ivy League competition, meeting Syracuse, and a tough midwest foe in Marquette. Illinois will afford a basis of comparison with smaller Ohio colleges by playing Miami University of Oxford, and it also tangles with Drake and Notre Dame.

Michigan is another Buck foe to invade the east, playing Columbia at New York, and is the second opponent to meet Michigan State.

Notre Dame has no less than three opponents in common with the Buckeyes, while Fordham, Kansas State and Michigan State have two each.

All of which goes to show that the Scarlet-clad Buckeyes will be playing "big-time" football.

Ohio State Holds Edge Over Football Opponents

Ohio State University's football team will enter five of its eight games this fall holding an all-time margin of superiority over its opponents.

Southern California and Michigan are the two schools on this season's schedule which are ahead of the Bucks in games won. The Trojans have downed the Buckeyes the only two times the schools have met, while the Wolverines lead 13 games to 10, counting only those contests played since Ohio State entered the Western Conference.

The game between Ohio State and Pittsburgh will be a "rubber contest," each team having won two games from the other, with a scoreless tie on the books for 1932. Wisconsin has a slight edge in points scored, but Ohio State has won six games in the Badger series, while losing four and tying two.

Missouri has met the Buckeyes only once, taking a 19-0 trimming two years ago. Purdue has been defeated seven times while winning from the Ohioans only once. Northwestern has been drubbed an even dozen times, while winning half that many and scoring one tie.

Illinois, Ohio State's "favorite foe," claims 11 triumphs against 15 for the Scarlet, with one game a draw.

TRICYCLE DANGERS

Parents of small children are urged to warn their youngsters of the dangers involved in riding tricycles in the streets.

Police officials here have received several reports from motorists that small children have been riding three-wheelers in the middle of the street, and pedaling out into streets from behind shrubs and parked cars.

Officials urge residents to cooperate by warning their children before a serious mishap occurs.

MAKES 3500-MILE HITCH-HIKE

Curtis Mertz is back home in Halletsville, Tex., after a 3500-mile hitch-hiking trip to gain admittance to Ohio State University's College of Dentistry for this fall. Young Mertz made the trip to Columbus in 48 hours and the return to Texas in 60 hours. He took pre-dental studies at the University of Texas.

He was doing his best to fit his key into the lock, singing a happy song, meanwhile. After a time a head looked out the window above.

"Go away, you fool!" cried the man upstairs. "You're trying to get into the wrong house."

'Fool yourself!" shouted back the man below. "You're looking out the wrong window."

Gentleman Farmer Has Accident

We have word from a section of Sullivant-av that a gentleman farmer of them parts this past week found that accidents can happen on a farm as well as in the city.

Said gentleman farmer had parked his car on a hill on his farm and went about his work only to return and find the car had decided to move on down the hill at a lively pace, hitting a tree and careening into . . . of all things, one of the farm's most important out-buildings and upsetting it.

But from all reports we have this may be the means of forcing a much needed building project on the farm.

Eats The Fringe Off The Rugs

Because of the close censorship throughout the whole of Europe there is more of a mystery about affairs of the world today than perhaps at any time in previous history. Many of the unsolved mysteries will provide interesting reading matter in years to come as they unravel one at a time.

William L. Schirer's book, "Berlin Diary," just recently published, gives many interesting sidelights of doings in the German capitol, and some tales that have not previously been allowed to go through the cen-

This book forcefully attests the fact that a country's freedom is lost once the press and radio are controlled by one central power.

One of the sidelights of Hitler's personality is brought out in the story of how, when he becomes angry, he rolls on the floor and chews the fringe off the rug.

Concert To Be At Westgate

To the Hilltop this coming Sunday comes the Columbus Federation of Musicians Band of 40-pieces and two soloists for a concert to be given in Westgate Park. The program will be played at 8 p. m.

From the headquarters of the federation issues word by the president, Arthur E. Streng, that many requests had been received for a concert at Westgate and this was decided upon when it became known that the guest conductor would be the nationally known Columbus bandmaster, Alphonse Cincione. He is the leader who was called upon to open the summer season of Federation Band concerts at another park.

Cincione is the regular leader of the Franklin Post American Legion Band which several times has won first place in national contests to which the entire Legion was eligible. He comes from a fine Columbus family of musicians, several of whom have been band leaders.

There will be two soloists, Thomas Dickens, a baritone with very robust voice, always popular at these outdoor affairs, and Lucille Norris, soprano, who formerly sang in professional musical comedy.

Hoge No. 1 Winner Round 2

By Ray Meloeny

The West Church League brought their season to a close, Monday with a full card of games being played. A different team ended on top of the second round when Hoge No. 1 was the winner. Burgess U. B. took the first round laurels.

With a record of six wins and but one loss, Hoge outlasted both West Park and Burgess, whose records were five victories and two losses each, to take the second round championship. Hoge registered their sixth win when they defeated St. John's by the score of 18 to 3. The winners had too much power for St. John's and won easily.

Glenwood was defeated for the third straight time after winning four in a row when Burgess U. B. thumped out a 13 to 8 victory. Burgess, after winning the first round with six consecutive wins, lost two games in the second round to spoil their chances of a clean sweep of both rounds.

West Park also took their fifth win when they defeated Hillcrest 8 to 2. The Park team tied Burgess for second place.

In the last game Avondale walked off with a 14 to 5 win, over the winless Hoge No. 2 squad. Hoge No. 2 failed to find the victory path in either round, losing six in the first and seven in the second although they did throw a scare in a few teams when they were leading in the first inning only to see a rally defeat them.

Below are the final standings for the second round in the West Church League.

Hoge No. 1	6	1
West Park	5	2
Burges U. B.	5	3
Glenwood M. E.	4	3
Hillcrest	3	4
St. John's	3	4
Avondale	2	5
Hoge No. 2	0	7

The Central Ohio District softball tournament at State Hospital saw three fine teams come through with victories Monday night. In the first contests the two girls teams of J & K Shoes and Wilke Meats tangled. When the final out was made the J & K lassies were on top of a 11 to 6 score. Irene Sellan set the Wilkie sluggers down with three hits but her own wildness kept her in trouble most of the time. Sofia Cecutti smashed a home run for the winners.

Failing to hit in the clutch the Corbon team dropped their game to Hi-Frank Garage 8 to 1. The winners iced the game in the second and when they scored three runs on three hits and a error.

In the last game Falters took advantage of the wildness of thre Anchor-Hocking pitchers to defeat them 12 to 3. A total of ten bases on balls were issued by the losers.

Tonight's schedule is:

8 p. m. — Englander vs. winner of Newark Stove—Mt. Sterling game.

9:30 — Winner of Highway—Bartlett vs. winner of Pharis Tires—Canal Winchester.

Camp Chase Ends Season In Tourney

Although they were eliminated in the third round of the State American Legion Tournament, the Camp Chase 90 baseballers had a very successful season and one to be justly proud of. A record of sixteen victories as against three losses proves the fine quality of the team.

The Post boys raced through the West league with six straight wins and advanced to the City League. There they proved to be just as tough, winning five before losing the last game.

Already winning the West and City League's titles the Camp Chase boys defeated the two district teams, Newark and Marion, twice, to capture the district crown.

Arriving at the State Tournament they were immediately established as one of the favorites to win the championship. Unfortunately they had to play fourteen innings Monday morning before downing Perrysburg 8 to 7. That afternoon they came against Warren who took a slugfest from the Chase boys by the score of 14 to 6.

Cedarville won from the Columbus boys Tuesday 7 to 3 to eliminate them.

Excellent pitching by Dick Hoover and Bob Swisher were the main reasons for the team's fine season record. Hoover was unbeatable in seven games and struck out over 100 batters. Roy Meloeny and Bill Richards were the leading hitters with 480 and 440 respectfully.

Music Teacher Hired At West

Charles W. Bennett, a graduate of South High School and holder of a Bachelor of Science degree in music from Ohio State University, was employed Tuesday by the Columbus Board of Education to take over instrumental work at West High School this [illegible].

Herbert Hutchison will continue in his capacity of vocal instructor, it was stated.

Bennett has been a teacher of music at Urbana for the past three years. He will take up his duties with the band at West immediately following the opening of school. He is 28 years of age.

The availability of jobs for high school students is expected to be evidenced at West as in other city schools, according to L. K. Replogle, in charge of high schools. Enrollment will likely be down 50 students he said. Last year's attendance was 1350.

In line with the expected drop in enrollment two teachers will be moved from West to other schools. Robert Richards, a history teacher, will go to North High and Miss Mary Geist, teacher of Latin and English, will go to McKinley.

Miss May Jones, on leave of absence for the past three years, will return to West as Latin and English instructor replacing Mrs. Mary Dugan, a substitute teacher.

In the Junior High school the attendance is expected to be down slightly. In view of this situation two teachers will be moved to other school. Miss Mary Lewis will return to John Burroughs, where she will take over a third section of seventh grade pupils. Frank Mason will go to Starling Junior High.

Night Blooming Cereus Draws Throng of Curious Visitors

Opening of the blossom of a Night Blooming Cereus at the home of Roy Heskett, 490 S. Warren-av, Friday evening, attracted a steady stream of close to 200 visitors. The flower, a delicately shaped blossom, is a member of the Cactus family (Cereus Grandiflorus) and is not uncommon among flower fanciers.

Mr. Heskett was jubilant as he explained his prize to the steady stream of neighbors and friends who got word that the flower was "opening tonight." And well might he be happy. It was the first flower to bloom in the 20 years he has been nursing the plant along. Despite the fact that he must leave for work at five the next morning he vowed he would stay up until it was completely opened up. (At midnight he was still admiring it.)

When it was evident a few weeks ago that the plant would bloom, special care was taken so that the delicate blossom would not be broken off. High winds accompanying storms of last week created an additional hazard so the plant was moved down on the porch floor from its position upon the post of the porch railing.

The blossom measured more than four inches across the face when it had opened. It blooms only the one time and then closes up after midnight and falls off in a few days. Some of the plants are said to bloom frequently, but it took Mr. Heskett 20 years to realize the fruits of his efforts.

Hilltop's Prettiest

RUTH PRICE

Fifteen-year-old Ruth Price, daughter of Mr. and Mrs. R. H. Price, 162 N. Roys-av, was acclaimed the Hilltop's prettiest at the Hilltop Bean Dinner at Westgate Park Thursday night. The honor was bestowed upon her by Mary Bentz, George Painter, former Hilltopper now living in Miami, Fla., and Chief of Detectives Leo Phillips, serving as judges in the contest that saw 16 beauties vie for the distinction.

Second place went to Juanita Geis, 17, 33 S. Princeton-av, and third honor was won by Jeanette Powers, 17, 238 N. Terrace-st.

Miss Price is a junior at West High School.

In the square dancing contest first place went to Mr. and Mrs. Melvin Carper, 35 N. Huron-av. Marilyn Myers, 142 S. Westmoor-av, and Bonnie Lear, 117 S. Hague-av, were judged the best dressed couple.

After rain had caused the postponment of activities scheduled for Wednesday night to the following day another large crowd was on hand to resume the "big picnic." Shortly after the beauty judging was ended rain again drove the merrymakers to cover and continued to come down in torrents.

Members of the H. B. M. A., sponsors of the bean dinner, received their second drenching in two days in trying to round up the affair on Thursday night.

Due to the threatening weather conditions on both days it was virtually impossible to estimate the attendance on either day but officials in charge maintained there were equally as many as last year's crowd, estimated at 40,000 persons. Many of the visitors made their stay brief because of threatened rain. In many instances they hurriedly filled their plates with beans, took a quick look around at the activities and then scurried back to the shelter of their automobiles.

There was definitely nothing wrong with appetites of those attending, according to E. O. Melvin, chairman of the dinner. All of the two tons of beans originally cooked was consumed on the first day of the affair. Another large order had to be placed to appease the hunger of Thursday's crowd. These, too, dissapeared in record time.

IS RECOVERING

Mrs. Hailey Albary, 854 South Richardson-av, who recently underwent a major operation at Grant hospital, is recovering at her home.

Emmett Smith Jr. 281 South Burgess-av, has returned from Washington, D. C., where he was visiting relatives.

Westgate Sts. Get Repaired

Surface repair work to a number of Westgate streets was to have been completed in a few days, according to city officials. Nearly a dozen of the streets in the western section, mostly between Broad and Sullivant were being subjected to a top dressing in an effort to stop the checking of the asphalt sheet surface.

"There is nothing so hard on an asphalt street as the lack of use," Walter T. Starr, engineer in charge of street paving, explained.

In that section the travel is comparatively light so that the surface becomes rough and checked in many spots. Work started on Demorest-rd and will come as far east as Huron-av. Palmetto, Olive and Wicklow, east and west streets, will also be treated. The work got under way on July 24 and will be continued in other parts of the city as soon as this job is completed.

The street is first cleaned and brushed to remove all loose surface materials. A very light coat of an asphaltic liquid is then sprayed on the surface. Onto this is spread a coating of a mineral aggregate consisting of impregnatted limestone. Approximately 20 pounds to the square yard is used. This is brushed into the liquid coating and dragged then rolled under a 10-ton roller. Again it is dragged and rolled to seal all surface cracks. The excess coating is then swept away.

According to Mr. Starr, this process should add years of life to the streets in that section. More than five miles will have been resurfaced before the work is completed.

Kidwell Loses Golf Crown

Jack Kidwell, last year's holder of the City Public Links Tournament, relinquished his hold on that coveted honor when he lost to Dick Rhyan, state public links king, in Tuesday's play on the Arlington-Dublin layout. Rhyan had him one up on 19 holes.

Jack's birdie on a 485-yard hole was erased by Rhyan's eagle to get the jump on his fellow club member.

Other Hilltop golfers were giving good accounts of themselves as play progressed this week.

Charles Haas pulled a surprise defeat over E. O. Gifford, two and one, in Tuesday's play. At Minerva Lake on the same day Paul Leighninger downed Stan Russell, four and three, and then came back Wednesday to beat Ben Thornton, one up.

Lowell Tope went down to Mac McClure, four to three, in the first flight play on Tuesday. Ernie Mawhirter defeated Roland Meeks, four and three, in the championship flight in Wednesday's play. On the Groveport course on Tuesday Whitey Marlow defeated L. S. Jones, three and two, and then went on to beat Grover Peters, three and two, on the following day.

Tuesday's play was to witness Mawhirter matched with Life and Leighninger against Vennetti. Kidwell was to meet Duffy in a championship consolation.

— Letters — To the Editor

Editor's Note: The following is part of a letter written to Marie and Bob Zellars from Dr. W. E. DeVol, former Hilltop physician now a doctor in a hospital in Nanking, China. The work is supported by the mission branch of the Friends Church.

Dr. DeVol had offices at 2405½ W. Broad-st, prior to his sailing for the Orient less than a year ago. His wife and two daughters are living in the United States.

We are having a months' vacation at Shanghai at present—so I can get away from things for a while and catch up on some of the things that I've been wanting to do—and that means some letter writing.

It isn't so cool down here—in fact it is very hot! We just perspire all the time—and any little exertion starts a river running down ones back—we take about three baths a day—and five minutes after getting out of the shower or tub we want to get right back in again. We used to go to the mountains during the hottest weather-but we can't get military passes for that part of the country now.

We—(I mean the foreigners) have a place in the city known as the race course—it is a mile and quarter track in the center of which is a big open well-kept law—space for a baseball diamond, polo grounds, cricket fields, tennis courts, bowling greens and all the other out door sports, it is the coolest place in town - there is usually a breeze blowing thru the baseball grandstand and we go out every time there is a game—which is about three times a week. The American Amateurs have won every game this season—they have a great team made up of business men - and can they play! We sat behind the catcher yesterday and could see the ball curve over the plate—I never saw anybody curve the old horse hide like that chap did yesterday—boy, and was he good!

On the fourth of July we went out and watched the U. S. Marines on parade—they are a pretty snappy outfit. They never have to draft Marines—there are always enough volunteers - and they pick the one they want—so they get pretty good men. It certainly is hard to associate bloodshed and destruction with a parade.

I have been enjoying my work very much—it is a privilege to have a little part in relieving the sufferings of these needy people and bring to them the message of Christ that is transforming the lives of so many of them. This is a time of great response. I hope that we will not have to leave—because if we leave a great deal of the work will have to close. I will enclose a couple of snapshots of our patients—one was shot through the jaw by bandits—and another had a broken leg.

How are things on the Hilltop? The good ole Hilltop! We certainly did enjoy the short time that we were privileged to live there with you good folks—if I ever have to leave this work I want to come straight back to Columbus town and start in again.

Sincerely your friend,
W. E. DeVol

Hilltop Record,
Dear Sir:

At the last meeting of the West High Band Parents' Club I, as secretary, was asked to write you a letter of appreciation for your kindness and cooperation in their endeavors during the last year.

I owe you an apology for this not having been done sooner. I came here to the lake shortly after and it slipped my mind.

We do appreciate your cooperation very much and the manner in which it is given.

Very sincerely,
Golda Scott, Secy.

Mark of Identifications

For obvious reasons the names of persons in this yarn could not be used. However, we have it on good authority that the facts are essentially true.

One prominent Columbusite had corresponded and talked by phone many times with a certain Hilltop lady but had never seen her face to face. When the occasion arose for him to deliver some material to her home he inquired (via Mr. Bell's contraption) how to find her place of residence.

"Just come to the corner of such-and-such streets," was the answer. "It's the house with the dirty curtains. You can't miss it."

Came the day for aforementioned visit and up the steps (of the house across the street) trudges our visitor.

'It's easy enough to see who has the dirtiest curtains on this corner," wisecracked the caller to the much-astonished lady who had answered the door.

After learning that he was at the wrong house profuse apologies did little to ease the wrath of the irate housewife and a hasty retreat was made.

"Why do I always have to open my big mouth," mused our (by then redfaced) visitor.

This and That

Covering the Bean Dinner last week must have been a strenuous assignment for Jean Young. At 8:30 p. m. she was at home sound asleep . . . Both of the children of Mr. and Mrs. Joe Murphy were born on the 24th of the month . . . Henry Bauch follows the shade around his yard when he has mowing and trimming chores to do . . . Rev. D. S. Mills spends considerable time at his cottage at Buckeye Ocean these days. . . .

Here and There

The boys along Broad-st are watching to see John Evans, N. Oakley-av old-time resident, go up the street wheeling that new baby buggy he bought for his great-grandson recently. John vows he will display the seven-month-old grandson any day now . . . Glen Shellhaas had his car broken into at Troy this week . . . Watching the Cincy Reds defeat the Cardinals in Cincy Wednesday were E. O. Melvin, Herb Deems, Dr. T. S. Fox, Pop Waymer and Bill Wylie in one party and another group made up of Paul and Lou Rausch, C. H. Campbell, W. H. Jones and Yours Truly . . . A sign along a street in Cincinnati reads, "Drive Slowly, Heaven Can Wait." . . . Mrs. W. H. Jones has developed into quite a baseball fan this season. She's even been sitting through the doubleheaders down at Red Bird Stadium.

Unique Display of Dolls Presented By Church Group

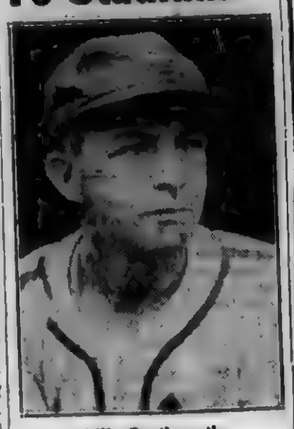
Mrs. Jack Richardson, 204½ N. Oakley-av, will have dolls dressed to represent the lady of the period they are patterned from in the window of the What-Not-Shop, 2341 West Broad-st, starting next week. The dressing of the dolls was a project of the Baptist church group.

Purpose of the work was to get the girls better acquainted with the missionary field and to learn through related stories and books the hardships of the missionaries. Pictures and histories were studied for the authenticity of the doll's clothing.

One doll, representing Isabel Crawford, is wearing a jabot made of a piece from her college graduation dress. The braid around her hair is from Miss Crawford's head. She was a worker among the Indians.

Correspondence for material concerning the dolls lead to all parts of the United States, China, Japan, Alaska, Cuba, Puerto Rico, Mexico, Canada and other distant lands.

The project took two years to complete



Loew's Broad

Loew's Broad is currently showing the film version of Dr. A. J. Cronin's great novel, "The Stars Look Down" which many critics are declaring is one of the year's 10-best films. Margaret Lockswood, Michael Redgrave and Emlyn Williams are in the cast. The Broad also is showing "Two in a Taxi" with Anita Louise and Russell Hayden.

Loew's Ohio

Loew's Ohio is now showing the amusing comedy-with-music, "Kiss the Boys Goodbye" with Mary Martin and Don Ameche starred plus a cast of radio and screen favorites including Oscar Levant, Rochester, Connie Boswell and John Scott Trotter and his orchestra. Added feature is "I Was a Prisoner on Devil's Island" with Donald Woods and Sally Eilers. Starting next Friday, the Ohio will show "Life Begins for Andy Hardy" with Mickey Rooney and Judy Garland, plus "Ellery Queen and the Perfect Crime."

Southworth Brings Cards To Stadium

Billy Southworth

The Hilltop will have its share of rooters in the stands tonight when Billy Southworth brings his National League leading St. Louis Cardinals to Red Bird Stadium for an exhibition game with the flock. There will be a feeling of pride on the part of every one of them because to them Billy will always be a part of the West Side.

It's that way with returning heroes and well it might for the baseball career of Billy "The Kid" reads like a story book. Any one of a dozen cities would gladly adopt him as their own son but it was Columbus and the West Side that started him on his career.

The exhibition game will follow a regularly scheduled association game with Kansas City as a twilight game. Special ceremonies will be arranged by the Ole Timers Club will honor Southworth during the evening.

The West High Alumni Association sent out special invitations for members to be on hand to welcome the Cardinal manager.

Billy is an uncle of Marvin and William Southworth, operators of Southworth Poultry Co., 1510 Sullivant-av, and a brother of Arley Southworth, their father.

Billy was a catcher on the West High baseball team back in 1910. He saw a lot of action on sandlots all over the city and then moved up to professional ball. One of his amazing feats was his piloting the Rochester Red Wings to three consecutive pennants in the International League. Last year he was put in charge of the Cardinals at a time when everything was going wrong.

Experts predicted the Cards would end up this season somewhere in the lower division, possibly battling for the cellar spot. To date their leading the National League despite injuries and misfortune enough to crack a couple of teams.

But leave it to him to do the unexpected. If his Birds are not in the World Series this fall someone will have to play better ball than they've shown thus far.

So baseball fans locally look upon it as a double treat—the one, seeing their idol return to his "old stompin' grounds"—the other, seeing an array of former Red Birds return to the park that gave them their start in "big time."

Births

Mr. and Mrs. C. Lee Struckman, 597 Nashoba-av, daughter, in St. Ann's Hospital, August 3.

Glenwood Park Playground Notes

The Scavenger Hunt held July 31 at Glenwood Playground, resulted in a tie between the teams captained by Roger Jones and Bill Blackburn. They received a watermelon for their prize. Following are the members on both of the winning teams: Roger Jones, captain, Don Sweeney, Bobby Wilson, Pat Tonti, Val Baker, Donald Henderson; Bill Blackburn captain, Bob Vincent, John Carpenter, Bill Davis, Norman Davis, Pete Blackburn, Jack Vincent.

Jeanette Rebholz took over the girls singles (intermediate) tennis crown of the West district and also teamed up with Nellie Brobeck to take the girls intermediate doubles of the West District. This entitles them to try for the city championship being held at Southwood Playground this week.

The handcraft class have been working on spool weaving and will soon be working on bottle cap crafts as well as working with finger painting and macaroni craft. Glenwood handcraft class meets every Tuesday, Wednesday and Thursday mornings at 10 on the Glenwood Playground.

Papers and Rags May Be Placed In Garbage Container

By John Jordan

One of the fire departments troublesome fire hazards was eliminated recently when the garbage department began collecting papers and rags when placed in the cans with garbage.

According to Grover Clements, Director of Public Service, "Papers and rags may be placed in garbage cans for collection, but the cans should be kept covered so that the contents will remain dry." Since fuel must be added to the garbage in the burning at the disposal plant incinerator, the paper and rags may somewhat reduce the fuel cost in the operation of the plant.

Director Clements stated that "If papers and rags are tied in bundles, they may be placed along side of the cans and they will be collected just the same as if they were inside the cans. The only requirement is that they be in bundles and kept dry."

According to fire department officials, the burning of papers and rubbish cause more than 300 fire runs a year and are of the opinion that the number of fires will be materially reduced by the weekly collection of rags and paper.

Battalion Chief Lee M. Green, head of the fire prevention bureau suggests that the public cooperate in this new method of rubbish disposal as a fire prevention measure and at the same time avoid the unsightly neighborhood condition of loose papers blowing around yards and alleys.

Business Booms In Columbus Area

Business activities soared to unprecedented heights in Columbus during the month of June, the research department of the Columbus Chamber of Commerce announced this week.

Our composite index of business activity stands at 154.9. This is 35.2 per cent greater than June of 1940 and 78.4 better than June of 1932. The highest previous month prior to this year was September of 1929 when the index stood at 149.3. Therefore, June of this year is 5.6 per cent better than the best month during the boom year of 1929.

The principal leaders in this gain as represented by the business indicators above are: Bank deposits, up 25.2 per cent; prepared sales tax, 24.9 per cent; Columbus building, up 81.9 per cent; new car sales, up 42.1 per cent; car loadings out, up 86.1 per cent; air express in and out, up 58.2 per cent and 50 per cent respectively, and our employment index shows a 20.2 per cent increase over last year.

4,952 Injured By Falls Last Year

It doesn't make sense, but the citizens in the homes of Columbus evidently reach the age of falls after reaching the age of reason, according to D. K. Finley, manager of the Safety Council of the Columbus Chamber of Commerce. In other words we seem to have trouble "watching our steps" years after we have learned to take our first steps.

In addition there were 4,952 persons injured during the year as a result of a fall of somekind, representing 52% of the total of 9,531 non-fatal accidental injuries charged to the home - the place we generally think of as safe.

An analysis of the home accident fatalities in Columbus during 1940 shows that 33 deaths resulted from falls, of these 11 or 33% were in the 25 to 64 age group, and 22 or 67% were 65 years of age or older.

Up to the age of 27 no falls resulted fatally, but from then on this type of mishap was a common occurance causing 50% of the total home accident fatalities for the entire year.

Revenue Hiked In Auditor's Office

City Auditor James A. Rhodes announced that the auditor's office has grossed $18,219.65 more in the license department, which is under the supervision of the city auditor, in 1941 than in a corresponding length of time in 1938.

This increased volume of business was handled by the same number of employees in 1941 as in 1938, and was accomplished by having all employees of the auditor's office assist in writing licenses and giving service to the public, Mr. Rhodes stated.

Proper drainage should be provided under concrete floors and porches, and around wall footings and foundation walls.

OBITUARIES

Martha Lee Jones, 431 S. Ogden-av, died in Grant Hospital Aug. 4, of pneumonia.

Services were held in the Wylie S. Shroyer Chapel, 2553 W. Broad-st, Tuesday.

She is survived by her parents, Mr. and Mrs. David Jones, three brothers and two sisters.

Summer Jobs Keep Gridders In Condition

Knowing that Coach Paul Brown will have little time to waste on athletes who are not in condition when he calls his Ohio State gridders to first practice Sept. 10, many of the players are spending the summer working at muscle-producing jobs.

At least seven of the boys are working in steel mills, a poor place for "softies." Those include Lynn Houston, guard; Don McCafferty, tackle; Chuck Csuri, end; Dick Fisher, John Placas, George Lynn and Paul Sarringhaus, all backs.

Several of the boys are working out on Ohio's highways, another good way to keep in condition. Among those are linemen Harold Deen, Bob Shaw, Bill Vickory and Ed Bruckner.

A Columbus airplane factory employs two promising sophomore gridders, halfback Dick Burgett and center John Rosen.

Captain Jack Stephenson, Jack Graf and Peter Hershberger are doing their conditioning as counselors in boys' camps. Variations on this idea are being followed by Jim Daniell, who supervised a tennis court and swimming pool and Dick Zimmerman, who is part owner and operator of a Columbus pool.

Armstrong With Spicer Furniture

M. B. Armstrong, 91 S. Hague-av, has been with the Spicer Furniture Co., 18th and Mt. Vernon Avenue for the past 10 months. He has been in the furniture busines in Columbus for the past 22 years.

Ross Glick To Head Fair Work

Ross L. Glick, 62 S. Warren-av, was appointed chairman of the Ohio State Junior Chamber of Commerce Fair Day, this week. He will be in charge of the Jaycee's display in the Columbus Building.

Glick recently served as publicity chairman of the county-wide aluminum drive.

SCHOOL AIRPLANES

Inventions are fast multiplying
There's nothing impossible it appears
School children will soon be flying.
Perhaps in a couple of years.
Only one school in each township
Located among birds and trees.
Airplanes sailing, then take a down dip.
Like the man on the flying trapeze.

Children playing every day in clover
Along some fresh running stream.
They'll be sorry when studies are over,
Ending their pleasant dream.
Airplanes will be sailing around
Picking up children from trees
Land them safely at the school ground
Like the man on the flying trapeze.

They'll soon build a loading platform
So airplanes can swoop down
Grab up a hundred in a snow storm
Never ruffle a ribbon on gown.
Then parents could do some roaming
Traveling any place they please.
Children will return in the gloaming
Like the man on the flying trapeze.

Accountants Asked To Fill Questionnaire

Local members of the National Association of Cost Accountants have been requested by the National Resources Planning Board and the United States Civil Service Commission to fill in and submit a qualifications questionnaire. The questionnaires are to be used in the preparation of a National Roster of Scientific National Roster of Scientific and Specialized Personnel.

"The purpose of this roster," according to Leonard Carmichael, director, "is to conserve and most effectively use the available scientific skills of the country in connection with the National Defense Program."

"Columbus Chapter, with a membership of more than one hundred accountants, executives and teachers of accounting, is," according to Joseph W. Sheeran, president, "in a position to make a valuable contribution to this essential part of our defense program."

"Representing more than fifty diversified local industries—many already engaged in defense work—it is a privilege to be accorded this opportunity to record the knowledge and skill of our membership permanently with our government."

Farm Women Are Active In County Fair

Future farm women of Franklin County are again going to play an important part at the Franklin County Fair at Hilliards, Aug. 12, 13 and 14. This is indicated by the fact that 600 girl members of 4-H Clubs will offer projects and exhibits that will be of interest to thousands who are planning to attend the fair.

This means that there will be spirited competition among these youthful exhibitors, for in addition to having a chance to win the awards offered in the various classes, further opportunity will be afforded to compete in the various team and individual demonstrations in which the winners selected will represent Franklin County at the Ohio State Junior Fair.

One of the outstanding contests of this character will be the dress revue in which 60 girls will participate, their selection being made on the basis that each 4-H Club will be entitled to one representative for each five members who have participated in the dressmaking project during the past year. The review will be divided into two sections with 30 girls appearing each on Wednesday and Thursday of the fair at 12:30 p. m.

Other outstanding classes of competition in which the girls will participate are the clothing, food judging, clothing judging and individual and group demonstration contests that lend additional interest to the entire schedule. For the cooking demonstrations they will for the first time have a real cook stove, a Philgas range which will be provided by the Verkampt Corporation of Grandview-av, Columbus.

TO THE EDITOR

Hilltop, Ohio.

Dear Recorders:

An item in your paper ends with the following—"more than 10 million miles—the equivalent of a trip around the earth's circumference."

The earth has taken on considerable girth since I went to school. It seems only yesterday—in those never to return, good old days when it was but 25 thousand. Your new figures throw much light on the following points, one of which I sat down one week for three years and tried to figure out:

1. No wonder the Hilltop is growing.
2. Small wonder we no longer hear that hackneyed phrase, "It's a small world after all." It's evidently growing faster than the national debt.
3. Little wonder that nations, as well as people, are getting farther apart.
4. Less wonder that Hitler wants Lebensraum."
5. However, everything isn't all crackers and beans. Remember the cynic's saying, "The more waist, the less speed."

(Signed) The Sulking Madcap.

P. S. I like the Record jokes. I sulk over them for hours.
S. M.

Charge that one up as a typographical error. The item in question should have read—the equivalent of a trip around the earth's circumference for each plane."—The Ed.

Another Commendable Hilltop Program

An organization known as the Althea Garden Club has set in motion a commendable program among the Hilltop colored families.

Their plan is to encourage cleaning up yards and gardens and planting flowers wherever possible.

The Hilltop as a whole can be proud of such a program and should lend its support to such an organization.

Big Hearted Bowling Sponsor

Jack Shank tells that he and Lou Saunders are going to do something for their bowling team this year that hasn't been done before. It is a noval idea designed to create a lot of good will.

They will not only pay the expenses of their team to the ABC tournament this year but will also pay all expenses of the wives of the bowlers to the convention. This is a most generous proposition according to Shank.

It may not be such a burden on big hearted Jack though, since the ABC meet will be held here at the Coliseum this year.

If It Doesn't Help Don't Do It!

James Linton, well known to Republican circles, claims he has followed a policy in politics that applies well in everyday life.

His policy in brief is to refrain from being against a man if you can't be for him.

And there are words of wisdom that have a practical application every day. Too often an individual is against someone without any porspects whatsoever of it doing him any good at all.

In case some of you din't hear it via radio last eve, here it is:

This will be a candidate meeting and an opportunity for the public to meet and get acquainted with them will be possible.

Boat Races Are Sunday

The nation's foremost outboard and inboard motorboat pilots will race for more than $1,500 in cash and merchandise prizes in the annual regatta sponsored by the Columbus Police Athletic Association, Sunday, on the Scioto River at Griggs Dam.

Because of the many boats entered, the elimination contests will begin at 9 a. m. and continue until the afternoon when the feature races will decide the winners.

The regatta is expected to be one of the best ever held in this part of the country inasmuch as the National Outboard Association has sanctioned the races as the Central Divisional Championships.

In national outboard competition, it was explained by James W. Mulroy, Chicago, executive secretary of the National Outboard Association, there are three divisional races held yearly, eastern, western and central; finally, the national championship.

Points won by the racers in each of the divisional contests count toward their total score for the year. Thus, the Scioto races will have plenty of excitement as the daredevil water jockeys fight for the points. Mr. Mulroy will be here to act as official referee.

Members of the Scioto Boat Club are in charge of technical details for the race. The course up the river is said by experts to be one of the best in the country for such races.

Everett E. James, a Hilltopper, is chairman of the race committee for the boat club.

More than 125 boats from a dozen midwestern states are entered in the contest and there will be a total of 60 miles of racing in all classifications of boats, not including the elimination races.

Among the pilots are several champions, both professional and amateur. They include Paul Wearley, Muncie, Ind.; Ernie Call, Willoughby, O.; Dick Neal, Kansas City, Mo.; Harry Vogts, Madison, Wis., and T. L. DeWitt, Van Wert, O.

Proceeds of the race will be used by the Athletic Association to build and equip a clubhouse for all policemen. Officers of the association are Chief Otto C. Kaffits, president; Assistant Detective Chief Ed Love, vice-president; William Bloomfield, athletic director; Myron Hubler, secretary-treasurer, and Corporals Joseph Maurath and Guy Dowler and Patrolman George Gillilan, members of the board of governors.

Committees include: William

Mrs. Van Sickle Dies In Florida

A cerebral hemmorhage caused the death Aug. 7 of Mrs. Chrystal Van Sickle, age 35, of Miami, Fla., who until six years ago lived at 614 S. Eureka-av.

Mrs. Van Sickle is survived by her husband, R. E. Van Sickle; two daughters, Jean and Sandra Chrystal; her mother and father, Mr. and Mrs. Ike Bennett, of Ashley, O.; a sister, Wanda, and two brothers, Jeff of Ashley, and Braden Bennett of Columbus.

Funeral services were held Saturday in Miami.

Hillcrest Youth Conduct Services

The young people of Hillcrest Baptist Church who have attended the two weeks' encampment in Granville will take charge of the services and music for morning worship Sunday, Aug. 17.

Evening services will be handled by Deacon E. H. Epperson. The services will start at 7:30.

Burgess Is Winner In First Round of Play

Burgess Avenue U. S., winner of the first round division in the West Church League, came out victog over First Baptist in the first round of the city playoff at the Goodale Diamond Monday night. Hoge Memorial No. 1, winner of the second round on the Hilltop, dropped their game to a tough Calvary team by a score of 11 to 1.

The Burgess victory came in the seventh inning when they pushed across all five of their runs to beat the Baptists 5 to 1. The scoring started when they took advantage of a streak of wildness to combine a couple of hits with three walks to start the rally. Cash held the opposition to four scattered hits.

Monday night Burgess will be matched against Salvation Army. The other game will pair Calvary against St. John Evangelical.

The game to decide the championship in the West Church League will be scheduled as soon as Burgess is eliminated from the city championship play. It will be played on Westgate Diamond No. 4 and will match Burgess against Hoge No. 1, winner of the second round.

To Play Hoge

In the two times the teams have met, this season the outcome has been a draw. Burgess won the first round encounter but the Presbyterians came back to trounce the Brethren in the second round. The game should be one of the best of the year as both clubs will be at their best with the trophy at stake.

Three games rained out in the first round were played at Westgate Monday night with the outcome having no bearing on the league standings. Westpark defeated Hillcrest by the score of 7 to 0 while St. John Lutheran won a forfeit form Glenwood by the same score when Glenwood couldn't muster a full team. In the other game Avondale took Hoge No. 2 by a score of 11 to 1.

Ferguson State Auditors and National Guarantee advanced into the quarter-finals of the central district softball tournament at State Hospital Monday night when both teams came through with victories.

The Nationals dropped Model Dairy from further competition when they defeated them 5 to 2 behind the fine hurling of Ralph Solt. Solt fanned 10 batters while allowing five hits. Paul Price of the Nationals and John Sartori of Model Dairy hit homers.

In the second game Ferguson State Auditors proved to be too much for the Cottage Restaurant entry and took them 9 to 1. Clyde "Dizzy" Kirkendall was in great shape in setting the Restaurant boys down with two bits and struck out 14 opponents.

Mrs. Emily Cartmell Dies of Heart Attack

Efforts of the fire department's inhalator squad failed to revive Mrs. Emily C. Cartmell, 65, when she suffered a heart attack Wednesday night. She had been wardrobe mistress for the famous Al G. Fields Minstrels for 12 years back in the days when the minstrel was the top show attraction.

She died at her home, 61 S. Harris-av.

Mrs. Cartmell was a member of Robert Morris Chapter, O. E. S. She is survived by her husband, John Cartmell; a daughter, Mrs. Catherine Kerkow; a brother, W. C. Striebie, and a sister Mrs. William Semler.

Services will be held tomorrow at 2 p. m. at Shoedinger's. Rev. C. Mitchell will read the services.

Hiram Workman Dies In Hospital

Mr. Hiram Paul Workman, 2400 Sullivant-av, died Aug. 10, in White Cross Hospital. He was an employe of the City Division of Engineering for 14 years.

Mr. Workman is survived by his wife, Hazel M. Workman; three daughters, Mrs. Cecil T. Yates, Miss Betty June Workman and Miss Bonnie Lou Workman; two sons, Jack and Max Workman; four sisters, Mrs. Zale Whissen, Columbus, Mrs. Lee Fricker and Mrs. Howard Buker, Zanesville, Mrs. Thomas Black, Lancaster; two brothers, Vernon, Lancaster, and William of Freeport, and his mother, Mrs. Sarah Jane Workman, Lancaster.

Services will be read by Rev. Wilkes and burial is in charge of Jerry Spears.

Bowling Alleys Ready For Play

With the first signs of autumn already putting in their appearance comes the announcement that the Hilltop Recreation Bowling Alleys have opened for the season.

As usual Bill Wolfe, owner of the center, has spent a good part of the summer getting the alleys in shape. This year's improvements will catch the eye of every bowler. The pit end of the alleys has been improved by the installation of a masked unit with improved lighting over the pins.

This new feature took the fancy of bowlers in last year's ABC and is one of the few to be installed in Columbus alleys. The pin boy is almost entirely screened from view. He is able to watch the bowler through openings in the grill work of the unit. Biggest improvement is is said to be the improved lighting.

The alleys themselves have been thoroughly reconditioned and redecorated to brighten up the appearance of the place.

Organized leagues will start play on the Tuesday following Labor Day. A meeting of the Church League will be held at Shroyer's Funeral Home, 2553 W. Broad-st, Monday night. Applications will be received for franchises for this years play. The meeting is called for 7:30 p. m.

To Be Seen In Races

This "action photo" shows a typical start of an outboard motorboat race such as the type that will be held this Sunday on the Scioto River at Griggs Dam under sponsorship of the Police Athletic Association. The closeness and speed of the tiny boats at the start and at each turn make these races the most thrilling of any water sport.

Sisters Enjoy Traveling In Many Foreign Lands

By JEAN YOUNG

When Mrs. Mary Zollinger and Miss Margaret Koerner took their Mediterranean cruise in 1931 little did they expect to meet one of the latter's former pupils. The boat was docking in Algiers and a young man came forth and introduced himself as a former pupil of Miss Koerner's. Needless to say it nearly knocked them off their feet.

On this cruise the sisters visited the beautiful Maderra Islands. They saw the wonders in Italy—Rome, with it's magnificant structures — Genoa — and glorious Naples with its streets of water.

"Italy is extremely pretty in the northern part," reminisced Mrs. Zollinger.

The travelers left their boat in Italy and toured across Europe for seven days and met it again in Rotterdam. This cross country tour took them through Switzerland. Here they marvelled at the Alps. A part of the rythmic Vienna was included in this picturesque trip. Germany was touched and then they reached Rotterdam. Here they caught their boat again and sailed back home.

In 1932 it was a trip abroad again. This trip lasted 62 days and the first country they reached was Belgium then Germany and Switzerland again. In France the voyagers decided it would be "thrilling" to take a plane from Paris to London. After landing in London they took a motor bus trip through southern England.

Mrs. Zollinger and Miss Koerner started making their trips together in 1928. The first one was a cruise to the North Cape and a visit to the West Indies.

The second cruise was in 1929, took them to Honolulu.

Mrs. Zollinger has just returned from a trip that took her to the Glacier Park and Black Hills.

"The Black Hills are just huge mountains covered with snow," said Mrs. Zollinger.

"From here we went to the Bad Lands, which is just a formation of mountains," she explained. "We saw the mountains where the faces of Washington, Jefferson, Theodore Roosevelt and Lincoln are being carved. All the carving on these famous faces is directed from below. The message is carried to the men working at the top by a wire

The entire trip covered 6,603 miles and the last 1,000 miles home was made in two days.

Miss Koerner is a former principal of Franklinton School. She and her sister, Mrs. Zollinger, live at 2685 W. Broad-st.

Sullivant W. C. T. U. will meet at the home of Mrs. Edna Van Auken, 130 West Lane-av, Sunday evening, Aug. 15.

Cowboys Face Tough Schedule This Year

While most folks are still planning for or dreaming about vacations already taken the calendar reveals that scarcely more than two weeks remain until footballs will be flying through the air on the West High School practice grounds. Coach George Williams, arriving back in town from a summer in a Maine private camp, has already started to look up boys he expects to see wearing the Buck uniform this fall.

Since the Cowboys held spring training before school dismissed last June there will be no practices scheduled until after opening day, Sept. 2. But that doesn't keep a coach from laying plans for the campaign ahead. Assistant Coach George Collins, supervising activities at Westgate Park, has been a little closer to the scene.

Williams is saying little about his hopes for this year's team. At least, he admits, he will have 11 men who have had some experience in a football game before the season starts. Last year he had scarcely that at the beginning of the year but despite loss of practically the whole team by graduation he brought the Cowboys into second place in the city league.

This year he will start a team with few outstanding players but with some experience against the tough ones and above all a determination to make a better showing. Few positions are cinched at this stage of the program so they'll all be in there fighting it out for positions.

After losing four out of the first five starts last fall they got tired of taking it on the chin all the time and started dishing it out. Proof of the fact that they could do some "dishing out" was attested by the fact that they came back and won four and tied one against the city's best. The season ended with an 18-0 victory over East.

This season's schedule is one that will test the metal of any H. Not only do they meet the tough city teams but Newark, Middletown, Lima South and Dayton Roosevelt for good measure. The first three are night games on enemy soil. The Dayton game will be played in the afternoon at Dayton.

First activity on the home front will find South invading Magly Field on Oct. 24, five weeks after the season starts. The schedule for the Bucks follows:

Sept. 19 at Newark (night).
Sept. 26 at Middletown (night).
Oct. 3 at East.
Oct. 10 at Lima South (night).
Oct. 17 at North (night).
Oct. 24 South, here.
Oct. 31 at Dayton Roosevelt.
Nov. 7 Central here.
Nov. 14 Aquinas here.

Perma-Stone To Build 100 Homes

A residential construction project of more than 100 homes will be started this fall by the Perma-Stone Co., with headquarters at 719 E. Hudson-st, E. J. Miller, president and manager of the organization announced this week.

The proposed project will be located in an area bounded by Hudson on the north, Duxberry-rd on the south, Audubon on the west and Hiawatha-pkwy on the east.

These lovely homes will be constructed with Perma-Stone, a stone like veneer in various shades. This material is fire-proof and possesses excellent insulation qualities. It is said to last a lifetime.

The Perma-Stone Co. formerly was located in Youngstown and only recently the plant was moved to Columbus, where the main office is located at the Hudson-st address. The office and plant staff numbers 64 at present.

The organization's sales engineers cover the entire mid-west. The company is principally concerned with the veneering of existing buildings, majoring in homes, small commercial buildings, churches, lodges and clubs.

A pretty girl's fatal love for cripples. Because her hunchback father was so lovable, she became engaged to a young hunchback, but when she shifted her affection to still another cripple, a target rifle suddenly "exploded" and killed her. Read of this strange real-life drama, and how psychologists explain it, in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

Man The Lifeboats

Don't take our word for it but Hugh Stimson, down at Kents, and Lowell Shroyer were fishing in Buckeye Ocean last week. The catch was fine. They were throwing away anything under 16 inches in length (it says here) and were rowing back toward shore with a nice haul when a splash was heard at the side of the boat and a big blue gill jumped right into the boat. (We only report 'em as we hear 'em).

Adios

Comes the time of year when one by one of the Record staff pull our stakes and set out on a much earned (?) vacation only to return and find that work went on so smoothly we were scarcely missed. And as we try to impress those we meet with the activities of our "time out" we get such enthusiastic queries as: "Oh! Were you gone last week?" So at the risk of not being missed we give your shattered nerves a rest next week by not writing this kolumn. In our stead we have handed over the reigns to one, Esther Weakley, for several years a contributor and booster of this paper. We happen to know that she's been keeping the wires hot the past few days rounding up the happenings hereabouts. We're sure she'll inform and entertain you during our absence. So CARRY ON Esther.

Navy Has Use For More Men

The Naval Reserve Act of 1938 provides for appointments in the grade of Midshipman, U. S. Naval Reserve, under regulations to be prescribed by the Secretary of the Navy. To further the provisions of this Act, a class of enlisted men in the Naval Reserve, designated V-7, has been established for the procurement of prospective candidates for appointment as Midshipmen, U. S. Naval Reserve.

Qualifications For Enlistment

Applicants for enlistment in Class V-7 must qualify under the following requirements:

(a) Be native-born, unmarried, male citizens of the United States, not less than 20 and under 28 years of age as of date of enlistment.

(b) Meet physical requirements for Ensign, D-V (G), U. S. Naval Reserve.

(c) Possess a Bachelor of Arts, Bachelor of Science, or Engineering degree from accredited university or college, and submit credits to substantiate degree held, including at least two one-semester courses, or their equivalent, in mathematics of college grade. A course in Plane Trigonometry must be included in, or have been taken preparatory to, the college mathematics courses presented. Students in their senior college year may file application 90 days prior to graduation, but shall not be enlisted until receipt of degree.

(d) Be of good repute in their community.

(e) Agree not to marry prior to completion of Reserve Midshipman Training.

Application for enlistment must be submitted on NRB Form No. 24, Rev., accompanied by parent's or guardian's consent if applicant is a minor. All statements made in final signed application for enlistment are held to be material facts, and any misstatement or omission of such material facts, or violation of agreement will be considered grounds for discharge. This action will be taken if a statement is made of non-arrest or of never having been in custody of police, regardless of the offense or non-conviction, when subsequently shown that applicant has in fact been arrested or in custody of police.

In addition to the appliction form, the following papers are required:

(a) Properly authenticated transcript of college record.

(b) Three letters of recommendation from responsible citizens who are in a position to testify as to the applicant's character, etc. These letters should be written on the business stationery of the person making recommendation.

(c) Original or properly authenticated copy of birth certificate, baptismal certificate, or other acceptable evidence of native-born citizenship.

Students in their senior college year may file application 90 days prior to graduation, but shall not be enlisted until receipt of degree.

Enlisted Status

Applicants for enlistment as apprentice seamen in Class V-7, U.S.N.R., will be given a preliminary examination at Navy Recruiting Stations. Enlistments, however, will be effected only at the headquarters of the various Naval Districts or other places designated by the Commandants of such districts. Men enlisted as apprentice seamen, Class V-7, will be entitled to no pay but when ordered to active training duty will be furnished commercial transportation, and necessary expenses enroute.

Upon arrival at the designated station, candidates will be furnished, at no expense to them, their initial outfit of uniform, clothing and equipment. In their enlisted capacity, they will be given an insight into life aboard ship, and will be instructed in the fundamentals of military discipline, and of naval customs and usage. They will also be under critical observation for indication of those basic mental and moral qualities considered necessary in candidates for commission.

Reserve Midshipman Status

Upon completion of the preliminary course, those candidates recommended will be appointed as Midshipmen, U. S. Naval Reserve, and given an additional three months' training at the same station. Approximately one-half of the Reserve Midshipmen will be trained for engineering duty and one-half for deck duty.

Those candidates not recommended for appointment as Reserve Midshipmen will be ordered home and immediately discharged, or upon their own request, transferred in an enlisted status to another branch of the Naval Reserve for which qualified.

Pay and Allowances

After being appointed a Reserve Midshipman and during the period under instruction each Midshipman, U. S. Naval Reserve, will be entitled to receive the same pay and allowances as Midshipmen of the regular navy, namely $780 per year and daily ration. From this pay the Naval Reserve Midshipmen will be able and required to provide articles of uniform, books and clothing. Bedding, certain books and other equipment will be provided by the government.

Precedence

Naval Reserve Midshipmen are officers in a qualified sense and take precedence next after aviation cadets of the Naval Reserve.

Benefits

A Reserve Midshipman who becomes ill or contracts a disease in line of duty during the performance of active duty or training duty with or without pay shall be entitled, at government expense, to such medical, hospital, or other treatment as is necessary for the appropriate treatment thereof, in accordance with law.

Reserve Midshipmen are entitled to apply for National Service Life Insurance when ordered to training duty for a period of more than 30 days, in the same manner as provided for officers and enlisted men of the Naval Reserve ordered to training or active duty.

Commissioning and Promotion

Satisfactory completion of the prescribed course of instruction will qualify the Reserve Midshipman for a commission as Ensign D-V (G), E-V (G) U. S. Naval Reserve, i. e., Deck Officer, Engineering Officer or Deck and Engineering Officer of the Volunteer Reserve for general service. Thereafter, in time of peace his service and promotion in the naval Reserve depends upon his activities, his association with an organization of the reserve, and his fulfillment of the current requirements for promotion of officers of his class.

Active Duty

Naval Reserve ensigns may request active duty in the fleet and, if conditions warrant, will be ordered to active duty in with full pay and allowances for such periods as the Secretary of the Navy may deem advisable.

Members of the Naval Reserve obligate themselves to serve in the navy in time of war or when, in the opinion of the president, a national emergency exists. By proclamation of the president of the United States, dated Sept. 8, 1939, such national emergency now exists.

Defense Boom Hikes Deaths On Highways, Report Reveals

Due to an increase in traffic as defense operations are speeded up deaths on Ohio highways for the first half of 1941 increased 73 over the corresponding period of last year and the number of accidents has jumped 800 in the same length of time.

These startling disclosures were made today by Hal G. Sours, director, Ohio Department of Highways.

The reason for this huge upward jump in deaths and accidents on state roads outside municipalities, Director Sours said, "is the tremendous increase in the volume of traffic on the state system of highways due to the step-up in the national defense program, which has brought an increase in traffic of 21.5 per cent since the first of the year."

In the hope that Ohio's two and a half million motorists will "use every precaution in driving as a means of reducing the mounting traffic toll," Director Sours said:

"The Uniform Traffic Code which the legislature enacted last winter becomes effective Sept. 6. We believe this new law will do much to make the highways safer, if only the drivers will exercise caution at all times and will do their level best to avoid dangerous driving practices."

The highway department's figures are based upon 6,512 accidents reported from Jan. 1, this year up to July 10. That figure compares with 5,712 accidents reported for the corresponding period of 1940.

There were 5,369 persons injured in the accidents reported this year, and 4,563 injured in the accidents reported for the first half of 1940.

Figures showing the increase in traffic were compiled by the highway department's fact-finding agency, the Ohio Highway Planning Survey. These figures show that on roads on the state system carrying 1,000 vehicles a day, traffic has increased 0.43 per cent since first of the year; roads carrying 1,000 to 2,000 vehicles a day, 3.96 per cent; 2,000 to 3,000 vehicles a day, 4.69 per cent; 3,000 to 4,000 vehicles a day, 9.81 per cent; 4,000 to 5,000 vehicles a day, 10.28 per cent, and more than 5,000 vehicles a day, 21.5 per cent.

Trackmen Get New Awards

Four Ohio State University trackmen are wearing new awards presented to them by the department of athletics in token of record breaking performances during the past season.

The awards, miniature gold running shoes to be worn on the watch chain, were earned by Captain Les Eisenhart, hurdler Bob Wright, discus thrower Bob Johnston, and shot putter Emil Moldea. Eisenhart was graduated in June, the others were sophomores.

Captain Eisenhart, a Columbus boy who has recently accepted a teaching and coaching position with Port Clinton High School, is the new holder of two Ohio State records in the mile run. He covered the distance in 4:16.6 indoors, and in 4:16 on the outdoor track.

Bob Wright, the sensational sophomore hurdler from Huntington, W. Va., now holds the Ohio stadium record in the 120-yard high hurdles at 14 seconds flat, breaking an old mark set by Roy Staley of Southern California. He covered the distance in 14 seconds on three occasions during the season: at the Ohio AAU meet in Ohio stadium; in the Los Angeles coliseum relays, and in the NCAA meet at Stanford. This time ties the Ohio State record held by Jack Keller.

Bob Johnston, sophomore from Poland, O., threw the discus 160 feet, one-fourth inch, while competing in the Western Conference meet at Minneapolis, to smash an old Ohio State record made in 1922 by Pete Rasmus.

Emil Moldea of Akron, also a sophomore, chalked up a record of 49 feet, three inches in the shot put to eclipse the Ohio State record of George Neal, set in 1935. Moleda is about to enter the army as a selectee.

"as the twig is bent— the tree's inclined"

THERE is much truth in those few words—so much of importance to parents. It's not always easy to recognize right from wrong, good from bad, much less to be able to isolate the difference and explain it. However, there are basic truths in life, and upon these a life of satisfaction and achievement are built. The church teaches these truths . . . provides a moral education to which every individual has a right . . . and everyone needs.

Attend the services of the church of your choice . . . participate in its activities . . . be a part of the influence that—as much as any other single factor—has made the Hilltop the community that it is, that has built and prospered our community life.

UNSUNG HEROES

One lone drop never made a shower,
One wave never made a sea,
One minute never made an hour,
One leaf never made a tree.

One man never made a nation,
For behind his history
Are many of lowly station
Who aided him gloriously.

For thousands of unsung heroes,
The bravest of all the brave,
Have since the time of the Pharoohs
Filled many a nameless grave.
—Jacqueline L. Pfeifer,
Westerville.

TOMORROW'S MAN

I held my baby in my arms
And looked into its face
And there beheld a million charms
Within my fond embrace.
Perhaps no other eyes could see
The beauties that I saw
For mothers' eyes are known to be
Quite blind to every flaw.
I sat and dreamed, as mothers will,
And planned a future grand
For well I knew that such as he
Will be Tomorrow's Man.
—Gladys Allen Cummings,
Sullivant-av.

GRATITUDE

The robin sings without my door;
The blustery winds I hear no more;
The sun shines bright throughout the day
And I at night in comfort lie.

I am not trampled under heel;
The pangs of war I do not feel;
No grip of tyranny to bind
And I am free to speak my mind.

When I survey the foreign shores,
The misery which is caused by wars,
My heart is touched, but still in me
There is a thrill of ecstasy.

It would be indeed unkind
If I should so distort my mind
That I could not in reverence say
I thank thee, God, for the U. S. A.

Wrexham-av.

CONTRAST

Up in the air, among the clouds,
The bombers rush on, shrill and loud.
Far below, upon the ground,
Fleeing families can be found.
This is a day of blood and toil;
This is summer, on foreign soil.
In the orchard by an apple tree
I heard a robin symphony.
Down in the meadow the grass grows green;
The air smells pure and fresh and clean.
This is a typical summer day;
This is summer in the U. S. A.

A LITTLE BOY'S SOLILIQUY

The bestest man I ever knowed
was Dad.
He never did a thing that was bad;
Always kept his hands and face clean
And never acted cross or mean.

He never played around in the dirt
Or went to places where he might get hurt
Like other little girls and boys,
Nor never made a lot of fuss an noise.

He always 'beyed his mother and his dad
An when they washed his ears he was glad.
But I ain't near as good as he
Was—I wished I could be!

Well, I am goin' to try my best
But if I get that good at seven,
I'm afeared the Lord will take
Me off before I'm 'leven.
—Rev. P. W. Drumm,
Burgess-av.

In a note accompanying the above poem Rev. Drumm writes: "Many parents are always finding fault with their children and telling them how much better they acted when young, and the enclosed sketch is true to life. Really, I think our children are no worse than we were and we often make a bad impression upon a child by always drawing contrasts. I think this poem will please some of the children."

LOVELY THINGS

Around me, sky of azure blue,
Rich black soil on earth;
Rainbows arching over the sky;
Tinkling laughter, mirth;
Tiny brooks that babble along
And sing to us their gurgling song.

A spraying fountain in a park,
Making rainbows in its bubbles;
Happiness, and carefree days,
Lovely things to chase our troubles.

Starry nights, the big round moons
Gazing down with orange faces,
The poppity-pop of popcorn popping,
Old antiques and ancient places.

Northern lights, all flaming splendor,
Lighting up the winter dawn.
Lovely sunsets sporting colors;
Crickets chirping on the lawn.

Home; a warm and comfy fireside;
Kittens playing by the fire;
Springtime flowers, fresh green grass
And fuzzy cat-tails in the mire
To me, these things of which I sing
Always will be lovely things.

THE OLD COVERED BRIDGE

The old covered bridge is passing from view,
It was famous in story and song,
But I doubt if the new ones
Hold the romance we knew
As old Dobbin went jogging along.

The streamliners are fine—they do sixty an hour
And are due for a lot of our praise.
But I feel more serene
When I sit and dream
Of those horse and buggy days.

Summer Main Dish

A grand main dish to introduce at the end of the summer when you're needing something new to help you end the season with a flourish—that's the part that macaroni salmon loaf may play. It will also fit well into fall menus on meatless days. Prepared macaroni which comes in a can already mixed with a delicious cream and cheese sauce seasons the loaf, and so there's no measuring of a spoonful of this and a dash of that when you make it—just mix it with the salmon and eggs and it's ready to go into the oven.

Macaroni Salmon Loaf

Combine lightly—
1 medium can (2 cups) cooked macaroni in cream sauce with cheese
1 1-lb. can salmon, boned and flaked
2 eggs, slightly beaten.

Turn into small loaf pan and bake in a moderate oven (350° F.) 50 minutes. Serve on platter with garnish of crosscut sweet pickles and parsley around loaf. Sprinkle coarsely sieved hard cooked egg over top. Serves five.

Perfect Pair

Early fall fruits beckoning from grocery store windows challenge homemakers to do some unusual and tempting things with fresh fruit salads. It's the time to invent new fruit arrangements and attain clever flavor effects with the dressings that accompany them.

So try the recipe for sweet pickle dressing given below and serve it with tart peaches, juicy plums, delicate pears and all the other fruits now at their best. You'll find the spicy flavor of the mustard and preserved sweet pickle has a special way with fruits.

Sweet Pickle Dressing

Combine, blending thoroughly after addition of each—
2 tablespoons sugar
1 teaspoon salt
1 teaspoon prepared brown or yellow mustard
1½ tablespoons flour
1 egg
¾ cup milk
4 tablespoons liquid from preserved sweet pickles.

Cook over hot water, stirring constantly, until thick.

Add—

General Laundry On Safety Roll

The General Laundry and Dry Cleaning Co. won first place in the cleaners, dyers and laundries group of the Chamber of Commerce Safety Council greater fleet safety contest, it was announced this week.

A certificate will be awarded the company at a meeting scheduled for September.

The grand prize winner was E. G. Buchsieb, Inc., whose fleet of 21 trucks operated 435,937 miles without a chargable accident.

The contest was for the first six months of this year. The General Laundry has a fleet of 12 trucks. Considering the countless stops a laundry truck driver makes each day, the award is an enviable one.

A MANSION OF JOY OR A TOMB

We have streamlined automobiles
And places of music and song
Folks seem to be well contented
Among the shifting throng.
Collectively we view many thousands
But few by themselves apart
There's many in expensive mansions
Abiding with a broken heart.

If we have a heart that is happy
A soul contented and free,
Though a shack in the slums of a city,
Our riches are as wide as the sea.
A mansion of splendor on the boulevard
Can be a dungeon of sorrow and gloom.
'Tis the heart that makes you wealthy
A mansion of joy or a tomb.

Fire Department Conducts School For Civilian Defense In Factories

By Lt. John Jordan

The Civilian Defense Firefighting Training School inaugurated several weeks ago by the fire department, now includes the training and organizing of factory fire brigades in addition to the regular civilian classes.

Already brigades in several factories doing defense work have completed the training course and act as an auxiliary firefighting force until the arrival of the regular city fire department. That these factory brigades will play an important part in national defense, is attested by the fact that already in one plant, the factory brigade has extinguished two small fires before they had an opportunity to spread and do serious damage.

The school instructors also cooperate in reorganizing some of the older factory brigades that were formed before the schools opening. Classes are held two hours a night, one night a week, for a period of 14 weeks. A different class attending each night.

The course includes instructions in the care and recharging of small hand extinguishers and how they are used. This is important, as an extinguisher that is effective on one type of fire, may be ineffective on another fire where a different kind of material is burning.

The instruction also includes proper climbing and handling of ladders, and the use of large hose lines. The men are lectured on the circumstances surrounding some of the large fires that have occurred in some of the eastern defense factories, and are instructed on how to detect and combat sabotage and incendiary fires.

As this training school was the first of its kind in this part of the country, letters requesting information on its operation and the results accomplished, have been received from as far west as Seattle, Wash., and from Syracuse, N. Y. in the east.

The training school is located at Russel and Hamlet-sts, and is in charge of Captain S. H. Zanyer, assisted by Captain George Brown and Fireman Glenn Barr.

Ruvinsky to Conduct Band Concert at Goodale Park

Abram Ruvinsky, widely known in Columbus musical circles, will be guest conductor of the band concert to be staged Sunday at 8 p. m., at Goodale Park, it was announced by H. E. Cherrington of the Federation of Musicians. Another highlight on the program will be Dorothy Stevens Humphreys, soprano, as soloist.

Ruvinsky has been conductor of a number of fine band and symphonic organizations, including two sponsored groups which played concert series from the Ohio Theatre and Olentangy Park which were also carried on the air. He has been for several years conductor of the Marion Symphony orchestra, is musical director of WHKC and conducted the earlier concerts of the Columbus Philharmonic orchestra.

Mrs. Humphreys is one of Columbus' best known and best liked singers. She has been heard widely on the radio, having provided programs for every radio station in Columbus.

The program will be a judicious combination of classic and popular numbers. As usual, there will be an abundance of seats for the audience, these being provided by the City Park Department, of which Joe Katona is director.

Many who heard the fine program at Westgate Park last week will be prompted to hear the band again, as its locale shifts to Goodale.

Bulletins Recall Propaganda Credo

In "Mein Kampf" Adolph Hitler outlined the purpose of propaganda as "a means to convince the masses." He said the masses would "more easily fall victims to a great lie than to a small one!" A Berlin dispatch recently reported that Herr Hitler had been scanning and often rephrasing all war bulletins issued on the Russian campaign.

"In the size of the lie there is always contained a certain factor of credibility," he wrote. He also observed that "as soon as by one's own propaganda even a glimpse of right on the other side is admitted, the cause for doubting one's own right is laid."

1,000 To 1 U. S. Won't Be Bombed

Lloyd's of London is willing to risk odds of 1,000 to 1 that Washington or any other American city will not be bombed.

Rates of $1 per $1,000 were quoted in Washington by the agency on "war and bombardment insurance," good for one year and involving no cancellation clause. The rates are applicable any place in the United States, thus covering New York, Chicago, Los Angeles and other large cities.

The policy covers "loss of and or damage to the property insured caused by war, bombardment, military or usurped power, or by hostile aircraft or friendly aircraft while engaged on active service during wartime, including bombs, shells, and or missiles, dropped or thrown therefrom or discharged thereat, and fire and or explosives directly caused by any of the foregoing, whether originating on the premises insured or elsewhere."

The $1 premium covers houses, apartments, hotels, banks and such buildings. On non-manufacturing commercial risks, it rises to $1.50. On manufacturing risks, excluding armament works, the rate is $2 per $1,000.

700 To Graduate From O. S. U. Aug. 29

Morning graduation exercises are planned for Ohio State University's class of about 700 which will receive diplomas on Friday, Aug. 29.

Exercises will be held at 9:30 a. m., that day in the men's gymnasium.

Dr. Walter C. Langsam of Union College, visiting professor of history at Ohio State this summer, will be the speaker. Vice-President J. L. Morrill will preside and present the diplomas. Rev. Harold E. Bremer, director of Indianola Student Center and associate pastor of Indianola Methodist Church, will assist in the service.

Free Mail For Soldiers Urged

The men who serve in the nation's armed forces would receive free mailing privileges under a bill ordered drafted by a House postoffice and postroads subcommittee. The annual cost of the privilege, estimated at between $11,000,000 and $20,000,000, would be borne by the army, navy and other defense agencies.

The first suggestion for such a move came from O. P. Clark, president of the National Association of Postoffice Mechanics. It was based on the contention that the soldier, the sailor and the marine need all of their small pay for other purposes.

Season's Tallest Wheat Story

In New Castle, Ind., farmer Ray Morgan, investigating a noise in his field toward midnight, called out, "What are you doing there?" "Just measuring your wheat," said the intruder—and got into an automobile and drove off.

Next morning Morgan sent the license number to police and they looked up the man. He said he and some friends had got so curious about the height of the unusually tall wheat on Morgan's farm that they had finally taken a yardstick and flashlight and gone out to check it.

English Town Bans Wodehouse

Ninety volumes written by P. G. Wodehouse have been withdrawn from the shelves of the Southport, England, public library on the recommendation of the Town Council as a protest against his broadcasts from Germany, it was revealed recently.

First it was decided just to take the books out of circulation. Then some one suggested that they be disposed of as waste paper and the motion was carried.

Better Work Is Keynote

Students attending college this fall may not be so numerous as last year but they will do better work, in the opinion of President Howard L. Bevis of Ohio State University.

"Those students who do enroll will be individuals who have made their decisions deliberately, in the face of temptation from temporary jobs in industry. Eliminated from their number will be many of those who in the past have gone to college simply because it was the thing to do, or because they had nothing else to do," according to Ohio State president.

"Moreover, these young people will come to the campus with new standards of value for the work they are to take. All about them they are seeing evidence that courses formerly taken reluctantly as required subjects are now regarded as vital to national defense.

"Mathematics may be taken as one example. Young man who took this work under protest as a requirement in their courses now find it to be essential to entrance into the air service, as well as in many other areas of government service.

"History, geography, languages, political science, to mention only a few of the so-called liberal arts courses, have taken on a new significance. Once regarded as 'cultural' courses only, they have now assumed the role of intensely practical studies.

"In the complicated world situation today, there's hardly a course in the college catalog which doesn't contribute something to an understanding, and it may be a solution, of the world's ills," Dr. Bevis believes.

MODERN POETRY

Edited By Esther Weakley

UNSUNG HEROES

One lone drop never made a shower,
One wave never made a sea,
One minute never made an hour,
One leaf never made a tree.

One man never made a nation,
For behind his history
Are many of lowly station
Who aided him gloriously.

For thousands of unsung heroes,
The bravest of all the brave,
Have since the time of the Pharaohs
Filled many a nameless grave.
—Jacqueline L. Pfeifer, Westerville.

TOMORROW'S MAN

I held my baby in my arms
And looked into its face
And there beheld a million charms
Within my fond embrace.
Perhaps no other eyes could see
The beauties that I saw
For mothers' eyes are known to be
Quite blind to every flaw.
I sat and dreamed, as mothers will,
And planned a future grand
For well I knew that such as he
Will be Tomorrow's Man.
—Gladys Allen Cummings, Sullivant-av.

GRATITUDE

The robin sings without my door;
The blustery winds I hear no more;
The sun shines bright throughout the day
And I at night in comfort lie.

I am not trampled under heel;
The pangs of war I do not feel;
No grip of tyranny to bind
And I am free to speak my mind.

When I survey the foreign shores,
The misery which is caused by wars,
My heart is touched, but still in

III

There is a thrill of ecstasy.

It would be indeed unkind
If I should so distort my mind
That I could not in reverence say
I thank thee, God, for the U. S. A.
—Maymond C. McCreary, Wrexham-av.

CONTRAST

Up in the air, among the clouds,
The bombers rush on, shrill and loud.
Far below, upon the ground,
Fleeing families can be found.
This is a day of blood and toil;
This is summer, on foreign soil.
In the orchard by an apple tree
I heard a robin symphony.
Down in the meadow the grass grows green;
The air smells pure and fresh and clean.
This is a typical summer day;
This is summer in the U. S. A.
—Marjorie Robertson, Eighth grade pupil at West Jr. High

A LITTLE BOY'S SOLILIQUY

The bestest man I ever knowed
was Dad.
He never did a thing that was bad;
Always kept his hands and face clean
And never acted cross or mean.

He never played around in the dirt
Or went to places where he might get hurt
Like other little girls and boys,
Nor never made a lot of fuss an noise.

He always 'beyed his mother and his dad
An when they washed his ears he was glad.
But I ain't near as good as he
Was—I wished I could be!

Well, I am goin' to try my best
But if I get that good at seven,
I'm afeared the Lord will take
Me off before I'm 'leven.
—Rev. P. W. Drumm, Burgess-av.

In a note accompanying the above poem Rev. Drumm writes: "Many parents are always finding fault with their children and telling them how much better they acted when young, and the enclosed sketch is true to life. Really, I think our children are no worse than we were and we often make a bad impression upon a child by always drawing contrasts. I think this poem will please some of the children."

LOVELY THINGS

Around me, sky of azure blue,
Rich black soil on earth;
Rainbows arching over the sky;
Tinkling laughter, mirth;
Tiny brooks that babble along
And sing to us their gurgling song.

A spraying fountain in a park,
Making rainbows in its bubbles;
Happiness, and carefree days,
Lovely things to chase our troubles.

Starry nights, the big round moon,
Gazing down with orange faces,
The poppity-pop of popcorn popping,
Old antiques and ancient places.

Northern lights, all flaming splendor,
Lighting up the winter dawn,
Lovely sunsets sporting colors;
Crickets chirping on the lawn.

Home; a warm and comfy fireside;
Kittens playing by the fire;
Springtime flowers, fresh green grass,
And fuzzy cat-tails in the mire
To me, these things of which I sing
Always will be lovely things.
—Anna Lee Brown, age 12, Terrace-av.

THE OLD COVERED BRIDGE

The old covered bridge is passing from view,
It was famous in story and song,
But I doubt if the new ones
Hold the romance we knew
As old Dobbin went jogging along.

The streamliners are fine—they do sixty an hour
And are due for a lot of our praise.
But I feel more serene
When I sit and dream
Of those horse and buggy days.
—Myrtle Bensett, Columbian-av.

Summer Main Dish

A grand main dish to introduce at the end of the summer when you're needing something new to help you end the season with a flourish—that's the part that macaroni salmon loaf may play. It will also fit well into fall menus on meatless days. Prepared macaroni which comes in a can already mixed with a delicious cream and cheese sauce seasons the loaf, and so there's no measuring of a spoonful of this and a dash of that when you make it—just mix it with the salmon and eggs and it's ready to go into the oven.

Macaroni Salmon Loaf

Combine lightly—
1 medium can (2 cups) cooked macaroni in cream sauce with cheese
1 1-lb. can salmon, boned and flaked
2 eggs, slightly beaten.

Turn into small loaf pan and bake in a moderate oven (350° F.) 50 minutes. Serve on platter with garnish of crosscut sweet pickles and parsley around loaf. Sprinkle coarsely sieved hard cooked egg over top. Serves five.

Perfect Pair

Early fall fruits beckoning from grocery store windows challenge homemakers to do some unusual and tempting things with fresh fruit salads. It's the time to invent new fruit arrangements and attain clever flavor effects with the dressings that accompany them.

So try the recipe for sweet pickle dressing given below and serve it with tart peaches, juicy plums, delicate pears and all the other fruits now at their best. You'll find the spicy flavor of the mustard and preserved sweet pickle has a special way with fruits.

Sweet Pickle Dressing

Combine, blending thoroughly after addition of each—
2 tablespoons sugar
1 teaspoon salt
1 teaspoon prepared brown or yellow mustard
1½ tablespoons flour
1 egg
¾ cup milk
4 tablespoons liquid from preserved sweet pickles.

Cook over hot water, stirring constantly, until thick.

Add—
1 tablespoon butter.

Blend thoroughly, then cool.

Add—
½ cup finely diced preserved sweet pickles.

Serve over fruit salads.

One-Skillet Meal

Something brand new in one-dish meals is this spaghetti skillet stew made with cooked spaghetti in tomato sauce. One couldn't find a recipe that made a hot nourishing meal more quickly and yet it is the kind of dish your family will ask for again and again. The prepared spaghetti bears a delicious spicy tomato sauce, and its flavor is joined with a bit of onion, some mushrooms and grated sharp cheese to make a small amount of ground meat taste mighty good.

Spaghetti Skillet Stew

Brown together in skillet in small amount of fat—
1 pound coarsely ground meat
1 small onion, finely chopped.

Add—
1 teaspoon salt.

Open—
1 large (24-oz.) can cooked spaghetti in tomato sauce.

Cover the meat with a thin layer of the spaghetti, then top with—
1 8-oz. can or 1 cup sliced mushrooms.

Top with remaining spaghetti, then sprinkle with—
¼ cup grated sharp cheese.

Cover and simmer slowly until spaghetti is thoroughly heated. Serve from skillet at table. Serves four to six.

Fire Department Conducts School For Civilian Defense In Factories

By Lt. John Jordan

The Civilian Defense Firefighting Training School inaugurated several weeks ago by the fire department, now includes the training and organizing of factory fire brigades in addition to the regular civilian classes.

Already brigades in several factories doing defense work have completed the training course and act as an auxiliary firefighting force until the arrival of the regular city fire department. That these factory brigades will play an important part in national defense, is attested by the fact that already in one plant, the factory brigade has extinguished two small fires before they had an opportunity to spread and do serious damage.

The school instructors also cooperate in reorganizing some of the older factory brigades that were formed before the schools opening. Classes are held two hours a night, one night a week, for a period of 14 weeks. A different class attending each night.

The course includes instructions in the care and recharging of small hand extinguishers and how they are used. This is important, as an extinguisher that is effective on one type of fire, may be ineffective on another fire where a different kind of material is burning.

The instruction also includes proper climbing and handling of ladders, and the use of large hose lines. The men are lectured on the circumstances surrounding some of the large fires that have occurred in some of the eastern defense factories, and are instructed on how to detect and combat sabotage and incendiary fires.

As this training school was the first of its kind in this part of the country, letters requesting information on its operation and the results accomplished, have been received from as far west as Seattle, Wash., and from Syracuse, N. Y. in the east.

The training school is located at Russel and Hamlet-sts, and is in charge of Captain S. E. Zanyer, assisted by Captain [illegible] Brown and Fireman Glenn Bart.

Loew's Ohio

Mickey Rooney's Andy Hardy sets out to earn his own living in "Life Begins For Andy Hardy," eleventh in the ever-more-popular film series now at Loew's Ohio. Following graduation from Carvel High School, he sets out for New York and there meets his new heart throb, Patricia Dane, of the front line chorus of "Ziegfeld Girl." Judy Garland is in the Hardy series for the third time plus Lewis Stone, Ann Rutherford and all the Hardy regulars. "Ellery Queen and the Perfect Crime" is added.

Loew's Broad

Loew's Broad this week introduces a brand new comedy star—Red Skelton—in "Whistling in the Dark," the madly funny comedy-mystery in which Skelton is cast as a radio "crime creator" who must concoct a perfect crime for gangsters. Red has appeared in several previous films but this is his biggest role to date. He is expected to be one of the great comedy stars of the coming year. Ann Rutherford, Virginia Grey and Conrad Veidt are in the cast. "The Officer and the Lady" is added.

General Laundry On Safety Roll

The General Laundry and Dry Cleaning Co. won first place in the cleaners, dyers and laundries group of the Chamber of Commerce Safety Council greater fleet safety contest, it was announced this week.

A certificate will be awarded the company at a meeting scheduled for September.

The grand prize winner was E. G. Buchrieb, Inc., whose fleet of 21 trucks operated 435,937 miles without a chargable accident.

The contest was for the first six months of this year. The General Laundry has a fleet of 12 trucks. Considering the countless stops a laundry truck driver makes each day, the award is an enviable one.

A MANSION OF JOY OR A TOMB

We have streamlined automobiles
And places of music and song
Folks seem to be well contented
Among the shifting throng.
Collectively we view many thousands
But few by themselves apart
There's many in expensive mansions
Abiding with a broken heart.

If we have a heart that is happy
A soul contented and free,
Though a shack in the slums of a city,
Our riches are as wide as the sea.

A mansion of splendor on the boulevard
Can be a dungeon of sorrow and gloom.
'Tis the heart that makes you wealthy
A mansion of joy or a tomb.

Ruvinsky to Conduct Band Concert at Goodale Park

Abram Ruvinsky, widely known in Columbus musical circles, will be guest conductor of the band concert to be staged Sunday at 8 p. m., at Goodale Park, it was announced by H. E. Cherrington of the Federation of Musicians. Another highlight on the program will be Dorothy Stevens Humphreys, soprano, as soloist.

Ruvinsky has been conductor of a number of fine band and symphonic organizations, including two sponsored groups which played concert series from the Ohio Theatre and Olentangy Park which were also carried on the air. He has been for several years conductor of the Marion Symphony orchestra, is musical director of WHKC and conducted the earlier concerts of the Columbus Philharmonic orchestra.

Mrs. Humphreys is one of Columbus' best known and best liked singers. She has been heard widely on the radio, having provided programs for every radio station in Columbus.

The program will be a judicious combination of classic and popular numbers. As usual, there will be an abundance of seats for the audience, these being provided by the City Park Department, of which Joe Katona is director.

Many who heard the fine program at Westgate Park last week will be prompted to hear the band again, as its locale shifts to Goodale.

Bulletins Recall Propaganda Credo

In "Mein Kampf" Adolph Hitler outlined the purpose of propaganda as "a means to convince the masses." He said the masses would "more easily fall victims to a great lie than to a small one." A Berlin dispatch recently reported that Herr Hitler had been scanning and often rephrasing all war bulletins issued on the Russian campaign.

"In the size of the lie there is always contained a certain factor of credibility," he wrote. He also observed that "as soon as by one's own propaganda even a glimpse of right on the other side is admitted, the cause for doubting one's own right is laid."

1,000 To 1 U. S. Won't Be Bombed

Lloyd's of London is willing to risk odds of 1,000 to 1 that Washington or any other American city will not be bombed.

Rates of $1 per $1,000 were quoted in Washington by the agency on "war and bombardment insurance," good for one year and involving no cancellation clause. The rates are applicable any place in the United States, thus covering New York, Chicago, Los Angeles and other large cities.

The policy covers "loss of and or damage to the property insured caused by war, bombardment, military or usurped power, or by hostile aircraft or friendly aircraft while engaged on active service during wartime, including bombs, shells, and or missiles, dropped or thrown therefrom or discharged thereat, and fire and or explosives directly caused by any of the foregoing, whether originating on the premises insured or elsewhere."

The $1 premium covers houses, apartments, hotels, banks and such buildings. On non-manufacturing commercial risks, it rises to $1.50. On manufacturing risks, excluding armament works, the rate is $2 per $1,000.

700 To Graduate From O. S. U. Aug. 29

Morning graduation exercises are planned for Ohio State University's class of about 700 which will receive diplomas on Friday, Aug. 29.

Exercises will be held at 9:30 a. m., that day in the men's gymnasium.

Dr. Walter C. Langsam of Union College, visiting professor of history at Ohio State this summer, will be the speaker. Vice-President J. L. Morrill will preside and present the diplomas. Rev. Harold E. Bremer, director of Indianola Student Center and associate pastor of Indianola Methodist Church, will assist in the service.

Free Mail For Soldiers Urged

The men who serve in the nation's armed forces would receive free mailing privileges under a bill ordered drafted by a House postoffice and postroads subcommittee. The annual cost of the privilege, estimated at between $11,000,000 and $20,000,000, would be borne by the army, navy and other defense agencies.

The first suggestion for such a move came from O. P. Clark, president of the National Association of Postoffice Mechanics. It was based on the contention that the soldier, the sailor and the marine need all of their small pay for other purposes.

Season's Tallest Wheat Story

In New Castle, Ind., farmer Ray Morgan, investigating a noise in his field toward midnight, called out, "What are you doing there?" "Just measuring your wheat," said the intruder—and got into an automobile and drove off.

Next morning Morgan sent the license number to police and they looked up the man. He said he and some friends had got so curious about the height of the unusually tall wheat on Morgan's farm that they had finally taken a yardstick and flashlight and gone out to check it.

English Town Bans Wodehouse

Ninety volumes written by P. G. Wodehouse have been withdrawn from the shelves of the Southport, England, public library on the recommendation of the Town Council as a protest against his broadcasts from Germany, it was revealed recently.

First it was decided just to take the books out of circulation. Then some one suggested that they be disposed of as waste paper and the motion was carried.

Better Work Is Keynote

Students attending college this fall may not be so numerous as last year but they will do better work, in the opinion of President Howard L. Bevis of Ohio State University.

"Those students who do enroll will be individuals who have made their decisions deliberately, in the face of temptation from temporary jobs in industry. Eliminated from their number will be many of those who in the past have gone to college simply because it was the thing to do, or because they had nothing else to do," according to Ohio State president.

"Moreover, these young people will come to the campus with new standards of value for the work they are to take. All about them they are seeing evidence that courses formerly taken reluctantly as required subjects are now regarded as vital to national defense.

"Mathematics may be taken as one example. Young man who took this work under protest as a requirement in their courses now find it to be essential to entrance into the air service, as well as in many other areas of government service.

"History, geography, languages, political science, to mention only a few of the so-called liberal arts courses, have taken on a new significance. Once regarded as 'cultural' courses only, they have now assumed the role of intensely practical studies.

"In the complicated world situation today, there's hardly a course in the college catalog which doesn't contribute something to an understanding, and it may be a solution, of the world's ills," Dr. Bevis believes.

What go up the chimney down but can't go down the chimney up?
An umbrella.

Sauces for Savor

The special function of a sauce for meat is to enhance its flavor—to draw attention to the deliciousness of the meat without in any way overshadowing it. Both the less expensive cuts and those that are more tender and juicy are the more appreciated for a cleverly chosen sauce.

In general, sauces add either piquancy of flavor or richness to the meat, depending upon which the particular cut needs. Tomato ketchup may be used on all meats because it gives a combination of both qualities without either of them being outstanding. It also makes a good base for different kinds of hot or cold sauces to be used on different types of meats.

In the recipe below its spiciness is heightened with pure cider vinegar and Worcestershire sauce to make it into a delicious barbecue sauce. The recipe following it is a simpler one combining the ketchup with mustard for something different to serve with hamburgers. Canned home-style consommé provides the main ingredient for the third recipe below and makes a sweet pickle sauce that gives a flavor fillip to grilled ham slices.

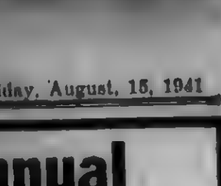
Barbecued Steak

Combine—
1 pound ground round steak
1 teaspoon salt.
Form to resemble a steak one-inch thick.

Brown on both sides in—
2 tablespoons fat.

Combine—
½ cup tomato ketchup
1 tablespoon Worcestershire sauce
1 tablespoon pure cider vinegar
1 tablespoon sugar.

Mix and pour over steak, then cover and simmer very slowly 10 to 15 minutes, or until sauce is thick enough to cling to steak. Serve hot with the sauce.



Sharp Sauce for Hamburgers

Combine equal portions of tomato ketchup and prepared yellow mustard. Mix thoroughly and heat if desired.

Sweet Pickle Sauce

Melt—
2 tablespoons butter.
Add, blending well—
2 tablespoons flour.
Cook until bubbling, then add—
1 cup prepared home-style consommé.
Cook, stirring constantly, until thickened.
Add—
2 tablespoons India relish
Dash pepper.

Hold over low heat long enough to allow pickle flavor to permeate sauce (about 5 minutes). Serve hot with grilled ham slices. Serves four.

Two-Way Casserole

If you have to beat the budget and also beat the time with one and the same menu, make it a one-dish-meal and use this recipe for a casserole of pork, corn and rice. Pork is one of the less expensive meats which is high in nutritive value and therefore an excellent choice. Use the cheaper chops from the pork shoulder for the sake of economy and serve with a crisp green salad, completing the meal with stewed or canned fruit for dessert.

Though a time and money saver, this dish is one of the best for flavor. That is another point in economy, for foods which taste good give your family their full measure of enjoyment. Thus prepared home-style cream of mushroom soup is added to the casserole just before baking — its creamy richness bakes into the rice and chops as they cook.

Pork and Corn with Rice

Have prepared—
3 cups cooked rice, buttered.
Brown until well cooked—
6 medium pork shoulder chops. Place half of rice in baking pan and top with pork chops.
Spread with—
1 cup whole kernel corn.
Pour over corn part of—
1 small (10-oz.) can home-style cream of mushroom soup.

Then top with remaining rice and soup. Bake in a moderate oven (375° F.) 30 minutes. Serves six.

Ohio Employment Continues Gain

A two per cent gain for Ohio industrial employment from May to June brought the total to a point 25 per cent above the same month last year.

This is the report of Ohio State University's Bureau of Business Research and the U. S. Bureau of Labor Statistics, based on experiences of 6865 firms.

Manufacturing gained two per cent in June and was 31 per cent above last year; construction gained eight per cent and reached a point 45 per cent above last year.

Using the period 1935 to 1939 as a base, or 100 per cent, Ohio's total employment index for June was 127, manufacturing was 132, non-manufacturing was 109, and construction was 163.

CANTON had a fractional employment decline of less than one per cent from May to June, but all other chief cities had gains—AKRON, five per cent; CINCINNATI, 20 per cent; CLEVELAND, 28 per cent; COLUMBUS, 23 per cent; DAYTON, 27 per cent; TOLEDO, 23 per cent; YOUNGSTOWN, 20 per cent.

Hilltop Girl Chosen Army Air Queen

Dashing Dolly Heberding, Ohio State University sorority sister and top-notch amateur aviatrix, 131 Belvidere-av, has been chosen as the Fifth Corps Area Air "Queen" of the August Class of Aviation Cadets, it was announced at Fort Hayes.

Already well known in central West aviation circles, this hale, hearty and handsome Heberding-gal is flying at Columbus. She is now training for a commercial license. It won't be long before daring Dolly earns the distinction of being the first woman flight instructor in Ohio's capital, it's rumored. (The air student stag-line is already forming on the right!)

Winner of the Friedlander Trophy for top-scoring co-ed pilot in the National Intercollegiate 1941 Flying Club Meet at Middletown, O., Miss Heberding has zoomed to aviation honors. Former president of the O. S. U. Avion Club, she presented famed Miss Jacqueline Cochran a special University cup during Miss Cochran's Columbus visit last spring.

"Flying has always seemed natural for me," Miss Heberding said. "Two of my brothers are pilots . . . guess it's just an old Heberding habit! It's fun to fly! And, another thing, if it weren't for that army regulation excluding women form the U. S. Air Force, I'd try to be right up there a-flying for Uncle Samuel. Oh Well! Maybe later—who knows? I'm sure there's fun and action in the Army Air Force. That man at the Army recruiting station will tell you about it. Let's go, Fifth Corps Area, Keep 'Em Flying," beams the Queen.

Patriotism and Patriotism

Today in the rush for a strong national defense there has been an enthusiastic response to everything that is patriotic.

Flag manufacturers have been doing a landslide business. Novelties of every description storm hats, lapels and legs. In time of war there is a patriotism the like of which we have not seen since the last war.

This is not to be discouraged at all but it is hoped that something deeper may come out of it all than the mere promotion of the novelty business.

The United States needs and deserves a patriotism that is evidenced in the continual day to day support of the nation, its institutions and freedom.

Dog Gone!

Members of the Hilltop Business Men's Bean Dinner Committee heard a report from Secretary C. H. Campbell Monday evening in which he gave a break down of the expenses of the event.

Does the average Hilltopper realize that it cost over $850 to sponsor the event? And that the association made a net of less than $20?

A report on the profits of the various concessions shows the hot dog stand running the best profit!

Hospital 9 Wins One, Loses One

By Ray Maloney

Arriving in Wichita, Kan., after a long road trip from Columbus, the State Hospital team rested a few hours and then took the field Saturday night in their first game of the National Semi-Pro Tournament. Their opponent was a tough nine from Fort Riley Calvary of Kansas.

The Fort Riley boys wasted little time in getting started when they jumped on Nelson Trout, State Hospital starting pitcher, for three runs in the first inning and registered one more in the second. The Hospital nine finally pushed a run across in the fourth but it went for naught when the Kansas team rallied three more times in their half before the third out was made.

Although Shadel Saunders, who relieved Nelson, allowed only one more run in the last four innings, his teammates could find McMullen, Ft. Riley's pitcher, for but one run in each the sixth and eighth and when the final out was made the score stood 8 to 3 against the Columbus State Hospital nine.

State Hospital will now enter into the losers bracket where all the losers will compete against each other as the winners will do in theirs. The winner in each bracket will then tangle for the National Semi-Pro Championship. The champion will receive $5,000 and all expenses paid during the playoff.

The Hospital nine's opponent has not been selected at press time but the game will be played sometime this week and the results will be broadcast by station WBNS. Shadel Saunders or Johnny O'Conner will probably be nominated by Manager Chuck Koterba as the starting hurler.

Columbus defeated Kingsport, Tenn., 10-2 Wednesday. Harvey Eader pounded home seven runs for the Hospital team, including a first inning homer with the bases loaded.

The Columbus team is quartered at Hotel Lassen in Wichita during their stay.

Hilltopper In Charge of Defense Exhibit At Ohio State Fair

Ross L. Glick

The largest display of American defense equipment ever assembled will be given a world premiere showing at the Ohio State Fair, it was announced today by Ross L. Glick, 62 S. Warren-av, chairman of the Ohio Junior Chamber of Commerce activities during fair week.

Securing of this gigantic display of the latest aerial warfare equipment is an outstanding achievement, and was entirely due to Glick's efforts in co-ordinating the facilities of the U. S. Army Flying Corps, the office of Mayor Floyd F. Green, and the office of Win Kinnan, state fair manager, and under the sponsorship of the Ohio State Junior Chamber of Commerce.

Glick has been a resident of the Hilltop for the past 28 years, and was a former member of the Hilltop Business Men's Association. He was actively engaged in the National Defense Aluminum Collection and is proud of the fact that the Hilltop area turned in one of the best collective efforts made in this drive. At present he is making a leader in civic enterprise, working largely with the Columbus Junior Chamber of Commerce, and the U. S. Junior Chamber of Commerce, being an active member of these organizations.

Many Quaint Articles Turn Up At Pemberton Auction

Jean Young

Tommy was worn out Tuesday morning!

All Tuesday afternoon Tommy, the faithful cat of the late Mrs. Catherine Pemberton, wended his way through the legs of the 350 people that attended the auction sale of the antiquated articles of his late mistress held at the little old homestead, 57 S. Hague-av.

Another faithful friends of Mrs. Pemberton was John Scott, 717 S. Harris-av, who works in the Kroger store at Hague and Broad.

"All I did was offer her a chair once when she came into the store because I thought she looked worn out," said John Scott, explaining how he cemented his friendship with the little old lady.

"She confided in me because she said she could trust me to do little things about her house and be sure they would get done. I'd take her down town once or twice a week. Once I took her to a picture show but she didn't care so much for the talkies," Scott said further of Mrs. Pemberton.

A year ago Mrs. Pemberton told Scott he was to be administrator of her estate after her death, because she had so much faith in him.

Tuesday Jack Lang conducted an auction sale, to clear the land mark of its materials for its new inhabitants, Mr. and Mrs. Wilson and their little daughter, who are going to remodel the house and occupy it.

A pile of old shoes was in one room of the house—some old and worn and some that looked as though they had never been used. There were two banjos and a piano, which she played excellently until the time of her death.

Among the collection of china and glassware was a large amathest blown vase and gold band wedding ring china. An old paisley comfort lay on the bed.

In the closets were found many old dresses and suits of her husband who died 40 years ago. These suits were dated for the period of '65 and the Civil War era.

Mr. Pemberton was a wire worker and some books in the house were wire bound and believed to have been done with his own hands.

Her books, music and victrola records were all classical.

Very old fashioned flannel petticoats of brilliant reds and blues were seen at the auction.

An old English chest was put up orf auction rfom which bolts of new material were taken.

Evidently she sewed a great deal and crocheted. There were yards of laces that were hand made by her.

There was an old "talking machine" with disks and a large horn that brought "ah's" from the crowd at the sale.

A lot of interest was evidenced in the sale . . . and rightfully so, because Mrs. Pemberton's household contained numerous items that would well enriched any collection. They dated back from the time she came to this country from England 75 years ago as a young lady of 20 a new bride. She died Jan. 13, this year.

Cowboys Face Tough Schedule

By Roy Meloney

September 2 will not only bring the opening of school for hundreds of West High School students but also the thud of footballs sailing high into the air and all the action that accompanies football practices.

Yes, on that day the prospects for the 1941 football squad at West High will begin to show their ability to head coach, George Williams, and his two assistants, George Collins and Dale Rose, in hope of landing a place on the varsity eleven.

Coach George Williams announced this week that all boys who are interested in playing football this fall should report to West High gym Friday, Aug. 29, at 4 p. m. Suits will be given out at that time. The first practice will be held Monday, Sept. 1, the time to be announced Friday.

Only two weeks separate the start of practice workouts from the opening game with an always tough Newark team. The Cowboys will be shooting for a victory in that first game for two reasons. The first is that they start off on the right foot in the first of a nine game schedule and second, to avenge the defeat handed to them last year by this same Newark team. The score was 14 to 0 in favor of the Newark boys then, but this season the West footballers will be determined to reverse that decision in their initial contest.

The Cowboys will have to get accustomed to playing on enemy soil as the first five games are away from their home gridiron, Magly Field. The varsity squad will travel to four different cities during the course of their schedule which will take them to Newark Sept. 19, Middletown Sept. 26, Lima Oct. 10 and Dayton Oct. 31.

Boys returning from last year's squad are: Tom Beynon, Chuck Weidner, Bill Fausnaugh, George Ours, George Blackmore, Phil Wisdom, Ray Laughlin, Joe Davis, Charles Snyder, Charles Tucker, Tom Murnane and Charles Krack. Many boys from last season's reserve squad will be advanced to the varsity team to fill the shoes of those who have graduated.

With George Williams, George Collins and Dale Rose, three fine coaches at the helm, the West High footballers will spell trouble for all who will clash with the Cowboys this year.

Run City from City Hall Is G. O. P. Plea

Control of city council with the election of three Republicans in November will mean that the city affairs are run in the city hall and not in the office of a political boss. This was the theme of the three-party endorsed Republican candidates for council when they spoke before members of the Tenth Ward Republican Club at Glenwood Shelter House Friday evening.

Councilman Joseph Jones, up for re-election, and candidates Francis Kearns and Robert McClure each urged the election of this slate of three candidates in a hope to place complete control of the city hall in the hands of the Republicans. They pointed out that the mayor's hands were tied as long as the council remains Democratic.

These same candidates stressed the same point at the Eleventh Ward Republican Club meeting, held Tuesday evening, at the V. F. W. Hall.

Other speakers included Judge Lytle Zuber, candidate for municipal judge; Robert Shaw, candidate for short-term judge; Harry Hopwood and C. Carlton Hartley, candidates for school board, and James Rhoades for city auditor.

NO CAUSE FOR CHEERS

Factories now are booming
That have been idle for years.
They're priming, scraping and grooming
But I see no cause for cheers.
Factory chimneys now are spewing
Black smoke to the sky,
Broken equipment we are renewing
To cause more folks to die.

The whole world is in a turmoil
Figuring out a fighting scheme.
No fighting they say on foreign soil—
Don't gamble on that dream.
This verdict we should render
If we have to fight once more:
Accept no kind of surrender
Before killing the root and core.

Factories should furnish labor
Of some constructive kind,
Not equipment to kill our neighbor
Or living with a shattered mind.
With all our flaunted environment
What progress have we made?
Rich people are safe in retirement
Forcing on us the gun and spade.

Expect Model Home To Attract 200,000

A life-size model farm home for a family of five or six persons that can be duplicaed in rural sections of the state for $2500 to $3000 will be on display at the Ohio State Fair in Columbus, Aug. 23-29, according to W. E. Jones of the Jones Lumber and Coal Co., one of the sponsors.

The exhibit, which includes an all-purpose model barn which can be duplicated for $2000 or less, is designed to emphasize today's home building opportunities and latest advances in construction methods. It is being sponsored by Ohio Homes Foundation, with which the Jones Lumber and Coal Co. is affiliated.

The model home was designed by Prof. R. C. Miller, agricultural engineer of Ohio State University. Fair visitors will see it completely furnished by members of the Home Economics Department of Ohio State University.

The model home and barn will be open to fair visitors free of charge from 10 a. m. until 10 p. m. each day of the fair. Anticipated attendance at the exhibit is 200,000 or nearly 40 per cent of the entire fair attendance.

Full details about floor plan, material bill and other details of either model home or model barn may be obtained from the Jones Lumber and Coal Co.

Hilltoppers Have Part In Farm Home Building

Hilltoppers will play a prominent part in the presentation of the Model Farm Home at the Ohio State Fair this next week.

The home was built by Ken Dickerson, 3127 W. Broad-st, and has been finished with Kyanize paints, enamels and varnishes inside and out, under the direction of James E. Helman, 239 S. Westgate-av, associated with Edward S. Trott, Inc., 1400 E. Main-st, central Ohio distributor of this product.

Kyanize was also used in the Good Housekeeping Institute home at the New York World's Fair, 1939-40.

The Model Farm Home is sponsored by the Dispatch and will be the home of the most typical farm family in Ohio during the week of the fair. It will be completely furnished by local merchants and a number of prizes will be awarded to typical farm families from each county of Ohio.

Mr. and Mrs. M. P. Pope, 465 S. Powell-av, are back on the Hilltop after a trip to Washington, D. C., New York City and Niagara Falls. They also took a cruise up the Hudson River to West Point Military Academy.

Dr. E. E. McNamee To Attend Convention

Dr. and Mrs. E. E. McNamee, 2543 Sullivant-av, left for Davenport, Iowa, this week to attend the annual convention and educational program of the International Chiropractors Association. New developments of the profession, including the demonstration of highly sensitive nerve measuring instruments, will be featured at the sessions.

This educational program is made possible by the Palmer School of Chiropractic, and those who attend will receive the latest instructions in scientific chiropractic, under the personal direction of Dr. B. J. Palmer, developer of chiropractic, and his faculty of the Palmer School.

Approximately 3000 chiropractors form the United States, Canada and Mexico are expected to attend for this post graduate work and scientific research. Dr. McNamee will return to his regular practice Sept. 7.

Mr. and Mrs. Harold L. Beidel and sons, Harold Jr., Herbert Allen and William James of 2704 Dibble-av, spent the week on a houseboat in the Pickerel River near North Bay, Ontario, Canada. They went by way of the Niagara Falls and came back through Saulte Saint Marie.

ATTEND REUNION

The Garrison reunion was held Sunday, Aug. 17, at New Holland, O. Those who attended from the Hilltop were Mr. and Mrs. Ernest Garrison and son, Mr. and Mrs. Granville Garrison and Mr. and Mrs. Ernest Curry and daughter, Linda Lee.

Hill Topics

By E. W.

First, we'd like to reassure the many readers of P. W. He'll be back on the Hill Topics job next week—full of vim, vigor, etc., and we hope not poison-ivy. If he is fishing this week and we may believe the old gag, we know he wont be full of TRUTH!

• • •

Try'n stop us if you've heard this one: a very prominent Hill-top writer recently went into a Hilltop drug store and told the new clerk—a boy of seventeen—that he wanted some inspiration. The kid hesitated a split second, then ran down the basement stairs. The v. p. H. w. told the properietor of the store what he had done and was right pleased with himself and enjoying his good clean fun when the kid ran up the stairs, triumphantly carrying a huge bottle which he waved on high, like the banner in "Excelsior." He said "I knew we had some, and I found it in the basement. It is two dollars and forty-nine cents a bottle." Yes, little kiddies, the v. p. H. w paid up. (Almost forgot to say that "Inspiration" is the name of a cleaning-fluid.)

We believe you will be interested in hearing about an organization of women who are doing a lot of good, and who need your help. The name of this organization is Rose Guild and its founder is a Hilltop woman, Mrs. Charles A. Ziroli, 142 South Warren-av. The Guild is divided into numbered groups, the first being organized by Mrs. Ziroli in 1939. This is Rose Guild No. 1, and is named in honor of Judge Clayton Rose. The purpose of the Guild is to furnish comb, tooth brushes, handkerchiefs, magazines, books, cookies, fruit and other articles for the children in the Detention Home, which are not furnished them by the county. There are five adult groups in this organization and four junior groups, which are called Rose Buds.

In a recent interview, Mrs. Ziroli said, "One point we would like stressed is that most of the children in the Detention Home are not there because of any crime they have committed. They are dependent children whose parents may be dead or not financially able to care for them; crippled children who are being sent to Children's Hospital; children whose parents have described them or whose homes have been broken because of divorce or whose mothers are working and not able to care for the children properly. Each group of the Rose Guild furnishes a certain article, and remembers the children in a special way at Christmas, Easter and Hallowe'en. We need more groups and hope that the women of Columbus will become interested in organizing them, and thus help in this very worthy cause." Inasmuch as ye have done unto one of the least of these. . . .

"Why, oh why should I fret and cry? There are so many people worse off than I." Have forgotten who wrote that now, but always think of a Hilltop man when we hear the quotation. He is Bert Wyatt, 607 S. Warren-av, a disabled World War veteran. He has undergone over thirty operations as a result of injuries received in the war, but still thinks there are so many people worse off than he . . . Customers of Hauntz Market are going to miss Beulah Williams, who has been there so long. She will leave the latter pair of this month for Seattle, Washington, where she will make her home. Many's the time we didn't know what to have for dinner and she'd suggest T-bone steak or something equally as expensive. She is always helpful—whether to Mr. Hauntz or us, hungry customers we've never figured out . . . Unwritten poetry: the park at Wicklow-rd and Roys-av; the trees in the State Hospital grounds; sunset over St. Aloysius Church spire; a mother cardinal teaching her babies to fly from our porch roof; the face of a mother who passes our window, leading a blind child . . . Our nomination for the ideal mother is Mrs. Lyman W. Hoffman, 247 S. Ogden-av . . . Did we dream it, or did somebody say that well-reared people seldom get their backs up? . . . One thing that is rarer than a day in June is a night in August, without mosquitoes . . . O. O. Tope, Scoutmaster of Boy Scout Troop 79, and the possessor of a swell sense of humor, compiled a book of "wrong answers" to examination questions for us, and here are a few you'll enjoy, too: "Justifiable homicide is when a woman kills her husband;" "Julius Caesar was murdered by the Ides of March. As he lay dying he looked up at them and said, 'You two brutes!'"; "Socrates were small parasites that infected the heads of Greek youths" . . . We hate to take the joy out of summer for you, but there are only one hundred and four shopping days left till Christmas . . . ho hum!

• • •

To P. W.: They'll appreciate you all the more after they read this—if they do! If you DID go fishing, remember—seein's believin. This has hurt me worse'n it has your readers—or HAS it?

—Esther Weakley.

National Speaker Here On Wednesday

John H. Weir

John H. Weir of Orlando, Fla., will be the speaker at the meeting of Townsend Club No. 7, Wednesday night, Aug. 27, at 8 o'clock at 2393½ W. Broad-st.

There will be a jitney supper from 5 to 7 p. m. Music willebe furnished by Arthur Sealon and his accompanist.

Weir's close association with Dr. Francis E. Townsend for the last three years—his experience as a member of the Washington legislative staff of the Townsend Movement during maneuvers to bring the Townsend Plan before Congress for open debate and vote—his ability to digest, sum up and report clearly and forcefully on progress of the Townsend Plan, make him a speaker of popularity.

Weir was in Washington this summer in consultation with Dr. Townsend just before plan friends in the senate succeeded in setting up a committee to study old-age assistance programs—the committee now sitting under chairmanship of Senator Sheridan Downey of California.

A Californian himself, Weir has became known to Townsendites throughout America through his chairmanship at two great national conventions of Townsend Club members. He occupied the chair at both the Indianapolis and St. Louis gatherings, in 1939 and 1940.

After serving as a national speaker for the Townsend movement, Weir worked as national representative in the New England states before taking a post as Florida national representative a year ago.

Today when the Townsend movement is building its strength for congressional pressure in the Deep South—when this last unorganized stronghold is being brought into the fold for national recovery through old-age pensions—Weir's reports will be of particular significance to Ohioans.

There's A Lot Of Blueprints

When the nation's watchword is national defense it is interesting to look at some of the figures that make up this big business.

When paper companies are complaining about delivery of their merchandise and when printers and publishers are faced with higher prices and shortages of materials it is easily understood how these things can come about.

For example: For each five billions in national defense appropriations there will be used along the line by the government a million tons of paper.

Uncle Sam is using a hundred pounds of book paper alone for soldiers' handbooks. Today the government is taking 25% of the paper produced. Next year they will take 50%.

Where does it go? Figure it out for yourself. It takes a carload of blueprint paper to complete all the designs of a single battleship.

Anti-Chain Store Program Coming

A movement is on foot to acquaint the people of Columbus with chain store buying.

Before long Columbus residents are going to receive information pointing out more clearly how the chains operate and why a more substantial community will result from patronage of the independent merchant.

Should They Enforce?

While three members of the Board of Education are to be elected this fall we understand that the Democrats have endorsed two candidates.

The school board is non-partisan and its members are supposed to be selected on their merits rather than upon the strength of a political organization.

We have always felt that the people can have more confidence in being allowed to select their own members of the board rather than have them hand picked by a county chairman. And that's what an endorsement amounts to because committeemen have no say in the matter.

We are still relying on the people to exercise their own good judgment in the matter.

No Need To Become Panicky

Speaking before a large audience of Lancaster business men Wednesday evening, B. C. Forbes, nationally known business ecopomist, pointed out that hardships aplenty are ahead for the average small business man and merchant but that there is no need to become panicky.

He pointed out that purchasing power will be increased this year many times and that while certain lines of merchandise will not be available for the merchant to sell it will still remain a fact that the American public is made up of spenders instead of savers and that they will spend their increased earnings for something, which should keep business moving.

Queried as to what will become of the nation if there is a conclusion of the war suddenly, he stated that we must have uncompromising faith in the USA and be prepared in advance to suffer many hardships at the conclusion of the war whether it come next month or four years from now.

He does believe that the war will not last for a long time. This he claims will be due to the American production and money.

Burgess Defeated In Play

Burgess Avenue U. B., winner of the first round in the West Church Softball League, was eliminated from the city playoffs Monday night when it was handed a 9 to 2 defeat by Salvation Army in the semi-finals.

The Burgess team, idle for two weeks, virtually handed the game to the Army boys in committing seven errors. Chuck Cash, hurling for the Brethren, turned in a creditable game in holding the Army to five safeties but that could not offset the seven "boners" pulled back of him.

Burgess was held to four blows. Logan homered after Perkins had walked to account for the only runs.

Scheduling of the final game of the season, that with Hoge No. 1 team for the championship of the West Church League, could not be completed pending return of some of the players out of the city on vacation. Some efforts were made to have played the game tonight at Westgate Park but the teams could not be rounded up in time for the contest. A trophy is at stake for the championship. Hoge was winner of the second round of play.
